## NEW BUSINESS BY NEWCOMERS

Dave's will be the name of the new sandwich shop that is to occupy the vacant store near the Baptist Church in Alpine. The store is named for Dave Parks who, with his wife Shirley, will operate the business. Dave and Shirley are newcomers to Alpine and are living at Smith's Cottages with their two small children Davey and Diana.

At present they are also being aided by Ray and Dorothy Dunklau, Shirley's aunt and uncle. All are from Torrance and both families came to Alpine for health reasons. Dave has asthma and Ray has hay fever.

The new shop will serve breakfasts, lunches, sandwiches and fountain confections including soft drinks and sundaes. They expect to open today, Sept. 15th.

The Government is us; we are the government; you and I. Theodore Roosevelt  
NO MORE HALF DAYS-HURRAH

September 12 was red letter day for the Alpine Schools. For the first time in years there were no half-day sessions.

Apparently many families are still on vacation; only 531 children enrolled the first day. This compares to 602 for the first day last year.

## NEEDED

Citizens interested in getting water for Alpine are needed to help get out the vote on September 27 and to help inform voters before the election. If you can and will help, stop at the office of Alpine Land Company and give your name to Cecil Lewinson.

## ABOUT ALPINE

by CAROL WILCOX HI 5-2353  
Mrs. Anna Eggleston and family have moved from their home on Lilac Lane to Linda Vista. The whole family will enjoy living closer to schools and work.

Last Thursday noon, the Alpine P. T. A. board served luncheon to 26 teachers at the annual teachers workshop in the Alpine School cafeteria.

Mrs. June Magee Anderson and daughter Patti, formerly of Shady Rock Ranch, have moved from their Carlton Hills home to San Diego, where Patti will enter Hoover High School.

Had a birthday in your family? Giving a shower? Going on a trip? Why not share it with your friends and neighbors. Call HI 5-2353 and ask for Carol.

ALPINERS TRAVEL by Carol Wilcox

Mrs. Jean Pekary and daughter, Diann, 9, are home following a train trip to Canada. While there, they visited Jean's mother, Mrs. Harkness, on Vancouver Island. They went over to the island in a steamboat and returned on the ferry. A family reunion was held. It was the first time in 20 years that Jean and all her brothers and sisters had been together. She was reunited with a brother whom she hadn't seen for 15 years. Jean also visited her mother-in-law. Diann celebrated her 9th birthday, July 17th, while vacationing. On the train trip home Jean and Diann sat across from Mrs. Harold Keene, and her daughter, Vicki, 12. Diann and Vicki enjoyed each others' company, especially while riding in the dome car. Jean reports a wonderful trip and lots of rain in Canada.

God does not want us to do extraordinary things; He wants us to do ordinary things extraordinarily well. --Bishop Gore

## The Next Step

E. L. Freeland, engineer and resident of Alpine Heights, was the speaker at a meeting held on Wednesday, September 7. This meeting was held in the kindergarten of the Alpine School in order to provide committee workers and interested Alpiners with information on annexation of this area to Rio San Diego Municipal Water District.

Mr. Freeland explained that each area such as the land in and around Alpine has a right to its portion of Colorado River water but it costs money to bring the water to the local area. Pipelines and facilities have been built by the Metropolitan Water District, the San Diego County Water Authority, and the Rio San Diego Municipal Water District. When a new district such as Alpine votes to join these established organizations it does so because it is cheaper to use the pipe lines and facilities already established than to build all new facilities. To use the facilities constructed by established agencies, districts such as Alpine must pay a share of the costs of the facilities it uses. This amounts to \$289,890 owed to the Metropolitan Water District, \$57,100 owed to the San Diego County Water Authority, and \$56,926 owed to Rio San Diego Municipal Water District.

The Metropolitan Water District will accept its share in 30 approximately equal payments of 9.663 dollars per year; the San Diego County Water Authority will accept its share in ten approximately equal payments of \$5,710 per year and Rio San Diego Municipal Water District will accept its share in 5 approximately equal payments of \$11,385 per year.

This would total payments of \$26,758 for each of the first five years or a tax rate of 7 1/4¢ per \$100 valuation for each of the first five years.

