## INTIMATE GLIMPSES...

By BEA

**OVERHEARD AT THE BUS DEPOT:** As the world grows smaller, the human heart must grow larger.

☆ ☆ ☆

One Christmas card I received looked as if it had been walked on in the street and, there were definite tire marks in it as well. A few days later another card came from the same friend who had sent the one in the battered envelope. She enclosed a note explaining that perhaps I'd get another card from her since an earlier one had been blown from her hand with others, as, on one of our very windy days, she was about to deposit them in a drive-up mail box. Then the traffic lights changed; she had to move on and, by the time she could get back to the box through the holiday traffic and the one-way streets, there was no sign of the scattered cards. By the way people were rushing to and fro on the streets, she said, she was afraid to hope that anyone would take the time to gather up and mail the first set of cards, so was sending out a fresh batch. Apparently some kind person was not in too much of a hurry to retrieve the cards though and mail them, for all but one reached their destinations.

☆ ☆ ☆

James Marinos, able young lawyer, now practicing in San Diego, was visiting in Alpine recently, when the business of writing thank-you notes came up. Jim said any kind of letter writing rouses his legal caution, and not just because of his training in law. His father, Jim says, taught all the boys in the family his own version of the old adage, "Do right and fear no man; don't write and fear no woman!"

☆ ☆ ☆

Hazel Hohanshelt says one of her favorite excerpts from any such writing is from Emerson's Essay on Heroism, "Life is a festival only to the wise. From the nook and chimney-side of prudence it wears a ragged and dangerous front."

☆ ☆ ☆

At a holiday tea hereabouts the talk drifted to New Year's resolutions and the annual turning over

Continued on Page 3

## California Speaks

Significant Statements By Interesting Californians

Vice Pres. Richard M. Nixon, in address to L. A. students—"We could do nothing worse than use the communist yardstick to measure the values of education in a free society."

Assemblyman Ralph M. Brown, Modesto—"It is virtually impossible for a totalitarian government to exist where the public's business is conducted in the open."

Florence A. Leonard, S. F., on TV quiz scandals—"Many labor under the delusion that the accumulation of copious draughts of book learning implies corresponding intellectual acumen."

Dwight Newton, S. F. writer—"The musical pap fed this country has replaced civilized music with rhythms that would be as meaningful to an orangutan as to a human."

## ECHOES OF THE PAST

ALPINE WOMAN'S CLUB, formerly TOWN HALL

The first woman's club in Alpine was organized in 1914 with Mrs. Harold Flegal, Mrs. May Marshall and the late Mrs. Sidney Wright as charter members. This club, which was first called the A B C Club (Alpine Booster Club), was organized to benefit the community. The eleven members met in the attic room above the library.

The building was then owned by the Alpine Hall Company, a group of people who had financed the building of the Town Hall to be used for community meetings, dances, etc.

The woman's club later changed their name to the Monte Viejas Club for Viejas mountain. In 1921 the name was again changed to the Alpine Woman's Club, and the club purchased the building from the Alpine Hall Company. Some of the stockholders donated their shares. The parking lot land next to the Woman's Club was donated to the Club by Mr. and Mrs. Albert Jones. The Club has continued on this basis since 1921.

## March of Dimes Campaign Begins Jan. 2

The new March of Dimes campaign in San Diego County will begin January 2, it was announced today by Ross G. Tharp, campaign chairman.

He said that the 1960 drive seeks to raise funds for a fight against birth defects, arthritis and polio, three major cripplers that affect one in every four U. S. families. The campaign will continue through January, reaching its climax January 28 with the traditional Mothers' March.

"The National Foundation has become the leader in the fight against crippling diseases," Tharp said, "but to get so vast a job done needs the support of the entire county."

"Moving ahead on a broad front,

The National Foundation hopes to provide patient aid, as funds permit, to children under 19 stricken by arthritis and certain birth defects. Aid to paralyzed polio victims will continue.

"It plans to broaden its program of medical research by seeking to solve the problems of arthritis and birth defects.

"It plans, in addition, a vigorous program of education for the health professions, with health scholarships for high school graduates and college students playing an important role."

