Serving a Growing Area of Homes and Ranches

El Cajon Valley Clinic adjacent to the El Cajon Valley Hospital
Bea LaForce Photo

NEW MEDICAL CLINIC NOW IN OPERATION IN EL CAJON

The El Cajon Valley Medical Clinic, on the corner of Highway 80 and Grenfeld Drive, just 10 minutes West of Alpine, is now completed inside and out and almost fully occupied. All except four suites are now leased, according to Mr. Louis Gano, Administrator of the El Cajon Valley hospital as well as the new building.

Adjacent to the hospital on its northeast corner, the new structure is a handsome addition looking very efficient and modern with its neat parking spaces for doctors' and patients' cars.

Among medical categories represented in the clinic to date are: Three general surgeons, two eyes specialists, three orthopedic surgeons, one internist, one obstetrician and gynecologist, one dentist, two general practitioners, one physical therapist, pathologist and radiologist. Dr. Earl Woodall, Alpine physician, whose office is on Victoria Drive, is a member of the Clinic staff and is chief of staff of the hospital.

A pharmacy is located in the building for the convenience of patients. Mr. Gano expects the remaining vacancies, two small and two large suites to be taken soon.

Counterfeiting Ring Machinery Found In Harbison Canyon

Latest details regarding a statewide check-cashing ring have disclosed that many of the checks used were fictitious counterfeit prints which were made in Harbison Canyon. Machinery used in printing the checks was confiscated from a house on Silverbrook Drive which was rented April 1 by members of the ring.

Arrested Tuesday while working in the 4300 block on Rosebud in La Mesa, was Edward John Leon, 46, of San Diego, according to Sgt. Robert Newsom of the sheriff's office.

Alpiner Is On College Staff

Mrs. Edward H. (Fredda) Ferlin, of Dehesa Road, Alpine, is changing jobs at Grossmont College where she has worked since the college opened. Formerly clerk for the extended day students with evening work hours, Mrs. Ferlin will be a day-time worker when school opens this fall. She will be a clerk in the student personnel office in counseling.

The Ferlins moved here in 1960 from Lakeside. They built their own home, the roof of which is

INTIMATE GLIMPSES

By BEA LA FORCE

"Dumb animals" is a term which often riles me when used to assert that all animals are stupid insensitive brutes. Dumb in the sense of being inarticulate, unable to speak the human languages, yes, but uncomprehending, uncommunicative, no. Some animals are admittedly smarter than others, yet given time and opportunity, most animals can prove they are far from dumb. Now here's my old pet rooster who is both smart and brave having killed ground squirrels he caught stealing eggs, and he has learned to take the cover off the grain bin.

☆ ☆ ☆

But sometimes this education thing can get out of hand. Take the recent incident of the plum tree. We have only one small one. It's in the orchard where the domestic fowl are free to roam—with their wings clipped. The purple plums were hanging rich and beautiful, almost ripe, bending the limbs of the tree with their abundance. A real nice crop just about ready to pick. Then, strangely, every day many were on the ground where the chickens ate them. Well, you can't blame chickens for eating what they find laying around. But how did the plums get on the ground? There'd been no wind and birds don't knock fruit off to that extent. Then one day I saw my pet rooster leap at the plum tree, grab a limb in his beak and bounce up and down vigorously. Down showered the fruit to his admiring flock. Dumb?

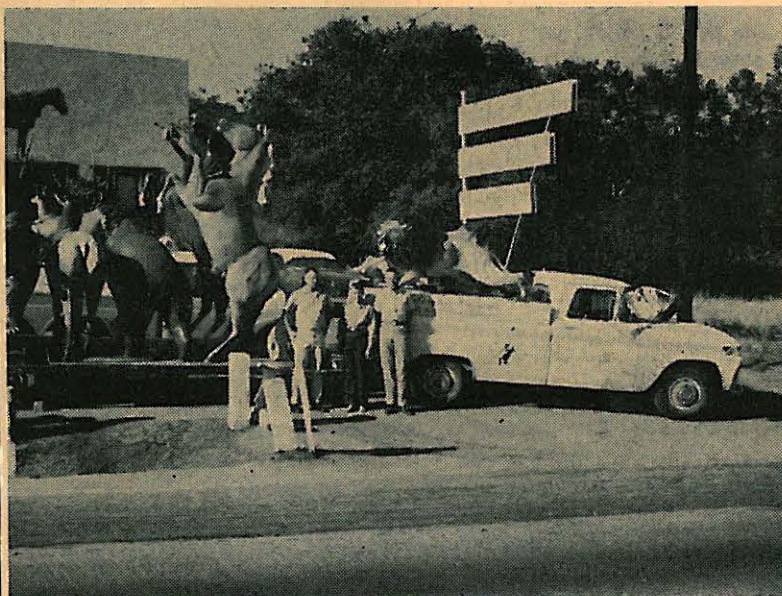

☆ ☆ ☆

And take the kittens. There are five and I try to shut them up at night with the coyotes howling at the fence each dusk. For a while I lured them into their house with the evening feeding, then shut the door while they ate. Then apparently they held a committee meeting and decided to handle the situation in their own way since they don't like being shut in at night. Now they come in coyly one or two at a time, eat and dash out again, while two more trip in to eat then go out. The five of them are never caught in together so I can't shut the door. Dumb cats?

☆ ☆ ☆

The dogs are jealous of the cats, but they know they must not fight or chase them so they've agreed on a kind of cold-war device. When the cats are outside,

Alpine Echo Photo

CARAVAN OF FIBREGLASS ANIMALS CAUSES SENSATION IN ALPINE

Last Tuesday morning a load of 18 fibreglass animals from the Fibreglass Menagerie Company left Alpine for delivery in Santa Cruz, California.

It took two pickup trucks each with a large flat-bed trailer to accommodate the seven huge elk, three African

lions, three grizzly bears, three white-tail deer and two rearing horses. Jim Rorie, owner and operator of Fibreglass Menagerie, drove one of the trucks, and the other was driven by his son-in-law, John Hanenburg.

The life-size animals, manufactured by the local firm, are to be used by a park in Santa Cruz. They will be used along the highways to publicize the park, according to Mrs. Rorie.

After leaving the business office and plant on Highway 80, the trucks parked across the highway from the Log Cabin Cafe while the drivers had breakfast, where a number of persons had an opportunity to take pictures of this unique sight.

Mildred Rorie states that this was the largest single order the firm has received for their animals. Prior to this, an order of six in Kingman, Arizona, had been the largest. She also states that this order was completed eight days before its scheduled delivery date, although the finishing touches were being completed at 3 a.m. on Tuesday morning.

Mr. Rorie estimated that they would take four days to make the trip. He plans frequent stops in order to take the opportunity of showing prospective customers for his animals the display he will

Four New School Teachers Hired

At an adjourned meeting of the Alpine School District Board of Directors held last Monday evening, July 22, the Board ratified contracts for four new school teachers for the coming year. They are Ralph R. Wild, Robert E. Gaston, James Kennedy and Marylu I. Fox.

