NEW CONVALESCENT CENTER TO HOLD OPEN HOUSE

On its hill above the town, the handsome new ALPINE CONVALESCENT CENTER will be ready for its formal opening to the public on Sunday, August 4th, according to Mrs. W. W. Mitchell, who with her husband will operate the institution. The Mitchells are owners of

the Mallicoat Nursing Home in Alpine which they have run for the past several years. They will move their patients from this location to the new place as soon as possible after the opening. "We hope it will be only a few days," Mrs. Mitchell said.

Attending the opening will be Dr. and Mrs. John D. Robuck, of San Diego, and Mr. and Mrs. Christopher D. Sickles of La Mesa, investment partners in the new center. Special guests will include Miss Miller of County Hospital; Dr. David C. Gaede, Chief of the Bureau of Private Institutions, and

Hiway Improvement Near Campo

Results of bids opened July 25 in Los Angeles indicate that the Isbell Construction Company of Reno, Nevada, was low with a bid of \$159,756 for the realignment of 0.8 mile of State Sign Route 94 in the vicinity of Campo in San Diego County, Jacob Dekema, Assistant State Highway Engineer for the California Division of Highways in San Diego said today.

Seven bids were received with Willis J. Hall of Corona second bidding \$159,790 and A. E. Smith & Speaks of La Mesa third at \$163,589.50.

State Highway 94 will be reconstructed on new alignment from six-tenths of a mile west of Campo to Campo. Motorists passing through the mountain community should experience little, if any, interruption to traffic during construction.

Dekema said the work is part of a continuing program to improve the roads in the State Highway System in this district as funds are available.

The bids are under consideration by the State Director of Public Works in Sacramento. If found satisfactory, work could start by September with completion early in 1964.

INTIMATE GLIMPSES

By BEA LA FORCE

Several gardens and patios around here are graced by one of the oldest and most interesting inventions known to civilization: the Sundial. One day in June I stood beside one and compared my watch with it and fell to wondering about these amazingly accurate time reckoners. For the sundial agreed exactly with my watch. Somehow I always want to know who started things. Maybe it comes from having been raised in a big family where it was important to know who started the fights! Anyhow I began to look into the subject of sundials.

★ ★ ★

First I learned that the constructing of sundials is known as dialling or gnomics. Sundials are defined simply as "those instruments, either fixed or portable, which determine the divisions of the day by the motion of the shadow of some object on which the sun's rays fall." Sounds simple, doesn't it? I was going right out and make one out of an old wagon wheel and some baling wire, only as I read on, I discovered it wasn't that easy. Why do we often think that whatever the ancients did was simple by our standards?

Halladay Named Mt. Empire Supt.

Mr. Bruce Halladay, principal at the Mt. Empire Junior High School, has been named by the School Trustees as district superintendent of the Mt. Empire Unified School District. The District consists of eight schools.

He replaces George Capatanos who resigned last month to accept the position of principal of a junior high school in Riverside County. Last year, Mr. Halladay was also the vice-principal of the Mt. Empire High School with Mr. Capatanos as principal of the school.

A successor to Mr. Halladay as principal of the Junior High School has not yet been selected.

Auditor Reports On District Finances

The County Auditor has made a final audit on the finances, books and records of the Alpine Heights MWD which was dissolved by an election on June 3, 1963.

The Auditor states, "The unencumbered surplus of the District at June 3, 1963—the effective date of dissolution—appeared adequate to cover all outstanding obligations. Accordingly, no additional tax levy will be required."

Public Hearing On School Budget

A public hearing will be held on the proposed School budget next Monday, August 5th, at 8:00 p.m. in the School Auditorium.

Any taxpayer in the School District may appear and offer suggestions, obtain more detailed information, participate in discussion, or object to the proposed School budget, or any item there-

C-OF-C SPONSORED HORSE SHOW TO BE MAIN ATTRACTION

After months of planning and preparation the Alpine Viejas Days Horse Show time has arrived. Starting at 9:00 a.m. Saturday morning, and lasting until late afternoon Sunday, the Dinosaur Park arena will be the scene of the annual Viejas Days Horse Show sponsored by the

Alpine Chamber of Commerce.

This show is sanctioned by the American Horse Shows Association as a "C" show in all divisions, and will also be a point show for the San Diego County Professional Horse Trainers' Association. It will contain classes in the junior show on Saturday for trail horses, three-gaited saddle horses, both English and Western pleasure horses, hunters and jumpers, stock horses and ponies. The open show on Sunday will include in addition to the above classes a class for five gaited horses, and western pleasure classes for registered Palominos, Quarter horses, Appaloosas and Arabians.

Entries are now being received at the Chamber of Commerce office, and Horse Show Manager Norman Foster expects exhibitors from throughout San Diego County.

A special demonstration will be given each day of the show by Dan Taylor and sponsored by the San Diego Livestock Supply of El Cajon. Mr. Taylor will demonstrate a new safety stirrup for a western saddle on Saturday afternoon, and the same type stirrup for an English saddle on Sunday

Fire Commissioner's Clerk Resigns

Due to ill health, Mrs. Clark Haney (Eunice) has resigned her position as Clerk for the Alpine Fire District's Board of Commissioners. It was with much regret that the Board accepted Mrs. Haney's resignation. She has been an excellent clerk and fine to work with, was the opinion expressed by the Board. The resignation was effective as of July 1.

Since a Clerk's assistance was needed immediately, the Board was authorized to employ temporary help with a view to filling the vacancy permanently. Mrs. Helen Ellsberg, of Alpine, operated under temporary status until she was hired on a permanent basis as of August 1st.

Mrs. Ellsberg is a very capable woman, a teacher in adult division of the University of California Extension evening classes. She teaches photo-journalism. She lives with her husband, who is retired, at the Willows.

Street Dance At Log Cabin Saturday

The Log Cabin plans to hold a street dance next Saturday night in the parking lot alongside the cafe.

Mr. Paul Brock announced that there will be live music furnished by the Pharaohs from Harbison Canyon. This combo is made up of the Rivera boys, Steve, Carlos and David and Joe Wise. They play any kind of music the crowd wishes including rock 'n roll, Latin and Western music.

Special lighting will be installed in the parking lot, and the pavement will be waxed for dancing. Everyone is invited to come out and dance, says Paul Brock.

Chamber Members Address Kiwanis

Charles Cordell and Charles Ferree of the El Cajon Valley Chamber of Commerce will address the Alpine Kiwanis members at their meeting tonight at Fuller Hall.

They will show pictures and speak on the Chamber's recruiting program to attract desirable industries to locate in the El Cajon industrial park. They will discuss the advantages this area has to offer.