The Gamma Gamma Chapter of Epsilon Sigma Alpha Sorority will head the March of Dimes drive here in Alpine under the direction of Mrs. Grace Buchmiller.

## Alpine Junior Baseball Association News

"Even though a small work party turned out this past weekend, quite a bit of progress was achieved. The announcer's booth was nearly completed. The small group of men that did show up included Ken Drennon, Larry Wilcox, Gene Wilcox, Gordon Gilroy and Dick Whitt. We would like to give special thanks to two young boys who put in a hard day's work Sunday, John Gilroy and Richard Drennon. More help of this kind would be greatly appreciated, as these are the boys who will be playing when the field is completed.

"The cost of this project has now passed the \$4,200 mark and will probably pass the \$5,000 mark before it is completed. Donations are still desperately needed to complete it. All contributions should be sent to the Alpine Junior Baseball Association and they are tax deductible.

"The above mentioned names have been the nucleus of our work. Without them much of the progress to date would have never been attained. Since the field was started last May, not one cent has been paid out for labor except for grading. Many man hours have been put in by these men and a few others since work was started.

"We are still hoping that more people would take the time to come up and look over the progress to date. The few who have been up have been greatly impressed. The field is open to anyone who would like to take the time to look it over. Work will continue next weekend, and we would like to see more new workers lending a hand to complete this worthy project."

—Harry Jennings, President  
Alpine Junior Baseball Assn.

## ALPINE CHATTER

Mr. and Mrs. Clayburn LaForce, Sr. hosted a buffet dinner at their home on South Grade Road Sunday evening.

Guests included Mr. and Mrs. Charles Burch of La Mesa, Mr. and Mrs. Al Adams, Mr. and Mrs. Tom Hill, Sr., Mr. and Mrs. A. J. Dittmar, Mr. and Mrs. H. H. Latham, Mr. and Mrs. Clayburn LaForce, Jr., Dr. and Mrs. Earl C. Woodall, Mr. Eugene L. Freeland, Miss Margaret Lowthian, and Mrs. Neda Hill.

☆ ☆ ☆

Over the holidays Mr. A. L. Knox of Sacramento visited his daughter, Mrs. Ruth Chynoweth.

☆ ☆ ☆

Mr. and Mrs. Mace Bratt and son, Steve, left Tuesday on a trip to Sonoma, California to visit Mace's sister and family. Mrs. Maud Bratt, who has been visiting in Sonoma, will return with them. For the past four and a half months Mrs. Maud Bratt has been visiting relatives in the east.

☆ ☆ ☆

Mr. and Mrs. John Bates are the proud parents of a 6 lb. 13 oz. baby girl born December 27. She has been named Lorraine Carol.

☆ ☆ ☆

Karen and Kirk Wilson entertained nine guests at a Christmas party at their home Tuesday afternoon.

## In Case of Fire

There has been a lot of misunderstanding as to what to do in case of a fire. Here are direct steps to take:

1. Call the Alpine Volunteer Fire Dept., HI 5-2343.
2. Give custodian your name.
3. Report location of fire and be specific, such as, east or west end of South Grade or Victoria Drive.
4. Name of owner of burning property.
5. Stand near road and direct fire trucks.

If all persons take these steps, it will speed and aid the firemen in saving a home or life.

## Closed Forest Areas Now Open To Public

Stanley R. Stevenson, Forest Supervisor, announced today those areas of the Cleveland National Forest closed to public entry since July 1 were officially opened as of 8 a.m., December 25, 1959. These areas closed under Federal Regulation T-1, Sec. I, because of high fire hazard, were opened by Regional Forester C. A. Connaughton after the recent general rain materially reduced the fire danger.

Supervisor Stevenson pointed out it has been necessary to keep the closure in effect much longer than usual because of the critical drought conditions throughout Southern California. He also stated that fire conditions are possible on watershed areas at any time of the year and requested forest visitors to continue to be extra cautious in using fire. The smoking ban has been lifted; however, permits for camp fires and permits for debris and other types of controlled burning are still required. These must be obtained from state and federal officials.

