ALPINE ECHO

Serving a Growing Area of Homes and Ranches

ECHO STAFFERS ENJOY ZOO VISIT

Two members of the Alpine Echo Staff, Jean McCullough and Bea La Force, represented the paper at the San Diego Zoo's Annual Family Press Day, June 13 when members of the Press and their families were special guests of the zoo society.

Guest privileges included free admittance, bus trips around the zoo, coffee and ice cream, admittance to the children's zoo, and all other exhibits.

Two new exhibit areas were opened as special features of this fourth annual Press Day. Many spectators, other than the special guests, witnessed with much interest, the releasing of the orangutans into their new grotto recently completed at the west end of Mesa "B."

The second new exhibit opened was that of the moated enclosure prepared for the East African Antelope, a very dainty and beautiful member of the deer family. These open-moat type enclosures give the appearance of no enclosure at all, as if the animals were not confined, since there are no bars or fences between them and the spectators. The grottos are so constructed as to almost hide the moats behind a rugged low wall that simulates natural soil and rock formation. Complete with trees and rocks, the grottos exhibit the animals in a setting that approximates their natural surroundings. Later this summer, part of the

The Teen Clubs which met in the evenings at the Youth Center during the past school year will be discontinued during the summer, and will resume again this fall after the start of school.

The State Board recently disapproved plans for unification submitted by school districts within the Escondido Union High School District which are similar to the plans being proposed with-

The father of the first baby to be born in San Diego County on Father's Day, Sunday, June 21, will be given a beef dinner for two at the restaurant of his choice, and the baby will receive a case of strained beef.

An early Sunday morning check of all San Diego County hospitals will be required to find the winning father.

INTIMATE GLIMPSES

By BEA LaFORCE

Last Sunday, June 14, was Flag Day in the United States, the 187th anniversary of the adoption of the Stars and Stripes. On June 14, 1777, the Continental Congress, then sitting in Philadelphia, received the report of a special committee appointed to suggest a design for the flag. Here is a contemporary description of the design as presented by the committee:

"The stars of the flag represent a new constellation rising in the West. The idea is taken from the great constellation, Lyra, which in the hands of Orpheus, signifies harmony. The blue in the field is taken from the edge of the Covenant's Banner of Scotland, significant of the covenant of the United States against oppression. The stars are disposed in a circle, symbolizing the perpetuity of the States of the Union, as well as equality among themselves. The red, the color which in the Roman days was a symbol of defiance, denotes daring, and the white purity."

* * *

The Congress accepted the committee's report, made of it, and adopted a resolution which reads: "That the flag of the United States shall be thirteen stripes of alternate red and white, with a union of thirteen stars of white in a blue field, representing a new constellation." There is a tradition that the first stars put into the flag had six points. According to one version, General Washington did not like the six pointed star, so he folded a piece of paper, took scissors, and cut out a five pointed star. Still another version gives Mrs. Ross credit for the five pointed star. In any event the one with the five points was approved. There is considerable evidence to the point that Betsy Ross did not make the official flag at all. She made A flag, but perhaps not the one which finally became our National banner.

* * *

The new flag was first saluted by a foreign nation when the "Ranger," commanded by Captain John Paul Jones, arrived at a French port on Feb. 15, 1778, with the flag flying. It was a grade school principal, George Bolch, who in 1889, held the first Flag

Alpine Businessman In Hospital

Barney Ratliff, owner and proprietor of the Log Cabin Cafe, is expected home from the El Cajon Valley Hospital today. He has been undergoing examination by Dr. Earl Woodall since last Sunday.

Mr. Ratliff became indisposed on Sunday morning with what he thought might be a mild heart attack, but upon examination by Dr. Woodall, it was found that he was suffering from a peculiar condition of the tissues which surround the heart. Dr. Woodall advised that the cure would be to rest and not worry.

Barney's many friends hope that he will follow the Doctor's advise and recuperate completely in the near future.

EMPIRE MARKET SOLD TO JULIAN MERCHANTS BY BLANKENSHIP

The Empire Market, which is located next door to the Alpine Post Office on Arnold Way, and which has been owned and operated by Jack Blankenship for the past several years, is now in escrow for sale to Bob and Ron Ostrander who are now operating a market in Julian.

Fire Commissioners Lack Quorum

A special meeting of the Board of Fire Commissioners of the Alpine Local Fire District called for last Monday night lacked a quorum present so no business could be transacted.

The special meeting had been called to consider an ordinance to regulate burning within the District. The ordinance had its first reading at the May meeting of the Board, and at a hearing on the ordinance at a meeting held June 8, information was presented by Fire Chief Jack Blankenship that there was a new State law which dealt with the issuance of permits for burning which was effective throughout the State, and which should be studied before the Commissioners passed their ordinance. Mr. Blankenship had been instructed to obtain more information to

Shadowland Ranch to Become Girls' Camp

Ruth and August "Augie" Handley, formerly of La Jolla, are opening their summer camp for girls July 18.

The ranch consists of 160 acres located in an oak studded valley with glorious views of the distant mountains. There are two dormitories under the oaks, a swimming pool, and in the near future many more games will be planned. Mr. Handley has engaged three counselors, one for teaching care and riding, one for arts and crafts and the third to teach swimming and first aid.