A number of Alpine Kiwanians attended an interclub dinner in Tijuana last Monday. They are: Ben Cerveny, Ellis and Roy Crane, Ken Douglass, Phil Hall, Jo Lyman, Carmelo Manuel, Gene Sauter, Carl Schweiss, Bob Wilson and Earl Woodall. Next week the Alpine club will interclub with the Lake Murray Kiwanis.

HORSES! HORSES! HORSES!

By MARGARET LOWTHIAN

Local horses did well at the Morgan Breeders show at Ocean-side last Sunday. Poco Paul Day, 5 year old Quarterhorse stallion, owned by Melva and Ron Riley of Palo Verde Ranch won the stock horse class. He is a son of the famed Poco Bueno, and is in training with Red Neill of Vista. At the present time Poco Paul Day is second in California for the high-point working cow horse with the Pacific Coast Quarterhorse Association. Melva reports that he has acquired a total of 7½ performance points with the Quarterhorse Association. It takes five such points to qualify as a Register of Merit quarterhorse.

R. H. Marvel II won the Appaloosa Western Pleasure class, with second place going to Joke Red. Both are owned by Willow Glen Farm.

Kathy Casey is having her young Half-Arabian mare, April Dawn, trained by Frank Evans of El Cajon. Kathy has done all the training on this horse herself up until now, and done a fine job according to Frank. All April Dawn needs now is a little work on flexing, which she is getting. Last Friday evening Kathy rode April in the weekly horse show held at the Buckeye Ring by Mr. Evans for all of his students. Out of a group of about 20, Kathy and April Dawn placed near the top—and believe me, this is tough competition.

Horse racing seems to have been added to the many attractions at Palo Verde Ranch. Paul Parsons, being firmly convinced that the Parsons good Quarter mare Lolita could beat any other horse in the area, challenged Auren Pierce to put up any one of the Pierce's horses in a match race. Last Sunday Susann Parsons, age 11, rode Lolita and Brian

Pierce, age 13, rode his bay gelding, Thunder. They raced about a ¼ mile in three heats, with Thunder beating Lolita by about a head in all three. Maybe Paul and Auren should try it themselves.

Also at Palo Verde: The riding ring is almost completed. All it needs to finish is the gate and to have some rocks removed. It is a good, large ring of regulation show-ring size, and will be a big help to residents on the ranch for working their horses. I also believe they are planning to have some fun shows in the near future.

Duane Strong has completed the horse corrals at their new home, and has brought their two horses, Blaze and Dusty, here from Rancho Santa Fe. Mrs. Strong and the two girls are due back from their Eastern trip next Sunday.

Laurie Moxey, Alpine Heights Road, is really enjoying having her own horse. She is riding Cherokee, a ten-year-old part Arabian, Mrs. Moxey found for her recently. He is a well-broke gelding, very well suited for a young lady like Laurie. Now Laurie and Cherokee can join Linda, Laurie's older sister, and her Quarterhorse gelding Tony on their rides.

Don and Olive Wooldridge are getting ready for their trip to Germany this month to get the mares recently purchased by Dr. Kröll and Dr. Ball for Winnetka Ranch. They will bring the horses back to New York City by freighter, where the mares will be in quarantine for a week. And then on to San Diego by train. Sounds like quite a trip, and I am looking forward to seeing these mares which will be a fine addition to

Alpiner Wins Prize At Makua's Luau

Charles A. "Al" Wickens of the Alpine Highlands won the prize for the "most moving hat" at the luau benefit dinner dance given last Saturday night by Makua, auxiliary to the Children's Home Society, at the Kona Kai. Al's hat was of woven palm leaves covered with blossoms and on top was a little hula dancer which moved as Al walked. The hat was made by Marión Wickens, Al's wife.

Mrs. Paul Parsons, also of the Highlands, was in charge of publicity for this affair. The theme was the Menehune Luau. Menehunes are the leprechauns of Hawaii and the decor for the party consisted of big and little menehunes behind the bushes, fishing by the pool, and small ones decorating each table.

Alpiners who attended this outstanding party were Mr. and Mrs. Paul Parsons, Mr. and Mrs. Al Wickens, Mr. and Mrs. Al Adams, and Mr. and Mrs. Auren Pierce.

H. C. Fire Dept. Festival Due

The Harbison Canyon Fire Department's 1963 Festival will be held Sunday, August 4, at Spur Valley Ranch on Harbison Canyon Road. It will start at 11 a.m. and last until ? The charge will be \$1.25 per couple and 50c for children.

The admission price will include swimming, dancing and use of all ground facilities which includes ample picnic tables and seating. There will be game booths, refreshment stands, and beer stands. Door prizes will be given throughout the day.

The feature attraction will be the appearance of the band from Mickey Finn's Warehouse No. 1, which will provide music for the dancing and entertainment of the guests.

Proceeds will be used by the Fire Department for improvement to the present equipment, according to Chief Sonny McCann.

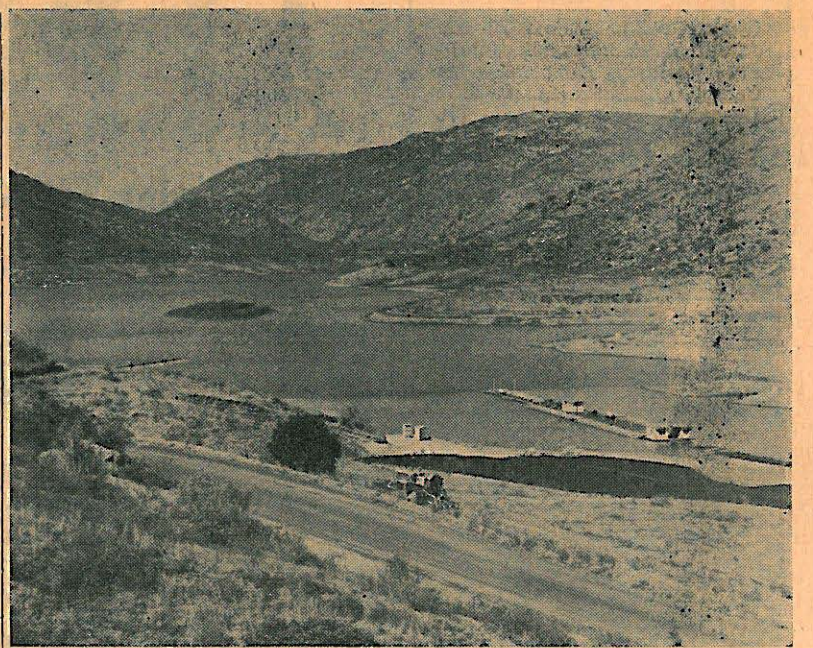

'Fallen Angels' Set For La Jolla

Ruth Burch, producer of the 1963 season at La Jolla Playhouse, has announced that Noel Coward's "Fallen Angels" will be presented from Aug. 5 through Aug. 17.

