Attention Junior Parents

Next Tuesday night, February 16th at 7:30 p.m. there will be a meeting in the El Capitan High School library from parents of Juniors. Lawrence Woodward, Junior Counselor, will discuss next year's senior program, summer school, college entries, and armed services. There will be a question and answer period. New Gym Dedicated

The official dedication of the new Clarence Foster Gymnasium at El Capitan Hi School, Lakeside, featured an international theme, according to Mrs. Erman Kouns, PTA president, who was in charge of arrangements. Beginning at 7:30 p. m., in the gym, the event was held Thursday, February 11, with Mrs. William Paine as program director.

Russian, Scotch, Greek, Israeli, Yugoslavian and American folk dances were performed by the folk-dance section of the Physical Education Department, under direction of Miss Janice Jessop, and also on the program were selections from the band, conducted by Arthur Schwuchow.

Headed by Faris Edgar, Language Department head, instructors read an Old Testament verse in several languages for the devotional. They were: Mr. Edgar, who read in Greek; Mrs. Aris Treat, French; Miss Myrtha Thornbrook, German; Joseph S. Rolback, Russian; Miss Diane Ridgway, Spanish; and Perry Shipman, Character and Spiritual Chairman, English.

Clarence Foster, long active in educational and civic affairs in the Lakeside area, for whom the gym is named, spoke briefly during the ceremony, which was followed by the serving of coffee and cookies of many lands by the Senior parents, under the chairmanship of M s. Joe Sewall.

A short business meeting, which included the election of a nominating committee proceeded the dedication.

Install New Officers

The Catholic Church Guild held their regular meeting the third of February with the installation of new officers. A new vice president, Mrs. Jean Danzel, was elected. The outgoing president, Mary Wright, was in charge of the first part of the meeting and the new president, Helen Miller, lead the second half.

The Catholic Guild plans to have a St. Patrick's dinner the 20th of March. More details on this will be in a later paper.

Alpine Kiwanis

Dr. Eugene C. LaFond will address the Alpine Kiwanis next Thursday evening following their weekly dinner in Fuller Hall.

Dr. LaFond, head of the Physical Oceanography Section of the Navy Electronics Laboratory, acted as senior scientist and directed oceanographic investigations aboard USS Skate during the historic second submarine cruise under the Arctic Ocean ice pack and across the North Pole in August 1958.

The Skate voyage is the fifth arctic oceanographic expedition made by Dr. LaFond in the last 11 years. He directed the physical, biological, and geological research conducted by the USS Nereus (1947); HMS Cedarwood (1949), and USS Burton Island (1950 and 1951). These investigations included studies of sea ice, currents, salinity, temperature, transparency, as well as biological and geological sampling and topographic surveys.

Dr. Gordon Gastil, professor of geology at San Diego State College, spoke on "The Geology of the Area in Relation to Ground Water" at the Kiwanis meeting last night.

Will You Take Time? Ad Brings Results

We have been most gratified by Alpine's response to our editorial entitled "What will the future be?" You will remember that the editorial challenged Alpine to form some kind of a forum for the orderly resolution of community problems.

We have been asked to publish the following letter and we urge you to consider its suggestions carefully:

☆ ☆ ☆

In mid February of 1960 the citizens of Alpine are discussing many local problems. Oning, increased fire and police protection, distribution of local water, traffic and parking control, and road improvements are among the other subjects being discussed. Nothing will be done on these thoughts because Alpine has no responsible organization with authority to take action. Many people have suggested an effort be made to create a Town Council and in fact the County Grand Jury recommended that "all citizens work together toward some type of local government."

There are several forms of government available to a community of this size including incorporation as a City. Del Mara recently achieved this with no increase in taxes and is now benefiting from income formerly going to the County. It takes many months of hard work by a large group of citizens before any community is ready for such a decision. There is no reward for this effort other than the satisfaction of knowing a civic duty has been done. The bulk of the work is study. Text books can be had and consultants with practical experience in other localities are available.

Alpine must have its full share of civic minded people willing to

Illness this week hit Mrs. Jay Clinton and Mrs. Wallace N. Kent.

give their time and effort to this cause. Have you the ambition and interest to become part of a study group? If so write or call the Echo.

John E. Citizen
(Actual name at the Echo)

We also understand that the future of Alpine and the need for some kind of a community wide forum has been the subject of a number of friendly conversations. We at the Echo have received a number of responses. SEVERAL persons have suggested that a study group be formed to work out the best method for dealing with Alpine's problems.

Those who seem to have given the matter the most careful consideration recommend that such a group should include about twenty-five persons representing various professional groups and interests. If you are interested the Echo will be glad to give your name to those who had made the proposal. We believe that some constructive results will be forthcoming.

Milk Goat Association To Meet

A regular meeting of the association will be held Sunday, February 14, 1960, in the agricultural building of the El Cajon Valley High School, El Cajon. The meeting will be called to order at 2 p.m.