## Annual Schuetzenfest Held At Findel Ranch

Sunday, December 27, the fourth annual Alpine Christmas Schuetzenfest was held at the Findel Ranch. Hosting the event were Tom and Joanne Nichols. Contestants were from the El Cajon Frontier Schuetzen Corps and the San Diego Arms Collectors Association.

A 20-shot match was held in the morning. Winners were George Rowley of El Cajon in the Frontier Division and Bill Warnock of El Cajon winning the Schuetzen Division.

A potluck dinner was served for the men and their families. After the dinner various matches were held and prizes were given to the winners.

The Schuetzenfest was popular in this country along in the 1880s. Most of the shooting was done at 200 yards. Many guns and cartridges were designed especially for this type of shooting. Some of the group shot guns that were made before 1900 and they gave as good accuracy today as they did then.

Alpine is one of the few places that has a Schuetzenfest as such in this country.

The El Cajon Frontier Schuetzen Corps shoots every fourth Sunday at the Valley Gun Club Range at Gillespie Field. The classification on guns has been any gun with iron sights using lead bullets with a plain base.

All types of guns were shot at the Alpine Schuetzenfest but only guns meeting the specific requirements were used in competition. All shooting was done off-hand.

## Automobile Fire

The Alpine Volunteer Fire Department answered a call Tuesday when wires shorted and started a fire in a new car owned by Paul Lingle of 1630 W. Mollison Street, El Cajon.

The inside of the car, a convertible, was burned out from dash to trunk compartment.

The location of the fire was at the west end of Arnold Way and Highway 80 two miles east of Alpine.

## Alpine Water Meeting

The Board of Directors of the Alpine Heights Municipal Water District will hold its regular meeting Wednesday, January 6, at the residence of Alexander Adams, 555 Alpine Heights Road, Rt. 1, Box 361, Alpine, at 8 p.m.

## Tomorrow's Challenge

The next year and the next decade will be filled with great challenge and great opportunities.

In this period of ten years we will make the decisions that either forge chains for generations yet unborn or strengthen the foundations of the world's freedom. It will be our actions that decide the issue. Not the actions or words of great men in distant places for their acts and words can but reflect the world that common men have created. By our acts we can create happy and prosperous communities ruled by men of good will. Communities where love and mercy temper justice, where wisdom guides public affairs and men look forward to tomorrow with confidence. A nation of such communities cannot be conquered and a society of such people cannot be destroyed.

But if we pass the daily duties of life on to others, if we selfishly seek our own petty gains, if we lack the faith to be true to our traditions, to be loyal to our dreams, to have confidence in our beliefs, then we can create a Hell on earth. Petty quarrels will make enemies of old friends. Jealousies and rivalries will divide our councils into warring factions. Deceit, distrust and antagonism will make us wasteful, inefficient and poor and the dignity of man will be sacrificed on the altar of fear.

The decision is ours. The little acts of common men are the bricks and mortar with which the world of tomorrow is built each day.

It will behoove each of us to ask himself if he can be proud of each day's work.  
—Edgar S. Welty

## LETTERS TO THE EDITOR

### ALPINE ECHO:

Keep America Beautiful—Clean Up Alpine.

The folks from out of state are disappointed in what could be a nice, clean little town. The trash and beer cans for miles both ways on Highway 80 doesn't speak very well of our town.

Why couldn't our Boy Scouts help? They do in other places. Place a penalty and see that it is carried out.

It is the trashiest place I have ever lived in, and others must see it. I have lived here a few years.

I like your little paper.

—Name withheld by request.

## CAMPO NEWS

By FAY FARRIS

Bee Boyd and mother Mollie Wilson of Campo spent Christmas with Mrs. Boyd's son and daughter-in-law and their two daughters in Merced, California. They had a good trip and missed the storm.

The new addition to the Inn at Morena Village is progressing nicely, and it is expected to be finished for the New Year's celebration. It is reported they will serve meals and have dancing.

Mrs. Lee is home from the hospital and is doing nicely after her operation. Her very close friend Mrs. Baldwin who also lives in Lake Morena, is helping her while she is convalescing.

To correct an oversight Lucille Hoit was also one of the hostesses at the Lake Morena Woman's Club Christmas party. She made delicious cookies for this affair, and it is regretted that she was not mentioned in the original article regarding this party.