The play, written in the style that established Coward's international reputation as a debonair, and infinitely sophisticated playwright, stars Marie Wilson and Margaret Phillips.

The plot centers on Julia and Jane, best friends and happily married to their respective spouses for five years. However, before marriage, each had enjoyed the company of Maurice Duclos, a charming French gentleman. He arrives in London and asks to see both women. Fortunately the husbands have left for a day of golf and Julia and Jane await Maurice's call. What happens while they wait, how they quarrel, get high on champagne; what happens when Maurice finally arrives and the husband return unexpectedly, are but a few moments of hilarity that only Noel Coward could invent.

On the other side of the footlights, Ezra Stone, for many years one of the nation's radio favorites will direct the entire production. Stone apprenticed to the late George Abbott and directed his first Broadway play, Milton Berle in "See My Lawyer," before he was 21 years old. For 15 years, he essayed the role of Henry Aldrich for radio.

EL CAPITAN LAKE NOW OPENED FOR FISHING

Good news for fishermen! Our closest big lake, El Capitan, which is four miles in length, and just west of Alpine, is now officially open for fishing as of today, Thursday, August 1st. It will be open to the public each Thursday, Saturday, and Sunday, from 6 a.m. till sunset.

Ambassadors Speak At San Diego State

The ambassador from India will join the ambassadors from Mexico, Nigeria, and the Philippines who are scheduled to speak at San Diego State's 21st annual Institute on World Affairs, Aug. 5-23.

Ambassador Braj Kuma Nehru of India will address the three-week program, institute director Minos D. Generales announced today. He has represented India at the United Nations General Assembly and at the Bandung Conference.

Ambassador Nehru served as India's Commissioner-General for Economic Affairs prior to his present appointment, Generales said.

Thirty-two other authorities on world affairs, outstanding in science, business, politics, education and other areas will be included in the program. "Man—Tensions, Technology and Peace" is the theme of the institute.

The series of lectures and panel discussions is open to the public without charge. It may be taken for graduate and undergraduate credit. Morning and evening meetings will be held in the Music Auditorium.

Rabies Epidemic Rages On

The most serious public health problem in San Diego County this year is the rabies epidemic which began last September.

The total number of laboratory confirmed cases of rabies in Tijuana and the South Bay area of San Diego County was 132 by the end of June. The rabies quarantine area on this side of the border has been extended to include most of San Diego.

The source of rabies in this epidemic is at the international border. Unvaccinated stray dogs crossing the Tijuana River continue to spread the disease, which is always fatal once it develops in a dog or human. Mexican authorities have proposed extensive control measures which when carried out can probably halt the epidemic.

On this side of the border, control measures included vaccination of dogs not vaccinated for two years, confinement of dogs to their owner's premises, and an intensive roundup of strays.

Orville Ball, Fish and Game specialist for the city of San Diego, says he expects this to be a very good fishing season at El Capitan. The ample parking area has been black-topped, and the recreation area readied with well stocked snack bar and bait center. Many sturdy row bots are available at the neat marina.

A crowd of between 250 and 300 were on hand to enjoy the first day's fishing, and many good catches were reported.

Adults must have a California State fishing license and a city daily permit. People under 16 years of age may fish without license or fee. The man to see on the fine points of fishing El Capitan Lake is Ben Romero, Reservoir keeper there. Formerly assistant keeper, Mr. Romero is now in

'King and I' Next At Starlight

"The King and I," Starlight's production of Rodgers and Hammerstein's smash musical success, opens at Balboa Park Bowl on August 8 for a three-week run.

The tuneful, sentimental portrayal of life amid the splendors of an Oriental palace complete with slave girls, villains and exotic harem beauties, played to standing-room-only audiences on Broadway for more than three years.

Based on the novel, "Anna and the King of Siam," the two-act play is set in the Royal Siamese palace at Bangkok, and tells of the East-Meets-West conflict between Anna and the King, whose affection for each other is a subtle under-plot of the moving musical drama.

Cast is the prim but adamant school teacher who comes to Siam to teach the King's 77 children is Maribel Millard, popular San Diego Summer Theater leading lady. Charles Wyman, a veteran of 49 Eastern stock and theatrical productions, will play the role of the autocratic King Mongkut.

Rich humor is apparent throughout the production, especially in the barbed dialogue between the tyrannical king and the resolute teacher who spat verbally over such subjects as court ethics, polygamy and the art of teaching.

Among the songs—many of which are now American standards—will be heard "Getting To Know You," "Hello Young Lovers," "I Whistle A Happy Tune," and "Shall We Dance?"

Service Centers Are Making Progress

The Alpine Service Center, and the Pine Valley Service Center, which are two of 16 Civil Defense Service Centers established in the unincorporated area by the County Civil Defense and Disaster Organization, are making good progress, William B. Marty, county administrative officer for civil defense said today.

Four "heads" of emergency service groups have been selected in the Alpine Service Center as follows: Dr. Earl C. Woodall, head of the Medical Service Group; Dr. Frank Bornowski, head of the Communications Service Group; B. F. Darnell, head of the Emergency Welfare Service Group and Wallace Wait, head of the Radiological Defense Service Group.

In the Pine Valley Service Center, Fire Chief John F. Pingley is head of the Radiological Defense Service Group and Mrs. Richard J. Wellband, R.N., is the head of the Medical Service Group. Pingley is also the Public Information Representative in the Pine Valley Service Center.

In a disaster the necessary emergency services in the two communities would be performed by Service Groups working under their respective heads of service, Marty said.

Marty said that the Service Center Plan replaces the old zone structure of the County Civil Defense in the unincorporated area.

Five emergency services are organized in each of the county's 16 Service Centers. They are, medical, emergency welfare, radiological safety, coroner and communications.

The medical and nursing professions would provide personnel for the Medical Service Group, trained radiological meter operators would man the Radiological Defense Service Group, and amateur radio operators would work in the Communications Service Group.

The Emergency Welfare Service of the Unified Organization would operate during a war-caused disaster only, Marty said. During a natural disaster the welfare and care of individuals is the responsibility, assigned by Congress, of the American National Red Cross, he said.

Emergency Welfare Service Groups would be staffed by members of churches, welfare, service and community organizations in each Operations Area, would be organized to conduct mass care operations in food, shelter, clothing and registration of persons. They will assist in reuniting families and in rehabilitation work.

An important mission will be provision of management leader-

COLLEGE BONDS TO BE SOLD

5.5 million dollars in college construction bonds will be sold during the next year as construction proceeds according to steps authorized by the Grossmont College board of trustees.