There will be horses available and a hunters and jumpers course around the ranch. Mr. and Mrs. Handley are both members of the San Diego County Hunters and Jumpers Association.

This first year there will be only a six weeks school for the girls and in the winter the ranch will be available to various clubs and church groups by reservation only.

Shadowland Ranch is located on the old Tim Holt Ranch on La Posta Road, seven miles east of Pine Valley.

Stevens' Alpine Property Sold

The attractive four-bedroom home on two acres at 1466 Olive-wood Lane owned by Byron Stevens has been sold by him to Mr. and Mrs. Darryl W. Dugan.

Mr. and Mrs. Dugan have three small children, the oldest of whom will be enrolled in the Alpine kindergarten next September. Mr. Dugan works in San Diego.

Mr. Stevens is planning to move to Mountain Home, Idaho, where he owns a ranch.

The sale was negotiated by William Brown of Pierce Realty, Alpine.

Bob Ostrander has been assisting in the operation of the market for several days in order to acquaint himself with its operation and to meet the residents of Alpine who have been patronizing the store. Bob states that he and his brother have leased their market in Julian and that they both will operate the Empire Market after the sale has been completed and will give personal attention and service to their customers. He states that he anticipates assuming ownership sometime before the middle of July.

The building which houses the market and the Post Office is owned by Barney Ratliff who states that a satisfactory lease was negotiated for the new owners prior to the sale being placed in escrow.

Mr. and Mrs. Bob Ostrander, and their two small children, moved to Alpine last week and have rented the new three-bedroom home owned by Rev. Arthur E. Wilson on Alpine Terrace Rd.

ME School District Adopts Budget

The Board of Trustees of the Mt. Empire School District, last Monday, adopted a preliminary budget for the next fiscal year in the amount of \$479,826.

The budget is \$27,000 higher than the current year's budget, and approximately \$233,000 will be raised by local property taxes.

The District, on June 2, at a special election, voted an increase in the maximum tax rate to be levied which will provide sufficient funds to meet the increased budget, and also for the purchase of school busses. Contracts for the purchase of three busses were awarded at last Monday's meeting.

 What a week! First there was the Stanley Party, a week ago last Tuesday, at the home of Bobbie Hasenmaier in Morena Village, with Daisy McCoy as co-hostess. Twenty were invited and enjoyed a delicious luncheon. Lavern Thompson drew the door prize, and of course the guests went home with many useful gifts. The next Stanley Party will be at the new home of Mrs. Victor Tarwater in Lake Morena on June 30 (Tuesday).

On Wednesday, the Mt. Empire Women's Club members and friends went on the long planned bus trip to Lake Arrowhead, Santa's Village, Mission Inn, and dinner in Riverside. It was a beautiful day, and the trip was most enjoyable.

Thursday was Homemaker's Club day, and the meeting was held at the home of Evelyn Fors in Lake Morena. Election of officers was held, and the following were elected: Babe Johnson, President; Evelyn Fors, First Vice President; LaDonna Muhlhauser, Second Vice President; Peggy Fisher, Secretary-Treasurer; May Robinson, Corresponding Secretary, Nina Ziske, Birthday Chair-Can, and Phoebe Thompson, Parliamentarian. The next get-together will be on the 25th of June when the group will go on a trip to Palomar Mountain.

Last year the horse show stabled 1,705 horses which came from 30 states, including Hawaii, and accounted for 4,938 entries. This year's show expects as many or more horses and entries.

The County Fair is offering "Open Show" stake premiums in the amount of \$26,500. Eleven are \$500 stakes, two \$250, one \$1,000. More than 100 performance classes in the open show will average \$125 per purse.

Junior riders receive silver trophies for first prize and ribbons to 10th place in their four-day all-junior show, which opens June 25 and ends June 28.

The Jamul-Las Flores Class of '64 numbered 21. Graduation exercises were Wednesday, June 10 at 7 p.m. Invocation was by Father Russell Wilson of St. Pius Catholic Church, address by Mr. Ellis W. Evers, principal of De Anza Elementary school. Mark Hatherill gave the welcoming address to parents and guests, and Tracy Dunn presented Mrs. Mathis with a gift from the class. Mr. Raymond, principal, presented the class to Mr. Ernest Brown, President of the Board. Mr. Wm. Brink, President of the Community Club and Mr. Raymond passed out diplomas. Teri Day gave the valedictorian address. Donna Rukstelis and Bill Scheerer were given outstanding citizenship medals.

Rhonda Nichols is the new reporter for 4-H Activity Club. Thanks to Ron Mangels for his very able reports of the past. The group met Sunday a week ago at the home of Mr. and Mrs. Dedrick. Tired from the 4-H swim party of the night before, they didn't ride their horses to the meeting, and on arrival sat and talked over events of the recent horse activities. This was the last meeting until August when an overnight trail ride is planned. In appreciation of the interest and help of Mrs. Gfeller and Mrs. Dedrick the members presented each a floral arrangement of red chrysanthemums and a horse's head.

Lorene O'Gara's feeling pretty well after her operation and is beginning to get out now. Her folks were with her a month but have returned to their home in Nebraska. She's getting plenty of help from Vince and Pat. She says Mark, with the army in Asmara, Ethiopia, is counting the days until he comes back to the good old USA.

