MRS. PRATT OF ALPINE ON TV WITH MONTE HALL

The famous foreman of Channel 8 Corral (KFMB-TV) S.D. a few days ago presented one of California's most colorful horsewomen, Alpine's own Mrs. Arthur A. Pratt of Lazy A Ranch, in an interesting but too short an interview. She brought to Monte Hall's thousands of viewers, pictures of her famous blooded pintos, numerous gorgeous

TWO HOUSES ENTERED

Hearing a noise in her home on Hiway 80 Thursday night last, Mrs. F.R. Sessions switched on the light just in time to see a tall boy making his escape with her purse. On the same night the home of Lawrence Titus, just below the Sessions' was visited, a window broken, but the burglar did not enter.

trophies her animals have won, and her own delightful personality—all in costume. That famous \$5,000 silver trimmed saddle & bridle were also shown. Herewith is one of the several photos Monte televised. Mrs. Pratt rode in Pasadena's Rose parade, and has exhibited at many horse shows. Her interest in blooded animals is a lifetime hobby--she has nine. "I'm always glad to cooperate with anything that is for the youngsters" declares Mrs. Pratt. Monte promises to have her visit his corral again. (We hope it will be a longer one, too.)

Honor and majesty are before him; strength and beauty are in his sanctuary. Psalm 96:6.

ALPINE FIRE ORDINANCE ADOPTED: IS NOW LAW

Following a fortnight's posting at three spots in Alpine, Ordinance No. 1 of the Alpine Fire Protection District is now in force according to state law, announce Fire Commissioners C.E. Bennett, J.H. McKie and C.F. Young. The entire ordinance will be found on page 6 so that residents may save it for reference. "The board will appreciate the cooperation of all in community to help prevent fires", stated member McKie. He adds that the board is still looking for a building lot for the firehouse as that secured by the chamber of commerce had not met approval by the commissioners.

EDITORIAL- BUYING AT HOME IS A BARGAIN!

It is no secret that many back country people go to El Cajon and San Diego to shop. Now we have no argument against milady wanting to dress up and go to town for items that are unobtainable up here. But we do feel sorry for those who drive down just to buy groceries that are stocked right here at home.

But, they argue, we can save money. Then they mention some items for which they may pay a few cents more here. Some are week-end specials, yes, but for the most part, Alpine and other mountain merchants come pretty close to city prices. Moreover, we have found it more pleasant to deal with our friendly local neighbors, which amounts to something.

Now when one figures operating a car, even to El Cajon, a minimum of 30 miles, at the lowest cost of 5¢ a mile, you must add \$1.50 to your total spent. Does that offset these special prices? No. Besides, today when one enters any highway, he risks his life, and that is worth more than a few cents saved! Yes, it is indeed a bargain to buy here at home. Help make this a better community!

BRIGHAM DOES HIS BIT

When a mean thief took the pump and tank donated by Southern Machinery to the Alpine Youth Center, he left it open for another outfit to be donated, which it promptly was, by Frank Brigham. But the directors are not installing it till a caretaker is on the site. Thanks Brother Frank, say the people of Alpine.

Buy at home-- Buy Here!

CHURCH FOOD SALE ZOOMS

Mrs. J.L. Neely and Mrs. M.C. Armstrong report brisk sales at the home cooked food sale for the new Catholic church at Alpine Supply store Saturday. The ladies are doing a fine job every Saturday, 10 to 3, with many goodies and solid dishes. Chairman: Mrs. Mike Liebert and Mrs. Alan Brotherton.

WELCOME TRAVELER

Rosalie and daughter Anne Sheedy aired to Washington and New York for a fortnight's vacation leaving Dad Jack to run bachelor hall at the ranch. He's doing all right.

Mrs. V.M. Shahan is back from visiting her sister, Mrs. Batte in Burbank.

Allan Scheaffer and wife are at the Willows from Ft. Worth staying with their parents who run the place. They will settle here.

Lillian Goulding has moved up the hill to Ruth Scott's to share her lovely home. Ruth commutes to S.D. on her photography work.

Temple B. Smith, Vista chap, has bought near Oak Glen, put up a tent with a trailer, plans building shortly. Brought his wife and two kiddies, works with Fred Rushing on moving the earth.