Dates and amounts were: 2 million, September 1, 1963; 2 million, February 1, 1964, and 1.5 million July 1, 1964.

A present issue of 2 million has been sold at a favorable rate according to Harold Hughs, Assistant District Superintendent, providing funds to cover planning and construction to date.

Mr. Hughs says the 1962-63 assessed valuation increase of 3.2% for the Grossmont Junior College District was the lowest since 1946. This percentage is the basis for figuring receipts of State monies in computing the operating budget for 1963-64. The college district will operate at 33c per \$100 assessed valuation in 1963-63, 2c below the legal maximum of 35c.

Old Butterfield Station Station at dedication ceremony creating State historic site. Bea LaForce Photo

THE ORIGINAL HISTORICAL BUTTERFIELD STAGE STATION

The Butterfield Stage line ran from 1858 until 1861 in which three years time it made unforgettable history in the West. Among its most colorful stage stations, is this one, on the Warner Ranch located near Warner Hot Springs resort in the northern end of the county.

For many years there has been controversy over the old adobe building. Some say it was not the first stage station to cater to the Butterfield line, but that the old Wilson Store and Post Office (see Alpine Echo, June 13) was in use first. The Butterfield line's listing of the original stops on its southern route merely names a Warner Ranch Butterfield Stop, and does not give a description of it. Both buildings are of adobe, and are no more than two miles apart on the same former road. Old time county people believe that the stages stopped at both places.

Mr. Jack Welch, Assistant Superintendent of the California Division of Beaches and Parks, District 6, with headquarters at San Clemente, says it is assumed now that the house in the picture was the official stop from the beginning of the Butterfield line. This is a larger building and somehow seems more likely to have been the one.

For more than 50 years it has been used as a general storage room, for grain and whatever, for the Warner Ranch cattle lease since it stands in the group of

Ballet Appears With Pops Orchestra

Concert-goers will be able to feast both their eyes and ears Tuesday night, August 6, when the full San Diego Ballet appears with the San Diego Pops Orchestra under the baton of Earl Bernard Murray.

Mozart's fantasy, about a man who sees his favorite dinner come alive and dance before his very eyes, opens the concert. The second presentation will be the most famous of all classic ballets—the second act of Tchaikovsky's Swan Lake.

The evening's program will be concluded by Gluck's "Beauty and the Shepherd," the story of the three lovely goddesses who all vie for the Golden Apple, and how Paris finally awards it to the beautiful Helen of Troy.

This will be the first time that the full San Diego Ballet has appeared with the San Diego Pops Orchestra and concert-goers may look forward to an evening full of enchantment.

The next concert of the 1963 Summer Series will take place on August 20, when the legendary Rudolf Friml presides over the Golden Age Of Operetta: the closing concert of this season will be Arthur Fiedler conducting the San Diego Symphony on August 27.

Security Bank Reports On Economy

Southern California's overall level of business activity advanced strongly during the first half of 1963, registering a 6.7 percent increase over the like year-ago period, Security First National Bank's research department reported.

Pacing the area's economic up-trend were the building and construction industry (particularly in the field of homebuilding), real estate sales and employment. The gains recorded by the afore mentioned factors reflected the continued population growth of the Southland and the favorable outlook for business as a whole. Carl E. Hartnack, Senior Vice President, San Diego Division, stated yesterday.

In recapping the 14-county area's activity for the six months, Security Bank's researchers reported the following:

TOTAL BUILDING AND CONSTRUCTION rose to an all-time high. Construction volume, in terms of dollar valuation, was 12 percent above the \$2,015,000,000 reported in the same period last year.

RESIDENTIAL BUILDING continued to be the prime factor behind the strong showing of the building and construction industry. It accounted for more than 67 percent of all construction. Residential building was at a level 32.5 percent above last year's half. Most of the gain was attributed to an increase in apartment unit construction.

NON-RESIDENTIAL BUILDING showed a 4.1 percent increase. Commercial building and industrial building, comprising about one-half of the total, had gains of 16 percent and 18.7 percent, respectively.

POPULATION during the first half rose approximately 200,000, raising the Southland total to an estimated 11.3 million as of July 1.

TOTAL CIVILIAN EMPLOYMENT in the metropolitan areas reached nearly 3.9 million. **UNEMPLOYMENT**, with an average rate of 6.1 percent, showed little change from the corresponding period of 1962.

Gains in **RETAIL SALES** and **DEPARTMENT STORE SALES** were attributed to the rise in per capita income and population.

Cookies made in the shape of human teeth were served at the 1936 dental convention in Oakland, California.

Citizen Of Early Alpine Passes

May K. Marshall (Mrs. S. M.) who lived in Alpine for more than 40 years, died Sunday night, July 28th in a San Diego rest home. Mrs. Marshall, with her husband, Sam, came to Alpine in 1910 and lived here until 1952.

She was a charter member of the Alpine Woman's Club which was organized in October 1914 and named the Alpine Booster Club. She was its first president. She was also a member of the old Town Hall Company, and the early Cemetery Association. A very civic-minded person, May K. as she was called by her friends, was active in most projects of community advancement.

The Marshall's first home here was the property now known as Clarks Cottages, and presently owned by the Ratliffs. Located on Arnold Way, just west of the post office, this property, when bought by the Marshalls, was called "The Alpine Retreat". They changed the name to "Viejas Vista" and lived there until 1917 when they sold the front portion to the Clarks who gave the place the name that it still retains.

Properties formerly belonging to the Marshalls, include the Sturdivant Ranch on Olivewood Lane and the Bowlus' place on Marshall Road. This street, in the center of town, was named for May K. Marshall and her husband, who was a realtor. The Marshall's last Alpine home was the present Harry Colby place on Tavern Road.

Mrs. Marshall was born in Savana, Missouri and married there. Following cremation, internment will be at Alpine Cemetery where her husband is buried.

Hawaiian Luau Held At School

On Friday, July 26th, a Hawaiian Luau was held for all summer school children and their parents.

During the morning hours, parents and friends were invited to attend classes where special programs were held all in keeping with the theme of our 50th state of Hawaii. Girls were dressed in colorful muus muus and boys were barefooted, tanned skinned and shirtless.

At 11:40, a Model Congress was held in the auditorium where grades 5 to 8 depicted an actual scene of our nation at work, under the direction of Mr. Kerby. Various bills of national interest were debated by Senators from each state, all of whom were represented by a school child.

An Hawaiian Luau was then presented to parents and children with the food being supplied by the PTA and parents.

A track meet was held on the playground to end the festivities with ribbons being presented for winners of the 60-180 yd. dashes, football, softball and basketball throws and other games.

Mrs. Mary Alice Griggs, President of the PTA and her staff of parents and teachers deserve a big hand for making the celebration so successful.