The Board accepted the resignation of Miss Patricia Isom who resigned as a teacher to take a position in San Francisco.

The regular meeting of July 8 had been adjourned to the 22nd for the purpose of reviewing and discussing the proposed policy handbook being prepared by the School Board, the teachers and the PTA.

District Supt. Clay brought up many points in connection with the handbook for clarification, others were pointed out by Trustee Stuart Day, and all the Board members, Mr. Clay, Mr. Kirby and persons in the audience took part in a lengthy discussion of the handbook.

A committee from the PTA plan to meet with Supt. Clay to work on the section of the handbook pertaining to the pupils and to the parents.

ALPINE VIEJAS DAYS HORSE SHOW AT DINOSAUR PARK AUGUST 3-4

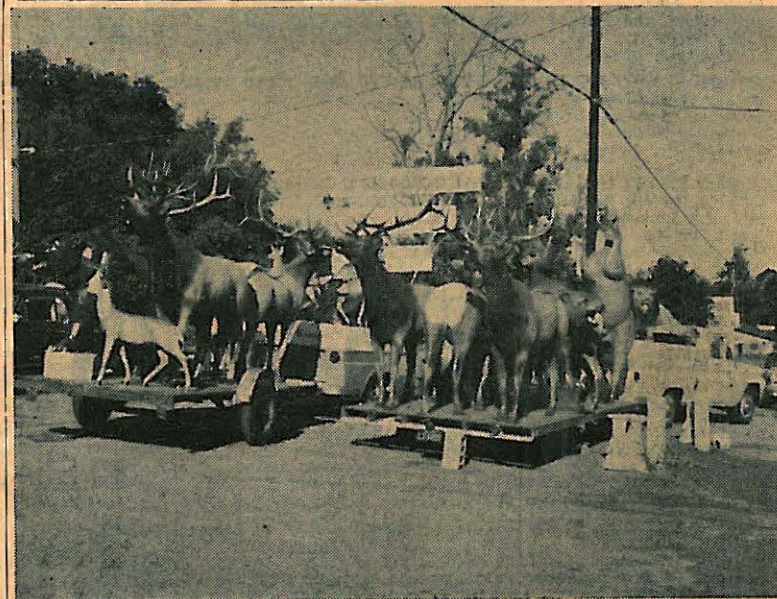

The Alpine Viejas Days Horse Show, sponsored by the Alpine Chamber of Commerce, will be held soon. The date is Saturday and Sunday, August 3rd and 4th. The place will be the horse show ring at Dinosaur Park in the center of Alpine on Highway 80.

Show Manager Norman Foster reports that the program for the show is now being printed. The program will be a 44-page book, and the new emblem adopted by the Chamber will be printed in black and white on the bright red cover.

Mrs. Jo Robinson, Horse Show Secretary, reports that entries are being received at the Chamber of

Commerce in San Diego County indicates that a large number of horses will show at this two-day show.

The official horse show hats adopted by the Chamber of Commerce are now available at Cindy's on Highway 80 just east of the entrance to Dinosaur Park. Many persons are already wearing their hats with the florescent red bands.

Two trailers and trucks loaded with 18 Fibreglass Menagerie animals ready to leave for delivery to Santa Cruz.
Alpine Echo Photo

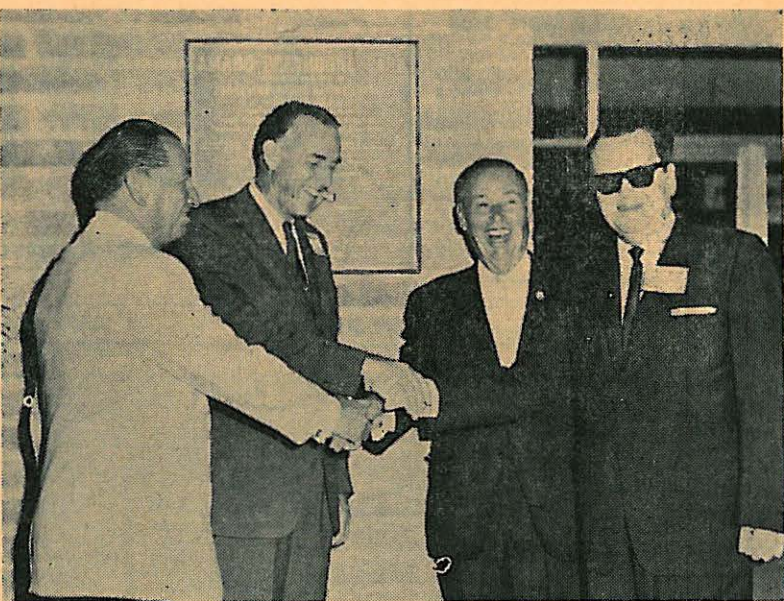

Party Held At Dinosaur Park

Helen Nation, daughter of Mr. and Mrs. Nyle Nation of Alpine will be nine years old on Thanksgiving of this year. In order to celebrate this all important affair to the fullest, Mrs. Nation hit upon the idea of combining a birthday party with a farewell for Helen, as the Nation family is leaving for Virginia in two weeks.

The guests which were included in a picnic lunch and swim at Dinosaur Park were Jackie Reid, Barbara, Elsa, Marta Svensson, Peggy Ralston, Debbie Zappa (Helen's cousin from Suncrest), Barbara Muller, Johnna Barrett, Jackie and Leslie Greenslade from Sacramento, Polly Harris and Amelia and Mary Bowler.

Swim Lessons Scheduled

The Alpine Youth Center is sponsoring a "Learn to Swim" program starting Monday, July 29 at 10:30 a.m. at Shady Rock Ranch. The sessions will last for one hour and be held daily, Monday through Friday, for two weeks. The classes will be open to children from 8 to 16 years of age for 25c per lesson. Swimming after the session will be an additional 15c.

Sessions will be arranged for adults if enough people are interested to form a class. The lessons will be taught by Mrs. Mary Kay Bousquet, former eighth grade teacher of Alpine school, who is a qualified Red Cross instructor.

Mrs. Allan, of the Alpine Youth Center, also wishes to announce that the aid of a recreational director has been obtained for the month of August and children 8 to 16 are urged to participate in the planned activities.

A recipe for making doughnuts is given in "De re Rustica," a work of the Roman Cato, written in the Second Century, B.C.

WOMAN'S CLUB TREES' FATE TO BE DECIDED BY BOARD

The problem of the old eucalyptus trees which border the front and east sides of the Alpine Woman's Club property on the corner of Victoria Drive and Highway 80, has been under consideration for some time. Brought up about three years ago, when Mrs. Mace Bratt was President, the problem was presented by the danger of the old trees breaking in rough winds and injuring people or cars beneath them. It was decided to have the trees topped and the dead ones removed. Then came the chore of choosing the wisest course.

Little League Picnic Planned

Tickets are now available for the drawing for the Packard-Bell Transistor radio which will be given away on Saturday, August 24, at the annual Little League picnic which will be held at Shady Rock picnic grounds.

