Serving a Growing Area of Homes and Ranches

GROUP PLANS NEW PARK DEVELOPMENT

CORPORATION BEING FORMED TO DEVELOP DINOSAUR PARK

A group including Alpine residents held a meeting last night to discuss the obtaining of a lease on Dinosaur Park and development of the Park in accordance with the uses permitted in a special permit which was granted to Ralph R. Taylor on behalf of Dinosaur Park by the

Board of Supervisors last year.

The group will operate as a corporation headed by Al Hinkle, local resident, as president and the activities of the park will be managed by Mr. Taylor.

Mr. Taylor held the food concession in Dinosaur Land which was the first park operation developed on this property and also in Dinosaur Park which succeeded the Dinosaur Land management which gave up its lease a short time ago.

The uses permitted under the special use permit include commercial sports and recreational enterprises including horse shows, museum, swimming, concession stands, fun rides, restaurants, fishing and picnicking.

A spokesman for the group states that the group has already obtained pledges of \$32,000 of the \$50,000 which the group feels is

FIRE DISTRICT TO INSTALL FIRE HYDRANTS

The Fire Commission held its monthly meeting last Monday night at the fire station. They discussed the installation of fire hydrants. Chairman Hinkle pointed out that four fire hydrants had been authorized, and that a request had been made to Rio San Diego MWD to install them, but that to date only one had been installed. The Board instructed the secretary to communicate with Rio and request that the remaining three fire hydrants be installed as soon as possible.

The hydrant which has been installed is located on the north side of Highway 80 east of the Alpine

INTIMATE GLIMPSES

By BEA LA FORCE

They can say what they like against advertising and maybe the gigantic bull-dozer tactics said to brainwash the defenseless millions are a little unfair, but take advertising in its smallest medium, what they call Person to Person, and there you have a unique institution which can repay amazing dividends for the investment required. A widow I know in San Diego took up the tinting of photographs as a hobby. At Christmas time she decided she might make some extra money if she could find a few customers who would like photographs tinted. So she ran a modest ad in the Services Offered column. She received only five answers, but from these she got four customers and a husband. One of the people who brought photographs for tinting was a widower who also brought romance.

☆ ☆ ☆

There's the local lady who, having given her fancy dishes to her married daughter, decided to sell her antique china cabinet. She put in a small ad with her phone number. Along about 11 p.m. the day the paper came out she got a telephone call from a woman who

Retiring Fire Chief George Behrens of the Crest Volunteer Fire Department poses at home for Echo photographer. Raifsnider Photo

FIRE CHIEF BEHRENS STEPS DOWN

The fire alarm sounded at 2 a.m. and in four minutes the Crest Volunteer Fire Department was on the scene. A record perhaps. But as George Behrens recalled this instance with the pride of a dedicated Fire Chief, this story became just one more fact to round out a 17 year history of an outstanding fire department, and a Fire Chief with a more than outstanding reputation.

George Behrens has been chief of the Crest Fire Department since 1947, when he stepped up from a five-year service as assistant chief. He was one of the original group of Crest residents who formed the volunteer group in 1947. There is no-one who will dispute the extent of service and efficiency which has been his hall-mark on the hill for 17 years.

Last week, on Jan. 14, Chief Behrens tendered his resignation to the Board of Commissioners of the Crest Fire District. It was accepted regrettably but Crest can maintain its feeling of security, in the knowledge that their former chief will continue to serve on the force under the able new fire chief, Roger Dutton.

"I give up my post," said Behrens, in an interview, "because I am confident that Dutton is fully capable and will perform in the highest standard." He expressed his desire that Crest residents offer Dutton the loyalty and support that his leadership abilities, enthusiasm and ambitions have earned him.

When a house was burning, a rescuator needed, a child was lost, there had been an accident, a threatened suicide, a shooting heard in a canyon, a cat stranded in a tree, or an errant child in need of a sobering lecture on matches—the first thought has always been, call George. Many times when the calls came during the working hours of the men, Mrs. Behrens, Evelyn, has answered the phone and sounded the alarm. Often, especially during the summer fire season, the patrons of Evelyn's beauty shop, will testify that as many as 15 calls in one instance, would steam over

CHAMBER OF COMMERCE HOLDS ANNUAL INSTALLATION DINNER

The Alpine Chamber of Commerce held its annual Installation Dinner last Saturday evening, January 18th, at the Alpine School auditorium. There were 170 persons who braved the rain and fog to attend the affair.

Mr. Edwin Houser, General Manager of the Rio San Diego Water District, officiated at the installation of the new officers of the Chamber. Mr. Ross Mallette was installed as president, Mr. Jerry Funk as vice-president, Mr. Orville Palmer as secretary, and Mrs. Katherine Black as treasurer. Mr. Houser pinch-hitted for Mr. William Martin who was scheduled to be present but was unable to make it having just returned that afternoon from a trip to Washington.

Prayers a Problem in La Mesa-SV Schools

The Board of Trustees of the La Mesa-Spring Valley School District is in disagreement regarding prayers in school.

Two of the Trustees, Dr. Cyril Padfield and Anna Dewey wish to approve prayers in the classroom on a voluntary basis. The other three Trustees, Robert Andreen, Margaret Burnett and William Johnston, favor filing a opinion which the District received from the County Counsel stating that prayers in the classroom are illegal and leave the matter of prayers up to the teachers to follow the law.

As a result the three agreed to ask for an opinion from the County Counsel on the constitutionality of the desires of the other two, and if the opinion is that it is constitutional, the three agree to vote for the wishes of the two.

PTA TO HONOR FOUNDER'S DAY

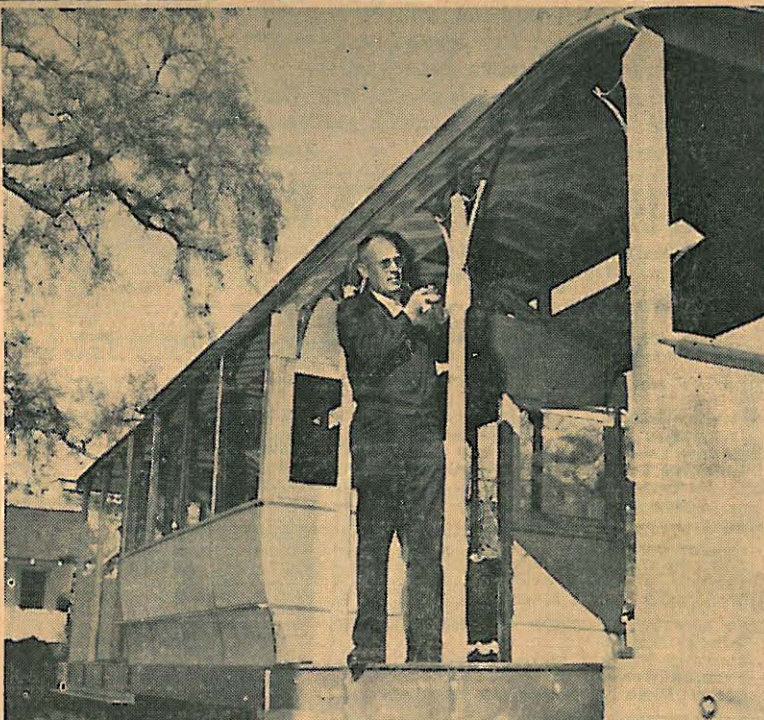

The Alpine PTA and the Harbison Canyon PTA will combine on Tuesday evening, Feb. 4, to hold their annual Founder's Day program.

This annual event commemorates the founding of the Parents-Teachers Association in the United States. Each PTA group throughout the country holds a special meeting to honor this event.

It is the practice to award life membership pins at this time each year. One person from the Alpine PTA and one from the Harbison PTA will be so honored this year. Life memberships are given to members who have been outstanding in service to the PTA. The awards to these two persons this year will be made in the manner of a "This is Your Life" with the recipients and the audience not knowing who the person is until the program divulges the history of each of the two persons to be honored.

A program of music will be presented by the school children from each of the schools. The Founder's Day program will start at 7:30 p.m.

The science program to be held last week at the Alpine PTA has been postponed and will be held on Tuesday, January 28 at the Alpine School.

Tommy Mann works on a piece of rolling stock in the collection of the Railroad Historical Society.

ALPINE HISTORICAL SOCIETY TO HEAR HISTORY OF RAILROADS

Mr. C. T. "Tommy" Mann, 2nd Vice-President of the Railroad Historical Society of San Diego, will speak on the History of Railroads at the next meeting of the Alpine Historical Society to be held on Thursday evening, Jan. 30th, at the Alpine Woman's Club.

Mr. Mann will show movies of oldtime railroad equipment and give a talk on the history of railroads. He is in charge of the maintenance of the rolling stock owned by the Railroad Historical Society which consists of locomotives, passenger cars and trolley cars. Mr. James Reading, immediate past president of the San Diego Historical Society and a member of the Alpine Historical Society, will introduce Mr. Mann.

A potluck dinner will be served prior to the regular meeting. Mrs.

Earl M. Hickey, who is the Hospitality Chairman for the Alpine Society, will be in charge of the dinner, and it is suggested that persons interested in attending the dinner call Mrs. Hickey at 445-2740 about the plans for the potluck. The dinner will be served beginning at 6:30 p.m., with the meeting and speaker scheduled to start at approximately 7:30. The Alpine Historical Society invites the general public to attend this meeting and hear Mr. Mann speak and see the movies he will show.

Goldwater Begins Calif. Campaign

Predicting that Senator Barry Goldwater will sweep the California Republican Primary Election June 2 by a majority of more than 500,000 votes, Senator William F. Knowland yesterday announced conversion of the old Goldwater advisory committee into the "California Goldwater for President Committee" at a statewide meeting of the official campaign group at the Los Angeles Airport.