The Graduating Class of Monte Vista High School had its Baccalaureate at the Church of Jesus Christ Latter Day Saints in Bostonia. President C. Vorriss Tenney gave the messages, and Rev. James King of Foothills Methodist Church gave the Invocation and Benediction. One of the Graduates, Marlene Keller, was organist. The principal, Stanley McClintic, gave a scripture, and the Monte Vista Choir sang "Eternal Life," the audience joining in for "Faith of Our Fathers."

Now that Doug Lindsey of US Sub Valador is home from sea, he and Judy and their small son, Brian, are living at Lazy M Ranch rentals. Judy stayed with the Hugh Millers while Doug was gone.

We've heard many gripes about phone service lately. Writing Public Utilities Commission, 107 S. Broadway, Los Angeles 12, Calif., may bring constructive action, we're told. On the other hand, we greatly appreciate the persavance of the phone service man who tried for hours to trace a lifted receiver on our line.

Monte Vista's third annual commencement took place Thursday, June 11, at the Mt. Helix Amphitheatre. The warm, sunny day was a welcome change from the earlier cheerless weather. Guests, directed by police, parked from the access to 2 miles below Helix, being shuttled by cars to the top, and participants were brought by bus from the school. Highlights were the school concert band, the pathos and humor in speeches of the Valedictorian and Salutatorian, Tassel ceremony, and listing of scholarships and senior awards and conferring of Gold Crown Awards for activities. Jamul graduates were Linda Whitaker, San-

It's in the Library

By **ELIZABETH C. WEST**

Regular school is over and summer school hasn't yet begun. Now is the time for young readers to think about joining the Summer Reading Club at the Alpine Library. Registrations are now open. Library hours are:

- Tuesdays from 1 to 5.
- Thursdays from 1 to 5
- Saturdays from 10 to 2.

Through the cooperation of the California Forestry Department the Smokey Bear Vacation Reading Program will be conducted during July and August. A certificate will be given to any child who reads 10 books about animals, forests and waters, birds, earth, sea, and sky. However, other non-fiction books can be approved.

Additional learning opportunities for children in the fields of science, in particular nature study, will be included in the Alpine Summer School. And this may cover a field trip to the Cuyamacas.

Because the Summer School program is based mainly on greater knowledge and understanding of those Asiatic countries currently in the news, young people will want to see what books the library has on Australia, Japan, Burma, Vietnam, Nationalist China, etc.

This is the time of year for graduation news. Descanso students who graduated from Mt. Empire High School on June 11 were Pat Richardson, daughter of Mr. and Mrs. Al Richardson, Jamey Campbell, daughter of Mr. and Mrs. Harold Campbell, and Tom Grzeczowski, son of Mr. and Mrs. Frank Grzeczowski. Pat won the Bank of America Vocational Arts trophy, the Daughters of the American Revolution certificate and pin for outstanding citizenship, a \$50 scholarship from the Mt. Empire Homemakers Club, and a \$75 scholarship from the Parents and Boosters Club. She also received several departmental awards, including Commercial, Girls' Athletic Association, and ASB Officers award. Jamey received a Laurels for Leaders award which is given to all ASB presidents, a ASB Officers award, and a full scholarship to Charles House of Beauty in San Diego. Congratulations and good luck in the years ahead.

Junior high school graduation was held at the high school in Campo during the afternoon on June 11. Those from Descanso who will enter high school in the fall are Thomas Burrows, Roger Doyle, Lynne Faulconer, Michael Grzeczowski, Michael Herbertson, Mollie Rognlie, Donald Vanlue, and Thomas Wiseman.

Promotion exercises for the sixth grade were held on Wednesday evening, June 10 at the school. Promotion certificates were presented to the students by Mr. Robert Garbani. Those who will be attending junior high next year are Pam Farr, Buddy Hill, Maria Herbertson, Rina Kor, Rene Leroux, Kathleen Molitor, Susan Nies, Helen Perkins, William Porter, Toni Rehdorf, Paul Richardson, Cheryl Salgado, Martha Sykes, Peggy Thierens, and Jay Harding.

Maria McLaury and daughter, Susan have returned home after a trip to Italy, where she visited with her family for three weeks. Maria's parents live about 50 miles from Venice. She reported having a nice time, but that the weather was cold and damp. Little Susan had quite a time communicating with her grandparents, who do not speak English. She was met at the airport in New York by her husband, Mel, and they stayed in New York for about 10 days visiting with Mel's family. They also visited with Maria's brother in Canada before returning to Descanso.

Boy Scout Troop 151 held their Court of Honor, with candlelight services at the Chapel of the Hill on Tuesday evening. Clifford King was admitted as a new scout.

WASHINGTON REPORT

By CONGRESSMAN JAMES B. UTT

The voice of the people has been heard in the land, and the King Makers have become completely unglued. For the first time in many years, the grass-roots Republicans have had a voice in selecting a candidate for the Presidency.

Who are the King Makers? They are a select group representing the Council on Foreign Relations, made up of both Republicans and Democrats, who control most appointments to high office and who direct the foreign policy of this country, and under no circumstances do they want any change in our foreign policy by bringing to the Presidency someone who has an affinity for the welfare of this great Republic. A year ago, when the sentiment for Barry Goldwater to become the Republican nominee was getting well under way, there was a feeling that he would be the heavy favorite among Republicans but that the CFR would sidetrack the movement. I felt differently, because this was a grass-roots movement above and beyond the control of the King Makers. Therefore, it was my contention that the King Makers would have to come to Goldwater and that he, Goldwater, would not have to compromise with them.