Donations for the tickets will be 50c each or three for \$1. Tickets are available from officers of the Alpine Baseball Association and at Bud's Barber Shop, according to Marvin Chynoweth, president of the association. The radio is on display at the barber shop.

Parsons Entertain Crowd Saturday

With the summer weather now in progress, many interesting parties are being held, mostly out of doors. Mr. and Mrs. Marty Parsons of Alpine Highlands held a party Saturday evening for approximately 30 people in their home.

The event was an annual affair with guests being business acquaintances of Massachusetts Mutual Life Insurance Company.

The couples enjoyed an evening of swimming, horseback riding, and dancing.

The get-together began at 5:30 and lasted until the wee hours of the morning and from all reports, it was certainly a fun affair.

Desert Song Opens With Crowd's Okey

Starlight's "Desert Song" opened last Thursday night, and a near-capacity crowd applauded and laughed its approval of this modernized version of Sigmund Romberg's musical story of comical spies, adventure, and passion under the desert sands.

The second of Starlight's 1963 production, "Desert Song" was termed "musical magic—romantic illusion at its best—a wonderful marriage of comedy and corn" by local theatrical critics.

Mildred Lamb, long time San Diego Summer theater favorite, plays the role of the innocent but love-hungry Margot Bonvalet, with Gene Clarke as the swashbuckling Red Shadow, who spends a goodly portion of the show trying to satisfy that hunger.

One of the highlights of the production is provided by Ole Kittleson, in the role of Bennie, the bumbling newspaper correspondent.

DEDICATION OF GREYHOUND PARK ATTENDED BY LOCAL RESIDENTS

E. L. Freeland and Margaret Lowthian of Alpine Heights Road attended the official dedication of Amado Greyhound Park in Airzona on Friday, July 12th.

The Amado Greyhound Park is located on the highway between Tucson and Nogales and was designed by the office of Freeland and Bird in San Diego of which Mr. Freeland is a partner.

Knitting Club Holds Picnic

Mr. and Mrs. Dave Adams, who are owners of a lovely little cabin nestled in the pines on Mt. Laguna, were host and hostess at a picnic held Sunday afternoon, July 14.

The guests were members of a Knitting Club, whose teacher is Mrs. Ann White of Lakeside. The gala affair was a potluck with the 30 guests eating under beautiful oaks and pines. Hamburgers were cooked on an outdoor grill with plenty of hot coffee and lemonade being furnished for the adults and children.

Many of the group hiked around the mountainside while the youngsters enjoyed the facilities of the stables. The guest list included, Mr. and Mrs. Bud Braun and son, David, Mrs. David Braun and daughter, Kathleen, Mr. and Mrs. Lester Tropst and sons, Karl and Dale, Mr. and Mrs. John Willey and sons, John and Steve, Mr. and Mrs. M. P. Tervo and daughter, Heather, Mrs. Ann White and son, Greg, Mr. and Mrs. Gilbert Flowers, Ethel Long, Gertrude Wynia, Beverly Stebbins, Mr. and Mrs. Robert St. Clair and son, Scott, Donna Brown, Virginia Samplawski and of course, the host and hostess.

As an added surprise, members of the Club presented Beverly Stebbins with small surprise gifts for her forthcoming trip to Germany as an exchange teacher.

After dessert, consisting of ice cold watermelon and cake, the happy and relaxed crowd headed back to the city.

Cub Scouts To Hold Picnic

The Alpine Cub Scouts, Pack 350 which includes three dens will hold their monthly pack meeting at Dinosaur Park, on Wednesday, July 31 from 5 to 8 p.m.

The event will be a picnic with each boy and his family bringing their own dinner. Games and a watermelon eating contest are on the agenda with prizes for the winners. There will be no swimming, however, for this event.

Pack 350 is sponsored by the Community Church of Alpine and all friends and families of Cub Scouts are invited to attend.

The park was officially dedicated by Governor Paul Fannin of Arizona and Governor Luis Encinas of Sonora, Mexico. In addition to the two governors, there were present several dignitaries including the Arizona State Racing Commission members, the Santa Cruz County Board of Supervisors and Hollywood personalities including Bruce Cabot and Dagmar.

One of the races during the evening gate was named the Governors Dedication Special in honor of the two governors who presented the blanket to the winning dog.

Counseling For Grossmont Classes

The need for early counselling for scheduling of fall classes at Grossmont College was stressed today by Laurance A. Coons, dean of admissions and guidance, who stated that limited selections of classes will be a probable consequence of failure to meet with a counselor as soon as possible.

Prospective students at the college may arrange for individual counseling time by calling the Admissions Office, 465-1700.

Students meet in groups of 20 for a 20-minute general programming session with visual aids. They are given opportunity to develop their fall semester class choices in

Fireman Assn. Enjoy Shady Rock

For the past two Sundays, Shady Rock Picnic Area has been host to the San Diego County Fireman's Association annual picnic. Over 300 people enjoyed the facilities of this lovely picnic area.

The picnic began in the early morn and lasted until dark and was spread over the two weekends due to the fact that the men are on duty 24 hours and off duty 24 hours. This arrangement gave them all a chance to attend the picnic.

The event had pie-eating contests, entertainment plus, dancing, singing and an instrumental group. In the watermelon eating contest, a local lad who was helping the owners of Shady Rock, Martin Bell, won the contest hands down and received a model as a prize. The picnic is an annual affair.

**THE HIGH COST OF CARELESSNESS—
87,393 FOREST FIRES IN ONE YEAR!**

Seven out of every eight of those fires were caused by man. It only takes one thoughtless moment to kindle an entire forest—scorching out campsites—and leaving thousands of wild animals without homes or food. It's up to every one of us to help stop this senseless waste. Do

your part. Be careful with every fire. Follow Smokey's ABC's. Always hold matches till cold—then break them in two! Be sure you drown all fires out and then—stir the ashes and drown again! Crush all smokes dead out in an ash tray!

Please!  **Only you can prevent forest fires**

Like other American business firms, we believe that business has a responsibility to contribute to the public welfare. This advertisement is therefore sponsored in cooperation with the Advertising Council and U. S. and State Forestry Services by:

Our Serious Fire Hazard

The rainfall in San Diego County during the last fifteen years has been far below the normal since the Weather Bureau was established. Also, last year's rainfall was one of the lowest, if not the lowest, since such records have been kept.

This condition has brought about an extremely serious fire hazard where the careless use of fire could result in a catastrophe to a community or possibly to a large segment of the County.

Every resident and every person who visits or travels through our area, should heed the word of caution and follow the advice contained in the display which we have published on page three of this issue.

LETTERS TO THE EDITOR

★ ★ ★

Dear Mr. Freeland:

I am glad to receive the Alpine Echo and enjoyed reading your article about the sale of Alpine store.