Neil Morgan, that clever columnist of the S.D. Tribune was a recent visitor to Trailer Estates, was intrigued by the Irvine twins and Cynthia. His "My San Diego" book-sellers report is going over really big. Good-o!

Father J. Murphy from Perris, has taken over the duties in the Catholic parish here, including Descanso, making his home there. He relieved Father J. Hill, transferred to Palm City. The lovely new St. Philomena church on Victoria drive will be dedicated sometime in April, he believes.

Mrs. S.L. Larson returns to Portland next week after spending a month's visit with her son, Dr. Roger Larson of the Community church.

FILM CAMERAMAN IN ALPINE

J.W. La Shelle, camera ace with 20th Century-Fox visited his Viejas Vista Ranch last midweek where his daughter and her husband D. Gardner are busy, ever since the 1400 acres were acquired last year. Mr. La Shelle had to go back--just in time for the big rain in L.A.

NEW FAMILIES LIKE ALPINE

Here are two snaps of the Schaeffers, recent arrivals from Reading, Pa., who are in love with this community. Mrs. Ralph Schaeffer writes: Dear Editor: We enjoy your local newspaper and are enthusiastic about it. You ask for pictures. Here are a few: a snap of our daughter and her dog. The property in the background is being developed. We moved here for her health's sake. The other shows my sister-in-law and her husband just here from Reading and in process of purchasing property. We like Alpine very much and intend to become civic minded residents. We praise your work; it's a stimulant to our personal belief, the best place in the whole USA.

CHURCH GETS STEEL

The government has given the green light on steel for Alpine Community church, so building will start by July 1, reports Dr. Roger Larson. The old structure will be moved before June 1, to be named Fuller Memorial Hall after the Rev. Wm. Fuller who was in charge when it was erected in 1932. He left in 1940. His many friends are meeting at the parsonage this Friday, 7:30 to form a fund raising committee to move the edifice.

SUNBEAMS

By Clarke Irvine

Louis Landt has been under the covers for a week with an attack of flu. Mrs. L. has been running fee shop and signing voters, says "Be sure to register. Rushed, too, got down to her last blank!"

Don Bates is like a boy with a new toy that King Midget, 2 place roadster, a one lunger of 7½ hp built in Athens, O. Its tank holds about as much petrol as a pocket lighter, does 50 miles per gal. Cost \$650.

Most patrons of genial Jack Spaulding, Qualitee distributor in these hills, do not know he has a hobby that requires real talent--oil painting. Jack daubs a good brush, as his exhibits have revealed.

Dick Place and wife, aided by her father, Virgil Ring, are nearing completion of their attractive home next to Ring's, Tavern Road. They got the roof on just in time to miss the rains. Dick works every hour that he is not on duty at the P.O.

Clyde's barbershop is the only advertiser that kicked. Somehow his ad said hours 9 to 5. "Make that 5:30" said Clyde, whose last name if you don't know it is Wanemaker. Has a cute ranchita down at Oak Glen, (Alpine's very first subdivision).

Fred Rushing has just bought a dinkum maroon Chevie pickup, 3/4 ton, for use in his construction work with those big dozers. The rig has a swell get up including removable bed. Bet the Rushings will be a goin' fishing!

Joyce Belloni, Alpine's dance teacher presented talented Jane Sharp at Pine Valley Volunteer Fire Department's benefit show Saturday evening. Jane did fine in several numbers.

Old Gentleman (to a small boy eating an apple): "You better watch out for worms."
Small Boy: "When I eat an apple, the worms have to watch out for themselves."