Always before, the King Makers, with the help of Madison Avenue, would create a popular image for the man or men of their choice, and then would move them around like pawns on a chess board when the Convention came around. A good example of this was the build-up of Governor Scranton, who had generated no steam of his own and would necessarily deflate whenever the King Makers removed their massive support. This was very evident, judging from Scranton's appearances on television, after the rug had been pulled out from under him. On the other hand, Senator Goldwater's support could not be maneuvered.

Of course, the Council on Foreign Relations sent its international-minded wrecking crew to the Governors Conference in Cleveland for the sole purpose of stopping Goldwater, and before the show was over it was a sorry and frustrated group of gladiators. David slew Goliath! The equivocation and double-dealing of many of the Republican Governors automatically eliminated them from any consideration for the second spot on the ticket, and, in my opinion, that leaves only Congressman William Miller, of Buffalo, New York, as the best possible choice of the Republican Party for

a funny bird the pelican

Even in this advanced age of technology, some things can't be controlled... like the friendly-looking pelican who unfortunately chooses to roost on electric lines where his tremendous wing span often shorts out service. We don't like to blame anything on a bird, but customers often ask us why electric service is occasionally interrupted in an area. There are many reasons... all accidental, like the pelican. Automobiles crash into utility poles... hunters' careless shots nip insulation... construction cranes and wind storms knock down wires.

Our skilled repairmen are on call in radio-equipped trucks 24 hours a day for just such emergencies. Whenever an electrical outage occurs, a special crew is dispatched to the scene immediately to restore service. We hope you are never without service, but if you are, we apologize, and assure you it won't be for long.

UNRUH MARCHES ON

Mr. Unruh's school bill has been passed by the Legislature and signed by the Governor, and is now the law of the land in California. It is not entirely what Mr. Unruh and his supporters had originally set out to obtain, but probably they were using the old political strategy of asking for the moon and settling for the gold in your teeth. In other words, they have obtained their first objective. They will now consolidate their position and plan the next move to attain more of their ultimate goal.

The ultimate goal, of course, is centralized Federal and State control of the public school system which can be brought about through legislation if the voters continue to elect persons to the Legislatures and the Congress who are of the State control philosophy.

The welfare of the education of the children of the country has to take a back seat while this political maneuvering is in progress, and we sincerely hope we do not have a Hitler situation in our educational system when complete centralization of power has been accomplished.

Zoo's chimpanzee collection will be placed in a third new grotto.

Called "simulated natural habitat enclosures" these exhibit areas make the San Diego Zoo one of the most enjoyable to visit both by foot and by bus, of any in the country. Many people object to seeing the big animals in cages, these open places help to cut down on the feeling that the animals are "shup up."

From the bus we saw the elegant giraffes, one delightful family of three, father, mother, and child all in graduated heights, with father tallest by a head. Like haught models showing high fashions, they stalked, heads high, slowly past in single file as the bus idled for us to see them. The big elephant got up on the dias and posed like the king of the jungle, while the water buffalo plodded around indifferent to all, as did most of the other big horned and hoofed animals. Many of the nocturnal animals, cats, hyenas and the like, were asleep, but we glimpsed the handsome jaguar pacing his cell. The ant eater, no beauty that, waded his pool, and the hippos slept under water. The monkeys were eager for company with peanuts to share.

At the children's zoo, we enjoyed the baby animals along with the wide-eyed children. One baby donkey was the pet of all. The Alpine Gardner especially enjoyed the many beautiful colored birds. She also found several interesting botanical specimens about the Zoo's grounds.

New since last year's Press Day was the elegant waterfowl lagoon with its pink flamingos posing for photographs just opposite the cafe. On Mesa "C" there are the Indian Rhinoceros, and the African Ground Bird exhibits, "E" Canyon shows the ugly Malayan Tapirs, "F" Canyon the Marine Birds' pool.

The Zoo's long range plans are to re-work all of the horn and hoof mesa into the moated simulated natural habitat enclosures.

Letter To Editor

Letters must have signature and address, be subject to being condensed and will not be returned. The opinions expressed are the opinions of the writers and may not necessarily reflect the opinions of the Alpine Echo.

Dear Editor:

In a recent issue under the heading "Descanso" was an account of the activities of the Descanso PTA. In closing this account the remark was made, "it would be nice to have more of the parents in attendance."

I believe I can enlighten the writer on this score.

We moved here in early February, and I have yet to receive one notice of a PTA meeting.

Through the school we have received notices of various events, such as the Open House, Talent Show and Promotion Exercises.

We attended each of these affairs and I volunteered my services and each time I was abruptly, and on one occasion, rudely refused. Most parents who do attend school activities are more than willing to do their share, but it is difficult to surmount the barely polite smiles and frozen "No thank you's."

I am not writing this for my benefit. My child is finished at Descanso. But there will be other newcomers and it is for them I write.

This is not meant for the staff of Descanso school. Mr. Darnell and the teachers are most charming and friendly. This note is to the PTA Board who complain publicly, but privately operate a "closed corporation."

It they really want parental participation, it would be well for Descanso PTA to form a welcoming committee and try exuding a little warmth and cordiality.