NRCE To Meet

The National Association of Retired Civil Employees, Chapter 669 of El Cajon, will hold a potluck picnic on Saturday, August 10th. It will start at noon, and be held at Lindo Lake Park in Lakeside.

Alpine members of the Chapter and their friends are invited to attend.

Notice To Taxpayers

Next Monday evening there will be a public hearing on the proposed school budget for the next fiscal year before the Governing Board of the Alpine Union School District.

As we go to press, there still appears to be more Sheriffs than Robinhoods in the State Legislature in regard to school finances so that the possibilities are that "rich" Rancho Santa Fe School District will not have to help support the Alpine schools. In which case it will be your money that will be being discussed next Monday evening.

It should be the desire of all of the taxpayers in this School District to have a school system and educational program that will give the pupils the best possible education that we can afford, and to have a budget that will provide for such a program. However, it also should be the responsibility of the taxpayers to see that no funds are budgeted, or spent, for purposes that do not accomplish this goal.

It is our suggestion that each taxpayer in the Alpine Union School District attend the meeting and be heard if they have any questions, or forever hold their peace.

INTIMATE GLIMPSES

Continued from Page 1

there is proof is an Egyptian one shaped like a reclining L. The upright foot throws a longer or shorter shadow along the base dividing the day into six parts.

This dates about 700 B.C. The first one dividing the day into 12 equal parts was made by a Chaldean astronomer, Berossus, about 300 B.C. It was the first hemispherical one and these equal divisions were called the "temporary hours," because the duration of daylight varying from day to day, the temporary hours of one day would differ from those of another. This dial remained in use for centuries. In A.D. 900 the Arabians were still following its construction.

★ ★ ★

The Greeks, with their superior knowledge of geometry, were able in later times to construct dials of great complexity and ingenuity. Vitruvius, Roman architect and engineer of the first century B.C., mentions 13 kinds of dials including the portable kinds. One of these was shaped like a small ham and called the "ham" dial. It was suspended from a ring and probably was worn on a chain around the owner's neck. There were also round pocket dials with adjustments for the seasons and for latitude from 30 degrees to 60 degrees. Gnomics were very important to the Arabians and one of them, Abu'l Hassan, was the first to introduce equal or equinoctial hours at the beginning of the 13th century. A moon-dial was invented by a man named Munster early in the 16th century. This could be used when the moon's age was known. It was even more complicated a process than the sundial which took ability at calculations on several levels to read with any accuracy.

★ ★ ★

tary astronomical facts on which dialing is founded. During the 17th century dialing was a special branch of education. One portable dial, invented in 1569 and said to have been used by Sir Francis Drake, included a tide-table, a nocturnal, a diagram of planetary aspects, and a circumferentor. It had to be set for latitude by a quadrant and in the meridian by the magnetic compass. How many of us could tell time if we had to use this gadget? Though striking clocks were introduced in the early part of the 14th century, they were imperfect and were not in general use until the 18th century when clocks and watches began to replace sundials.

★ ★ ★

Four times a year the clock and the sundial agree to the moment: on April 15, June 15, September 1, and December 24. Then the "temporary hours" and "mean time" are the same. In this climate where we have sunshine most of the time sundials seem very appropriate. And don't "temporary hours" sound gentler than "mean time?"

Potluck Picnic For Mountain Barracks

The Mountain Barracks & Auxiliary 2716 Veterans of W.W.I. are having a potluck picnic at Flinn Springs on Monday, August 5th at 12:30 p.m.

Guests will be the members of the El Cajon Valley Barracks and Auxiliary 573 and Poppy Barracks and Auxiliary 1889.

Exchange Club Picnic At Shady Rock

The Exchange Clubs of San Diego County held their annual picnic at Shady Rock in Alpine last Sunday. The La Mesa Exchange Club was the host club.

Last year this group held their picnic at Shady Rock and enjoyed it so much they returned this year. They hope to return for next year's picnic.

Approximately 225 persons attended from all over the county. Alpiners attending were the Al Wickens family and Bobbie Whitt and her children.

Mr. and Mrs. Roy Setser of Alpine Terrace are happy because their only son, Sam, is home for a month. Sam is on furlough from the U. S. Air Force after spending 18 months on Okinawa, a place he did not come to love, says Sam. He was in flight line maintenance of aircraft and will continue in this line of work when he returns to duty in Wichita, Kansas. He plans to drive back to the midwest where he will serve the final 17 months of his tour of duty. He plans to return to California to finish his college education after his service duties.

afternoon. The feature of this stirrup is that if a rider starts to fall from his horse and his foot gets caught in the stirrup, the stirrup will open allowing him to get clear of the horse and eliminate the possibility of being dragged.

Up and down the length of Highway 80 in Alpine the Chamber has erected fibreglass horses furnished by the Fibreglass Menagerie announcing the horse show. A rearing Palomino at the Alpine Fire Stations greets visitors arriving from the West, and a rearing white horse at the Alpine Oaks Mobile Estates is the greeter in the East. A black and white pinto is at the Chamber office, a Palomino is in the center of town at the intersection of Arnold Way and the Highway, a Dun wearing the horse show hat is at the West entrance to Dinosaur Park a bay at the East entrance, and a bay is on the south side of the road on Mr. Sashe's lawn.

Cindy reports that the official horse show hats have been selling very well. There are plenty of children's sizes still available, but the larger sizes are a little low.

the horse show. They may be obtained at Cindy's on Highway 80 just East of the main entrance to Dinosaur Park.

Among the other events that will take place during the weekend are an Open House at the Alpine Convalescent Center. Also a street dance on Saturday night at the Log Cabin Cafe parking lot which is open to the public.

DEERHORN VALLEY

By ROY WALLIN

The August meeting of the Deerhorn Valley Civic Club will be held at the Lodge this Friday evening, with the meeting being called to order promptly at 8:30 p.m. See you there, neighbors!

Mrs. Mary Stewart, Mrs. John Ellis' sister, will be returning to live with John and Susie Ellis next week after a five-month stay with her mother in Coleman, Texas.

A belated but sincere welcome from our community to Marilyn and Dick Demaree who have been living and working down at the Little Winnetka Ranch since the first of the year.

Wedding bells in our Valley again... Curley and Birdie Boyd announced the marriage of their daughter, Pattie, to Mr. Robert Hackett. They exchanged vows on July 25th in Las Vegas where the couple will reside. All our best wishes to the happy couple!

Leo Walker was the guest-of-honor at a surprise birthday party given by his wife in honor of his 69th birthday at their ranch this past Sunday. Leo, along with Charlie Bratton, is the oldest-timer in our valley; and a pioneer member of the Deerhorn Civic Club. This gathering marked the reunion of some of the oldest families on our hill—the Harveys, Walkers, Dennisons, Nyes, Moores, Brattons, and the Nelsons. (Word is that Charlie Bratton is still danged good on the harmonica!) A very "Happy Birthday" tribute to you, Leo, from your community of Deerhorn Valley.