Senator Knowland is state chairman of the Goldwater campaign.

Henry Salvatori accepted appointment as state finance chairman.

Dan Gainey, national Goldwater finance chairman and formerly finance chairman of the Republican National Committee and Richard G. Kleindienst, of Washington, national director of field operations for the Goldwater drive, addressed the meeting.

Senator Goldwater will campaign heavily in California in March, April and May, Senator Knowland announced. His only appearance in California before March will be a Lincoln Day address at San Francisco's Commonwealth Club February 12 and a keynote address at the Sacramento Republican finance dinner that night.

"We detect no falling off of Goldwater sentiment in California," Senator Knowland said. "Rather it is beginning to pick up steam, California's 86 convention votes, which will be committed at the primary only a month before the Republican Convention July 13, becomes the biggest prize of the nation in the nomination race.

He reported that more than half of California's 58 counties have already named chairmen and co-chairmen. "Within 10 days we expect to complete the appointment of county chairmen and set our volunteer organizations for circulation of petitions to qualify Goldwater for President within the prescribed time between March 4 and April 3," Senator Knowland said.

FOR MOTHERS OF CHILDREN ONLY

Water, water everywhere, but all the drops may not be rain. Indoors tears, dripping from dampened spirits of house-bound children, can add to a mother's confusion during such a weekend stormy blow as pummeled our mountains this past Saturday and Sunday.

Homes are not playgrounds, but with a little planning, a rainy day can turn the hearthside into a cozy spot, fostering warmth and unprecedented family togetherness.

Following the first scattering of broken crayons, and after a 9 a.m. television debate over "Hector" vs. "Alvin" cartoons, a mother in this forced restrictive predicament, must resort to some attentive ingenuity.

This mother, last week, went scurrying into the mental attic for assistance, and came up with some helpful entertainment ideas.

A "blow them yourself" bubble bath is one way for those smaller children to have good clean fun. In the morning, pre-dressing era, or just prior to pajama donning time, pour some liquid detergent in a plastic bottle, add a teaspoonful of glycerine (not nitro) and a drop of food coloring. Combined with a straw, junior may bubble himself clean. If you have no older sibling to act as guard over this delightful debauchery, bring a magazine, dab on your face cream and soak up some steam yourself while supervising the puddle splashes.

Books are always a favorite on blustery days. Dusting off a 15-year old set of Pollyanna books created ample incentive for some happy hours in our home. If you have some forgotten books stored away, give your children a treat, and be treated yourself as memories are relived through the eyes of your offspring.

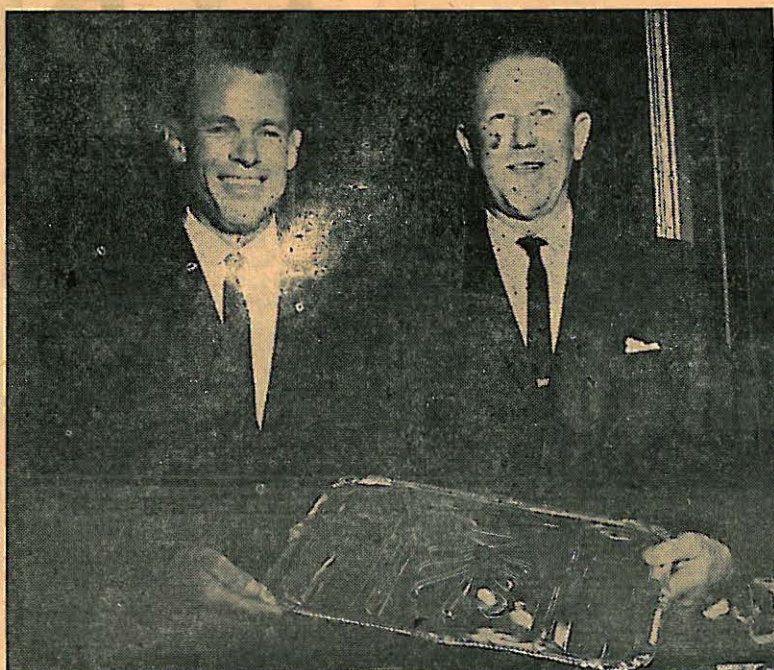

Some of my children are old enough to be trusted with the record player now, so along the same lines, my sentimental streak was brightened again. It was a perfect time for such musical meanderings.

If a mother wishes to go completely soft, bringing out the wedding album and earlier day photo records will really soothe any stray nerves bared by too much walled-in childish energy.

Interesting hours may be passed at the kitchen table, laden with glue, scissors, paper and pencils. Mobiles are fun to cut and hang. Strings of paper dolls, airplanes and flowers provide creative incentive and an intrigue in puzzlement. It's been a while since I tried to cut an unbroken series of handholding cut-outs.

Barring a trip to the store for modeling clay, here is a safe substitute for the budding sculptors in your family. Mix 2 cups of table salt and 2/3 cup water in saucepan, stirring until well heated, 3 to 4 minutes. Remove and add

Plans Started For Del Mar Fair

Harry B. Sugarman, of San Diego, and Frank Strauss of Del Mar, have been re-elected president and vice president, respectively of the 22nd District Agricultural Association.

The election took place at the January meeting of the association's board earlier this week.

Directors also voted to inaugurate a 10-cent price for a half-pint milk, primarily for the benefit of children, at this year's San Diego County Fair, June 25-July 5. The lowest price last year was 15 cents for a third-quart.

Vice President Strauss was also appointed as the district's representative for 1964 to the Western Fairs Association.

In other board action the directors approved:

A bid from West Coast Shows for the carnival concession for the 1964 Fair, contracts for department superintendents for the 1964 Fair, renewal of the lease for the fire station to the City of Del Mar, rental of 7,000-square feet of dichondra, for use at the 1964 Fair from Walter Andersen Nursery, of San Diego, the bid of Al Freedman for novelties at the Fair, and renewal of yearly contract for the services of Bozo the Clown at this year's Fair.

Study Tour Planned In Mexico City

Students and teachers this summer may spend six weeks of study in the Universidad Iberoamericana in Mexico City under a program sponsored by San Diego State's Latin American Studies Committee.

Dr. George Lemus, chairman of the committee said the study program offers up to six units of credit in courses on Colonial Spanish American history, history of Mexico, Spanish Conversation, and Latin American Civilization. Courses in philosophy, sociology and political science will also be offered.

After enrollment in the summer session, students will board an Aeronaves de Mexico airline plane from Tijuana June 21 and return July 31. Total cost of tuition, room, board, round trip from San Diego and four sight-seeing excursions is \$520.

Students may extend their visit two weeks following completion of classes. They may return to San Diego with stops in Leon, Mazatlan, and La Paz.

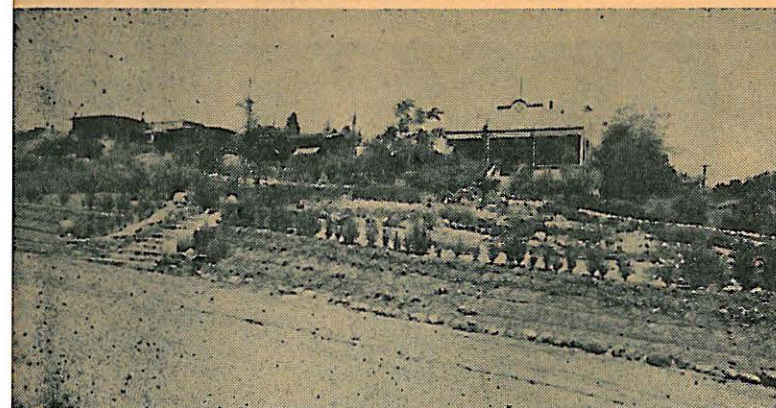

Full informatoin is available from Dr. Lemus, foreign language department, San Diego State, San Diego 15.

W. D. Hall Company Reopens Doors

The W. D. Hall Company in El Cajon reopened their doors for business after having been closed several days for the taking of inventory.

The Hall family had sold the establishment to Mollway-Hall Corporation last February. The Corporation operated the store until the latter part of December when the doors were closed for the inventory.

The Hall family purchased back from the Corporation the business and have reopened their doors to be managed by Grant Hall, the youngest son of W. D. Hall who founded the firm in 1897.

ECHOES OF THE PAST

WHAT PICTURE IS THIS?

Do you remember this place? We hear that it was once a busy hospital here, but few people know any details about it. If you know even one or two points of fact, please write in to the Echo and tell us, so that with the help of many we may piece together the story of this place. Where was it? Who started it? What remains of it now? Have you any other picture of the same institution? Share what you know with Echo readers.

* * *

Of the OLD MEN'S CAMP picture published last week Mr. Beard of Victoria Hill phoned in to say that he thought it was a camp for road workers who helped to construct the "new" highway, now Arnold Way, about 1921. He said a man by the name of H. H. Peterson was the road contractor-engineer who had charge of the job. Any further leads?

Sights & Sounds Of Our Town

BY BETTY ISAACS

Put a couple of good thinking heads together and chances are something good and constructive will emerge. That's exactly what happened a few weeks ago when Superintendent Paul Clay and Principal Leo Ryan of the Alpine School sat down together in an attempt to see what they could come up with to further help the child of our town. The "kids" this time being those of junior high and high school age, needless to say, the very ones who most need to know someone cares.

So on with the idea that emerged—with an almost empty, but perfectly good Youth Center building and plenty of children to make good use of it, why not try once again (for some reason, programs of this type have failed several times in the past), this time with a few changes in the setup.