Frankly, I'm glad we're through at Descanso. One more evening of so-called social activity, standing alone trying to look comfortable and feeling like an "outsider" would be too much.

Sincerely,
Mrs. Hal Sweet

Day observances in his freekindergarten for the poor in New York City. He presented his pupils in patriotic exercises that attracted much favorable attention, inspiring the State Department of Education to arrange to have the day observed in all the schools. Shortly afterwards the State Legislature passed a law making it a duty of the State Superintendent of Public Schools to "prepare a program making special provisions for observance in the public schools of Lincoln's Birthday, Washington's Birthday, Memorial Day, and Flag Day."

In our local schools the observance of this day, as with many other such observances, is left more or less up to the individual teacher. We find that in all the grade school classes the day is at least mentioned, and in many of them it is made an occasion for what some people call an "old-fashioned" celebration kind of program. Children love this kind of participation in history and need it, we think. Pennsylvania is the only State where Flag Day is a legal holiday. We'd like to see all the states make it so.

In spite of all the hate-America propaganda we know to be abroad in the nation, we still have ample evidence in our schools, some churches, and other places where the wise and the gentle meet, that the bit of red, white and blue bunting adopted 187 years ago is still honored and loved as the banner of a free people... Hurrah for Flag Day!

Mr. and Mrs. Virgil Sanford in our book, deserve a great deal of praise for their work and efforts at Camp Faith on the Wynola Bible conference grounds. Every Monday morning these two fine people drive to Camp Faith and turn to whatever needs to be done to ready this camp for the young people. Some of the things that have needed work are, clearing brush, digging trenches for water lines, and building fireplaces. Many nights, they return home late and worn out, but happy in the knowledge that they are doing something constructive, that many will be able to enjoy. Our hats off to the both of you.

Virginia Hettinger, Jackie, and friend, Goober Ross were Sunday visitors in Long Beach, spending the most of the day aboard the USS Hollister, visiting with Lonnie, who will be leaving soon, aboard this destroyer, on a West-Pac tour. These tours touch many of the well-known ports of the world, and offer interesting sights to anyone lucky enough to be scheduled for them.

When John Scott graduated from Mt. Empire high school last Thursday evening, he had representation in the audience, from all over the country. Tenney, his mom, had come from Wichita, Kans., for the occasion, sister and brother-in-law, Eva and Ralph McGuffie, were on hand, brother, Bob and family, with uncle, Tom Jensen had driven up from Seely, and friends, Mr. and Mrs. Ray Woods drove out from El Cajon.

Jack and Jean's grand opening was just that. A buffet dinner was served their many guests, and friends, and well-wishers had responded to the occasion, sending beautiful bouquets and planters which graced every available nook. Many riotous games of pool were played, and dancing was enjoyed by all.

We are sorry to hear that Mrs. Thelma Price (former canyonite and owner of the tavern) is in Grossmont Hospital after having had major surgery. Reports are that she is doing fine and we hope she will soon be up and around again.

Sharon Dana is the button-bustin' owner of a brand new baby donkey, born on Saturday, June 13. The newcomer's name? What else? You guessed it, Lucky 13.

Mrs. Tenney Scott left to go back to Wichita, Kans., last Wednesday. Daughter and son-in-law, Mr. and Mrs. Ralph McGuffie and family, and son, John, will accompany her and spend a couple of weeks visiting. John will return to Seely, Calif., where he will work during the summer, and return to this area to enter school in the fall.

The fire department would like to appeal to everyone who has ever borrowed any of their equipment, such as brush hooks, shovels, etc., to please return same to the fire house. The fire that we are all hoping will not happen, just might be in the vicinity of your house, and it might be that due to so many "borrowers," the department might not be able to suppress the fire. Not a very pleasant thought, is it? Let's get busy and return any equipment that this organization has been kind enough to lend.

Last Saturday morning many neighbors gathered at the clubhouse with hoes and rakes for a work day. By evening the grounds around the clubhouse were beautifully clean. That is wonderful community spirit.

Mrs. Christine Rasmussen of Guatay left on Monday for an extended visit to Northern California.

Four of our local young people graduated last Thursday. Johnny Giesbracht, Jean Turnbull, Alaina Strand and Gary Sanborn. It was one of the nicest graduation services in many years at Mt. Empire. Mr. DeClair, the senior counselor was presented a plaque by the class for his friendship and counseling. At the graduation the Mt. Empire Woman's Club presented two scholarship awards, one to Sally Hubbard and one to Beverly Duval.

Mr. and Mrs. Guiford Whitney leave Saturday for a three months tour of the Scandinavian countries.

Many of the local women met on Thursday at Rita Brown's for a potluck luncheon-Stanley party and the most important issue of the day. Plans to form a Women's Auxiliary of the Fire Department since most of the men are not available during the day, the women will help in any emergency which arises.

Gloria (Brown) Haggerty and family joined the Mt. Empire Woman's Club bus trip, after a hectic chase near Santa's Village, for dinner and a tour of the Mission Inn in Riverside last week. Everyone seemed to have a wonderful time and all were ready for another trip in the near future. To add to the day was the pleasant bus driver, Lou Burchard, who pointed out many interesting places which would have gone unnoticed otherwise.

Several of the Hobart employees took advantage of a day off by going deep sea fishing. Although it was overcast and they didn't catch many fish, Dick Hersey reported a most enjoyable day.