Old-Timer's Corner—Ever wonder how Deerhorn Valley was named? Well, the story goes that John Bratton (Charlie Bratton's dad), then a youth in his teens (in the 1870's), found two sets of deer antlers locked together in a crevice in the rocks several hundred yards to the northeast of the present site of the Lodge (apparently the result of a battle to the death by two bucks); and thereafter referred to the area as Deerhorn or Deerhorn Flats. Although technically a misnomer, I think we all agree with John Bratton that we'd rather live in "Deerhorn Valley" than in "Antler." The word "flats" gave way to "valley" through common usage in the past decade or two with the end result of a beautiful name for a wonderful community. (This item will appear from time to time in this column with interesting as well as historical tid-bits before they pass into the realm of the forgotten. A note of appreciation to the sources for these items—Charlie Bratton and Leo Walker—our local historical authorities).

The El Cajon Farm Bureau Center held a barbecue on July 18th free to members and invited guests and 150 persons attended. The Farm Bureau organization is having a membership drive beginning August 1st. They plan to

give the new members 15 months of membership for 12 months dues. The drive will continue until November 1st.

July 24th was the meeting of the Mt. Empire Farm Bureau held at the Dulzura Community building. It was a potluck supper, and several of our friends were there. Mr. and Mrs. Paul Harvey of La Mesa visited with us. His father is the man who homesteaded Winnetka Ranch around the 1880's. Mrs. Harvey has promised to send me the recipe for the famous Winnetka tamale pie.

Dr. Wolfgang Kroll has called from New York to relay information to members of Winnetka about the horse buying trip that he recently made to Germany. Don and I will be bringing back 10 horses. Four mares and one foal purchased by the Dorado syndicate, one stud, named Don Carlos, purchased by Dr. Kroll and Dr. Howard Ball, and four mares for Mrs. Paula Hunt of the Vista Hermosa Ranch in Rancho Santa Fe.

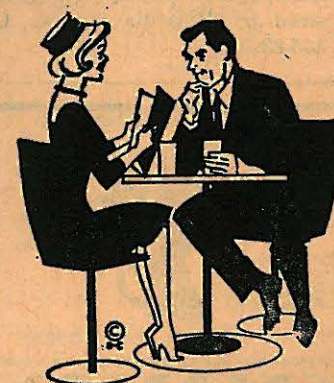

We'd like to bid our fond goodbye to all our friends and will be writing to you. We leave Sunday morning, and land in Denmark without stopping the following morning. Our plans have been changed somewhat since the phone call from Dr. Kroll. We will be coming back to New York by boat, and then after the horses' quarantine of one week, we embark on a cross-country train trip with the horses in a special Pullman car. This appears to be quite the life of a hobo and we are looking forward to our adventures.

MT. LAGUNA

By KATHY McMANUS

Tina Holmes, daughter of Mr. and Mrs. Jack Holmes, was injured in a fall from her horse Saturday, July 27, on the Holmes' ranch in Mt. Laguna. She was rushed to El Cajon Valley Hospital by the Air Force ambulance with serious head injuries—a skull fracture at the base of the skull.

A lovely "Going Away Dinner" was held for Mr. and Mrs. George Capatanos. He was former Principal and Superintendent of Mt. Empire Unified High School and District. The dinner was held on the patio at Mr. and Mrs. Casey Jones' Rolling Oaks Ranch in Potrero Friday, July 26. Mr. and Mrs. Capatanos will be leaving for Los Angeles on August 1st. **Continued on Page 8**

ALPINE GARDENER
 By JEAN McCULLOUGH

Is your garden looking a little seedy about now? Well it may be it's time to collect any seeds you may have and put them in labeled envelopes for use next spring. Pull the old plants up and clear places for some new plants already in bloom in pots you can get at your nursery. Just tap the pot to loosen the plant, plant it and presto you have a fresh new garden to carry on into the fall.

Marguerites head the list. Pictured above they come in white, yellow and pink. They stand considerable amount of drought which should make them a prime favorite in these parts.

Cushion chrysanthemums make wonderful splashes of color most of the summer, or longer. Have them in pots or in the ground, but these do need water and food at two or three week intervals.

I always hark back to succulents as a standby. There is such a vast variety of them. One I have seen recently would certainly give color enough for any garden. It is the Aloe arborescens x salm-dyckiana. It has tall spikes of orange-red blossoms and long narrow leaves. Give it lots of room. Then there is the native dudleya pulverulenta.

Peruvian Matador At Tijuana

Raul Ochoa Rovira, a Peruvian matador reputed to be one of the finest swordsmen in modern day bullfighting, will make his first appearance next Sunday, August 4, 4 p.m., at Plaza El Tereo, the downtown bullring.

Sharing the card with the Peruvian ace will be two of Mexico's finest toreros:

Juan Silveti, whose classic work with the muleta topped El Numero Uno, Paco Camino, during his first appearance here.

And Josalito Huerta, another muleta artist whose successes this year have placed him in the very highest rank of Mexican matadors.

The trio will face six powerful fighting bulls from the famous ranch of Don Julian Llaguno.

ta. A very pretty, chalky white rosette type. Also the sedum musbaumerianum (jaw-breaker names these have), another rosette type, pale green with a rosy tinge.

These are just three succulents which are very decorative, but there are so many more that you would find fascinating and would fill your needs in so many ways. These, too, are easy to take care of, only needing sandy soil and good drainage and a small amount of water.

Horses! Horses!

 the Thoroughbred breeding program at Winnetka.

Denise Reed's Shetland Pony, Jerry, gave birth to a beautifully marked pinto filly last Saturday morning. As the other pony born a while back belonged to her sister, Jackie, Denise claims this new one and named the newcomer Patches.

Have you seen Terry Bowles' Tooterville Trolley on Tavern Road these past few weeks? This is Terry's latest project and is pulled by one, or the other of his two donkeys, Mavis or Jezebel. The trolley is large enough for both Terry and his dog Scotty. Terry has placed pillows on various parts of the donkey's anatomy to protect the animal from any undue discomfort. Terry should enter the Ride at Will class at the Horse Show on Sunday afternoon with his donkey and trolley—he just might win a prize.

Which reminds me to remind all of you to get your outfits ready for this class. You can come any way you want, so long as your costume is decent—no Lady Godiva's in other words. It should be a lot of fun, and the entry fees go to a good cause.

