Movie, Women's Club, 7:30 p.m.

**SATURDAY, February 27th**  
Bingo and dancing, V.F.W. Hall.

Hugh Trail was taken to the Lake Murray Community Hospital Sunday morning suffering from a heart attack. He has had several attacks in the past months.

INTERIOR VIEW OF ALPINE COMMUNITY CHURCH

## Community Church Celebrates Birthday

By LaVerne Crosby

The Alpine Community Church will celebrate its 66th anniversary tonight with a family potluck dinner in Fuller Hall. Percy Foss, the only chartered member still living, will be the honored guest.

The Alpine Community Church was organized sixty-six years ago on February 24th, 1894, by a small group of local people meeting in the parsonage, a house still standing on the corner of Tavern Road and Arnold Way. It is reported by Percy Foss that the church began about ten years before with Sunday School at the School House.

The first minister was Rev. John Rogers, also the first to live in the parsonage built and owned by Ben-

## Letter of Thanks

This is a letter received by Mrs. Agnes Ratliff, owner of the Log Cabin from the Highway Patrol:

Dear Madam:  
This department commends you for your alertness in recognizing little Candace Cates and her abductor, Arthur Raymond Rummerfield, as having been in Alpine, Saturday, February 13, 1960.

Your alertness and thoughtfulness are directly responsible for the quick apprehension of Arthur Raymond Rummerfield and the safe return of Candace Gates to her parents.

Very truly yours,  
Bradford M. Crittenden  
Commissioner

Alpine in general would like to thank you, Agnes Ratliff, and the Highway Patrol for your quick work and safe return of the girl. All of you did a fine job.

## Junior College Policies Set

The Grossmont Union High School District Board after a lengthy discussion of statistics on enrollments of students in San Diego Junior College adopted a clarification of its policy statement on the relationship between the proposed junior college and the subject of school district reorganization. The need for the policy statement was explained by Superintendent Lewis F. Smith who said, "Some people believe the high school district stands to gain an advantage for a certain form of school district organization in the future if the junior college is organized before a study of overall school district organization is accomplished." The Board through adoption of this policy has clearly indicated that the junior college issue shall not be introduced as a factor in future consideration of school district organization. The subject of school district organization should be decided on its merits and should not be related to the junior college district issue. The text of the Board statement is as follows:

"The Grossmont Board and administration reaffirm the position.

"That the junior college issue should be decided first and separately from the problem of school district organization.

"That school district organization may be best accomplished through mutual understanding and agreement among the affected districts.

"That if the junior college district is authorized, it definitely is not and shall not be introduced as a factor in future consideration of school district reorganization."

### FEBRUARY IS HEART MONTH

Having celebrated Valentine's Day recently, everyone is concerned with all matters that have to do with the heart. We should not only be conscious of the way we feel in our heart but of our hearts themselves. This is why February is fittingly Heart Month.

Heart diseases and circulatory diseases are our leading cause of death. The disease kills about 894,000 persons each year—more than all other causes combined. More than ten million persons (one-half of which are children) are afflicted. Heart attacks are the greatest single threat to the lives of men between the ages of 45 and 65.

More than half of all deaths of all ages are due to heart diseases and one out of every sixteen suffers from some form of heart disease.

What can we as individuals do about this problem? Mainly we can support the Heart Fund. The Heart Fund is the "heart" of the fight against heart diseases. It has mobilized the best research scientists, heart specialists, and other experts to direct vigorous programs of research, education and community service.

The Heart Fund says "Don't fear heart disease . . . fight it . . . through these six ways to guard your health."

1. Ask your doctor. Don't worry needlessly about "symptoms." If in doubt, see your doctor.
2. Control your weight. Look better, work better, live longer with normal weight.
3. Get enough rest. Regular rest relieves fatigue and lightens the

### Use Of Levy Approved

Use of a 5c recreational tax levy, available to the Grossmont Union High School District Board was approved in principle to assist citizens in the development of community recreation programs on Monday evening. The action reaffirmed the policy statement adopted two years ago whereby the school district would enter into a cooperative agreement for the development of community center-gymnasium and swimming pool with the City of La Mesa and the City of El Cajon.

The Board in approving the principle of cooperative development clearly stated that these facilities would be used by the school during school time and by the community in out of school time for the benefit of all citizens in the area with sharing of the maintenance and operation costs. This makes possible not only greater use of facilities, but also a saving to the taxpayer in that the construction and maintenance of duplicate facilities are avoided.

The Board further indicated that

- work of your heart.
- 4. Keep physically fit. Exercise regularly and moderately. Have fun—but act your age.
- 5. Ease up, and relax. Don't let tension and anxieties wear you down.
- 6. Help fight heart disease. Contribute to the Heart Fund.