The names of the early owners were of interest, but you made one mistake, the Flegals did not run the store for us at any time. We moved to Alpine in 1914 or 1915 and lived for a short time in the building across the street that had been used as a grain storage room. The store has always been on the northeast corner. Behind it, at that time, was a large, delapidated old barn in which bales of hay were kept.

After a year or so my father, C. V. Hilton, had the former storage building moved across the street and east of the store building. He connected the two by building us a large living room and the old part became our bedrooms. Many years later the entire living quarters were moved up the hill and occupied the site of the present cottage, north of the store.

In those first years a large and lovely old mansion sat back in the trees where Dinosaur Park now is. It was operated as a hotel and the Sunday dinners were extremely popular with San Diegans, who would find the 30-mile trip a pleasant way to spend the day. Following the war, Dr. Lischner bought the hotel and remodeled it for a sanitarium for soldiers who had been gassed and were suffering from respiratory diseases.

When we moved to Alpine there was nothing across the street to the south but lovely trees and the pump, where we and all passing travelers obtained water. For a few summers, until the Fosters built the original Log Cabin, my parents would make home-made ice cream on Sunday and my father would sit by the pump and sell it to tourist who stopped to fill their cars with water. There were very few traveling the road then, except to go to Hotel Los Robles for noon dinner, so I remember sitting in the store cellar and finishing the ice cream, most times they made it. The cellar was the only cool place to spend

the hot Sunday afternoons, unless we were off on a picnic.

We were all very energetic in those days and large groups of us would go on overnight hikes and sleep out in the open, climb Viejas Mountain, or plan picnics.

I was visiting at home the time the store burned in 1933. Only a few months before, the Highway Commission had moved the building back from its original site, to make space for a curve in the new highway. The Hiltons had completely remodeled the building, added a second story, a large storage room in back. A cafe had been built on the east, where the dwelling had originally stood and this was run by Dave Gershon, formerly of San Diego. There was a number of road-building workmen in the cafe the night of the fire, and they ran out shouting "fire" just as I stepped out on our porch and saw the flames shooting out of the roof of the rear portion of the building. It had apparently been smoldering for some time for the main part of the building was filled with smoke to such an extent that no one dared enter. My father did crawl in a side door and rescued bags of mail from the post office area. But everything else was destroyed, including a wonderful collection of Conejo Indian baskets that my mother had assembled. The local Indians would often barter their baskets for supplies in those days, as they were living in very primitive conditions then. Their reservation was way back in the hills, nearly inaccessible, dry, unproductive and lonely. They had horses and wagons and their trips to us were big days in their lives. Several of the older women were still alive then and able to weave lovely basket, an art the younger women did not follow to any degree.

I saw one copy of your paper last year, in which was a column by Neal Galloway. If you have a complete collection of his writing I would like to have it.

Sincerely,
Dorothy Hilton Scott

Fibreglass Animals

Continued from Page 1

have with him. The only animals made by the firm that are not included in this load are the steers and the standing horse.

At the present time, Mrs. Rorie says, they have seven persons employed in making molds, painting and putting the animals together.

Intimate Glimpses

Continued from Page 1

the two big dogs slip in and come out each carrying a cat dish in their teeth which dish they take out in the bushes and hide. They seem to figure that if the cat's dishes are gone, they can't be fed and will starve or leave home. I've been unable to make them carry the dishes back. They look ever so helpless and baffled when I try to make them do it.

★ ★ ★

And the horses? Some horse-hater has come forth with the word that horses are the dumbest of all animals, except gophers. Well, he'll never convince me. Our old mare can all but sign for the feed orders. She knows when the hay truck arrives before it gets up the hill from the gate. She knows where it belongs and stands by while the bales are being stored away. I can't prove she's counting them, but no one can prove she isn't. One time a new driver tried to unload at the wrong door of the barn; she blocked his way, wickering and nodding until he went to the right entrance. Last evening about dusk I heard a sound like a wheel squeaking behind the barn and found the old mare standing over one wheel of the cultivator rocking to and fro moving the wheel to massage her belly. She's probably been reading these ads about reducing salons.

★ ★ ★

Because of the donkey, we've had to nail down the rails we left loose on the fences as exits. We took her through once and she began laying down the rails and coming in as she pleased. Anyone with a pet or pets can tell of similar incidents of animals un-dumbness. We know that animals have their own language with which they talk to one another. But how many human beings have ever learned one of these? Yet the dumbest of our dumb animals soon learns to understand any human language and answer to any name we give him. Do you suppose animals have names for us? If they do we are too dumb to know it!

Counterfeit Ring

Continued from Page 1

fraud detail. Earlier developments in the case disclosed that four suspects of the \$35,000 check-cashing ring will have a preliminary hearing August 16 on charges of forgery, burglary and conspiracy.

Two of the men, Stephen F. Pickard, 22 of El Cajon, and Robert E. Strain, 37, of La Mesa, were arraigned July 17 and bail was set at \$25,000 each. They were arrested in Glendale on the 16th.

The other suspects, John C. Raitt, 28, and Ronald G. W. Hyatt, 30, both formerly of Santee, were arrested July 14 in San Bernardino.

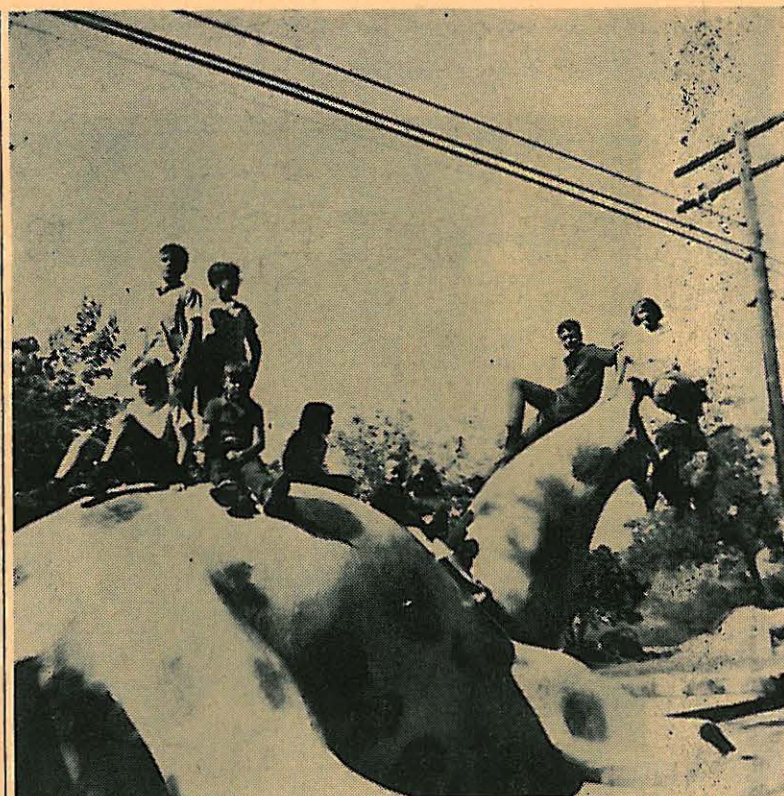

The men are suspected of passing \$15,000 in Municipal Court checks, about \$10,000 in checks stolen from a Lemon Grove electrical contracting firm last December, and about \$7,000 in checks from a Sacramento construction firm.