## CUB SCOUT

CIVIL DEFENSE-MILITARY DEFENSE

An exciting set of events are in store for the Cub Scouts of Alpine Pack 350. First they will hear about Civil Defense and then they will visit the radar station at Mt. Laguna.

Friday, September 23, will be the next pack meeting at the Alpine Youth Center at 8 P. M. Ivan Lake, public information officer for Civil Defense, will present a program explaining how we as civilians can be on the alert. Outsiders are welcome to attend. In fact you don't need

to have a boy of Cubbing age, but you are especially urged to attend if you have a boy between the ages of 8 and 11.

A visit to the radar station Sunday will vividly bring home to the boys our vast military defense system. Colonel Rhodes of the 751st A. C. & W. Squadron has granted permission for the tour. According to Captain Holmes, Lt. Kusner will conduct the boys through the radar station, starting at 3 P. M. However, the Cub Scouts and their families will meet at the Burnt Rancheria picnic grounds at 1 P. M. for a picnic lunch first.

DEAR NEIGHBOR,

We believe that we may be able to help you with planning your next year's program. Probably your organization will want to have a picnic or outdoor event at some time during the coming year. If so, then we are in a position to offer your members a pleasant outing at a secluded ranch an easy drive on a good road.

Sleepy Hollow Ranch and Ghost Town in Alpine offers facilities for picnicking, archery, shuffleboard, volleyball, badminton, baseball, basketball, horse shoes, hiking, burro riding and dancing to juke box music. We also have swings, a tetherball and a maypole for the children and they can see real live deer.

For the "old timers" we have a special section with checkers, chess, cribbage, and cards. There are no charges for the use of any of these games.

We are open seven days a week from 10 A. M. to 6 P. M. and evenings from 6:30 to 11 P. M. We can accommodate from one to 5,000 people; refreshments can be purchased and we have a nursery for small children, games and prizes for small fry and acres of free parking.

All these facilities are now available and will be throughout the winter. Soon, we expect to have a square dance pavilion, gold panning of real gold and by Spring we expect to have a swimming pool.

The admission price is only 50¢ for adults and 25¢ for children. Special rates for groups.

Please include us in your plans for the year to come. Phone or write us if we can be of any help in making plans.

Sincerely, *Smitty*

#### Gardener's Checklist

by the California Assn of Nurserymen

1. If you're sowing a new lawn this month, rent a rotary tiller to make your job easy and use it to work in manure and other humus at the same time.

2. Start looking around at other gardens to see which roses have started to look their best again. Mark your favorites for a place in your own garden.

3. Keep feeding tuberous begonias and fuchsias to prolong their bloom into next month.

4. Get going with those annuals for winter. A flat full of calendulas, cinerarias, or stock will brighten even the darkest days.

5. Dwarf citrus can be put in now in tubs or in the ground. Ask your nurseryman which varieties have ornamental value in winter.

#### House of Representatives

Washington, D. C.

Dear Friends,

It finally happened. The 86th Congress finally agreed to adjourn. It was about the only constructive thing we could all approve, after the last few weeks of bitter and acrimonious debate.

Two items of major interest to San Diego languished and finally departed for the Great Beyond: the Judicial District bill and the Retired Military Pay Equalization bill. The Senate can take the blame for the demise of both of these much-needed bills. The House passed my Pay Equalization bill and the House Judiciary Committee passed my Judicial District bill. But despite the President's urgent plea that these and other important measures become law, the Senate bogged down in the final hours. Next year we'll try again.

But there was a bright side to the 86th Congress, too. We finally got the funds for

Page 7, ALPINE ECHO, Sept. 15, 1960 dredging and construction of a Forrestal supercarrier pier at North Island. I've worked on this project for years, and it's heartwarming to see it under way at last. The seawater conversion plant at Point Loma is another dream of mine--and it is coming true, too.

Right now I'm working with officials of San Diego shipyards and aircraft plants on new contracts for our area. This is one field in which we have been very fortunate in the past, and I'm certain that we will get our share as usual of the record defense budget.

All in all, these are busy times. I enjoy the opportunity to serve you, and look forward to the new session with enthusiasm. Mine is a dynamic, growing district, and I have to hustle to serve properly the growing needs of our area.