ORDINANCE No. 1

AN ORDINANCE PROVIDING REGULATIONS FOR THE PREVENTION OF FIRE

The Board of Fire Commissioners of the Alpine Fire Protection District do ordain as follows:

Section 1. It shall be unlawful for any person within the boundaries of the Alpine Fire Protection District to fail to clear his land of or to fail to remove from his premises any dry grass, stubble, brush, rubbish, litter, or other inflammable material which has been determined by the District's Board of Fire Commissioners to endanger the public safety by creating a fire hazard. The District's fire Chief, or other designated officer or employee, shall inspect all land and premises within the District and if he observes on any land or premises any dry grass, stubble, brush, rubbish, litter or other inflammable material which constitutes a fire hazard, he may leave with the owner or occupant of the land or premises a notice of fire hazard, and he shall forthwith notify the Board of Commissioners of the location and nature of this hazard. Said Board shall then determine whether or not in its judgment the inflammable material endangers the public safety by creating a fire hazard. If said Board determines that a fire hazard exists, a notice of fire hazard shall be served on the owner or occupant of said land or premises requiring its elimination within a period of ten (10) days following such service; the notice may be served by leaving a copy with the owner or occupant of the land or premises or by posting a copy conspicuously thereon. Failure by such owner or occupant to eliminate the fire hazard described in said notice within the ten-day period shall constitute a violation of this ordinance.

Section 2. Whenever the Board of Fire Commissioners has determined that a fireplace, chimney, stove, stovepipe, flue, oven, boiler, kettle, forge or any apparatus used in any building, factory or business within the District may be dangerous in causing or promoting fires because of the need for cleaning, repair, removal, discontinuance upon the owner or occupant of the premises upon which the dangerous condition exists, a notice requiring such cleaning, repair, removal, discontinuance or suspension, failure of the owner or occupant of such premises within ten (10) days to comply with the requirements of the notice shall constitute a violation of this ordinance. This notice may be served by leaving a copy with the owner or occupant of the premises or by posting a copy conspicuously on the premises.

Section 3. The burning of any dry grass, stubble, brush, rubbish, litter or other inflammable material is prohibited within the

boundaries of the Alpine Fire protection district except in accordance with the following regulations:

a. No building, debris from wrecked building, or other large amounts of inflammable material shall be burned without first securing a permit from the District's Fire Chief or other designated officer or employee for such burning.

b. Small amounts of inflammable material may be burned without a permit in an approved incinerator covered with an effective spark arrester and located in an area cleared of inflammable materials for at least 10 feet in each direction from the incinerator.

c. No inflammable material shall be burned on any roof except a concrete slab roof.

d. No inflammable material shall be burned within 30 feet of any building or other inflammable structure of any kind.

e. Inflammable materials shall be burned during daylight hours only.

f. A competent person shall be in constant attendance during any burning of inflammable materials and a garden hose attached to a water faucet, buckets of water, or some other effective means must be kept at hand to prevent the spread of fire.

g. All fires shall be extinguished before the person in charge leaves the fire.

h. Excessive smoke, offensive odors and flying ashes and cinders must be guarded against during any burning of inflammable material.

The securing of a permit to do any burning mentioned in this section shall not relieve any person doing such burning from responsibility for any damage to the property of any other person which may occur as a result of such burning.

Section 4. The owner or occupant of the premises upon which it is located must clear all inflammable vegetation away from every house or other building or structure to a distance of not less than 30 feet.

PASSED, APPROVED AND ADOPTED by the Board of Fire Commissioners of the Alpine Fire Protection District at a regular meeting of said Board held at its regular place of meeting, this 20th day of February 1952.

CHAS. E. BENNETT

J.H. MCKIE, JR.

HOTEL, SANITARIUM NEEDED

The other night S.D. chamber hosted south county chamber officers at El Cajon, presented talks on water needs and other improvements. President Lewinson, Secretary Irvine and Treasurer McCall of Alpine, attended. Irvine spoke when the big chamber invited comments. He told of local desire for a sanitarium, also a hotel. S.D. officials promised to keep the idea in mind. "We all might as well cash in on our famed climate" Irvine said.

The jalopy's motor began to pound and knock, then finally gave up in a burp of steam. The worried boy said to his blonde girl friend, "I wonder what that knock is?" "Maybe," said the girl, "it's opportunity."

8 Roy Setser, now aircrafting in S.D. is still wearing that neck brace to hold his broken vertebrae together, sustained when a driver ramed his car some weeks ago. They still live in Alpine which cured his son's asthma.

He: "I'm keeping a record of all the good times we've had together."

She: "Aaah, a diary?"

He: "No, stubs in my check book."