Mr. and Mrs. Robert Liggett, son Raymond and Mrs. Liggett's mother, Pearl Deines had Christmas dinner at Hobart House in Pine Valley, after which they went to the home of Mr. and Mrs. Alden M. Farris for an evening of cards.

Mrs. John Pate and son, Bill flew to Albuquerque, New Mexico to spend Christmas with her parents.

Mr. and Mrs. David Lindemann of Campo entertained their son and family from Los Angeles over the Christmas holidays.

Mrs. Bernadine Roesse's daughter and family from San Diego were with her for Christmas. Mrs. Roesse lives in Lake Morena.

Mr. and Mrs. Kenneth Baum (Bobbie Spice) and their three sons (one pair of twins) came from Florida to spend Christmas and his leave (he is in the service) with the Alan Baums of Guatay and Mrs. Leilah Spice of Morena Village. Mrs. Baum is the granddaughter of Mrs. Spice who raised

**JOBS WANTED—2,361,600 new and productive industrial jobs for both men and women by 1970. Positions with strong growing California firms preferred.**

Standing at 79 per cent then, the ration has fallen to 77 and is forecast at 75.

A spectacular population surge sufficient to add a metropolitan area of more than 5,000,000 persons within California's borders is foreseen by 1970.

During the new decade California is expected to pass the 20-million mark.

The certain surge in Californians won't be concentrated in a single community, to be sure, but the resultant change in the state will be equally dramatic.

California is one of the all-stars on the Far West team of 11 states outdistancing the rest of the United States with phenomenal growth. Only Nevada and Arizona will be ahead in percentage population explosion.

At the threshold of 1960-70 decade, California has a 1960 population estimated at 15,629,000. Ten years hence it is expected to be 20,696,000, a 32 per cent increase.

The needs of a population nearly double that in 1950 raise issues of immense economic and social significance.

Vast scope of the attendant issues and problems brings the dan-

**PINK CONFECTION PIE**

A light and fluffy strawberry chiffon pie takes on holiday airs when a sprinkling of peppermint candy is mixed with the filling and used as garnish for a pink Peppermint Chiffon Pie. The distinctive flavor combination appeals to the whole family — and especially Mom, for the filling made with strawberry chiffon pie filling mix requires no cooking!

**Peppermint Chiffon Pie**

- 1 package strawberry chiffon pie filling mix
- 1/2 cup boiling water
- 1/2 cup cold water
- 1/3 cup sugar
- 1/3 cup crushed peppermint candy
- 1 baked 8- or 9-inch pastry shell
- Whipped cream

Place mix in a large deep mixing bowl. Add boiling water and mix thoroughly. Add cold water and beat vigorously with a rotary beater until mixture is very foamy — about 1 minute. Add sugar and beat until filling stands in peaks—takes 1 to 3 minutes. Fold in crushed candy. Pour into baked pie shell. Chill until set. Garnish with unsweetened whipped cream and sprinkle with additional crushed candy, if desired.

**Dogs Vaccinated Against Rabies**

Early this month the San Diego County Veterinary Medical Association took on a man-sized job to protect the public health.

Twenty - nine member veterinarians volunteered to staff public clinics for the vaccination of dogs against rabies. At 17 evening clinics set up by the Department of Public Health the volunteer veterinarians vaccinated a total of 4,283 dogs.

Our local veterinarians have made this public service a tradition in recent years. Tradition is too often taken for granted. We must not overlook the tremendous significance of what these men have done. They have rendered a service to the entire community.

To many dog owners, the vaccination of a dog is merely a necessary step in fulfilling the law. Actually, the vaccination of our dogs against rabies is our basic line of defense for our human population against this dangerous disease. Vaccination of dogs is our only effective control against the rabies that is always present in our California wild life.

We have seen outbreaks of rabies around us. Imperial County is now under rabies quarantine after having 19 cases confirmed by laboratory tests in less than three months. San Diego County, however, has had no cases of rabies reported since 1954. The veterinarians have done much to keep our county rabies-free.