No time was lost in presenting the idea to Brigie Allen, President of the Youth Center. The first change being to hire a male teacher as director with two or three other interested teachers acting as assistants, men who would and could understand the boys and girls and any certain problems that might arise and also men in a position to know just what would entertain these boys and girls.

Brigie, who has always had the best interests of children at heart naturally liked the new approach and brought it to the attention of the Youth Center Board members. They too were very receptive and gave the go ahead—this being less than three weeks ago. Mr. Cliff Owen was appointed as director with other teachers, Bob Gastin, Bill Ossana and Chester Gibson appointed as supervisors of training in the particular skills and activities involved. (These paying positions being supported by the United Fund charity).

And so now the Youth Center organization and the school are united in providing much needed educational and recreational activities for our children—high school students on Wednesday evening and junior high on Thursday. According to Mr. Ryan, this could very well develop into a year-round program. With a record player for dancing, games and a soda and candy bar already in use, future

Emergency Phone Repair Service

The Jan. 14 lightning storm "gave the Pacific Telephone Company fits" according to Mr. Proctor Newhan, plant service foreman of the El Cajon repair facilities, 8865 Cuyamaca St., Santee.

Rain, snow, sleet, ice and wind take their toll, but "it is the lightning damage that is the greatest menace to customer service," said Mr. Newhan.

In the El Cajon exchange, there were approximately 150 lines knocked out. Fifteen repairmen worked 15-hour shifts for three days, righting the damage. El Cajon district covers repairs on an area roughly 10 miles wide and 60 miles long. It extends east to Jacumba, bordered on the west by Grossmont, Fletcher Hills and Calavo Gardens. North to and including Santee, the area includes communities of Alpine, Pine Valley, Campo, Dehesa, Guatay, Descanso, Harbison Canyon, Ramona and Julian.

For customers affected last week by a delay in service, it is satisfying to understand the effort put forth by crews of cable splicers and repairmen.

Newhan explained that a cable contains from 50 to 2100 pairs of wires each. A drenching by the first rain or two, reveals trouble spots caused by damaged and sun dried cables.

Seldom does the average customer realize an inconvenience then, due to the diligence of their repair department. Only when there is a real crisis is the importance of the service dramatically stressed.

A Santee and a Lakeside cable, damaged by the lightning, were repaired the day following the storm. Two cables, burned in the Wintergardens area affected 30 lines. In downtown El Cajon, rain seeped into holes bored previously

DATES SET FOR EL CAJON RODEO

George Hurst, president of the El Cajon Jr. Chamber of Commerce, today announced Saturday and Sunday, March 28 and 29, official dates for the 1964 benefit rodeo and parade.

In addition to bronc busting, calf roping, steer wrestling and bull riding the championship rodeo at Gillespie Field in El Cajon will boast two specialty acts, Juakin Sanchez of Bakersfield will stage his world-famous comedy bull-fight plus acts with trained dogs and Albert Ostermeier, advisor and trainer for production of Walt Disney's "Miracle of the White Stallions," will perform with his own white stallion from Vienna's renowned Spanish Riding Academy.

Entrants in the exciting rodeo action should read like the rodeo hall of fame—names like Pete Crump and Walt Linderman.

This is the third annual J. C. benefit rodeo and the only RCA approved rodeo presently scheduled for San Diego County in 1964.

Afternoon and evening performances will be held Saturday, Mar. 27, at 1:30 p.m. and 7 p.m. There will be an afternoon performance only on Sunday, Mar. 29, at 2 p.m. The big parade will precede the Saturday performance.

Admission will be \$2.50 for adults and \$1.25 for children.

Injunction Denied On Rumford Act

A Superior Court judge in Sacramento denied a request for an injunction to stop the circulation of petition requesting a vote by the people on a constitutional amendment that would nullify the existing California law against racial discrimination in housing, commonly called the Rumford Act.

A group of citizens had presented the petition to the Court requesting the injunction based partly on the grounds that the initiative was unconstitutional and that it would be a waste of tax money to process the petitions and hold an election. The judge, however, ruled that the petition was constitutional which permits the sponsors for the petition to proceed with its circulation in an effort to obtain the required number of signatures.

CAMPO

By FAY FARRIS

Mr. and Mrs. Wm. Abernathy, Helen Pate, and a few other friends flew in Mr. Abernathy's large plane on Friday of last week to Prescott, Arizona, to attend the funeral of a long standing friend, J. P. Rockfellow, who passed away on Tuesday, Jan. 14. They returned the same day.

* * *

D. Forest Smith passed away on Jan. 14 also. He and his wife Jessie have been living in a trailer home at Ridgecrest Trailer Park in El Cajon Valley for some time, but are well known in the Campo area they they formerly owned the property now occupied by Pete and Helen Cooper on Buckman Springs Road. When there they raised fruit and vegetables for commercial purposes. Mr. Smith was born in Missouri and was a resident of the county of San Diego for 34 years. A son Billy and a daughter, Mrs. Anna Underwood, both of San Diego, survive. Services were held last Thursday at the Greenwood Mortuary, and burial was in the Greenwood Mausoleum.

* * *

The first party of the Lake Morena Combo Club in the new year was held on Wednesday of last week at the home of Gertrude Haskell. Present were Gwen Leach, Helen Smyth, Helen Pate, Dell Nielsen, Phoebe Thompson, Ardelle Craft, Fay Farris and the hostess. This was also a special party with refreshments to celebrate the birthday of Helen Smyth. She was presented with a gift of silver.

* * *

The liquid embroidery class met as usual on the third Thursday of the month at the home of Mrs. Alden M. Farris in Lake Morena. Phoebe Thompson was hostess. Some of the ladies do not care about the painting, and bring their knitting or other handwork, and they all seem to enjoy getting together on these occasions.

Grossmont Teacher Receives Honor

Cdrtis Fauth, Grossmont High School mathematics teacher and department head, was named Outstanding Young Educator of the year by the San Diego Chamber of Commerce on January 16. Ceremonies took place at a dinner in the Catamaran, and Mr. Fauth's wife, Zelda, was also present.

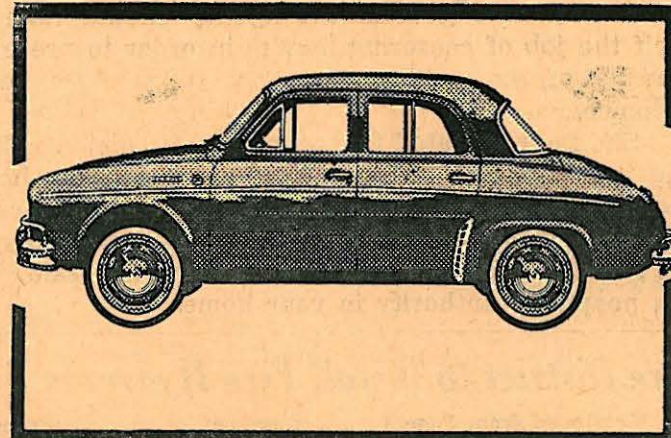

Mr. Fauth, a native of Emery, South Dakota, took his undergraduate training at South Dakota State and at Bethel College in St. Paul, Minn., where he earned the bachelor of arts degree. He then earned the bachelor of science degree at the University of Minnesota and taught for two years at Cokato, Minn. One summer on a National Science Foundation academic year grant, he came to San Diego State where he earned the master of arts degree and decided to accept the Grossmont District's offer of a contract. John Murphy, of the Grossmont math department says, "During his first year here, Mr. Fauth led 170 freshmen and juniors through experimental courses in algebra and intermediate mathematics that had just been developed by writing teams of the School Mathematics Study Group. His students stand out. They know a good many mathematical facts and how they fit into the structure of mathematics. Their attitude toward mathematics is one of pleasant anticipation. They like what they have learned and want to learn more."

Mr. Fauth, much interested in school affairs, is faculty advisor to the Grossmont chapter of the California Scholarship Federation, was advisor to the Class of '62 and is the same for the Class of '66. He is vice president of the Grossmont Teachers Association and chairman of the Intra-District Mathematics Team. In the summers of 1962 and 1963, he worked at Naval Electronics Laboratory, first in Operation Research and then in the Computer Center.

Mr. Fauth, who gave up a career in the ministry to become a teacher

Want to have fun?

If you want to have some fun, come in and touch and go. That's all you have to do with Renault's pushbutton automatic transmission. It's the first low priced fully automatic drive offered in this country by a major import car in the economy price range. Renault's new automatic transmission shifts the standard transmission electronically. This eliminates the clutch pedal and gear shift lever, but unlike most cars with automatic transmission, causes no loss of economy or power. You still get up to 40 miles per gallon. That's the gas mileage Renaults are famous for. Test drive a Renault with pushbutton automatic transmission. It's fun! All you do is touch and go.

LET US PRAY

Great to do about prayers in schools all over the country. So great that it even brought about a Supreme Court of the United States decision saying in effect that the provision in the Constitution of the United States guaranteeing freedom of religion did not permit the teaching of religion or of prayers in the public school system in the United States.

So up spring all sorts of gimmicks and subterfuges attempting to get a toehold into religion and prayers in our public schools.

This isn't something that's happening a long way off maybe East of the Mississippi, but is happening right close to home. In the La Mesa-Spring Valley school system the Board of Directors are divided between two of the Trustees who want prayers in school under any sort of a justification, Oh, Lord!, and three of the Trustees who seem agreeable to complying with the provisions of the Constitution and the Supreme Court decision.

Also, along comes a woman, Mary Ellen Barr of Santa Clara, California, who is quoted in the column, California Speaks, in this issue, as saying, "Not teaching children the Ten Commandments in school is denying them their lawful right. We send them into the world completely ignorant of morality."

