Gardener's Checklist

by Calif. Assn. of Nurserymen
1. Plant deciduous fruit trees this month. Also grapes, cane berries and strawberries.
2. Plant flowering quince for some delightful early color. A hedge of quince makes a thorny and impassable boundary.
3. Roses that are not planted the day they are purchased should have their roots covered with moist soil.
4. Beware of collecting your own leaf mold. You may be collecting a sackful of trouble from oak root fungus at the same time.
5. If you haven't already, prune roses this month. At the same time strip off any remaining leaves that have not fallen of their own accord. Clean up fallen leaves around roses.

worth seeing and should be supported by the area.

Announcement is made of the wedding during the holidays of Bob Scott of Rockledge Cafe on Highway 94 and a Harbison Canyon girl. They will make their home in Brawley where Mr. Scott is employed.

Jim Davis, son of Mr. and Mrs. Mark Davis of Campo, the local postmaster, underwent surgery after injuring his knee while playing football on the O.C. Junior College team. He is convalescing at home in Campo.

Mr. Acerno, principal of the Campo Elementary School flew back to New York a few weeks ago. He was called there due to the sudden death of his father. We extend our deepest sympathy.

Mr. and Mrs. Wm. Wordley, Mr. and Mrs. Alden M. Faris and Bee Boyd traveled to El Centro to enjoy New Year's Eve. They attended the annual New Year's square dance given by the Below C's Club and had a wonderful time. The dance was held in the auditorium of the New Catholic School in El Centro. The callers were Ed Berryman, Harold Eberwein and Roy Close.

At midnight a buffet supper was served consisting of roast turkey, baked ham, dressing, potato salad, slaw, olives, celery, hot rolls, coffee and pecan tarts for dessert. At the stroke of midnight a shower of balloons were released from the ceiling--also noise makers were distributed.

In spite of the fire hazard during the holidays, the Forestry men confined to duty at Cameron Camp near LaPosta enjoyed a homecooked Christmas dinner prepared by Mrs. Ben Seikert and Mrs. Jack Thomas. Their husbands and family went with them to the camp to enjoy the dinner with the Forestry men which included Bernie Seikert.

VANDALISM

We regret to report that vandals broke windows at Alpine School and at the upstairs apartment of Jeannette Hinkle about 10 P.M. last Friday night. Wiring was also ripped from the car of a local resident. This latest in a series of such acts which have included wrecking several houses and cabins, damaging at least one filling station and various acts of destruction at the Youth Center.

The repetition of this type of behavior probably indicates that local youths are involved. If so, why is it that the parents of these young people don't know where their youths are? It is only a delinquent parent who turns a youth loose without knowing where he is and what he is doing. Youth with modern automobiles are still the responsibility of parents.

Second; why is it that our sheriff's force is so inadequate? The few deputies who come to Alpine are courteous, efficient and well trained, but they are too few.

And last; just why does the prosecuting attorney's office continue to believe that youthful misbehavior will correct itself? After a destructive raid on El Capitan High School two sailors were permitted to plead guilty to the petty misdemeanor called malicious mischief and then turned loose to repeat.

This is the problem.

It will not solve itself.

Alpine should act.