College Staff

Continued from Page 1

just visible from the Dehesa Road. Mr. Ferlin is an engineer with the Scripps Institute of Oceanography, Marine Annex on Point Loma. They have two girls in the Alpine Union High School, one son who will be a junior at El Capitan high school this fall and one son who will enter Grossmont College in the new semester.

The Ferlin family like Alpine and environs very much, though Mrs. Ferlin says they are too hard at work to get out much for visiting. She is most enthusiastic about the new junior college for seeing a fine future for the institution and its long range benefits for the back country.

Ten Dehesa children made their first visit to Dinosaur Park last Tuesday, and enjoyed the many attractions and a picnic lunch. Reading from left to right, Steven Brown, David Heinz, David Brown, Walter Thompson, Elizabeth Thompson, Bruce Thompson, Wilma Thompson, John Heinz, John and Davada McElrath. The children were accompanied by Mrs. Loren Howard, Mrs. Wayne Brown, Mrs. Walter Thompson and Mrs. John Heinz.

CAMPO

By FAY FARRIS

The Citizens Rights Association of Mt. Empire held its third meeting at the Mt. Empire High School cafeteria in Campo on Tuesday evening of last week, and although there are 150 members only 14 were present at this meeting. It was probably due to the fact that many of the local people were not aware of the group and did not know of the meeting. Something is being done about that, and in the meantime for those that read this column, the meetings are held at 8 p.m. at the above location on the third Tuesday of each month. The new officers are Al Robinson of east Highway 94, president; Babe Johnson of La Posta Road, chairman of the Board, and Norma Blair of Descanso, secretary-treasurer. The association will be incorporated as soon as legally possible. A Board of Directors meeting will be held at the home of the president on August 6. At the meeting held last Tuesday, an ambulance and resuscitator for the Campo area was discussed, also the matter of getting water to Lake Moreno, and the possibility of the city turning over the camping and picnicing facilities to the county. The arrangement would probably be the same as agreed upon between the city and county at Lower Otay Park.

★ ★ ★

The annual get-together of the 1958 graduates of Mt. Empire High School was held weekend before last. On Saturday they met at the home of Linda Ison in Campo, went swimming in the high school pool, lunched at the Ison home, had dinner and danced at the Old Oak Inn at Cameron Corners Saturday evening. Sunday they held a picnic at the Pine Valley Park, and brought their children. Those present Sunday were Heidi and Kiki Mesa and son, Peety of El Cajon, Ralph and Eva McGuffie and son, Robert of Cameron Corners, Larry and Arvilla Johnson, daughter, Cheryl and son, James of Tempe, Arizona, Sharon LaDou Jones and two daughters, of San Diego, Linda Ison Geddes and daughter, Nanette, of San Diego, Beverly Myers Redding of Spring Valley (husbands working), Jerry and Nancy Thompson and son, Bobbie of Riverside, Mary Atzet of Menton, California, Doyle Burrows, in U. S. Service and stationed in Long Beach, Jerry and Susan Major Little and daughter of Descanso, Sue Ryan Pierce, and one daughter and one son. Also present Saturday were the sponsors of the group Mr. and Mrs. James

Continued on Page 8

DEERHORN VALLEY

By ROY WALLIN

Custer had his "Little Bighorn" and Las Vegas has its "Little Deerhorn" with four of the families from here living there or contemplating such in the very near future.

Talking about Vegas, Win and Clarence Sellers returned from a 10-day vacation trip out that way, visited Terry and Gene White and Boulder Dam, "oof, that heat," says Win.

Mrs. Kathleen Collins, daughter of Ed and Ruth Walker had a tonsilectomy performed this past Monday at the Mount Helix General Hospital. Ice cream and a little rest and you'll be better than new, Kathy.

Another item concerning the younger set here in our valley. Ray and Ruth Campbell announced the marriage of their daughter, Susan, to Mr. Russell Proud. The ceremony took place on the 29th of June, and the couple is presently residing in Jamul. Our community's best wishes to the newly weds.

Just a verse to two unsung heroines, have you ever noticed that the peaceful, country atmosphere is accentuated on Sunday mornings by strains of music borne lightly by the wind infiltrating our valley with a church-like quality? This double organ recital is courtesy of Mrs. Sellers to the east of the lodge, and Mrs. Arledge to the west. A belated thank you from all of us here on the hill to you, Sami and Win.

Concerning the minor crime wave in the Monte Robles Acres section of our community—it's been reported from several sources that a small pump and several lengths of pipe were stolen late last week from one of the property owners (name, as yet, unknown to me). This is the fifth incident within a month's time of this nature. Perhaps, neighbors, we should be more aware of strange occurrences, cars or visitors in our community in an attempt to put a halt to this, before you are the next victim.

It'll take us a while to get used to the new intersection of Honey Springs Road and Highway 94—no more swooshing right up Honey Springs. Although, at first sight, the last leg approaching 94 seems rather odd, Mr. Taylor of the County Road Dept., explained at our last civic club meeting that policy dictates that side roads approach a highway at a 90 degree angle, and further, future plans are to have Otay Lake Road altered to head directly into Honey Springs Road at this intersection. Land'o goshen, what'll 'em city fellers think of next?

The Welker family, formerly of Deerhorn, paid a short visit to the "hill" last week, they're staying at Jim's sister's place in Santee for a week.

R. K. Roberts, the great white hunter, brought an unusual and very rare gift to Jim and Zona Hicks' informal house-warming last Saturday afternoon. It was a small shrub, labelled "Olympus Gigantus" which he claims will bear, not 12 oz., but 16 oz. cans of the above-named beverage at some undisclosed future time.

DEHESA

By KATHRYN HEINZ

Mr. and Mrs. Byron Moore and sons, Danny and Gary enjoyed a few days fishing and resting at Lake Wolford near Escondido.

Mr. and Mrs. Glen Gough were

luncheon guests at the Walter Thompson home Sunday.

Judy and Ronald Howell of the Ballinger Ranch visited their mother in Linda Vista this past week.

Mrs. Walter Thompson is nursing a broken toe, resulting from a horse having stepped on it.

Jack Denton is a guest at the home of Roy Cargill in San Diego this week.

Mrs. Donald Smith was a Los Angeles visitor this past weekend.

Mr. and Mrs. Carl Creelman returned from a week's fishing trip in Mexico.

Mrs. Pauline Crow and sons, Boyd and Max of Yuma, Arizona visited Mr. and Mrs. Wilbur Ballinger this past week.

Mr. and Mrs. Roy Conoway of Barstow were overnight guests at the Dee Conoway home Thursday.

A surprise party was held for Mr. and Mrs. Hasselbush who celebrated his 82nd birthday. Guests were Mr. and Mrs. E. J. Hasbrouck and family, Mr. and Mrs. Stanford Lindsey, Mr. and Mrs. M. Connell and family, Mr. and Mrs. Emery Babcock and family and George Budurin.