### Dance For March Of Dimes

The Gamma Gamma Chapter of the Epsilon Sigma Alpha International Sorority is sponsoring a square and ballroom dance in the Alpine School auditorium on Saturday, February 20, from 8 p.m. to 12 midnight.

Jack and June Smith will be the featured callers with many guest callers also participating. The sorority has organized and planned the social affair as a part of its program to assist the 1960 March of Dimes Campaign for funds.

Square dancers throughout San Diego county will be in attendance to celebrate the affair.

if the financing of these projects in the City of La Mesa and El Cajon resulted in construction of facilities at Helix and El Cajon Valley High School, the Board would continue the 5c levy in successive years in order to provide the same facilities for each high school in the district.

### SNOW SURVEY

Last Thursday morning a party from the Descanso Forestry, E. G. Heilman, D. R. Patton and J. W. Peterson made a snow survey on Little Laguna meadow. The survey found an average snow depth of 8.9 inches with a water content of 1.7 inches.

The Little Laguna meadow course is the southern most course in a state-wide system of over 300 snow survey courses. This information is used in forecasting water runoff from the Laguna Mountains into various city reservoirs.

### El Cap Gets Foreign Exchange Student

El Capitan High School is making plans for a foreign student to attend the school next year. Right now the biggest problem for the committee is finding a home for the student. Many could qualify to have the student in their home, but the committee would like to make a few suggestions. They would prefer the student to go to a home where there is a Junior or Senior High School student. Preferably one that is going to El Capitan. One parent has to be home at all times; in other words the home could not be where the mother works.

If the family comes directly from a foreign country they are not eligible, but if you are one generation removed they you are qualified. The family must provide room and board for the student. The foreign student will get \$12.00 a month from American Field Service. The student comes with a full wardrobe so you will not have to provide clothing.

If anyone would like to have a foreign student from South America, who speaks English, in your home, you may contact Mr. Kramer HI 5-2003; Clarence Gillson, HI 5-3769; or Mrs. Al Adams, HI-5-2758. They will get in touch with El Capitan and you will receive an application. The family who is the most qualified to have the student in their home will be picked at a later date.

The project that El Capitan is working on now is raising money for the Exchange Student to come

### Stormy Vacation

Two storms on one trip to Florida can complicate a vacation. Florence Clark has just returned from a trip to Palm Beach, Florida. She went by way of New Orleans and met one storm in Florida and another on her return through Texas.

She was accompanied by her daughter and her son-in-law, Mr. and Mrs. Jerry Harmer.

to this country. One-third of the money will be given by the school, one-third by organizations and the other third by individual contributions.

There will be a Faculty-Varsity Basketball game Friday, March 4th, in the El Capitan Gym. Admission is 50c for students and 75c for adults. All proceeds will go to the Foreign Exchange student fund.

El Capitan is looking forward to sending a Senior student to a foreign country for six months in 1962.

There are four South American students in the Grossmont District now. They and the student who comes to El Capitan next year will have a Junior program with some senior studies added. "We will try to give them a picture of how America really looks," says John Barrons, Sophomore Counselor.

## NEW FEATURE FOR MOVIES

Mr. Jack Ramsey, who is showing movies at the Women's Club on Friday nights says "I can truthfully say in all the years spent in the movie business, I have never seen a nicer, more considerate group of movie goers."

He announces that starting this Friday, Feb. 19th, "we are bringing in an entirely new set up of programs, which will carry a feature film plus two shorts, one short being a cartoon, the other being a serial with a new episode each and every week. The serial starting on Friday will be a Canadian Royal Mounted Police serial which promises to be a very exciting program of the rich gold deposit country along the Alaskan border."

## Fashion Show Planned

The Alpine Women's Club is planning a fashion show Tuesday, February 23rd. The show will be put on by Marthe's and it will be preceded by a potluck luncheon at 12 noon. The price will be a dollar and guests are invited. For reservations call Mrs. H. W. Johnson, HI 5-2870.

Models in the show will be Mmes. Mace Bratt, Milton Cooper, Carl McCall, Clarence Sterns, Ben Cerveny, Tom Nichols and Miss Leona McCarty and Noreen Fordney.

## The Good We Do Lives After Us

February, the month of great men is remembered for three great days. Lincoln's birthday, Valentine's Day and Washington's Birthday. Solemn patriotic, religious and rather frivolous.

St. Valentine lived so long ago that few people in America remember that it was a great kindly man whose life of good deeds is remembered by the giving of gifts and the expression of kindly sentiments. Here in a land of which he never heard the good that this man did is remembered by millions who never knew him.