The only justification which we can see for the viewpoint of those who want prayers and religion taught in school, and the philosophy of Mary Ellen Barr, is that the churches and Sunday schools have completely fallen down on their jobs and that the home is no place for children to be raised. The children should be sent to a State school institution strictly supervised and dedicated as one of its principals to cramming religion down the throats of its subjects.

This whole thing reminds us of an editorial written by a student reporter for a Junior College publication who had attended a PTA meeting for the purpose of reporting the meeting. She reported in her editorial that the entire meeting was taken up very seriously discussing the proposition that some government agency should take upon itself the job of censoring movies in order to prevent the showing of movies that were not suitable for juvenile audiences.

She further stated that when the discussion indicated that in the opinion of the parents and teachers who were present that not only were the Governmental agencies the only ones capable of doing this, but that it was their duty, she arose and asked permission to speak and said, "Have you people no authority in your homes?"

Fire District to Install Fire Hydrants

Continued from Page 1

Motor Parts. The other three hydrants which have been authorized are to be located as follows: one in front of the Woman's Club at Highway 80 and West Victoria Drive, another on the south side of Highway 80 at the Louie Landt building, and the third on the south side of Highway 80 in front of the Dwyer property near the Melody Courts.

The Commissioners have made a request to the Navy for the purchase of used fire hydrants that have been removed from abandoned Navy housing projects. No answer has been received. The Commissioners instructed Commissioner Palmer to communicate with the Navy to find out whether such fire hydrants are available.

The Treasurer reported that the District had on hand in its treasury the sum of \$18,070.

The Commissioners have made a change in the District burning regulations to be effective until further notice, probably in April

when all of the regulations will be revised. The changes are: first, that incinerator burning will be permitted before 7 a.m. and after 4 p.m. Second, that special permit burning will be allowed throughout the day except on days when, in the opinion of the Fire Marshal, it is unsafe. All special permit burning may be done only after having phoned the custodian, Robert Fey, 445-2343, stating that it is desired to burn, and obtain approval from him.

The filling of the unexpired term of former Commissioner Dick Robinson, who passed away recently, was discussed by the Commissioners who decided that they would adjourn last Monday night's meeting to next Monday night at which time they would endeavor to select the name of one or more persons to fill the position for submission to the Board of Supervisors who make the appointment. Mr. Robinson's term expires this year. The election to fill the position will be in April.

Intimate Glimpses

Continued from Page 1

tried to sell her a set of antique dishes to put in the old cabinet. A little dazed, for she had been asleep, the advertiser explained that she was trying to sell the cabinet, not fill it. The caller knew that, she said, but if our friend could only see the lovely Unionware she was offering she would change her mind and keep the china cabinet and display these dishes for all to admire. "Why don't you buy the cabinet and display your dishes yourself?" Our friend asked. Oh, said the caller, she already had a gorgeous cabinet stuffed with priceless dishes she had purchased from the Salvation Army and Goodwill. That conversation was hard to terminate as well as make sense, but the laugh was worth the price of the ad.

★ ★ ★

Another local resident had a relaxicizer which, failing of its ecstatic promises, was offered in the proper classified column, for trade for a lawnmower. Calls came from eager ladies all over the county who longed to possess the magic reducing machine. Our advertiser was offered in trade, a goat, an incubator, an unused wedding dress, a set of books on ancient Greece, an electric range, and a windmill, but no lawnmower. At last she decided to take the swap of the stove and try to trade it for a lawnmower. Once more she ran a small ad. This time she was offered a sewing machine, a hand-made quilt, a week-end in Ensenada, and an accordion, but still no lawnmower. Finally came an answer from a boy who owned a lawnmower, but he wanted to mow her lawn for her at a fair price. So she hired him. "I had some very interesting conversations," she said happily, "and really it worked out for the best. I traded my gas range to the mother of the boy who mows my lawn and I had the electric range, which I find I like much better, put in my kitchen." All that for the price of a two-line ad.

★ ★ ★

They tell about our bachelor uncle Walter back in Missouri who advertised for a used cream separator, and when he went to get it over in the next townsite, he brought home a wife and a mother-in-law and a setting of duck eggs as well. That year he had the prize-winning ducks at the County Fair. Cousin Ellie back in Oklahoma says she never dreamed of becoming an artist, till one day she answered an ad in the paper offering miscellaneous furniture for sale. All she wanted was an old comfortable rocker for the front porch. But the people were leaving town and they threw in an unused course in fine art by mail, and Cousin Ellie couldn't bear to see it go to waste. I was just wondering—maybe I'll advertise that old dresser I don't need.

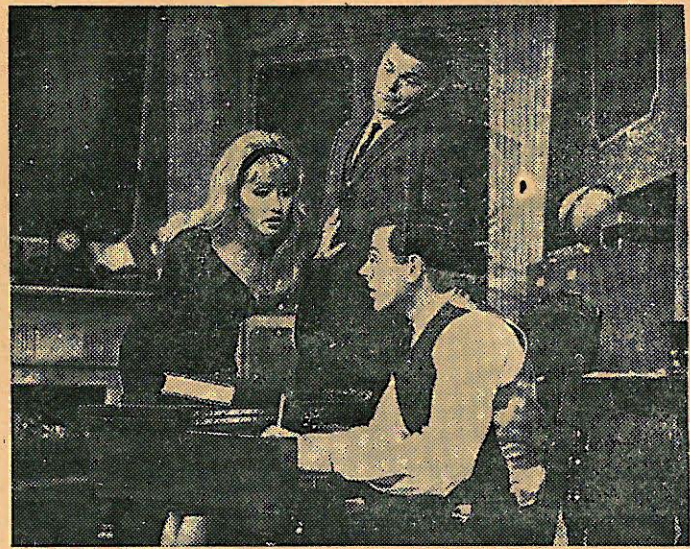

CALIFORNIA SPEAKS

MRS. SYDNEY PLOTTEL, Burlingame—"Perhaps there would be hope for permanent peace if all the world would build bridges instead of walls."

MARY ELLEN BARR, Santa Clara—"Not teaching children the Ten Commandments in school is denying them their lawful right. We send them into the world completely ignorant of morality."

C. WARING, L.A.—"As long as we can pick up our paper and read opposing views we know our country is free."

OTTO H. BEHRNS, Oakland, on foreign aid—"When a businessman finds that his customer does not pay his bills, he ceases to extend credit to that particular customer. Not so Uncle Sam."

Accused murderer Janice Fuller bewilders investigator Keith Richard while she asks clerk Phil Smith to repeat a complicated question during a scene from "A Shot in the Dark," the French mystery comedy currently playing on stage at the Old Globe Theatre, Balboa Park nightly except Monday at 8:30 p.m. A single matinee is scheduled Sunday, January 26 at 2:30 p.m.

MATINEE AT THE OLD GLOBE

One Sunday matinee performance of "A Shot in the Dark" has been scheduled for January 26 at 2:30 p.m. These afternoon shows are regularly offered at the Old Globe Theatre to aid persons unable to attend evening performances. Reduced priced tickets are available to

Fire Chief

Continued from Page 1

this line.

In the entire history of the Crest Volunteers, there has never been a call not answered promptly. "Lady, that's a wonderful sight," said a telephone lineman one day, as he witnessed, from his high vantage, the sight of volunteers rushing to heed the alarm. "Men came out of nowhere and boys appeared from everywhere it seemed."

The spontaneous appearance was no mere phenomena of chance. The operational success, which boasts no major fire disasters, no great injuries to firemen, and no failure in emergency aid, can be credited to diligent fire prevention program, instigated and headed by George Behrens.

Behrens, for seven years, has held a Wednesday training night for the Junior Firemen group which he promoted. It is one of his proudest achievements. "I'll match anyone to show me a better crew of junior firemen," he said. These young men from 15 to 18 years of age, have worked hard carrying out necessary clearances of hazardous brush, doing practice burning. The training received has enabled some of these boys to progress into coveted forestry jobs and worthwhile careers as firemen.

Between times the juniors keep constantly busy, maintaining and polishing the fire trucks and keeping hoses and equipment ready for momentary service.

Other achievements credited to Behrens' years as chief are two GMC radio-equipped fire trucks, a resuscitator acquired in 1955, and the enactment of a no-shooting ordinance. The current project is the renovation of a needed rescue unit.

Though Behrens works as a welder at National Steel and Shipbuilding, his hours "at home" have been filled with constant preventive patrols. Spotting potential trouble areas, especially during the peak fire season, may have at times earned a reputation as "an mean old man," his wife said jokingly. But many recipients of warning will attest "conversion as believer" and readily offer their gratitude to the vigilance of their former chief. Holidays such as Halloween and the Fourth of July meant a virtual 24-hour patrol duty.

Until one and a half years ago, a direct line from the station, channeled calls to the Behrens' home, necessitating the hiring of a "baby-sitter for the siren," if a shopping

the matinee of this mystery comedy which is pleasing audiences at each performance.

Evening performances will continue nightly except Monday through Feb. 2. Director Wm. Roesch emphasizes that this play "A Shot in the Dark" is adult entertainment and not suitable for children.

Mothers March Tuesday, Jan. 28

More than 12,000 volunteers, led by Marilyn Mitchell who is Mrs. America, will visit San Diego County homes Tuesday on behalf of the March of Dimes.

The event is known nationally as the Mothers March; the term, however, Mrs. Mitchell points out, is misleading because dads, daughters and other members of the family frequently join in the activity.

Most of the visitations will be made between 4 and 9 p.m. and all marchers will be properly identified with marchers kits and credentials, Mrs. Mitchell said.

The goal of Mrs. America is top last year's effort which amounted to more than \$75,000.