Will see you at the Alpine Viejas Days Horse Show on Saturday and Sunday.

ship for Congregate Care Centers. The facilities of schools or of welfare and private organizations will be used as such centers. School boards throughout the county have approved the use of their school buildings for this purpose in time of war, he said.

Each Congregate Care Center will be operated by a cadre based upon management leadership in registration, comfort and care, feeding, lodging, clothing, sanitation, logistical support and work organization under the overall direction of a manager and an assistant. Support will be required from at least 67 other persons, Marty said. Additional help would be recruited from other persons using the Congregate Care Centers, he said.

charge and with his crew of four, also works San Vincinte Lake. Well trained in his field, Mr. Romero is glad to give help and advice to lake visitors.

Mr. Ball said that El Capitan and San Vincinte lakes are handled as a team, one being open while the other is closed. San Vincinte is now closed due to a general overhauling of existing facilities. It will be much improved when it is reopened at a date to be announced later. For information, or to reserve a boat at El Capitan phone 443-1254.

Baby Boom

Slowing Down

The baby boom in San Diego County, as in the rest of the nation, is slowing down. The national birth rate is now back at the level that existed before the postwar boom in babies. In 1962, a total of 26,722 babies were born in San Diego County, down from 27,157 in 1961. The 1962 birth rate was 22.6 resident live births per 1000 population, down from 24.2 in 1961.

Mrs. Elmer Otto

Mrs. Elmer Otto (Clara Gladys) died Tuesday morning, July 30th, in El Cajon Valley Hospital, following an acute illness.

Mrs. Otto was born in Kingman, Kansas, and following her marriage lived with her husband in Purchase, New York. Mr. Otto was for many years, an executive in the Pfizer Drug Company.

Ten years ago the Ottos retired and came to Alpine to live, purchasing the Sheedy Ranch east of Alpine on Highway 80. They have lived here since then with the exception of a yearly trip back to New York. Ill health of both has prevented the trip for the past three years.

Mrs. Otto was very fond of gardening and until her health failed, spent much time with her flowers. She leaves her husband, Elmer, and three sisters, Mrs. Grace Henry and Mrs. Franc Nolan of Alpine, and Mrs. Thomas Head of Meana, Arkansas.

Services will be held at Rainbow Chapel in Rose Hill Memorial Park, in Whittier, California, Saturday, August 3, at 10 a.m. There will be no local service.

William R. Koehl

Funeral services were held last Friday at 1:30 for William R. Koehl, 87, who died in Mercy Hospital after a long illness and surgery.

Mr. Koehl was an ex-Navy man and a retired real estate broker. He had built several homes in the Alpine area in past years and was a long time resident here.

His survivors include his brother, Mr. James A. Koehl, and his nephew, Mr. Fred Koehl, of Los Angeles, a niece, Mrs. Theodore M. Wurts of Point Loma, and nephews and nieces in the East.

The services were held in the Goodbody Boulevard Chapel. After cremation the ashes were interred at St. John's Cemetery in Ellicott City, Maryland.

Area Births

Born to Mr. and Mrs. Frank Thomas of Campo a girl on July 22nd weighing 5 pounds 12 ounces.

Born to Mr. and Mrs. Milton Svetanics of the Mt. Laguna Air Force Station a girl on July 23rd weighing 6 pounds 11 ounces.

Stolen Autos Aid Lawbreakers Escape

Two 17-year-old boys who escaped from custody in Los Angeles County got a helping hand from five unsuspecting citizens in their flight through three other counties.

"The youths stole five cars along their escape route, and all the theft were made easy because the keys were in the vehicles," California Highway Patrol Commissioner Bradford M. Crittenden pointed out.

A California Highway Patrol officer apprehended the boys in Imperial County, only a few miles from the state line.

"In at least one-half of all California car thefts, the keys are in the vehicle. The thief's job is made easy. The fact that these two boys so readily obtained vehicles certainly contributed to their freedom of movement while they were still at large," the commissioner said.

"The moral for vehicle owners — take your keys with you, and lock your cars. You can cut auto thefts by virtually one-half."

Jobs Available With County

The County Road Department has experienced an increase in the number of traffic signal control systems for servicing. This has created a need for a qualified traffic signal technician. The person appointed will work both in the field and in the shop installing, maintaining, and repairing all types of traffic signals systems and components. He will also act as inspector on traffic signal installations. The job requires a good background in the electrical field.

The salary for this position is approximately \$616 to \$647 per month. Applications must be received by the Department of Civil Service and Personnel, Room 403, Civic Center by 5 p.m. on August 12th.

The San Diego County Parks and Recreation Department has an opening for a year-round life-guard to serve at County beaches located from Solana Beach to Del Mar. This is a permanent full-time position open to applicants 18 through 27 years of age. Salary to be approximately \$417 to \$507 per month, and applications should be in by 5 p.m. on August 6th at Room 403, Civic Center.

COKE'S KITCHEN

As you know, this past Friday was the scene of an Hawaiian Luau at the Alpine school ending the summer school session.

The food was prepared potluck and the menu consisted of delicacies typical of the Islands. Mrs. D. V. Osborne created a new dish, from a recipe given by Mary Alice Griggs, which received many ohs! and ahs!

Mrs. W. L. Weeks, was another lady, who prepared a delicious salad.

SWEET SOUR MEAT BALLS

¾ cup sugar
3 tablespoons cornstarch
(Mix the above together and add)
¼ cup soy sauce
¼ cup vinegar
¾ cup water

Bring to boil over low heat and boil approximately ¾ minutes longer. Looks creamy.

2 lbs. ground round
1 tsp. soy sauce added to meat
½ tsp. onion salt
¼ tsp. Lawry's seasoned salt
¼ tsp. celery salt
Sprinkling ¼ tsp. garlic powder

Brown meat in oil. Use ice cream scoop to make uniformed meat balls. Place in casserole, if you wish the night before (which enhances the flavor). Place in oven for 30 minutes in a moderate oven. From the above recipe, you are able to get approximately 14 meat balls.

SHRIMP SALAD

4 cups canned shrimp (diced)
4 cups finely minced celery
Juice of one lemon
1 Tablespoon vinegar
Paprika
Mayonnaise
1½ cups Minute Rice (cooked)

Dice shrimp, add celery, lemon, vinegar, paprika, mayonnaise and rice. For family portions, salad may be arranged on lettuce leaves but for the luau, Mrs. Weeks placed in casserole dish garnished with green crisp lettuce.

Former Alpiner Installed In Office

Mrs. A. B. Rains, formerly Mrs. Jean Kern, was installed as Senior Regent (Women of the Moose), by Mrs. Murdock, State Chairman of the Women of the Moose Lodge, in ceremonies held at the Moose Hall, Ajo, Arizona this past month.