Since this is the busy season for goat owners, many things will be discussed at this meeting, such as the coming buck show and the Del Mar Fair. This is also the kidding season and many good kids will be born, so if any 4-H or FFA boys and girls desire good stock for their projects they can contact the president, Mrs. Marcella Neben, HI 4-7854 or the secretary, William F. House, HI 5-3627.

All 4-H and FFA boys and girls are always welcome to come to the meetings and possibly gain some valuable information on goats, especially on how to groom goats for the shows and proper showmanship. If there are any particular points that these boys and girls would like to have discussed please call either of the above telephone numbers and arrangements will be made to have such discussions held at one of the monthly meetings.

Vaqueros Enjoy Ride

The Alpine Vaqueros' riding club held a breakfast ride in Pine Valley, Sunday, February 7th. Everyone had a wonderful time and enjoyed the ride. Those who didn't bring their own horses rented some at the stables.

After two hours of riding beneath majestic pines, crossing picturesque streams and viewing some of California's beautiful mountains, riders were served with a delicious breakfast of pancakes, sausages, eggs and punch. There were fifteen riders and twenty for breakfast.

The Vaqueros are planning another breakfast ride March 6th in Pine Valley. Anyone interested in riding or having breakfast please call HI 4-3396 for reservations.

What's Your Opinion

This past week I have been asking people in Alpine what they think of the new law that has been passed which states that everyone must park parallel. I received some very unusual answers. This is a problem that concerns all of us in Alpine, the businessmen as well as the residents. What would be your answer if you were asked what you think of parking parallel in Alpine? Here are some of the answers that I received.

Cecil Lewinson, Alpine Land Company: "I think it could be tempered with patience."

Joanne Nichols, President, Women's Club: "Don't ask me."

Tom Dyke, blasting and well digger: "No comment."

Gloria Baetcher, waitress, Log Cabin Cafe: "It has to be because it is the law, but they shouldn't be so hard on us until we've become Hugh Prescott, butcher, Empire Market: "No comment. I've had enough troubles of my own."

Ruth Chynoweth, Secretary, Youth Center: "It takes up too much space and it is drawing business away from Alpine. If they could park the way they used to, it would bring more business to Alpine again."

Leona Drennon, Treasurer, Baseball Association: "I don't mind it until there isn't a parking place and then I'm really hot."

Gladys Jennings, Secretary, Baseball Association: "I have nothing against parallel parking, but it sure cuts down on the parking places."

Elna Bratt, President, V.W. Wives: "I don't particularly like it. It cuts down on business, but

Favorite Sayings A New Feature

Have you a favorite saying or motto? This new column will feature your favorites. Please call up or write in yours. If you enjoy reading others, remember yours are also needed for the column to continue. Here are two to start the ball rolling:

"Why is it we have to have the props pulled out from under us before we're ready to kneel down?" from Marion Moats, Louise Drive, Alpine.

"You can't get rid of your temper by losing it," from Billie Gonsaulas, The Willows, Alpine.

we have to do it."

Carmen Hoistead, Bailey's Cafe: "Nobody liked it at first but since it has come we should all cooperate and do the best we can, it's also much safer now."

Phil Hall, Postmaster: "From the safety point of view it's better. Maybe a little inconvenient but it had to come sooner or later. It's just a case of Alpine growing up."

Sharon Chynoweth, President, Tri-Hi-Y: "I don't drive yet but by the time that I do I hope I have gotten use to it."

Emma Dyke, waitress, Log Cabin: "I feel like a traffic director. I go out and tell people where they should park. People say they can't see the signs. They should put more signs where they could be easily seen, or an officer directing people for a while."

Agnes Ratliff, owner, Log Cabin: "I like it much better the way it used to be."

Walt Finch, owner, Alpine Rock-et Station: "Nuts."

Omission

One name was left out of the list of adults furnishing transportation for the Boy Scouts when they went for their recent weekend outing. Al Bender, assistant scoutmaster, also drove. Al's one of the steady workers in the troop.

Judy Wilcox and Jeri Homsley were initiated into the Lakeside Job's Daughters February 1st.

Action On Junior College Anticipated

It is anticipated that action on a proposal to form a junior college district in the Grossmont Union High School District area will be taken by the Augmented Committee on School District Organization For The Study of Junior College Education on February 17. The hearing February 17 is set for 8 p.m. in the El Cajon Valley High School cafeteria, and the public is invited.

If the County Committee should call an election, the next step is to decide whether to schedule it for this spring or for next fall. If the voters of the area approve the formation of a community-junior college district, the formation of such a district could not become official until July of 1961. Full time day sessions could, on such a schedule, get underway by July, 1963.

Mrs. Ruth Chynoweth and her four sons spent the day in Los Angeles visiting relatives. They reported that it was very foggy, but they had a nice trip.