March of Dimes funds are now being used to research the causes of birth defects and arthritis, to provide medical assistance at 75 treatment centers throughout the country and to care for the forgotten thousands who were stricken with polio before Dr. Jonas Salk developed his vaccine under a March of Dimes grant.

trip were planned.

Already planning numerous short trips, some fishing and hunting, the man who has served as a commissioner on the Board of the Crest Fire District, held unofficial jobs as mayor and police chief, now embarks on a new career.

This one, bestowed by a loving wife, just may fill some spare hours. May we offer our best wishes to our former chief as he begins what Evelyn calls his "honey-do" (this and that) vacation.

CARD OF THANKS

It is with a heart full of gratitude that I wish to express my appreciation for all of the kindness and hospitality which was extended to me following the death of my husband. I wish also to extend a special thanks to the Alpine Fire Department for their efforts and their aid.

Jo Robinson

Past Presidents To be Honored

The Alpine Woman's Club will honor all Past-Presidents at their next meeting to be held on Tuesday, January 28.

There are now 22 Past-Presidents living and still members of the Club, several of whom have served more than once since the Club's inception. Mrs. Harold Flegal, who was President in 1917 and 1918, is the only living charter member of the Club.

The Club was organized in 1914, then being called the Alpine Booster Club and later changed to Monte Viejas Club. In 1927, it became known as the Alpine Woman's Club when it was affiliated with the county. In 1945, the Club affiliated with the California Federation of Women Clubs.

Luncheon will be served at 12 noon, preceeding the regular meeting. The hostesses will be Mes. H. H. Latham and L. E. Peterson in charge, assisted by Mes. W. M. Coppack, Paul Clay, R. M. Hollett, Hollis Mancil, Daniel Westfall and A. R. Wotring. President, Mrs. H. H. Johnson, will conduct a short business session following the luncheon.

Mrs. Rowena Masur from the Patricia Stevens Career College of San Diego will be the guest speaker. Her subject will be Ideal Ladies, and will cover skin care, make-up and wardrobe. She will give a demonstration in visual poise and will ask the audience to participate in exercises on correct posture.

ALPINE

By DEBBIE MARSHALL

Three members of the Alpine Champions 4-H Club joined with members of the El Cajon 4-H Club on a field trip last Sunday to Chino where they visited Dr. Huff's sheep ranch. Dr. Huff raises pure-bred Southdown sheep on his 30-acre ranch. Tina Zeigler, Kathy Blankenship and Lyn Blankenship were the Alpine girls who made the trip.

Mr. and Mrs. Walter Compton, of the Alpine Villa on Tavern Road, are the proud parents of a baby girl born last Sunday night. The birth was earlier than expected, and Mr. Compton delivered the baby himself at their home. Both mother and baby are doing fine—father is still pretty shaken by his experiences.

Mr. and Mrs. Al Adams and Mr. and Mrs. Al Wickens were the guest of Mr. Hal Rakowski at the Lakeside Chamber of Commerce Annual Installation Dinner last Saturday night. Mr. Rakowski was the out-going president of the Chamber and is the chairman of the Board of Directors of the Rio San Diego MWD.

Four members of the Civil Air Patrol, Squadron 129, of Alpine, participated at the Chamber of Commerce dinner last Saturday evening. Steve Foster, Gilda Naylor, Danny Pagel and Jackie Ralston presented the colors and led the group in the Pledge of Allegiance.

Mr. and Mrs. Auren Pierce of Palo Verde Ranch spent a recent long weekend at Palm Springs, where they enjoyed a lazy five days basking in the sun, playing golf, and getting a good rest. A highlight of their stay was a trip on the new tramway to the top of the mountains.

Mr. and Mrs. C. P. Vancil attended the installation ceremonies of officers for the ensuing year of the San Diego Barracks and Auxiliary No. 240 Veterans of W. W. I held in the War Memorial Building, Balboa Park, last Mon-

day evening. The guest speaker was Robert Schumack, National Commander of the Purple Heart Organization, here from Hazelton, Pennsylvania, with his Seeing-eye dog, a beautiful German Shepherd which he proudly introduced to the assembly as Shep. They are traveling throughout the United States visiting various Veterans Posts.

CREST

By ROSEMARIE RAIFSNIDER

As one of the 1,826 (1960 census figures) contented residents of Crest Mountain, I claim a community spirit and hometown pride to match our beautiful scenery.

This is one of the reasons why I am pleased to see our "little corner on the world" join the reading family of the Alpine Echo. "Newspapers make a Big Difference in Peoples Lives," a topical slogan says. Therefore my "hill-top" friends and neighbors can now look forward to an increased awareness of Crest activities through the successfully experienced facilities and staff of the growing Alpine Echo.

A quote from the statement of policy printed in an editorial of Vol. 1, Issue 1, of the Echo, dated Oct. 10, 1958, sums up another god reason for Crest's new affiliation. "We want to be on 'Good Neighbor' terms with our surrounding communities."

To be included in this shared weekly roundup of news is not merely a pleasure to be looked forward to, but a binding strength in area progression. Increased knowledge and stimulation through greater news media can only add to our already thriving and spirited community, and of course, our surrounding "good neighbor" communities.

Crest Fire Department announces the appointment of a new Fire Chief this week. He is Roger Dutton, who lives at 900 Mountain View Road with his wife Donna and their four children, Shelly, 10, Mike, 8, Debra, 3, and Danny, 2. Dutton hopes he can do as good a job for Crest people as his friend George Behrens has done over the past ten years. We will miss Chief Behrens, but offer our support and congratulations to the new chief.

The Crest Fire Department wishes again to remind folks of the Red Cross First Aid course it is sponsoring. The third scheduled class, open to the public, will be at 7 p.m., Feb. 7, in Room 6 of Crest School. Knowledge in life saving techniques may mean the difference between sorrow or rejoicing. So let's not just hope for a good turnout. Let's turn out and insure a safer 1964 for Crest families.

"Laws for Youth" was the topic of the guest speaker at the Jan. 16 PTA meeting at Crest School. Deputy Jack Everetts, of the Juvenile Division of the San Diego County Sheriff's Department, had worthy suggestions for both parents and youth on this important subject.

An election of the nominating committee for the 1964-65 PTA officers was held also at this meeting. Nominees were Mr. Evan R. Cramer, principal of Crest Elementary School; Mr. Phillip Sanford, Mes. Dorothy Miller, Mari-

lyn Austin, Pauline Jensen and alternate, Mrs. Theresa Huot.

Mrs. Betty Keavney, president of Crest PTA, attending a meeting of the new photography club recently formed for area high school students at the Greenfield High School. The Keavneys joined in the forming of a parents group that evening, which hopes to offer encouragement and supportive aid to these young photography enthusiasts. The students need new supplies and equipment. Mr. William Baures, teacher from Greenfield Jr. High heads the club. Interested applicants may obtain more information by calling Greenfield High.

Mr. and Mrs. Wendell Dutcher, of the Suncrest Market became the grandparents of John Frances, born Jan. 6 to their daughter Adella and her husband, Gerald Martin, who live in Sacramento. Congratulations on your 11th grandchild Mr. and Mrs. Dutcher.

May we extend a welcome to some new homeowners on the hill. To Mr. and Mrs. Andy Bowen who purchased the Louis Anderson home at 222 North Lane and to John Saetti who recently moved into his new home, formerly owned by Mrs. Phillip MacPherson, at 309 Estronino Lane.

Crest Youth Fellowship of Crest Community Church are having a \$1 car wash and bake sale Saturday from 10 a.m., at Coyle's Flying "A" Service, 128 La Cresta Road. Last month this ambitious organization cleared \$32 toward their goal for a second hand bus to be used for church youth activities. Free coffee will be served to waiting customers.

Dr. and Mrs. Stanley Kubick report a wonderful time had on their recent bus trip through the entire southern United States. They returned Jan. 7 from this three week tour which was highlighted by a Christmas reunion with a cousin at a Methodist Retirement home in Charlotte, No. Carolina. The splendor of Miami Beach, the fabulous changes in Key West, Florida, a stay in New Orleans, and heavy snows along the scenic route added to this memorable vacation, reports Mrs. Kubick.

DEERHORN VALLEY

By ROY WALLIN

A belated "farewell" to Rose and John Knapik and their family who have moved to the South Bay aread from the Casa del Alma ranch in Deerhorn Valley.

A dismal and rainy weekend was brightened by the presence of Kate and Bob Stephonovich who were house - guesting at Crow - Vallee Ranch with Connie and Mike Crowley.

Memories of the Deerhorn of six or seven years ago were brought to mind with a visitation of Sally and Bill Grogan, and their friends, to our community last Saturday. As you may or may not remember, Sally was the first president of the Deerhorn Valley Civic Club. It was good to see both of you, all our best wishes.

A warm welcome from all of us on the hill to our new neighbors, Edith and Al Hood. The Hoods formerly resided in Spring Valley prior to moving to their new residence at Sami and Hugh Arledge's Happy Day Ranch. Al Hood is the owner of A. E. Hood and Associates, and he and his wife formerly owned and operated the landscape and nursery supply center next to the El Corral Cafe at the junction of Highway 94 and Steel Canyon Road.

Dulzura - Barrett Junction

By La VERNE POWELL

Therin Eaton was in the hospital for a short stay, and we're all glad to have him home again.

On January 17, Curtis Lee Childers took Mary Louise Baldwin of Campo as his bride. The wedding took place at the First Christian Church of El Cajon, and was attended by members of both families. A reception was held at the home of the groom's brother.

"Sir" Red was trying to absorb some culture when he and "Lady" Holcomb attended an operetta at State College, but it seemed the "culture" didn't rub off enough on "Sir" Red for he didn't remember the name of the operetta.