Approximately 250 friends and co-workers attended the installation, among them Mr. and Mrs. H. D. Trail of Alpine Terrace.

Mr. Rains met his wife at the altar and presented her with an armful of red roses in honor of the occasion. Music was furnished by the lodge choir who sang Indian Lovecall with special words honoring Mrs. Rains.

Mrs. Rains formerly lived on Victoria Drive in Alpine for many years. She was a member of the Alpine Women's Club and past president of the Parent-Teachers Association in the Alpine school.

ily is anxiously awaiting their new swimming pool which is progressing right along.

☆☆☆

Mr. and Mrs. Lyle Nation left Wednesday morning for their new home in Dam Neck, Virginia, where Mr. Nation will be on shore duty with the U. S. Navy. The Nations are driving their camper and towing their car, taking their three children and two dogs. They will make a vacation trip of the drive to Virginia, camping along the way, fishing and enjoying the fine scenery. Mrs. Nation (Bev.) was nurse in Dr. Woodall's office in Alpine for the past two years. The Nations will be missed and expressed regret at having to leave here. They say they'll return someday.

☆☆☆

Mrs. Adela Sells had a bad fall last week when she missed solid ground and stepped into a hole while getting into a car at her home. She has been suffering from a badly bruised knee and foot, but says she is improving.

☆☆☆

Home on leave from duty with the U. S. Air Force is John Westfall, son of Mr. and Mrs. Daniel Westfall. John has been in the Air Force in Wichita Falls, Texas and after his furlough here will report to his next base, Mountain Home, Idaho.

☆☆☆

Dr. Roger Larson will leave next Sunday, August 4th, for his annual vacation. He plans to drive to Portland, Oregon to visit his mother and old friends.

☆☆☆

Newcomers, Hollis and Evalina Mancil were honored Sunday evening at the LaForce home, Sky Mesa, with a buffet supper to introduce them to some of their Alpine neighbors. Guests included, Mr. and Mrs. Harold Johnson, Mr. and Mrs. Ed Orbom, Mrs. Josephine Sturdivant, Jean McCullogh, Miss Edith Cromarty, Mr. and Mrs. R. Ellsberg, Dr. Roger Larson, the honored couple and the LaForces.

☆☆☆

Guests at the Lake Morena home of Ruth Lawrence for three days last week were Lillian Gorman and Edna Hogge of San Diego.

The Willson home on West Highway 94 was broken into recently, and an expensive "Ham" station set was taken.

☆☆☆

Do not forget the first Fall meeting of the Mt. Empire Republican Women, Federated, will be held this Thursday at the home of Mary Kerns. There will be an old fashioned Fried Chicken Dinner served at noon—donation \$1.25. The after dinner speaker will be Dr. Gaylord Parkinson of San Diego. He is vice chairman of the State Central Committee.

☆☆☆

Nancy Taylor, whose parents own a weekend dwelling in Lake Morena, entertained several of her San Diego friends there at a slumber party last weekend.

☆☆☆

The Homemakers Club of Campo enjoyed their last meeting at the Pine Valley Park so well they held another meeting there on Thursday of last week. A pot-luck luncheon was enjoyed before the business session. Twenty members and friends were present.

☆☆☆

Lonnie and Marguerite Ison of Rancho del Campo are enjoying a motor trip through Colorado and New Mexico, and while they are gone their daughter Linda Ison Geddes, her husband Don and their daughter Nanette of San Diego are occupying the Ison home.

Mt. Laguna

Continued from Page 5

Mrs. Clay Stuart and myself, Kathy McManus, from Mt. Laguna attended along with 50 other friends from the surrounding area. Donations were given by PTA's and Parents and Patrons' Clubs throughout the area for gifts. They received a desk clock from the Parents and Patrons Club of the Jr. and Sr. High School, a desk pad and telephone index from the Elementary Schools Parents and Patrons. Two pieces of redwood patio furniture, a chaise lounge and a love seat, were given by his many friends.

☆☆☆

Sue Stuart held a party at their new home. Although they haven't officially moved in, it is a wonderful place to have a party. There were approximately 25 people at the party and was reported to be a great success.

☆☆☆

The Stuarts' pool hasn't opened yet. But it should be soon, if all goes well.

PINE VALLEY

By AMY N. HARVEY

Mrs. Wallace Strand and her daughter Trucy left Tuesday morning for a few days' visit with Mr. and Mrs. Jay Reis at Fort Huachuca, Arizona. Mrs. Reis is the former Marilyn Strand.

☆☆☆

Louise McCormick, the retired postmaster of Guatay, is the proud owner of a beautiful new Chevy Two. It has practically every kind of accessory including air conditioning, for more pleasant driving on her numerous trips up to Yucca Valley.

☆☆☆

Edith George is back home from the hospital and is doing nicely. She says it is good to be able to sleep under the soothing lullabys of the pine trees instead of the clatter of a hospital. She is still confined to her home but hopes to be up and out doors in the near future.

☆☆☆

Mr. and Mrs. Robert Shearer and charming blonde teen-age daughter, Debbie and handsome son, Bobbie, also a member of the teen-age set, and 5-year-old Bradley Eugene, are now occupying the George Barkley home on Corte Madera Road. This nice family calls Excelsior, Missouri, "home," where Mr. Shearer was football coach for 14 years before coming to our part of the country. Last year he was with the Mt. Empire

School and with the coming of the school year will be the football coach at Campo. We expect to see a lot of him and his family this fall.

☆☆☆

Campers all packed, trailer all loaded. Lee Gilbert and Carlos Reynoso are impatiently waiting for Lee's parents, Mr. and Mrs. Harold Gilbert to say "Come on, we're ready." And then take off for that long awaited trip to the lakes and streams of Utah and the place where the BIG fish are biting. They will meet Harold's folks at Beaver, Utah, the early part of the week, leaving here Saturday morning to be gone about ten days or two weeks.

☆☆☆

Mrs. John Clarke of Corte Madera Road has had house guests from Birmingham, Alabama, since last Friday. Her daughter, Mrs. Edith Howell, and her husband Edward, and their two daughters

Linn and Amy drove across country, spending a day at the Grand Canyon and the Petrified Forest and two days at Disneyland, where Mrs. Clarke's other daughter, Amy and her husband Jim met them. The Howells are planning to stay until next Sunday. Linn is doing her best to talk her parents into letting her stay with her grandmother until school starts in the fall, flying back to Birmingham, and taking Mrs. Clarke with her to stay until after the Christmas holidays.

☆☆☆

Jeannie Christenson is now in the process of building a beautiful new home in those lovely Laguna Mountains.

Don't ever eat honey in the vicinity of Trebizond in Asiatic Turkey. Seems the bees thereabouts are perverse creatures and collect nothing but the honey from poisonous flowers.