HARRY T. HEDTKE, who came to Alpine 2 years ago following advice of Clarke Irvine in his magazine Let's Live (Hollywood), bought a place at Willows where his mother, Mrs. Clara O. Hedtke now lives. Harry, athlete, hiker, is now on defense work in the South Pacific.

PRESSTIME BRIEFS

Gerald K. Findel, Alpine's first fatality in Korea, is being buried today at 1:30 from St. Paul's Episcopal Church, S.D., interment at Ft. Rosecrans. His mother is Mary Findel, also Twins Jo Anne and Johnny, survive. He had been overseas only two weeks.

Kendall Brown, returned last fall from Japan, shipped in the Marines last week. He had been a merchant marine, attended Grossmont and Campo high schools, also went to school in Guam and Japan.

Mr. and Mrs. Geo. Butcher are guesting Mr. and Mrs. Ralph Waldo Martin, of Eugene, Ore. He is a prominent lumberman, here on a motor vacation. George and Ralph are natives of Kansas.

Larry Sherman flew in last week to visit Parents Art and Helene, coming from Rantoul, Ill, where he starts air force classes soon.

Thanks, Folks!

Dear Mr. Irvine: We are receiving your new Alpine Sun, reading all of each copy, appreciate it, and wish it a good success.

C.L. Johnson, Alpine Terrace...

Compliments on your first issue, a nice little paper which already fills a need here. Many have commented to me, it's fine. Success to you. -Don Bates, Realtor.....

Congratulations! We think your little Sun has an excellent future. Your first issue could'nt have been better- type, size, paper, setup. We'd like another copy to mail to a friend. It's refreshing to finish a paper and lay it aside with a grin on your face. Best of success.

-David & Mabel West, Descanso

PLAYERS INVITE YOU

Anyone in the back country interested in amateur dramatics is cordially invited to visit any meeting of the Alpine Players, says Bea La Force, newly elected president. Next session is Sunday, April 6, 8 p.m. in the Alpine Woman's club. Short business session, workshop play, discussion and refreshments. 'Come and meet everyone and have a good time' invites Mrs. La Force. New secretary is Mrs. Sturdivant, the treasurer, incumbent Frank Brown. Jim Blackton is vice-president.

PUBLIC TO SEE FIRE FILM

The State Forestry is presenting an educational film Brush Fires, Monday Mar. 17, at the Community church, 7 p.m. under auspices of Alpine Fire Department. The public is invited. Another feature film will also be run.

OPENING SCHOOL BIDS

Supt. Frank Brown of Alpine School district reports that bids for the new structures here will be opened March 18 and that building will probably start shortly, with completion by September

RAIN DAMAGES YOUTH SITE

Due to negligence in clearing earth on the new school grounds, the recent heavy rain damaged the Youth Center foundation which may cost much refill and grade, reports Phil Hall, chairman of the committee which raised funds now over \$1,000. to start building shortly. In one place the runover cut a five foot ditch.

Hugh Trail, has been appointed by Mary Doerr, president, as chairman of the building committee with Forrest Hohanshelt, contractor assisting.

Mr. Hall says funds are still coming in, and anyone wishing to help this good work may send checks to him at the P.O.

DEVICE SAVES WATER

Every resident of the back country knows that he, as well as San Diegans, must save every drop of water. Now comes a new device, made in S.D., the Meter-Mizer, which saves around 50% of the 70% of water used in toilet flushing. It has two main objects; quickly dropping the rubber shutoff ball, and stopping slipstream wastage as the ball falls. Thos. Murray, Jr., the inventor, makes and distributes this valuable device.

KIWANIS FILM TONIGHT

Dr. Frank Bornowski, program chairman, has lined up a fine bill for this evening at Kiwanis with a Western Airlines color picture of the evergreen Northwest and the Canadian Rockies. Larry Anderson is chairman of the evening. The club is mighty proud of the show their protege Boy Scouts put on under direction of Jim Blackton at the Woman's club Saturday week.

IRVINE TAMES LIONS

East S.D. Lions had as their speaker last Monday night, Clarke Irvine, publisher of The Alpine Sun, who roused them with a pep talk "Let's Eat Like Hogs", pointing out, for much laughter, but thought-provoking facts, that America feeds its pigs better than its children!