It seems that I, as a writer for the Alpine Echo and as an ex-Missourian, have received an award in the form of an old flatiron for my contributions. The Gurlings have enjoyed the Alpine Echo tremendously in encouraging the news of the back country. When I received this "award," my son asked me, "Mommie, was this the kind of things they used in the good old days?" Having used an old flatiron in the sultry heat of a midsummer Missouri day (of about 118 degrees), I said, "Yes, son, this is what your dear old mother used in the good old days."

DEHESA

By KATHRYN HEINZ

The Sycuan 4-H Club met Thursday night at the Harbison Canyon Community Hall, with thirty nine members and project leaders in attendance. A Dairy demonstration was given by Kathy Vockrodt and Billy Hamilton with Billy's Dairy Calf as the live model. Haltering, tips on grooming and the proper showing of dairy stock was discussed.

The sewing group announced that a slumber party will be held within thirty days and the attendance requirement will be that the member has made her own pajamas. Time and place will be announced later.

The cooking group announced plans for a formal luncheon to be held. Each member will bring a covered dish that they have prepared and will be informal dress for the occasion.

Caps and ties are on order and may be obtained from the club secretary upon their arrival.

Mr. and Mrs. Wayne Brown are attending the Organic Gardening class that is being held at the El Cajon High School on Tuesday nights.

Lynn Thorpe and Kathy Niemer are new members of the Sycuan 4-H Club.

Mr. and Mrs. Andrew Neumann will hold a Sycuan 4-H Horse

Activity meeting at their home Friday evening. Horse manners, showing and grooming are on the evenings agenda.

Ray (Butch) Harvey is working at Karl's Shoe Store in El Cajon for thirty days while Bob Neal is visiting in Boyington, Oklahoma. Both boys are Sycuan 4-H members.

Kathy Ward was ill last week with the flu.

Mrs. Loren Howard has returned home from an eleven day stay in Heartland Hospital.

Susie Fields underwent emergency surgery Thursday for a ruptured appendix. She returned home Sunday and is recovering satisfactorily.

Mrs. Leroy Potter returned home Sunday from Paradise Hills Hospital where she has been a surgical patient. Recovery is slow but satisfactory.

Billy Hamilton of the Sycuan 4-H placed 1st in the Boot Race at the Sunnyside Hrse Show Saturday.

Wilma Thompson was selected as Junior Leader of the Sycuan 4-H Entomology Group. An outing for Project Study is planned for February.

El Tift is a surgical patient in Grossmont Hospital. His condition is reported as good.

The Dehesa School Mothers Club will hold a fund raising Stanley Party Feb. 11 at 7 p.m. A prize will be given for the largest outside order turned in. Door prizes will also be given, and refreshments will be served.

The fund raising event is to raise monies to send the 6th and 8th grade pupils to Camp Marston. The School Mothers Club pays a portion of each child's expenses each year so more children can participate in attending camp. Your correspondent's son attended Camp Marston last fall and his week's stay will stand out as one of the most enjoyable events of his school years. He and two of his classmates were occupants of the

 er, is active in College Park Baptist Church where he directed the choir for three years, is advisor to the college-age group, chairman of the music committee, member of several singing groups, and Sunday School superintendent for the ninth grade.

Dr. John T. Warburton, assistant superintendent in charge of instruction, says about Mr. Fauth, "... he has the natural ability to inspire in students the desire to do the very best of which they are capable."

Walter Barnett, Grossmont principal, said in nominating Mr. Fauth, "I recommend this young gentleman without reservation for your consideration as San Diego's Outstanding Young Educator of the Year."

Mr. Fauth, in speaking of the honor, said, "I am overwhelmed and most appreciative. I can take no credit. I am grateful for my opportunities, for Divine guidance, and most of all for the blessing of being able to work with these young people."

The Fauths live at 6324 Arms Lake Avenue, San Diego. Mrs. Fauth, an ex-Minnesotan, is a registered nurse. Their four children are Denise, seven; Daniel, six; David, two, and Douglas, almost one.

San Diego May Operate Busses

The City Council of the City of San Diego has instructed City Manager, Tom Fletcher, to investigate the possibility of the city acquiring and operating the bus system which now has the franchise for operating busses within the metropolitan area of San Diego.

Manager Fletcher states that he will have a report prepared by today.

JAMUL

Continued from Page 2
 her kindergarten class of 21 on a field trip to the Jamul post office, Tuesday, Jan. 14. In preparation for the project she had composed and printed a short simple letter on the board for the children to copy. As their school bus arrived at the post office, Mrs. Elaine Metivier, the postmistress, came out and introduced herself to the group, and then showed them through the post office. They learned how incoming and outgoing mail is handled, and each child cancelled the letter he had written and put it in his parent's box. Mrs. Metivier in a brief talk stressed post office safety measures, particularly cautioning against tampering with mail. She issued to each of her little guests a Junior Postal Service Membership Card signed by her. One side of the card lists seven points of instruction which will help them as future users of the mails.

George and Evelyn Parrott's offspring are recovering from poison oak. Bob had a very severe case, and George Jr. and Mary Ann are still itching.

A meeting of the Jamul 4-H Light Horse Activity Club was held at 4, January 16, at Mrs. West's home. Mrs. Holcomb of Dulzura, and Mrs. Kistrup and Mrs. Welker of Jamul were among those present. The 20 members present took part in a question-and-answer period. The leader, Mrs. Kistrup, told them instruction at future meetings would be given on backing and tying a horse. Until July, the end of the present session, 4-H meetings will be held at 7:30, the second Thursday of each month. However, the next meeting will be held on the second Thursday, Feb. 13, at the Community Club-house, but at an earlier hour, at 6 o'clock. It will feature a Nickel-A-Dip Supper. All are urged to attend, because there will also be initiation of several new members. The Jamul 4-H, of which the Light Horse Activity is a part, has 50 active members.

The Salvation Army aids prisoners and their families at Christmas time and during the rest of the year as well.

HORSES! HORSES! HORSES!

Continued from Page 2
 This was the second year this young mare has been honored by the Professional Horsemen. She was the Reserve Champion in 1962.
 ☆ ☆ ☆
 Jerry Evans, as the new co-owner with Willow Glen Farm of the mare, R. H. Blue Bonnett, accepted the trophy for Reserve Champion Appaloosa. Jerry has ridden Blue Bonnett to many top wins during the past three years in both Western and English pleasure.

The trophies given at these award dinners are something to behold. A total of 94 Champion and Reserve Champion awards were made for 1963, and the display of 94 silver trophies in quite dazzling.
 ☆ ☆ ☆

I was interested in learning that the San Diego Chapter of this association is Number One in California. This didn't surprise me too greatly as it is well known that San Diego County leads the horse industry in many respects. Many of the best riders, many of the best horses, and many of the best trainers.

Mary Susan Brotherton of El Cajon, who is known to Alpiners for her participation in the Alpine Viejas Days show, rode her fine Quarter mare, Camelot Mint, to a Reserve Western Pleasure horse honor with the American Horse Shows Association. This is a nationwide award, and a very coveted honor. Camelot Mint was shown in only five-point shows during 1963, which makes her Reserve win even more outstanding. This pair is just hard to beat as many other exhibitors will testify.

These rains we are having are certainly needed, I know. But they sure are rough on horse activities. The mud in the corrals gets pretty rough, and I feel so sorry for the horses. However, after watching them stand out in the rain when they could be under a shelter, I have had to come to the conclusion that they like it.
 ☆ ☆ ☆

We are expecting 12 foals here at Willow Glen Farm this spring, with the first one due on February 4, followed by four more in the same week. We have a pool started on the foals, with the "guess" being whether it is a colt or a filly and whether it is born with obvious Appaloosa coloring or solid-colored. This pool is getting to be an annual thing and very much enjoyed by all participants. The final decision as to the winner

cannot be made until the last foal is born, and the suspense builds up over the three-month period. Last year Cleo Wallan was the winner of the pot, and other participants have ruled that this year she is not allowed to talk to the mares before making her choices. If anyone is interested in getting into this pool, it is wide open. Just stop by before the 1st of February and take a guess.

Mother's Children

Continued from Page 2
 1 cup cornstarch which has been mixed with ½ cup cold water. Stir quickly. Mixture should be consistency of stiff dough. Add food color and get busy with your modeling. Do let your children model also. This would be a good time for mommy to make that pan of fudge so appropriate as a bribe to maintain "play dough" peace.

Games are a part of rainy days and perhaps Santa left an inspiring selection at your home. Some games require merely pencil and paper however. Remember the old standby "Hangman?" This is a good vocabulary builder. Another help in the spelling department is to dispatch one large word to each school-aged child. This forms good contest material as each tries to make the longest list of smaller words. Tick-tack-toe is most fun when played on a blackboard for easy erasing and quick new beginnings.

A good ring toss game, if you have no ring toss set is to turn a chair upside down and throw a rubber mason ring over a leg. One game which tempts a mother to join in, is the old "Hide the Thimble." "You're getting warm." and "look out, you'll get burned," still beckon to me and I am tempted to turn back the clock and phone my brother to drive up and play with us. On second thought, he might bring his four children. Perhaps some other day when it is warm and sunny, we'll solicit company. Meanwhile, "Button, button, who's got the button" can also touch a tender note.

Rainy days may have drawbacks, but I am secretly looking forward to the next one. We forgot to pop corn last week. The smell of salty corn and it's cheery popping sound are bound to get me where I live. And on a rainy day, kids and all, we do live indoors.

While outside it's water, water, everywhere and excuse me, while I go check to see who's creating that storm in the bedroom.