Mr. and Mrs. J. K. Orendorff of Lakeside visited the Wilbur Ballinger family Sunday. Mrs. Orendorff is the mother of Mrs. Ballinger.

Kathy and Marsha Ward, daughters of Mr. and Mrs. George Ward, are visiting in Los Angeles this week.

Cathy Hasbrouck and Harold Connell of the Dehesa 4-H Club will attend the 4-H State Leadership Conference to be held at the University of California at Davis.

Mrs. Ira Denton held a pre-nuptial shower for Penny Brown Wednesday, with 20 guests attending. Many beautiful and useful gifts were received by the bride-to-be.

Mr. and Mrs. Russell Kleason of 6228 Dehesa Road are one of the many Dehesa Valley residents that more than appreciate the prompt response and action taken by the U. S. Forestry Service, Volunteer Firemen, and friends and neighbors. At one time during the brush fire last Wednesday their home was completely surrounded by flames, and if it were not for the accuracy of the borate bombers the house would have been burned. Due to this fine work on the part of the Forestry Service, no structural damage results. Food for the approximately 200 firefighters was flown in by helicopter and neighbors furnished ice for the cold drinks. After the fire was extinguished Mrs. Kleason's main concern was for the coveys of quail and dove that she had been feeding for the past several years but the next morning her wildlife friends were back, and seemed more than anxious for their early morning feeding. All the residents of the eastern portion of De-

hesa Road want to take this opportunity to thank everyone that helped to contain and extinguish the fire.

DESCANSO

By ETHEL WHITE

Ruby Anderson is in El Cajon Valley Hospital again, where she underwent surgery on Tuesday morning. We wish her a speedy recovery.

Wednesday, June 17, Pat Richardson was a guest of the American Legion Auxiliary Post at their luncheon in Manzanita. Pat gave an account of her trip to Girls State at Davis. It was this group which sponsored her trip.

The Descanso MYF had as their guests the MYF from the First Methodist Church of El Cajon at a picnic at Green Valley Falls on Friday, July 19. About 60 teenagers attended. After eating, the group attended the campfire then went back to the Chapel of the Hills for a watermelon bust and games.

The Descanso Little League played the final game of the season with Campo at Camp Morena, Sunday, July 21. The chef furnished the boys with a beautiful big chocolate cake and chocolate drink. Campo came in first, Jacumba second and Descanso third in the Mountain Empire division.

Dana and Bonnie Long and family have taken their vacation in San Clemente. They plan to return in time for the Chapel Crusaders cookout at Green Valley Falls, Friday, July 26.

Clifford King suffered a cracked nose at Little League last week. No tape was required across his nose and the only visible signs of injury is one big black eye.

Mr. and Mrs. William Clark have recently returned from an extended vacation and sightseeing trip of Nevada and California. They went through Owen Valley and stopped at Lone Pine. They explored the valley and toured the East California Museum at Independence. They traveled through Carson City and Reno, Nevada, and then on through the Feather River Canyon, which Ruby said was more beautiful than she had heard. They then traveled down Highway 1 along the Pacific, stopping whenever they saw something of interest, and they camped in their trailer wherever night found them. They took a side trip to Clear Lake where "Doc" Davis, formerly with the Forest Service here, is now stationed. They then went to Morro Bay and stayed a week with friends and returned home. This is the first time Mr. and Mrs. Clark have had the time to take a trip like this and they report that they enjoyed every mile of it.

Lisa Ann Wick celebrated her first birthday Saturday, July 20. On hand to help Lisa with the festivities were Gail and Dianne Perkins, Bobby Tyrrell and Kimberly Tilley.

Dulzura - Barrett Junction

By LAVERNA POWELL

Mrs. Gertrude Henderson, grammar school teacher of Dulzura, was married to Mr. Jack Farmer of Ramona, July 18, in Las Vegas, Nevada. After honeymooning in Ensenada, Mexico, Mr. and Mrs. Farmer are residing in Dulzura. We all wish the happy couple our very best regards.

Mr. and Mrs. Ralph Waters are at home following an extended vacation from the San Francisco bay area, including the beautiful Redwood Forest. While there, they visited with former Dulzurans, Mr. and Mrs. Carl Alters, and daughters.

Mr. and Mrs. Henry Toenes have their great-grandchildren with them for a visit, after driving to Sacramento to get them, and visiting a daughter, and several grandchildren.

Marty and Mary Gurling are leaving for Salinas, Kansas, where Marty will take a position as manufacturing engineer at the air base. So many of us here hate to see them leave. It was so nice to sit on the front porch, late on a warm summer evening, and hear the lovely music drift from Marty's organ. They are such wonderful hosts, and genuinely nice people, it won't be the same without them.

Mrs. Claude Maitland of Barrett has been hired as principal of the Dulzura school, Mrs. Maitland taught formerly at Barrett.

All the San Diego County Cowbells are getting ready for their annual barbecue. It's going to be held this Sunday, July 28, at Ramona Oaks. There will be a Cutting Horse Show, swimming facilities, and a prize 4-H steer and lamb given away. There will also be items in the "Country Store" for sale, such as homemade candy, jelly, puppies, kittens, lamp shades, antiques, etc. The public is invited, and we'd love to see you.

HARBISON

By BETTYE CARPENTER

Just managed to catch Virginia Hettinger between her jaunts to the river and her enthusiasm over the camping down there is certainly genuine. She has been enjoying

the company of Dorothy Meeker and Evie Heilig, with her three boys, who are camped nearby. It is very hot there but the swimming is nice so it compensates for the heat. The drive down to the Rio Hardy is 136 miles and well worth the drive according to reports.

Recent newcomers to the canyon are Mr. and Mrs. O. W. Brown and their five young children. Mr. Brown serves with the U. S. Navy. They are residing in the former Sponsler home on Harbison Canyon Road.

Plan to attend the festival which is being held by the H. C. Fire Department on Sunday, August 4 at Spur Valley Ranch. There will be swimming, dancing and game booths and the band from Mickey Finn's Warehouse No. 1 has been secured for the enjoyment of all and should make for fine dancing.

Thomas Cameron Grayson, son of Mr. and Mrs. Samuel O. Grayson of 769 Silverbrook, and grandson of Mrs. Walter Gibb, formerly of the canyon, was married Saturday evening at 7:30 in the Chapel of the First Presbyterian Church of San Diego. His bride was Miss Barbara Lee Jones, daughter of Mr. and Mrs. Benjamin F. Jones of Miami, Florida, who flew to San Diego for the wedding ceremony. The young couple are honeymooning in Yosemite and will reside in San Diego upon their return. The new Mrs. Grayson is a graduate of Vanderbilt University and has earned her masters degree in audiology. Mr. Grayson is a graduate of Virginia Polytechnic Institute and is presently employed as a mechanical engineer at Solar Aircraft.