—SAN DIEGO'S HEALTH  
San Diego Dept. of Public Health

**Intimate Glimpses**

Continued from Page 1

of new leaves. It was generally agreed that we could all be more thoughtful in our daily dealings with one another, that the small politeness like the backward smile in parting, the final wave of the hand when guests drive away, the porch light left on until departing callers are out of sight instead of snapped off while they are starting their motor or driving away, are more important than we realize at the time. That farewell look at the suddenly darkened porch does not inspire a return visit, and that glimpse of the host or hostess marching stolidly indoors while you drive away, is somehow unpleasant to most people. And the telephone—who doesn't resent having the receiver slammed up in her ear the instant goodbyes are spoken? A quiet replacing of the phone takes only a breath longer and may save a friendship. Anyway some of us around town have decided that the above new leaves are our choices for turning over.

"ALPINE" the climate divine Where spring comes in the summertime And the summer in the fall. The fall comes in the wintertime And winter not at all.

**THE ALPINE GARDENER**

**Daffodils**

If you have a gopher problem, one of the best bulbs to plant is the daffodil. The bulb has a bitter taste; therefore, gophers leave them alone.

There are several hundred varieties of the daffodil. The favorite seems to be the giant golden trumpet.

Place the early blooming varieties toward the back when planning successive bloom. Let the later ones bloom along the edge of the area.

Daffodils should face the sun so place them against a background where they will show off their full beauty. The best direction is to face them toward the south with the fence or wall on the north. They bloom early in the spring and will get the most advantage of the sun on the south.

In Southern California the later blooming daffodils will do better in the filtered sun.

Fall is the time to plant. Dig the soil deeply and do not add manure. Bonemeal may be added if dug into the soil before planting.

The bulb may be planted at a depth of two and a half times the size of the bulb. However, if you plant them a little deeper you will avoid damage when cultivating. Plant about eight inches apart to avoid overcrowding. Following this procedure you will not have to replant for about three years.

**Ranunculus**

This is one of my favorite tubers as the erect leafy plant stands about 12 to 18 inches high and will bloom profusely from February to April. It is a sun-loving tuber, but may be planted in the semi-shade in warmer climates. Planting too early in the fall will sometimes cause the tuber to rot. Therefore, it is a good idea to plant from November to January in Alpine.

Before planting soak the tubers for a couple of hours, and then plant in light soil, pointing the claws downward. The water and feeding is the same as for annuals.

Oftentimes it is necessary to cover the young growth with wire as the birds are fond of the new growth. Store the tubers in the summer in a cool, dry place, although it is recommended to use new tubers each year as the old ones often carry virus infections. This will distort the growth the following spring. The ranunculus makes an excellent cut flower.

**JOBS WANTED**

Continued from Page 2  
ger that, unless individuals comprising state and local communities step forward to accept these new responsibilities, they will pay for a planned economy sold to them for the coin of local freedom.

**TEEN TALK**

By JANIE

Everything seems to have reached the "after-Christmas-let-down." Not much doing these days. Everyone is recovering from the hectic pre-Christmas whirl of parties, dances, etc. Hope you enjoyed the Christmas season as much as I did.

☆ ☆ ☆

Phyllis Hickey, Charles Bradley, Linda Bradley, and Russell Schaefer left Alpine on Monday to attend a mid-winter conference having to do with Pilgrim Fellowship. They will return sometime Thursday. Doctor Larson has gone along as advisor.

☆ ☆ ☆

The Junior Pilgrim Fellowship is planning a membership drive. As many of the present members will be leaving the Junior group and joining the Senior group, more seventh grade members are needed to keep the group going.

If anyone is interested in joining the Junior Pilgrim Fellowship, they meet every Sunday night at Fuller Hall, from 6 p.m. to 8 p.m. Everyone is invited.

☆ ☆ ☆

HAPPY BIRTHDAY TO KATHY HITTLE!

And a Happy New Year to all!

Typical of the signs being installed by the State Division of Highways at all highway entrances to California is this sign on U. S. 40 east of Truckee. The Highway Patrol officer pointing to it is Sgt. Francis H. Snyder. The new 65-mile speed limit for automobiles becomes effective January 1, 1960.