ALPINE GARDENER

By JEAN McCULLOUGH

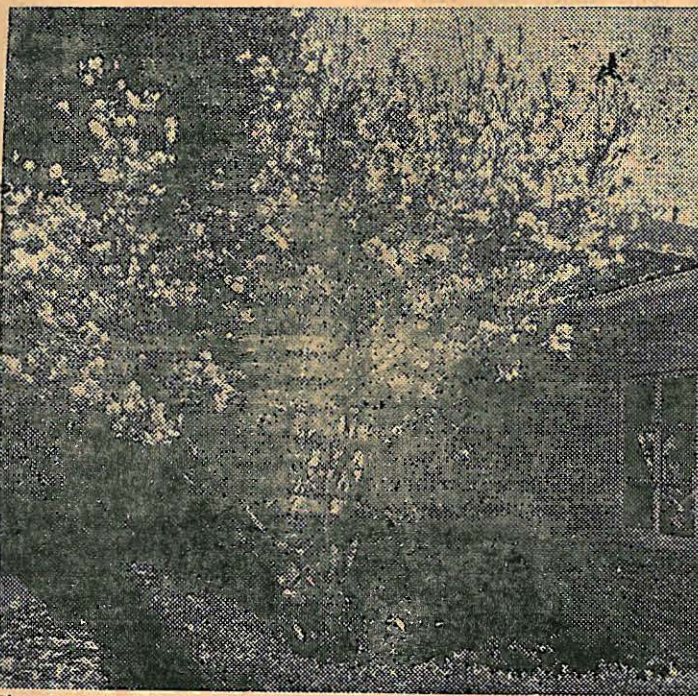

Photo Courtesy California Association of Nurserymen

While this is tree planting season why not go all out for beauty, shade and fruit? Up near the top of the list is certainly the Magnolia. These trees come in a range of sizes, large and small and in-between.

The Southern Magnolia can grow up to eighty feet, so give this giant lots of room. It has white blossoms, is evergreen, but slow growing. St. Mary's is of more moderate growth, up to thirty feet or so, and grows fairly rapidly. The Star and the Purple Lily magnolias, which are small trees or shrubs depending on how they are started, are deciduous. Blossoms coming before the foliage.

The Saucer magnolia pictured above is a beautiful shrub with huge cup-shaped blossoms of white and purple which also precede the foliage.

All Magnolias are very fragrant. Your nursery man may have others to show you. For sheer beauty, keep in mind the Grape myrtle which comes in a number of lovely shades. Also, the Jacaranda of the lovely lacy foliage and huge clusters of lavender-blue blossoms. This one is a little tender while young so give it some protection on cold nights and it will repay you.

As we think of fruit trees, we just naturally have a tendency to

Phone Repair

Continued from Page 3 by beetles.

Twenty lines and some radio stations were affected by lightning in Santee. The Crest area suffered from the loss of approximately 50 lines. Six men worked three full days around the clock, locating these cable breaks. The inaccessibility of mountain regions often causes unheralded delays.

The longest delay of last week's storm repairs, however, was in Japatul Valley, where 20 lines were out of use for five days. Workmen there, determined a bullet hole was the cause of trouble. The rain-soaked break was finally located in the Live Oaks Springs area between Pine Valley and Jambula.

think of lemon, orange, peach, apricot, etc., but believe it or not we have all been missing a wonderful bet. It's the Pyracantha shrub which most people have in their yards and is so easily grown. A neighbor presented me with a jar of the most delicious jelly which was made from pyracantha berries. The color is a lovely rosy color and the taste is out of this world. So owners of pyracantha berries run right out and harvest them before the birds clean them out and make yourselves some jelly the like of which you have never tasted.

GLOBETROTTERS IN 37TH YEAR

It was 37 years ago this month that Abe Saperstein came out of Chicago with an unknown and undistinguished Negro basketball team that he chose to call the Harlem Globetrotters for no particular reason.

Saperstein owned a dilapidated car which didn't always make it to the next town and his finances frequently made it impossible for him to provide three meals for his hungry cagers.

Times have changed. Now the hardwood funsters are world renowned, they circle the globe annually and they travel in style.

Sigma Delta Chi, professional journalism society, has booked them for two appearances against the Atlantic City Sea Gulls Feb. 5-6, at Cal Western's Golden Gym in Point Loma.

Proceeds from the two games will go into the Society's scholarship fund available to journalism students attending local colleges, Kenneth C. Riley, president, said.

Tickets are available by mail, Riley said. They are \$3.00 for adults, \$2.00 for children.

Requests should be directed to Sigma Delta Chi, Box 1923, La Jolla, Calif. or they can be purchased at the Globetrotter Box Office, 954 Third Ave., San Diego. A check and self-addressed stamped envelope must accompany each order.

COKE'S KITCHEN

A new recipe, which my family enjoyed this week, even though it made our house have the odor of Mrs. Dino's pizza parlor, is listed below.

During our days of crisp, coolish weather, a spot of chili beans often hits the spot and this particular recipe might be just the one you are looking for. We had it as a pot roast but all agreed it would be delicious served with chili beans.

Beets, unfortunately, are not a favorite vegetable in our household even though they are "good for you." Company beets disguised was quite tasty—hope you give them a try.

SAVORY SAUCE BEEF POT ROAST

- 1½ cups chopped onions
- 2 cloves chopped garlic
- 1½ cups catsup
- ½ cup water
- ¼ cup Worcestershire sauce
- ½ tsp. black pepper
- ¼ cup wine or cider vinegar
- 1½ tsp. salt
- 2 tsp. chili powder
- 2 tsp. brown sugar
- 1 tsp. garlic salt
- 2 tsp. dry mustard
- 1½ tsp. liquid smoke
- 4-5 pound cross ribs or 5 pound chuck roast

Mix all of the above ingredients together in a heavy saucepan or Dutch oven, except the meat. Take the roast, place it in the sauce, turning it several times so all sides are coated with the sauce mixture. Place over medium heat and bring sauce to a bubble. Reduce heat, cover tightly with a lid or foil and simmer gently over low heat for 3½ hours, until meat is fork tender. Turn the meat several times during cooking, adding a bit more water if needed to keep the sauce consistency medium thick. Remove from pan, slice and pour sauce over meat.

COMPANY BEETS WITH PINEAPPLE

- 2 tablespoons of brown sugar
 - 1 T cornstarch
 - ¼ tsp. salt
 - 1 9-oz. can (1 cup) pineapple tidbits
 - 1 T butter
 - 1 T lemon juice
 - 1 1-pound can (2 cups) sliced beets, drained
- Combine brown sugar, cornstarch and salt in saucepan. Stir in pineapple (with syrup). Cook, stirring constantly, until mixture thickens and bubbles. Add butter, lemon juice and beets. Heat thoroughly approximately 5-10 min.

Sights & Sounds

Continued from Page 3

plans include a pool table which is to be installed shortly plus possible field trips, basketball games and tennis in the summer months, to mention a few.

With some 35 children turning out for the first Thursday evening get-together last week and thoroughly enjoying themselves (they all stayed until 9:30) looks as if those two heads to begin with, plus the additional heads, hands and hearts have embarked upon a project whose only set-back in attaining the happiest of times in worthwhile surroundings for our future citizens would be a lack of cooperation from us as present citizens. Participation in Youth Center board meetings, contributing to the United Fund and perhaps as the whole thing gets bigger and better, giving the talents of our own heads, hands and hearts would be ways of insuring the continuing bright youthful sights and sounds of our town.

Hospital Proposed For San Diego

The U. S. Veterans Administration indicated in a report issued last year that a 1,040-bed veterans hospital would be located in San Diego. Rep. Lionel Van Deerlin states that he has received word from the Veterans Administration that the start of the construction of the hospital would be made in 1967. The location for the hospital has not been announced.

At the time last year when the Veterans Administration made the announcement of the location of the veterans hospital in San Diego County the Alpine Chamber of Commerce appointed a committee to make contact with the local representatives in Congress and officials of the Veterans Administration to present to them the advantages of locating such a hospital in the Alpine area.

Security Bank Declares Dividend

Security First National Bank's Board of Directors today, Jan. 14, voted to increase the bank's quarterly cash dividend to \$.45 per share from the recent \$.40 per share rate. This represents an increase of 12½%, making the annual rate \$1.80 a share as compared with the prior annual rate of \$1.60 per share. The Board indicated its intention to continue this new \$1.80 per share rate based on the present number of shares outstanding, as earnings justify.

The new dividend will be payable Feb. 5 to shareholders of record Jan. 21, according to Lloyd L. Austin, Chairman of the Board. The new dividend payment will make an annual total of \$13,680,000, compared with \$12,160,000 a year under the former rate.

Security First National Bank presently has 7,600,000 shares outstanding, which are held by more than 18,100 shareholders, nationally and internationally.

Security Bank reported net operating earnings for 1963 of \$28,592,667, or \$3.76 per share, an increase of 5.8% over 1962.

With total resources of \$4,503,356,964 and 3300 banking locations in Southern California, the bank is the seventh largest in the country and the second largest in number of branches.

cabin that was scored 11 which was the highest in camp history according to the head counselor. Children were taught soil erosion, fire prevention, and made extensive beetle studies and their effect on trees.

This column will notify you next week of the party so make your plans to attend.

DESCANSO

By PAT MARTIN

The snow storm and icy road conditions last week were the cause of numerous accidents, including several collisions on Highway 80 near Descanso Junction. The school bus had a narrow escape when it skidded on Highway 79, and turned completely around in the road. There was only one passenger on it at the time, and fortunately no one was injured.

Jimmy Essex and several friends escaped injury when his car turned over in Pine Valley during the snow.