Mr. and Mrs. Charlie Turner, Babe Johnson, Daisy Delnechio, Peg Fischer and Mr. McDougal attended the Pendleton Rodeo last Saturday.

Mr. and Mrs. Walter Green celebrated their 59th wedding anniversary on Monday. Their daughter, Mrs. Dorothy Loomis surprised them with a luncheon at the Hobart House.

On Thursday the Homemakers elected new officers for the year. They were Mmes. Bertha (Babe) Johnson, Evelyn Fors, Peg Fischer, Mae Robinson and Nina Zieske. This organization is one of the oldest in the mountain having been formed in 1936. In the beginning they were known as the Home Department and met at the Coogan Ranch. Through the years they have changed their meeting places but never their enthusiasm for doing good in the community. Without fanfare or publicity they have given help wherever needed. Babe Johnson, one of the few charter members left, lives on her ranch on La Posta Road and never says no when anyone needs help. In fact, ask anyone in these hills about Babe and the concensus is, "she's quite a gal." The Homemakers have given a scholarship every year for the past five years. This year the candidates were Patricia Richardson of Descanso and Eleanor Latta of Jacumba.

This coming Thursday the Homemakers are planning an advanced

The bride wore a custom-made gown of embroidered organza over taffeta, with a wide border of bridal satin, and had an elbow-length veil. She carried a bouquet of white carnations and gardenias.

Miss Margot Faulconer served as maid-of-honor for her sister. She wore a floor length gown of apple green, with a lace jacket and carried a bouquet of carnations. The newlyweds are residing in Santee, after returning from a wedding trip to Santa Barbara.

Mrs. Goldie Vancil is feeling much better this week and expects to return home from Sharp Memorial Hospital in another week. When she returns she hopes to be able to move into a smaller house nearer to the center of the Alpine business area.

Mr. John Lowthian of Cleveland, O., has been visiting in Alpine and San Diego for the past few weeks. He is visiting his daughters, Margaret Lowthian of Willow Glen Farm, Alpine, and Jean Stowers of San Diego. He plans to leave this weekend for El Monte to visit his oldest son, and from there to Medford, Ore., to visit his other son, Margaret's twin brother. Word is that Terry and the boys will be back on their Rancho del Blanco while Gene runs his contracting business. A touch of human interest—there's a boy living on a ranch in Escondido who lost his dad last Christmas and then his dog in a car accident shortly thereafter, leaving a pretty lonely, grief-stricken 15-year-old feller yearning for an Irish Setter. Roger Temple, a neighbor up here on the hill, heard about it, and gave his registered Irish Setter, Shamrock, to the boy as a present for his birthday, this Sunday, Father's Day. Makes you stop and think that in spite of all the wickedness, graft, turmoil, greed, power-politics, etc. in the world, there's still a little good left here and there.

One of our newer property owners up in the Monte Robles section of our community, Ron Sherby, was indoctrinated into the school of hard knocks last weekend (or how to be a poison-oaker without trying) with a 2500 pound well casing that jammed in his well cockeyed. We hope it's all straightened out by this weekend, and that's the first as well as the last of your troubles in the construction of your three-bedroom bar.

evening to celebrate the girls' graduation from Greenfield Junior High School to Granite Hills High School.

Several articles of lost and found clothing and miscellaneous items have been turned in to the Crest School office, and are available for pickup at any time from now through June 26.

The Crest Community Church pot-luck dinner held Sunday had as honored guests the graduating sixth grade class of Mr. Floyd Johns from Crest School. A special table was reserved for the students decorated in class colors of blue and white, with flowers generously donated by Mrs. B. Browning of Sage Drive. The class, along with a large turnout of Crestians, enjoyed a varied menu including fried chicken, baked ham and all the trimmings. Mrs. Thomas Cross formed the committee in charge of the successful dinner. Mrs. E. Werden Conway, former resident of Crest, now living in Cajon Estates, took charge of reservations for the new junior highers.

Mrs. Brigid Sample of 1336 La Cresta Blvd. was hostess on Monday, June 15, at a cradle shower given for Mrs. Herbie Roberts of Culver City. Mrs. Roberts is the former Kathy Howard, daughter of Mr. and Mrs. Guy Howard, and Herbie is the son of Mrs. J. B. Browning. As this weekend trip home for the popular young couple will be the last until after the new arrival scheduled for August, their families and friends particularly enjoyed their visit.

East County schools included Alpine, Dulzura, El Cajon, Jamul, Lakeside, La Mesa, Lemon Grove, Santee, and Spring Valley.

WASHINGTON REPORT

Vice President. I can best explain the situation in allegorical terms, turning back the pages of history some 3,000 years when Haman was plotting to destroy the entire Jewish race, under the reign of Ahasuerus. You will recall that Mordecai, who had once before saved the life of the king, learned of this deceitful plot, and called Queen Esther to the king's gate to urge her to save her people. At first she hesitated, and Mordecai said, "Who knoweth whether thou art come to the kingdom for such a time as this?" And Esther replied, "And so will I go in unto the king, which is not according to the law: and if I perish, I perish." And thus the courage exhibited by Esther saved her entire race. I believe that Senator Goldwater was brought to Washington for such a time as this, when the very survival of this Republic depends upon a sincere and dedicated patriot to spread the gospel of truth to the American people and warn them of the disastrous direction in which this country is heading.

