Forest Fires

PREVENT FOREST FIRES

The California Highway Patrol is joining in the battle to prevent forest fires by mounting a drive against motorists who toss lighted eigarettes, eigars or matches out of their automobiles, according to CHP Commissioner Bradford M. Crittenden. He says, "This is an extremely critical year for forest fires. A match or a smoke tossed from a car can touch off a blaze that could burn hundreds of acres of timber, destroy thousands of dollars worth of private property, and cause loss of human life.

"Our enforcement activity will not, however, be confined to mountain and forest areas. The law applies throughout California and if we can educate the public not to throw lighted material from their cars anywhere they will be less likely to break the law in an area where great damage can be done."

Religion in Todays World

Today's world is as confused as the world has ever been at any time in history. There seems to be no sense of direction among the world's statesmen and rebellious youth goes forth to do battle against both good and bad like a generation of Don Ouixotes.

The law that protects the liberty of free men can only exist where the discipline of a commonly accepted philosophy gives direction to the acts of each and establishes a common code of ethics and morals.

If America and western civilization are to survive they must find again a deep dedication to religion for only religion can provide mankind with purpose and absolute values.

Rev. Edgar S. Welty

Note: Your editor will speak on this same subject at the services at the Alpine Community Church next Sunday. To illustrate his point he will draw on some of his experiences with young people in his classes at San Diego Junior College.

CAMPO NEWS

by FAY FARRIS

The Mountain Whirlers Square Dance Club held its regular dance on Saturday evening, August 6, at the Club House in Campo, with Al Schaeffer calling. Everyone had a fine time. The host and hostess were Mr. and Mrs. Wm. Wordley.

The board members of the Mountain Whirlers met on Monday evening in the patio of the Ison's in Campo, and further plans were made for the picnic supper dance to be held by the club at Picnic Lake in Potrero on the evening of August 20. Coffee will be furnished by the club at the picnic supper, but the guests are to bring their own food. Refreshments will also be served by the club during the intermission at the dance. There will be several prizes, among which will be ten gallons of gas to one of the members of a visiting club that has the largest attendance at the dance and five gallons of gas to a member that has the second largest attendance. Al Schaeffer will call, and there will probably be several guest callers. Many San Diego clubs have been sent special invitations, also clubs in Imperial Valley.

The Mountain Empire Republican Women, Federated, held their breakfast meeting at the Hobart House in Pine Valley on Thursday morning. There were Continued on Page 6.

HORSE SHOW

The San Diego County Horsemen's Fun Show will be held this coming Sunday, August 14, at the Lakeside Frontiers Riders Ring near El Capitan High School. Admission is tree to this all day attair, according to show manager M. Glenn Gough, of Harbison Canyon. Entry tee is one dollar. There will be 19 classes including two perpetual memorial trophies: Taxas barrel race given by George Hill honoring Charlie Purde and Walter Church and a registered quarterhorse class honoring Jake Hyon who died in the ring at Flying Hills last spring, announces Mr. Gough.

CAMPA JEWS continued from Page 8 37 members and guests present, including two associate members, Harry Morgan and Bert Bangs. Several members came from San Diego and two from El Centro. Mrs. Ruth Jackson, president of the San Diego County Federation was scheduled to speak, but was called to a state meeting on that date, so her good friend Mrs. Margaret Dickenson substituted for her and gave a Review of Senator Barry Goldwater's book, CONSCIENCE OF A CONSERVATIVE, which was beautifully done and enjoyed by all. The book is highly recommended for everyone to read.

Mr. and Mrs. George McGuffie have purchased the new house in Lake Morena recently built by Reno Best, and located on Sage Drive. It is a lovely home, and it is hoped that the young couple will be very happy in it.

The Campo Little League baseball team played Descanso Tuesday, August 2, and 23-24. On Thursday, July 28, they played their parents and beat them so severely that the parents are practicing for a return match at the end of the season.

Mr. and Mrs. Jerry McCord of Campo are the proud parents of a little girl named Laurie Alice who arrived July 26.

Mr. and Mrs. James Baum of Guatay have announced the arrival on July 17 of a son named Kenneth James Baum. The Baums also have two little daughters.

The Ladies Club of the Chapel of the Hills will hold a bake sale on Saturday, August 13 at 9 P. M. in Pine Valley.

The round dance classes are still in progress at the Mt. Whirlers Square Dance House in Campo on Wednesday evenings at 8 P. M. It was nice to have David Hendrickson join the class recently. He has not danced with our group for over two

Gardener

IT"S YOUR LAWN---KEEP IT GREEN It is not uncommon in California to find gardeners who give up on their lawns during the summer. They concede defeat to the long, dry spell and shrug off their troubles with an airy, "Oh well, my lawn's not worth the trouble anyway."

California Association of Nurserymen have an answer to this attitude which states very simply: "Your lawn may not be a showpiece, but it's the only one you have. Unless you plan to start a new one, you'd better take care of it."

To those who claim to have tried everything, the C. A. N. replies, "Are you sure?" Very few lawns are so far gone that a little care in the right place and at the right time won't green them up. And when you consider that a manicured lawn is often the secret to garden enjoyment, it's well worth a try.

The pressing need of most lawns is water. Take a core from any bedraggled lawn (if you can push a coring tool into it) and you'll likely find the soil bone dry and hard as rock a few inches beneath the surface. This is a lawn that needs spiking to let food and water get down to do their work. Tough job, you ask? Not with the nodern "spiking" equipment.

So much will plenty of water at the right place (the roots) do for a lawn that you might be lulled to complacency merely by correcting the compaction. Don't be fooled, however, into thinking that feeding is unnecessary. Food goes hand in hand with water and will usually improve even the lawn that seems to need no improvement. Once a month is not too often for a hungry lawn.

Water and food are the absolute essentials to a well-groomed lawn. There are two other considerations, however, that add frosting to the cake. If weeds are unsightly, check with your nurseryman about the proper control. And secondly, the more you mow, the better it looks. Keep a close-clipped look to your carpet of green and you can get by with many a ragged edge to other parts of the garden.

Glaucoma, a leading cause of blindness, attacks one person in 50 over age 40. These symptoms may mean glaucoma: Frequent change of glasses - none of which is satisfactory..inability to adjust the eyes to darkened rooms..loss of side vision: blurred of foggy vision..vague eye discomfort.

Gardener's Checklist

by the California Assn. of Nurserymen 1. Try taming the robust oleander by growing it in a tub. It will give a real show of color.

- 2. Keep pinching chrysanthemums to encourage bushy growth. Disbud side buds if you would have larger blooms on top.
- 3. The long canes of blackberry that bore fruit this year should be cut out if you haven't done it yet. New canes should be loosely wound around trellis.
- 4. Set out Bird of Paradise this month for exotic bloom through fall and winter.
- 5. Plant natives this month and next and keep them watered until winter rains take over. After the first year, few of them need any attention from the hose.