Despite repeated personal misfortune and the loss of several children, the great gaunt plainsman who was Lincoln is remembered for his dedication to high principles and his personal compassion. His entire life is a witness to his deep tolerance and respect for the personal worth and dignity of every other man. For these good things he is remembered and re-

## Another March Of Dimes Benefit

The Tri-Hi-Y will be busy as little beavers Saturday, for they will be sponsoring a bake sale in front of the Women's Club and a car wash at Rorie's gas station all at the same time.

Both of these activities will begin at 9 a.m. and they both will benefit the March of Dimes. "Everyone is urged to buy some 'goodies' and have his car washed. You will be helping others and have a service done for you at the same time," says Sharon Chynoweth, in-coming president.

Paul Bailey, his wife Joan and their two daughters have been visiting Carmen and Jack Hoistad this past week.

Washington could have lived the life of a country gentleman, but instead he sacrificed his peace, his comfort, and his own interests for a great cause. He risked his life, his liberty and his possessions in supporting freedom when there often seemed to be little likelihood of victory.

These and many others are living evidence that Shakespeare was wrong when he makes Mark Anthony say, "the evil that we do lives after us; the good is oft interred with our bones."

EDGAR S. WELTY

## Our Stand

As the Editor of the Echo I want to clarify our stand on several issues.

First, on the water issue. We think there is a great deal of misinformation about this issue. We are not sure of all the facts ourselves but we are impressed with the sincerity of people of both sides. We will be glad to publish facts for either side without any bitterness toward anyone.

Second, while we believe in local responsibility in government and we stand against the expansion of State and Federal Government we want it understood that we bear no person or Government agency any ill will.

So it is that we spoke out against certain practices in the enforcement of the parking laws but we also appreciate the courtesy, helpfulness and gentlemanly conduct of the Highway Patrol.

We would prefer local police. We would prefer local control over all Government except such matters as International affairs, Interstate trade and the conduct of such agencies as the Post Office. We think local citizens should shoulder their local burdens if they value their liberty, but we also respect the fine civil servants that we find

### Community Church

Continued from Page 1

jamin Arnold. Ministers were supplied by the California Congregation Conference and services were held in the school until the Town Hall was built in 1899. The church was then moved there.

Following Rev. Rogers, who stayed five years, Rev. John Pearson preached from 1899 until 1902. For six years after that the church was left without a regular minister. In 1906 two pastors were engaged to preach on alternate Sundays. Rev. M. Wilson and a Rev. Clark, his first name and initials have been lost.

In 1915, a Rev. Arthur Peebles inherited the church and kept up the work for five years. In 1928 they formally named the church, THE ALPINE COMMUNITY CHURCH. Reverend Wm. Fuller began preaching in 1929, and the land was purchased on Victoria Drive for the church site. They built a chapel with the name of "The Little Brown Church in the Hills."

Two more ministers came, Dr. William I. Jones and Rev. Fred Line, then Dr. Roger Larson, the present minister, came in 1948. Since Dr. Larson has been the minister the new church was built, it was completed on September 20, 1953.

Alpine Community Church is very proud of their new church and rightly so, and they have made their church very active and useful. Aside from the regular church service the Community Church has a part in the Church Guild, which was started in 1931, and has Mrs. Edward Nixon as the present president. Naturally, the Community Church has a Sunday School with Mrs. Phyllis Shepard as the superintendent.

The year the new church was built, 1953, was also a year for other new things in the church. The Christmas play was put on the first time, coffee hour and the family dinners were also started in that year.

In 1946 Pilgrim Fellowship was started and in 1949 the Vacation Bible School was held for the first time. Others groups that the church sponsors are the Girl Scouts, Brownies, and the Cub Scouts.

### EL CAPITAN OPENING SET

San Vicente reservoir will be closed to fishing March 6 and El Capitan will be opened March 31st, the first of four city lakes that will cater to anglers this spring and summer.

Morena's scheduled opening is April 8, Sutherland's April 13, and Barrett's April 23. There is a three week span from the closing of San Vicente to the opening of El Capitan during which time

there will be no fishing on city reservoirs to allow the changeovers.

El Capitan will operate Thursday, Saturdays and Sundays, Morena (strictly a trout lake) on Fridays, Saturdays, Sutherland on Wednesdays, Saturdays and Sundays only.

Lower and Upper Otay and Hodges will not be opened this year.

Orville Ball, fish and game specialists for the city, reported prospects of good fishing at all four reservoirs.

### Catholics Meet

There will be a town group meeting today at 2 p.m. in the home of Mrs. Donald Kenevan. Everyone is invited.

A reminder that the Catholic Guild will put on a St. Patrick's dinner the 20th of March from 12 noon until 6 at the Church Hall. The ladies will serve ham. Mark this on your calendars.

Kay Bacheller is back from the hospital. She has been suffering from flu and asthma.