The Senator's victory in California was far greater than any of the columnists and commentators will acknowledge. Arrayed against him were all of the other candidates, the two largest newspapers in California, the Liberal Establishment, and the national television networks. It was a smear campaign, a fright-peddling campaign, with irresponsible charges made by those who have been so outspoken against such tactics, which they charge are only used by the conservative Americans. The Senator's statements on various issues were twisted, taken out of context, and completely misquoted by the press throughout the world. The fact that the Communist press, from "Pravda" to the "People's World," shut-

The people of Campo and Lake Morena should give Hazel Krause of Buckman Springs Road a vote of thanks for trying to secure a bus service to El Cajon twice a month so they can do their shopping. This is a great need, and many hope it will be installed. Many years ago we had such service, and there were not so many living here then.

Mt. Empire High School pool will be open from June 22 to Aug. 31—closed Wednesdays. Prices will be the same as last year—\$2.00 adults, children \$1.00. Refreshments will be available.

Parents of children attending Campo Elementary School have formed a new group, and henceforth will be known as "Camponites." Their first project will be a backdrop for the auditorium stage, and they have several affairs planned during the next school term to raise funds for same and future projects.

The last meeting of the season of the Mt. Empire Masonic Club was held at Shrine Camp in Mt. ders at having a man like Goldwater for President, should be his biggest asset. For too long have we been listening to and following the dictates of foreign countries who are trying to destroy the American system of government and the American way of life. The statements of Secretary General U Thant and the rantings and ravings of Ralph Bunche, UN Under-Secretary for Special Political Affairs, further expose the fact that the United Nations is intending to rule the world by force.

A phase of the commencement of special interest to us was the Junior Honor aisle, made up of 11 students receiving highest grades for the Sophomore and first semester of Junior years. When diplomas were given to the Honor Graduates these students formed an aisle for them, the girls in white chiffon and carrying an armful of carnations, the boys in tuxedos and crossing foils. We were proud and happy that our daughter Sharon could take part in this. Ron Baker, Campo Rd., was also a member of the group. Ushers and usherettes were chosen from the next ten in scholastic rank, and gave out programs at the Baccalaureate and at Mt. Helix. Our nephew, George Parrott, and Linda Wache of Campo Rd. were among the ten chosen. Black suits and black sheaths were worn.

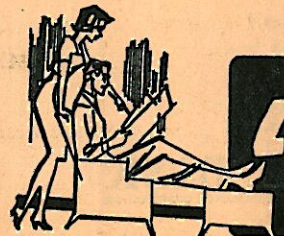

Mr. and Mrs. Joe Wilson and children are looking forward to a little addition to their family about Thanksgiving time. Phyllis recently spent several days in the hospital, but says she feels better and is trying to take it easy.

Last Sunday's Gymkhana and Barbecue at St. Pius Catholic Church was a great success. Every one seemed to enjoy the horse show, parade, booths, and dinner. Hundreds passed through the chow line, and many ideas for comfort and enjoyment were added this year.

LET WANT ADS WORK FOR YOU

ALPINE GARDENER

By JEAN McCULLOUGH

Having been privileged, through the Echo, to have had a trip to the San Diego Zoo, which as everyone in this area knows, is a wonderful institution, and one which everyone should visit from time to time as new sections, or display areas, are being added all the time.

The gift made not so long ago by a man who made his home in Alpine of two million dollars is helping to make possible some of these additions; such as the new African Plains exhibit opened Saturday, June 14, and the Chimpanzee and Orangutan grottos.

The children's zoo, of course, is a delight to both old and young. The enclosures are gauged to children's size and the baby animals are always an enjoying sight.

The planting all around the grounds is also well worth seeing, as there are a great many imported trees and shrubs. Especially tropical specimens used to feed many of the animal; such as, a certain type of eucalyptus which must be grown to feed that pet of everybody, the Kola, or teddy bear as we call it.

In the fern canyon there are tropical trees and ferns of enormous size and it is an unforgettable sight to see some of the exotic looking birds sailing from the tops of these trees around the 100-foot or so cage, plus hearing the waterfall splashing down over rocks and

Tenderfoot badges were awarded to Bill Porter and Buddy Hill. Paul Richardson, Larry Long, and Steve Long were awarded Second Class Badges. Refreshments were served after the meeting.

The Altar Society had a very successful rummage sale at Perkins Store on Saturday. They sold everything, and made about \$70.

Guests at the home of Mr. and Mrs. Dick Raybould over the weekend were Mr. and Mrs. Ray Dalen and family. The new baby, Tina Marie, was baptized in a ceremony conducted by Father Prince, at 3 p.m. on Friday, June 12, at the Blessed Sacrament Church. Mr. and Mrs. Rod Serafin, who are the baby's godparents, entertained the family with lunch at their home afterwards. After visiting all their friends, they returned on Saturday to their home in Goleta, because Mr. Dalen had to appear on a television program on Sunday.

Richard Strait will leave on Friday afternoon on a bus from San Diego, to attend the annual Boys' State activities in Sacramento. Richard is sponsored by the American Legion Post at Boulevard, and is the first Mt. Empire High School student to take part in Boys' State. Richard is the son of Mr. and Mrs. John Strait.

