Lord, be thou WITHIN us to strengthen us; WITHOUT us to help us; ABOVE us to protect us; BENEATH us to uphold us; BE-FORE us to direct us; BEHIND us to keep us from straying; AROUND us at all times defend us, Bishop Andrews, 1555-1626

In Alpine, California, receipts of the post office climbed from \$8,976,41 in 1953 to \$13, 683, 80. This was the local aspect of a new alltime high in the nation's mail volume which was reached during fiscal year 1960, according to Postmaster Philip G. Hall.

This year's total has been estimated as 63.6 billion pieces of mail, including about one billion pieces of parcel post. It was stated that this reflected an increase of nearly 25 per cent in mail volume in the past seven years since the annual volume in 1953 of 50.9 billion pieces. During this same period, postal revenue showed an impressive gain with an increase from \$2,091,714,000 in fiscal year 1953 to \$3, 276, 800, 000 for fiscal year 1960.

NEW BUSINESS - NEW PEOPLE The new antique and gift shop of Charles W.(Bud) McNaughton will be named "The Carriage Trade". Bud has been living here and remodeling his shop which formerly was the Thrifty Grocery. He has been aided by his mother who is continuing to keep and live at the family's former home in Point Loma. His brother Jack has also helped him. Jack is better known by his stage name of Johnny Turner, one of "Two Guys and a Doll".

ANOTHER NEW BUSINESS Elsie and Ralph Blakley, formerly of Descanso where they owned an upholstery shop are now open for business in Alpine. Their store, the shop just west of McGuffie's Alpine Sundries, was formerly occupied by Mrs. Runbeck's Variety Store. Several months ago the Blakleys were burned out at Descanso. They expect to move to Alpine as soon as they find a suitable location.

JUNIOR COLLEGE NEWS

New and former members of the Grossmont Union High School District Citizens' Advisory Committee packed the new Board Room on the Grossmont campus September 21 to discuss the formation of a junior college district, an issue which will be presented to the voters November 8.

Lewis F. Smith, superintendent, opened the junior college discussion with a statement of the needs, functions, and costs of such a program and emphasized that the State of California is working toward the establishment of the community two-year college to take the burden of excess enrollments from the four-year colleges which will gradually be more and more concerned with education of college juniors and seniors only.

Questions and answers followed, revealing that the quality of education in the junior college is very high and that transfers from such colleges are accepted with full credit by four year colleges. On the subject of cost, it was pointed out that taxpayers of the area now pay 24¢ per

\$100 valuation into a junior college fund which is used to pay tuition for students who attend junior colleges in other places such as San Diego, Palomar, or Oceanside.

Part of that fund is used to construct buildings in other districts. At a cost of about 9¢ more the first year and 23¢ and 30¢ more in succeeding years, it would be possible to form, construct and operate a community junior college in this area.

The La Mesa Chamber of Commerce Board of Directors voted unanimously September 27 to back the formation of a junior college district in the Foothills area.

A local community college would serve adults who want college training for advancement on the job or just to keep up with the changes taking place rapidly in business, industry, and the professions.

P. T. A. drive for membership and support your child's class. Let's get a 100% membership this year. The drive runs from October 3 through the 8th.

Mr. and Mrs. Bob Webb had as a houseguest this weekend, Bob's mother, Mrs. Irene Webb of Lakeside. Jerry and motherin-law Irene attended church services together Sunday, followed by a nice Sunday dinner. Mrs. Webb returned to Lakeside Sunday evening.

The Alpine Youth Center still needs those trees for the picnic area. If you have any, or know of anyone who does, call Tom Nicholas at HI 5-2854.

Many Alpiners enjoyed the fine parade at Julian Sunday to celebrate Julian Apple Days. Local girls marched in the parade as part of the El Capitan Drill Corps.

Lakeside Job's Daughter's Bethel 309 is going to Disneyland this Saturday. They will leave Lakeside at 7:30 A. M. and return around 9:30 to 10 P.M. Their rummage sale last weekend was a big success. They cleared approximately \$115. The whole organization would like to convey their appreciation to the people of Alpine who helped make this project a good one AMBITION PLUS!

Four Alpine boys, Tommy and Billy Gault, Skip Brown and Gary Wake, planned and put on a horse show for the kids of Alpine Saturday, Cynthia Irvine helped the boys by making signs for the event. Mrs. Virgil Wake and Mrs. Clarke Irvine furnished the cupcakes, candy bars and kool-aid for the kids. Mrs. Brown made the ribbons and Mr. McClinton judged.

The horse show featured six events: grand entry, ribbon race, keyhole race, stock race, barrel race, and flag race. Billy Gault was high point winner and Cynthia Irvine won the most ribbons.

These boys are a fine example of what the youngsters of today can do. If you would like to help sponsor an organization for kids who want to plan more horse shows or donate money to get one started, contact Mrs. Gault at HI 5-3045.

Mr. and Mrs. Henry Blakey of Acacia Lane, Alpine, are entertaining her son, Chris Schmidt and his wife Mary, who drove out from Jackson County, Michigan, to visit. Things have built up so in Alpine that Christ had difficulty finding the house.

by the California Assn. of Nurserymen 1. Bulbs top the planting list this month. Daffodils and tulips are prolific color producers and should be used extensively. 2. Lawns can still be planted in most areas. For maximum seed germination, be sure to keep moist.

3. It's too early to prune berries and grapes. Give them another month at least before going at them with the shears.

4. You find the early bird sasangua camellias coming into bloom now. Plant them for a longer camellia season. 5. Annuals should go in without delay to get winter color. Check nurseries for those best for this area.

The American Cancer Society says that if, in 1960, every case of cancer could have been detected and treated in time, 85,000 deaths from this disease could have been prevented.

CRAFT CORNER

by MRS. W. W. MILLER ROLLING EYES JACK-O-LANTERN: This paper jack-o-lantern will roll his eyes whenever he is moved. Draw and cut out a jack-o-lantern about the size of a sheet of construction paper. Mount it on a light weight cardboard. Cut out eyes that are a little smaller than a pop bottle cap. Glue cellophane across the eyes on the back of the hack-o-lantern. Take two bottle caps and put a button in each. Fasten them in place with adhesive tape--on the back side of the picture. Fasten a string through the top center of the jack-o-lantern to hang it by.Each time the string is moved a bit, the jack-o-lantern will roll his eyes. Substitute a bunny for Easter, Santa for Christmas, or a heart shaped face for Valentines; all with rolling eyes.

HELPFUL HINTS: Squeeze bottles: Almost any paint of fairly heavy consistency can be used to fill squeeze bottles and applied to make pictures as well as designs. First put in the outlines, then fill in areas. where desired.Let each color dry before applying the next. For lettering, press bottle lightly and write quickly. SPONGE: Some home permanent kits include bottles with builtin sponges. Fill with paint or ink and form swirls with a sweeping motion for all-over effects on decorative papers. SPRAY BOTTLES: Window cleaning bottles, hand lotion bottles, and other product bottles can be used. Be sure paint is thoroughly mixed and of fairly thin consistency. Hold the dispenser about ten inches away and spray lightly. Add details with a brush. SHOE POLISH BRUSHES also make good brushes for different kinds of painting if broad lines are wanted.