Bill Robbins is leaving for an indefinite time to fish in southern waters. He is the navigator on a commercial tuna fishing boat.

The Ski Scotts entertained guests at a patio patio on Monday evening. Jean and Vic Danzl and Alice Doering helped finish off the good food.

Jo Benson was the guest on Bob and Verna Farrenkop's boat on an ocean fishing jaunt a few days ago. Bob caught the limit of five halibut and Jo ran him a close second with four nice sized fish. Sorry I didn't get Verna's score.

ALPINE GARDENER

By JEAN McCULLOUGH

About this time of the summer, your roses which seem to have outdone themselves and they well may have, may need some good fertilizer, very deep watering and a good mulch to keep that water from drying out as it is very apt to do these hot days. Dahlias, which you may have, need feeding too at least twice a month. Use a complete fertilizer or fish emulsion.

We need to do all we can to keep plants of all kinds going, as we are watering them often which means draining the nutrients in the soil down from the roots so that is why we have to keep applying more fertilizer.

As our real warm weather is just beginning, why not set out some bedding plants such as zinnias, scarlet sage, marigolds and those red petunias one sees so much to give the garden a mid-summer shot of color? There is lots of time for small flowers like these to grow.

How about getting a bottle brush shrub or two, they are natives of Australia and are well suited to the California climate? There are several varieties of this shrub, namely pine leaf, weeping bottle

brush and the prostrate bottle brush. They all tolerate poor soil, hot sun and the minimum amount of water. Why not give any one of these a try?

COKE'S KITCHEN

Isn't it amazing how many ways you can make a meal out of good old hamburger? Leta Judd, a true-blue Alpiner has a delicious family favorite called "Mixy-Burgers" which she used regularly for her husband and four children. The recipe is easily increased for larger groups and in case of any leftovers, which we doubt there will be, it makes wonderful taco filling.

The other recipe of Blanche Hawbecker is a hamburger pie, and makes a tasty casserole for any family dinner.

Comments received this week from Mrs. Morris, longtime resident of Mt. Laguna, "I love Coke's Kitchen" and saves the recipes faithfully each week. Thanks, Mrs. Morris, we'll be looking forward to receiving some of your promised recipes.

Mrs. Jean McCullough, Alpine gardener commented, "I'm so happy you published Mava Wilson's tuna casserole. It is so delicious."

Mixy-Burgers

- 1 tablespoon of shortening
- 1/2 cup chopped onion
- 1/4 cup chopped celery and green pepper
- 1 lb. hamburger
- 1/4 cup cheese
- 1 eight-oz. can tomatoe sauce
- 1 tablespoon of vinegar
- 1 tablespoon of sugar
- 1 1/4 tablespoon of Worcestershire sauce
- 1/8 tsp. pepper
- 1 tsp salt

Cook until lightly browned, simmer approximately 10 minutes. Serve over four or five toasted hamburger buns, split in half.

Hamburgre Pie

- 1 medium onion (diced)
- 1 lb. ground beef, salt and pepper to taste
- 2 cups cut-green beans (cooked)
- 1 can condensed tomatoe soup
- Saute onion, add meat and seasoning, brown lightly. Add drained beans and soup and pour into a greased 1 1/2 quart casserole. Top with mash potatoes, whipped with warm milk and beaten egg. Sprinkle with shredded processed cheese. Bake 350 for 25-30 minutes.

With a crisp salad and perhaps a jello dessert, your meal will be complete.

OBITUARY

Eva Jane Stevenson

Miss Eva Jane Stevenson, age 80 years passed away July 17 while visiting her brother, Mr. Ed. Stevens who resides on Olivewood Lane, Alpine.

Miss Stevenson was a retired secretary for Mr. Bill Erskin, an architect. She has been in our county for one month.

Survivors include Ed. Stevens, Alpine, Mrs. Dee Rhodes of Santa Barbara, great niece, and Betty Payne, of Olivewood Lane.

A family prayer service was held at the Paris Mortuary, Friday, July 19 at 8 p.m. Bishop Robert S. Wilkinson of the Church of Jesus Christ, Latter Day Saints, officiated. Interment will be in the Salt Lake City Cemetery, Salt Lake City, Utah.

LEGAL NOTICE

LEGAL NOTICE

NOTICE OF PUBLIC HEARING
A public hearing will be held before the Governing Board of the Alpine Union School District in School Auditorium on August 5, 1963 at 8:00 p.m. o'clock, at which time and place any taxpayers in the district may appear and offer suggestions, obtain more detailed information, participate in discussions or object to the following proposed school budget or any item thereof. Note that comparative data for the past and pending school years are presented below. School district services to meet changing community needs are reflected in the budget comparisons. The public is invited to attend the meeting.

College Counseling

Continued from Page 2
individual interviews following the group session. Interviews are scheduled to begin at 1 and 6 daily.

Mr. Coons emphasized that careful programming prior to the beginning of classes makes for better selection, takes advantage of the traditional concern for the individual student typical of junior colleges, and aids administrative planning. The full counseling session may vary from 40 minutes to over an hour depending on the individual and his problems and interests.
Counseling sessions will continue through August 30.

Cantibaris of Persion used to eat so much and for such a long period that his jaws finally refused to work, whereupon a helpful servant forced food into his mouth.

New swimming pool on Mt. Laguna. Girls are L-R, Mrs. Marleen Gee, Linda Christensen, Dawn Cook, Sue Stuart, Mrs. Carolyn Cook, Debbie Shearer, Macy Swaltney, Jeanien Cole. McManus Photo

New Swimming Pool For Mt. Laguna

Mt. Laguna is making the headlines these days with a wonderful long-awaited swimming pool being built by Mr. and Mrs. Clay Stuart behind the Pine House on Sunrise Highway.

After a bout with the Pine bugs which seem to be subsiding at this writing and which necessitated plastering the pool at 2 a.m. Friday morning, the work is progressing.

The Stuarts plan on a cement patio of 4,000 square feet and if all goes well, the grand opening is planned for the weekend of July 27. Additional plans are being made for a recreation area to be located near the pool.

MT. LAGUNA

By KATHY McMANUS

Sherry Van Fleet arrived home from a six-week vacation last Sunday, July 14. Sherry was staying with friends in Burns, Oregon. It is good to see her home again.

The Desmond Smiths left on a vacation Monday, July 22. They plan to travel to the High Sierras at Red Meadows near Devils Post Pot. The Smiths plan to fish and camp and just have a real good time.

The Youth Group has steadily been growing. The average attendance is about 20 people. The young people have had discussions about segregation and integration, also on communism. These talks surely have given them a lot to think about. They have elected a president, A/2 Steve Carmichael and a chairman of the program committee, Mark Smith. Sunday,

July 21, the group asked the Mt. Laguna Community Church session to sponsor the group. Meetings are held on Monday evening at 7 p.m. A discussion is held first and a social hour afterwards.

Mr. and Mrs. Jack Holmes were at the Stardust Hotel in Yuma for the weekend of July 20-24. Their five girls, Vera, Sherri, Tena, Terry and Binki are staying with Mr. and Mrs. Frank Warner, keeping watch on the ranch.