Guests at the home of Mr. and Mrs. John Anderson on Sunday were their son and daughter-in-law, Fred and Kathy Anderson, and Kathy's parents, Mr. and Mrs. E. C. Shogren, of Alpine.

The annual school picnic was held on Friday, June 12, at Pair-a-dice Hideaway at Guatay. The children enjoyed a sunny day this year for their swimming and games. The PTA furnished the pool, and also punch and ice cream for all students attending.

foliage down through this canyon. At another place I saw what looked like a type of Bird-of-Paradise. One of a group which was at least 15 feet high and the huge blossom was brown and white. There was no name on it.

At another planting there were shrubs of Catsclaw Trumpet. The blossoms of this were clusters of trumpets of a lovely yellow shade, and planted near were shrubs of yellow Lantana, as well as vines of honeysuckle. The blossoms of this vine were three times as large as the local variety. It made a very pretty grouping. At still another place was a shrub called Iochroma - Tubulosum imported from Columbia. It resembled our native tobacco shrub only the blossoms were purple where our natives are yellow.

There is an endless variety of tropical and semi-tropical trees, palms and shrubs and flowers. Anyone interested in plants of unusual sort would do well to spend some time seeing them as well as seeing the animals. Oh yes, the birds are really a must to see as well.

Go to the zoo and have fun.

Handy Household Hints

(For Harried Homemakers)

Does your can opener or other kitchen tools need oiling? Use a few drops of salad oil, and you will have no worries about it getting into the food you prepare.

Place one thumbtack in each lower corner at the back of a picture frame, and the tack heads provide air space between picture and wall, and prevent dust marks.

Do you remember all the unlady-like words you thought you had forgotten, when solids refuse to go through your funnel? Keep a knitting needle handy, the plastic kind that won't rust. It's perfect to use as a plunger in the narrow funnel opening.

Denatured alcohol does a miracle job of cleaning those black and gummy stains on ash trays.

If ants invade your household, it will help you to know that they are allergic to cucumber skin, of all things. Keep bits of it where ants congregate, and they'll leave. No worry about poison, either.

Unsightly white rings on highly polished furniture will disappear like magic if you apply warm, camphorated oil. Rub the furniture until it is dry, then polish with a clean, soft cloth.

When that favorite, hard-to-replace glass does get nicked, wrap a piece of "00" emery paper around the handle of a spoon and rub it back and forth across the nick. Smooths it down just dandy.

COKE'S KITCHEN

It's that time again. Nice warm days making patio parties loads of fun. The cooking is easier and everybody pitches in and enjoys the "get-ready" as well as the eating. Playing host in your own backyard with all the comforts of home brings back memories of childhood picnics. Pull up the benches and have a big crowd. You can entertain 15 or 20 outdoors with less trouble than it takes for six in your own dining room and with less strain on the budget. Old Dad does the barbecuing and Mom takes it easy. All it takes is a salad and desert to make a most delicious meal. Three cheers for summer.

Supervisors Consider Hotel-Motel Tax

The County Board of Supervisors, last Tuesday, had before them a proposal to impose a four percent hotel-motel room tax in the unincorporated areas.

The city of San Diego has recently passed an ordinance levying such a tax within the city. The tax is endorsed by the League of California Cities and by the County Supervisors Association, both of whom recommend that the County and the cities within the County levy the tax at the same time.

After consideration, the Supervisors postponed action to obtain information regarding the action taken by the other cities in the County.

Santa Fe Asks for Train Cancellations

The Santa Fe Railroad has made an application for permission to cancel two trains on their San Diego to Los Angeles section.

The reason for the request is on account of the recent notification by the Post Office Department that it would transport the San Diego-Los Angeles mail by trucks beginning July 1. This mail has been transported by the Santa Fe Railroad. The two trains requested to be cancelled have been primarily mail trains.

School Unification

Continued from Page 1 in the Grossmont District.

Committees from a number of the elementary school districts within the Grossmont District are still dissatisfied with the plans that have been developed for unification of their districts and are urging that plans for unification be reconsidered.

Dulzura - Barrett Junction

By LaVERNE POWELL

We are all very sad that Irene Board passed away recently. For quite a while now, all of us knew Irene didn't have long to live, and being "just ourselves" was a very hard thing to do around a woman all of us were so fond of. As I look through my back kitchen window toward where Irene lived, the curtains she had bought at our rummage sale and given me because she 'thought I would like them,' hang over the window and remind me of her. All of us mourn with her family and we shall miss her.

Maggie Page and Minnie Reed have had their sister, Marie Hilger and son, Robbie for their guests from Alpine, Tex.

The Mothers' Club had "their day" at Picnic Lake Park recently and everyone enjoyed themselves very much. Plans were also made for the graduation program.

Hazel Sperry is back home again after visiting with her daughter in Phoenix, Ariz.

The lack of quorum at the special meeting will delay the passage of the fire ordinance. Commissioner Hinkle is reported to be in the hospital for surgery, Commissioner Palmer is reported to be on vacation, and Commissioner Freeland was detained by business from being present, which brought about the lack of a quorum. Commissioners Jones and Rushing were the only Board members present.

A knock at the door Tuesday night brought a very pleasant surprise to the Glenn Carpenters. At the door, with face beaming, was John McCoy who is home on leave after over two years in Germany with the Air Force. A nice evening of yak-yak was enjoyed and ended with a promise from John to return before he leaves for his new duty station in Washington.
