

**CAR CRASH PUTS BUTTERWORTH IN HOSPITAL**

While returning from the sorority dinner-dance last Wednesday night, Mr. and Mrs. Bruce Butterworth had a narrow escape from possible death when their sedan went off the road into a phone pole. He suffered head injuries, spent several days in the hospital; she was only shaken up. The car was badly damaged. It is thought something happened to the steering arm. Mrs. B. was driving.

**RUTH'S SOLD AGAIN; OPENS**

Don Shreve, S.D., has just bought Ruth's Mountain View Inn from Arthur G. Evanson, La Mesa, who traded a L.A. theatre for it some months ago, getting it from Fred Ellis who had bought out the Grays last year. Evanson made his own sale, Ellis' being handled by E.L.Kokko, realtor, of E.C. Shreve, his wife and mother reopen it on the first, are capable operators, having been some time in S.D. They take over Saturday. Welcome to the mountains and success to you!

**CHAMBER EYEING URGENT ITEMS**

Tuesday night the chamber of commerce held a lively meeting (too late for presstime), with Pres. Geo. Butcher in the chair. Main topic was police protection for Alpine. The patrol service reveals that it may have to abandon this area as support is too small. On the other hand the chamber may propose, Butcher says, to get up a sizeable committee of members and businessmen to appear at the supervisors' meeting to request funds for policing Alpine. The sheriff will do it if he has the money.

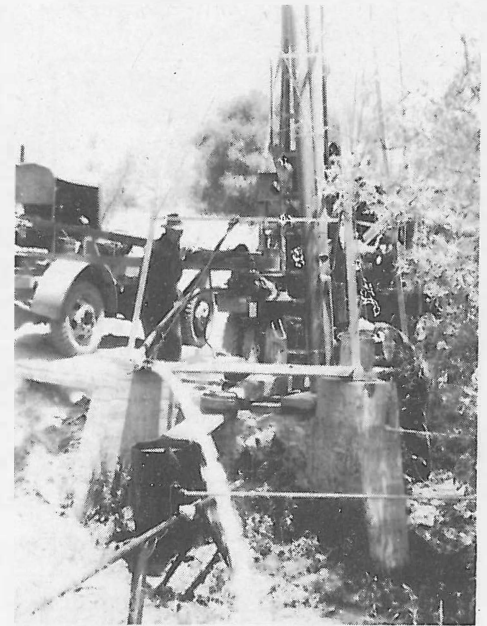

Another important problem is the numbering of main streets here, as Highway 80, Victoria Dr., Tavern and So. Grade roads, and perhaps others. (This has long been advocated by The Sun).

She said she felt like a young colt, but she looked more like an old 45.

**BERGSTROM SELLS; CAFE TO OPEN**

The 8-room home with 138' business frontage on Hiway 80 adjoining the Woman's club on the west, has just been sold to a man who plans remodeling and making it a tearoom, an El Cajon broker reports. The Bergstroms have moved to E.C. to live. Alpine proper has no dining place of this kind, without counter or bar, and will make a fine addition to the local and tourist offerings.

Dave Gardner is elated over the birth of their first purebred black angus calf, a cute little steer--more to come. But he's going to be more elated early in Feb. when their blessed event takes place, as Barbara is going up on the 31st to await the stork.

## EDITORIAL

### SUN HAS FIRST BIRTHDAY

Well, folks, this issue of America's tiniest newspaper, completex its first year. We are happy to say that it has progressed satisfactorily. We have received fine support from Alpine businessmen, also the people who read it, as many have subscribed.

We have enjoyed nice business with those splendid merchants of El Cajon who appreciate patronage from Alpine for many items that are unobtainable here. They have observed our policy of buying at home. We have not solicited ads from any lines that are available in Alpine.

The best boost you can give your home town paper is to speak of it to the advertisers, and to those from whom you buy who do not advertise, both in Alpine and outside. Also, subscribe, so that some day we may obtain second class mailing permit.

We will continue to boost and help make Alpine a better place for good living!

### ALTAR SOCIETY ELECTS

Mrs. L.J. Koutnik is the new president of St. Philomena's Catholic church altar society, elected at the home of Mrs. Robert Hays. Mrs. B. Sample is vice-president; Mrs. R.F. C'hara, secretary; Mrs. F.F. Fitzgerald, treasurer. Mary Doerr is general chairman for the year, and committees for six months. They voted to purchase an organ. First event is the luncheon for Feb. 12, detailed elsewhere.

MABEL WEST BOOK PUBLISHED  
Exposition Press, N.Y., one of  
America's large publishers, has just  
brought out a new volume "Mothers,  
Makers of Men", by Mabel Bartlett  
West, of S.D. formerly of South Grade  
Rd., Alpine. Co-writer was Sophia  
Baker. It will probably enjoy a large  
sale, may even be used in schools as  
a text book as it tells the life  
story of many noted women, mothers of  
famous men as Washington, Webster,  
Lincoln, Edison, Bryant, R.L.S. and  
others.

Alpine benefits in a publicity way  
as the jacket carries comments by  
several prominent men, closing with  
this:

"The future of America is dependent  
on the mothers of today. I urge the  
reading of this book in the home and  
school, also by any young person on  
the road upward"- Clarke Irvine,  
editor-publisher, The Alpine Sun.

Mrs. West, a native of Thomaston,  
Conn., was educated in private  
schools here and in Europe, was  
graduated from Morse Business college  
Hartford, and the Inst. of Religious  
Science, L.A. She is also a member  
of the D.A.R., has traveled through-  
out the world, is also accomplished  
painter, plans to return eventually to  
Alpine to make her home.

This is the old Christiansen place.

## ROAD SURVEY ON HERE

Wm. E. Riley, National City, of U.S. Census bureau, is working the Alpine area on a hurry-up road survey for the state which plans extensive improvements in these parts. The check is for residents and their movements over various roads and highways which will reveal the best routes and where improvements are most required.

Seems as though the road heads are at last coming around to asking the traveling public which way they want to go! Anyhow we appreciate the good roads we now have, and of course will welcome any and all improvements. Some are badly needed around Alpine.

Dr. Frederick Breithut is home from Naval hospital where he has been under observation for several weeks after a stomach and heart attack. He did not have to undergo surgery. Mrs. Breithut's mother, injured last fall by a car, is still in casts, will not be up till late summer so will be unable to come west to occupy her cozy new home here for additional months.

To those who talk and talk and talk,  
This proverb should appeal:  
"The steam that blows the whistle  
Will never turn the wheel."