Good news to hear the Huntington family, Tom, June, Patty, Steven, Donna, who is quite a piano player we hear, and her sister, Dea, plan to return to Mt. Laguna after many years absence. Tom is employed at the Air Force Base and of course the move will mean less travel time for him getting to his work.

Such fun to hear of Lt. and Mrs. Bill Haggett, formerly of Mt. Laguna, stationed at the Air Force Base. They have purchased an old colonial house located near their birthplaces and have fixed it into a lovely home. The kitchen area was built during the Revolutionary War and the rest of the house added in the 1800s. It has five fireplaces and wide pine floors throughout the house with a lovely view of the Kennebec River, on which the town is built. Mrs. Haggett (Sally) was one of Mt. Laguna school teachers in years gone by. They still have many friends in the area.

Jack, Elley and David Bessey, are moving into their new home at Petaluma, California after recently moving off the mountain. They love living near a town, for a change and miss their Star work and many friends. It was good to hear from them.

PINE VALLEY

By AMY N. HARVEY

The Mt. Empire Republican Women's Federated are sponsoring an old-fashioned fried chicken luncheon on Thursday, August 1, 12:30 at the home of Mrs. Fred W. Kerns on Buckthorn Trail in Pine Valley. Donation \$1.25. The guest speaker will be Dr. Gaylord Parkinson, vice chairman of the State Central Committee of the Republican Party. Phone for reservations in the Descanso area, Mrs. William Clark, 445-2129. Pine Valley area, Mrs. Fred Kerns 473-8375. Campo-Moreno area, Mrs. Charles Haskell 478-5454.

Mrs. Charles George is doing as well as can be expected after undergoing surgery at the College Park Hospital in San Diego. She will probably be there for another week. She appreciates the many get-well cards and flowers that have been sent to her.

Mrs. Roxie Stewart is spending a few days with friends in Corona Del Mar and at the Art Festival in Laguna Beach. In the meantime Roxie is batching and keeping himself busy baby sitting the horses.

John Pingley is back on his feet again after a few days of being under the weather. Not feeling hale and hearty is rather a new experience for Johnnie and he is glad that it is now in the past tense.

The American Sunday School Union enjoyed the recreation facilities of the Pine Valley Conference grounds this last week. Two hundred of their members from all parts of Southern California gathered there under the leadership of Mr. and Mrs. Emmet Hyder and their assistants, Mr. and Mrs. Doug Foster.

Mrs. Fred Kerns attended the wedding of her nephew, Ray Earl Deming of San Diego to Marlene Curran of Whittier. The bride and groom will make their new home in La Mesa. Mrs. Kerns made a week's holiday out of the occasion and while in the Whittier area visited cousins in Glendale and Burbank.

Jim Warne has been a very busy man these last couple weeks, one of his projects completed is the driveway to his home which he has just finished resurfacing with asphalt. Believe me it is a job well done. So last Tuesday, Bess and Jim took the day off for fun and frolic at one of the lovely beaches in San Diego.

Honey Wellband is back again at the post office, after taking about two weeks off to help Dick entertain their daughter and family, Mr. and Mrs. A. J. Franz from Belleriac, Mass. This was Mrs. Franz' first trip out here although Mr. Franz was stationed out west during the war. While Honey was away, Clara Gilbert was in charge of the office.

Alpine

Continued from Page 4

their furniture still in Arizona, part of it here. They are glad to be back in the hills again. Mrs. Thompson is once more singing in the choir at the Alpine Community Congregational Church.

Mr. Rennie Hollett is home from Vancouver, B. C. where he took his wife to stay with their son's family while the daughter-in-law takes a trip to England to visit her family there. Mr. Hollett brought back with him his sister, Mrs. Ida Moulton of Vancouver and his 9-year-old granddaughter, Gaye MacDonald. Right now Mr. Hollett is down with the flu and is anxious to be up and about again so that he can entertain his visitors, mainly take Gaye to Disneyland. Mrs. Hollett will be home in about a month.

The Cletus Kramer family on Foss Road were busy this weekend. Marie, with the help of neighbors and friends, gave Mr. and Mrs. Erving Hanson and three children, Eric, Kurt and Colleen, a farewell picnic, Sunday, at the Kramer home. The Hansons are moving out of state and formerly lived in Alpine for many years. Approximately 40 people gathered for this surprise farewell party which was a "complete surprise to the honorees."

Mrs. Adell Sells of Alpine recently returned from a six weeks' vacation by jet to visit her family. One was a sister, Mrs. Susan Tice of Rockford, Illinois, whom Mrs. Sells had not seen in 11 years. She also visited another sister, Mrs. C. E. Lazier in Rochelle, Illinois and attended the wedding of her grand nephew, Jack Harms who recently graduated from Stan-

ford. Mr. and Mrs. Robert Fey, custodians of the Alpine Fire Department are anxiously awaiting the arrival of their son, Robert Fey Jr and family from Kankakee, Illinois. Mr. Fey, Jr. is an agent for the Railway Express and expects to visit his parents 10 days.

Campo

Continued from Page 4
Hansen of Carlsbad and daughter, Robin.

Of interest to the local people will be the engagement of Mary Atzet and Doyle Burrows, and their coming marriage in September of this year. Mary Atzet lived in Campo a few years ago when her father was athletic and Spanish teacher at Mt. Empire, and the whole family belonged to the local square dance club.

Mary Robertson and family of Campo enjoyed a wonderful week of rest and fun vacationing recently at Green Valley Falls, about five miles north of Descanso.

William Belse of Buckman Springs Road is in the Naval Hospital after suffering a heart attack on June 29. The Pine Valley Ranger Station answered the emergency call and administered oxygen, which probably saved his life.

The brother of Ruth Engelhorn Hershey of East Highway 94 passed away on Monday of last week. His name was George E. Engelhorn, a Carlsbad school teacher, and he sacrificed his life to save his 12-year-old daughter, Deborah from drowning in the surf a block from their home in Leucadia. In addition to his daughter, Deborah, he is survived by his widow, Audrey, two sons, David and Peter, and his sister, Ruth.

A Major Advance In Tire Design And Performance

THE NEW ATLAS PLYCRON TIRE PUTS MORE RUBBER AT WORK!

- **16-20% Better Traction**
Greater driving safety all year round . . . averaging 16% better skid resistance under summer conditions . . . 20% in winter.
- **Up To 25% Greater Mileage**
New tread design and new rubber compounds give up to 25% more mileage. New Plycron Tires stand up longer under all kinds of driving conditions.
- **Smoother Ride**
Superior traction due to more rubber at work means far quicker steering response . . . and less effort required to control your car.
- **Better Stability—Control**
New Plycron Tires hug the pavement on turns . . . greatly reduce sideslip, even on snow and ice.
- **Less Road Noise**
With more tread surface in contact with the pavement, road noise caused by tread vibrations is practically eliminated.