A Percheron mare, owned by Mr. and Mrs. Don Perkins, was killed instantly during this same storm, when it was struck in the head by lightning.

The Altar Society honored Mrs. Dorothy Stoller and Mrs. Tink Dalen with a going-away party on January 16, at the home of Mrs. Bernice Reynolds. Mrs. Dalen was also surprised with a baby shower in her honor. Hostesses for the party were Mrs. Marguerite Serafin and Mrs. Bernice Reynolds.

Mr. and Mrs. Bobby Barrett are the parents of a new daughter who was born on January 11, in the El Cajon Valley Hospital. Sandra Annette weighed in at 6 lbs. 10 oz.

Mr. and Mrs. Dick Reybould are the parents of a new baby boy, Danny, who arrived on January 17, weighing 6 lbs. 11 oz.

Mrs. Tink Dalen was the guest of honor at a surprise baby shower, given by the Forest Service Wives on Wednesday evening, Jan. 15 at the home of Mrs. Maria McLaurry. Mrs. Dalen was presented with a maple high chair, and other nice gifts. A good time was had by everyone present.

Rose Wolin and her fiance, Buddy Rogers, were guests over the weekend at the home of her parents, Mr. and Mrs. Elmer Wolin.

The Board of the Mt. Empire Republican Women, Federated, held their meeting on Monday, at the home of Mrs. Granville Martin.

Mr. William V. Chapman, a resident of Descanso for a number of years, passed away last week. Our sympathy goes out to his family.

Don't forget the PTA Dime-A-Dip Dinner, which will be held at the school on Saturday evening, January 25, from 5:30 to 7:30 p.m. We are hoping for a large turnout, as the proceeds are going into the Curtain Fund, which will be used to purchase new curtains for the stage in the auditorium. Everyone is invited to come, eat, and enjoy the evening.

A word of thanks to Jody Barnett and Ethel White for their help at the rabies clinic.

HARBISON

By BETTYE CARPENTER

Talked to Claire Crete the other night and she is naturally very excited about her coming wedding.

She will exchange marriage vows on Saturday, February 1, at 9 a.m. with Carlos Rivera in Holy Trinity Catholic Church in El Cajon. Claire will wear a ballerina length white satin gown with a shoulder length veil held by a crown of pearls and rhinestones. Her bouquet will be orchids and cascading carnations. Her attendants will wear pink gowns and the maid of honor will be dressed in aqua. The groom, ushers and best man will be in tuxedos. This sounds like it will be a pretty wedding and I feel sure Claire will float down the aisle with her sweet face beaming. Claire will continue her studies at State College and Carlos is employed by 7-Up Bottling Company in San Diego. They will reside in a nice little apartment near Meridian School in El Cajon. Everyone extends their best wishes for happiness to this nice young couple.

A going away party was held in Joe Wise's honor Friday night. It was held in the Benson home with many of Joe's friends attending.

Glenn, Bettye and Cory Carpenter spent last weekend in Long Beach visiting with Lynne and little Janet Lynne. A few showers on Saturday morning but otherwise a nice dry three days.

Several more of our boys are entering various branches of the Armed Services. Joe Wise had his physical today (Thursday) before joining the Navy in his father's footsteps. Mike Schaefer and Bob Cole are scheduled for their physicals in Los Angeles on Monday before being sworn into the Marine Corps.

For a comical reaction, ask Pug Ferguson for his autograph. Did you see the very interesting article about him, complete with pictures, in last Sunday's Union? In case you missed it, you will find it in the sports section of the paper and it is well worth looking up. Carries many facts about the wild life of our area and tells of the habits of the animals that cross many of our property lines while we're not watching.

MT. LAGUNA

The Mt. Empire basketball team played Rancho del Campo at the M. E. gym. Mt. Empire played a very good game and defeated Rancho 68 to 24.

Friday, Jan. 17, a pep bus carried 50 members of the Redskins "rooters" to Calipatria for the games there. Although M. E. fought long and hard we lost the games, Jr. Varsity 34 to 58 and Varsity 24 to 92.

Tuesday, Jan. 14, six inches of snow fell here in the Laguna's. The storm hit quite suddenly at 6 a.m. the sky was quite cloudy but there was no sign of snow, but by 7:00 it was beginning to drop little pellets, and continued through

the day. By 3:00 p.m. the sky was beginning to clear.

On Saturday, Jan. 18, the sky was clouded, and it was raining. The wind blew strong all day and most of the night so that the moisture froze on the trees for an ice storm Sunday morning. The sky was cloudy most of Sunday also.

The Mt. Laguna Community Church Women's organization meeting was held at the home of Mrs. Geni Ackert. The hostess was Mrs. Louise Shutt.

A Bunco Party was held at Betty Williams' home on Tuesday, Jan. 14. Although only four persons could attend they all had a good time.

On Tuesday, Jan. 28, an adult Spanish class will be held at the Mt. Laguna Elementary School. The class will be taught by Miss Sharon Hall, an English and Spanish teacher at Mt. Empire High School. Class will begin at 7:00 p.m. till 10:00 p.m. Hope to see you there.

PINE VALLEY

By JUDY MULLINS

The Mountain Empire Woman's Club met at the home of Mrs. La Donna Muhlhauser on January 22. The meeting, which was originally scheduled to be held at the home of Mrs. Bertha Zinn in Spring Valley, was changed to LaDonna's home as a result of a bad fall by Mrs. Zinn. We're sorry to hear of this unfortunate accident and hope that Mrs. Zinn will soon be feeling much better.

On February 8, from 5 til 7 p.m., there is going to be a chicken pie dinner at the Chapel of the Hills Methodist Church in Descanso. The menu consists of chicken pie, salad, relishes, hot biscuits, coffee or tea, hot chocolate for the children, and assorted cakes or dessert. Tickets will be available at the door for a donation of \$1.25 for adults, 50c for children, and a special family ticket will be available for a donation of \$3.50. If you would like to have your tickets ahead of time, contact Mr. and Mrs. Albert Mullins in Pine Valley for information.

Several weeks ago Maisy Norman Houck took a business trip to Buckeye, Ariz. for five days. While they were there they spent most of their free time with Maisy's parents, Mr. and Mrs. I. H. Parkman. They also enjoyed dinners with Miss Elsie Parkman, Maisy's sister, and Mr. and Mrs. Carroll Parkman, Maisy's brother and wife. Although they had a very nice trip, they reported that it would have been more enjoyable if it hadn't been so cold.

The Chapel Crusaders held a pot luck dinner at the Chapel of the Hills Methodist Church on January 24. Dr. Butler, Baptist Minister, was the guest speaker. He showed slides of his trip to

Palestine. These pot lucks, which are held once a month at the church, are family nights.

Toots Kendrick fell last week and injured her leg very badly. She had to undergo surgery as she had a very bad fracture and will have her leg in a cast for quite some time. Jay Van der Schell has helped Harry out by minding the store for several days while Harry stayed with Toots. We hope we'll soon hear that Toots is doing fine and up and about again.

Installaion Dinner

Continued from Page 1

A red bandana was presented to Emil Sachse for selling the largest number of tickets to the dinner. He sold a total of 86 tickets which was far more than any other individual seller. Mr. Funk stated that the bandana was representative of a good working man.

Following the installation of officers the audience was entertained by Mrs. Louise Staude of Fallbrook who sang a number of folksongs, accompanying herself on a small hand harp. Her rendition of "I Believe" was very inspirational.

Mrs. LaDonna Muhlhauser and Mary Baldwin presented their well-known skit "Protem and Mayhem." This skit was originally written by Bea La Force, and was rewritten by her for this performance to include humorous remarks about many of the Chamber personnel. Their performance "brought down the house" and concluded an exceptionally enjoyable evening.

The decoration committee, headed by Mrs. Norman Foster, used the horn of plenty as depicted on the emblem of the Chamber, and fire plugs depicting the installation of the first fire plug in Alpine. A large colored picture of the emblem adopted by the Chamber during the past year, and painted by the well-known Alpine artists, Mr. Justin Gruelle, was the focal point of the decorations.

The door prize of a \$50 Government Bond was won by Mr. Bert Fuller of Alpine.

Dinosaur Park

necessary before entering into the lease and proceeding with the raising of the funds required for the park development.

In the original plan of development some of the proposed facilities would fall within the proposed right-of-way for the Highway 80 freeway but it was stated that these facilities could be relocated to fall on each side of the freeway.

Other local residents who are members of the group, which is called Alpine Park Company, Inc. include Louis Landt and Fred Rushing.

OBITUARIES

LOUIS W. PAPP

Louis W. Papp of 1417 No. Town-er, Santa Ana, died Friday, Jan. 17, at age 74.

Mr. Papp was born in Seattle, Wash., Oct. 6, 1889, and was in the hardware business there for 33 years, before retiring in 1952, at which time he came to Alpine to live. He moved to Santa Ana six years ago, but was a frequent visitor here.

Survivors include his wife, Alice; one son, Marvin; a daughter-in-law, Anne, and a grandson, William, all of Santa Ana, two nieces, Alice Smith of Escondido, and Rita Higgins of Auburn, Calif.

Burial was in the Mausoleum at Fairhaven Cemetery in Santa Ana at 2 p.m., Manday, Jan. 20. Services were at the Waverley Chapel there.

WILLIAM V. CHAPMAN

William V. Chapman, 67, of Descanso died Friday, January 17. Masonic services were held yesterday at Bonham Brothers Mortuary. Members of Silvergate Lodge 296, F&AM officiated. Burial Greenwood Memorial Park.

Mr. Chapman was a native of Indiana and lived in Descanso for 32 years. He was a member of Indianapolis North Park Lodge 646, F&AM.

He is survived by a daughter, two grandchildren and two sisters.
