EDITORIAL

HOW UNJUST IS UNCLE SAM?

Freedom was the keynote for the foundation of the U.S. And freedom has been the cry ever since. But did you know that the federal government is gradually relieving us of freedom, while yelling about the American way of life and warning us to fear outside subversive influences.

For example, your phone bill is made up of two separate accounts. One is the cost of service. The other is a wartime excise tax on service, which the company turns over to Uncle Sam. Last year this unjust and annoying tax cost each customer \$22. over \$1.80 a month, nearly a sixth of your phone cost. You have to pay 15% on local service, and long distance under 25%, on calls over 25¢, 25%.

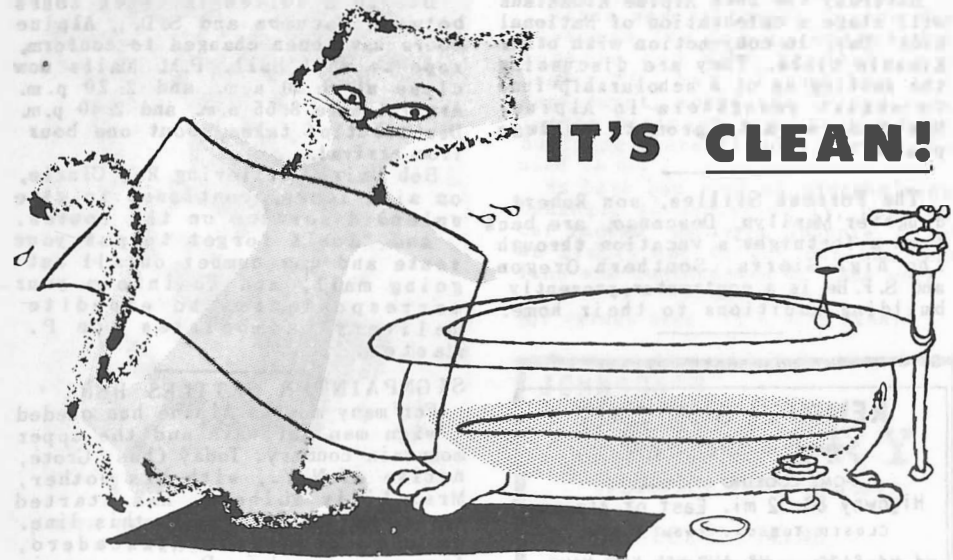

Only two items are taxed higher than long distance calls, liquor and cigarettes, with jewelry, cabarets, furs next. Then local phone service, long distance passenger travel, pleasure cars, fishing equipment, TV and musical instruments.

Yet there is no tax on electricity, local transportation, water or gas. All these are utilities, essentials of life. But we, in a great country of creature comforts and necessary things, must pay a burdensome tax on the phone: which must stand a tax higher than luxuries, sports, vices, and I think we may safely refer to booze and cigarettes as vices.

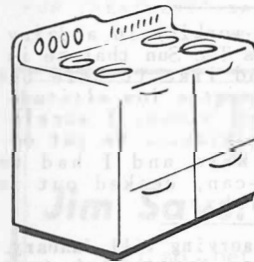

In addition, the petty figuring of this complex tax adds to the overhead of the phone company the same as sales tax and other levies that annoy the hard pressed businessman. Life is complicated enough without adding to the burden. Off with it.

JUST ONE OF 9 REASONS TO CHANGE TO A NEW **ELECTRIC** RANGE!

FOR A MODERN KITCHEN
- GET A MODERN
ELECTRIC RANGE.

Yes, an electric range is such a cooking pleasure - because electricity is such a clean fuel. No smoke, no smudge, no carbon. Your electric range stays clean - your utensils stay clean - your kitchen stays clean.

And, of course, cleanliness is just one of nine good reasons you need an electric range.

Count the eight others: 1. It's cool. 2. It's modern. 3. It's fast. 4. It's thrifty. 5. It's dependable. 6. Your electric range preserves vitamins and minerals for health. 7. Preserves the wonderful flavors of all foods - because you cook with so little water. And 8. An electric range is automatic - to save you time, to save you work.

It's time for you to change to an electric range - and make your life better 9 ways. See your dealer. now.

FINE NEW SCHOOL IS FULL

Supt. Frank S. Brown and his teaching staff are elated with the new Alpine school which is running nearly to capacity with 401 enrollments. The children seem pleased and happy in the lovely new buildings with the roomy cafeteria which is cleverly arranged in the auditorium by means of folding tables and benches.

'We could handle 50 more students if in the right grades' states Brown, 'and we expect our average for the year to be 425 to 435'. The kindergarten alone has a record of 54, will have to be split into two classes in order to more efficiently handle the tots in the attractive new room.

Dedication will be in the middle of November, says Brown, when officials and others will come up to formally put the school on the map. At this time the Sun plans to have a dedication issue with complete story and pictures of the fine new plant, teachers, children and so forth.

The community should be mighty proud of this really wonderful modern school, and especially the auditorium which serves so many purposes as well as being available for civic meetings and other events.

BIG CLOCK IS FINE AD

W.L. Houghton who runs the Valley Health Foods down at 133 Prescott, E.C., has just installed a large electric clock, lighted all night and visible from Main street, that has attracted much attention to his health food business. Houghton is serving not only local folks who want vitamins and other health items, but has a flourishing trade from the back country. He features diabetic foods, black strap molasses, whole-wheat breads and other health-building items.

ROHR THANKS THE SUN

A letter with a thrill comes from the S.D. County Traffic Safety Council, signed by Fred H. Rohr, president and head of the great Rohr Aircraft firm.

"The council is deeply appreciative of the many valuable inches of space you have given" he says, "and at this writing there are 38 fewer traffic deaths in the total county area compared with the same time last year".

This is indeed thrilling, to think that such a fine group is saving lives. While the Sun does not have space for long stories, we are happy to print the highlights and again urge every reader to observe precautions now, which is opening the season's worst period. Speed less, care more.

The altar and reredos, the work of Mrs. Margaret Montgomery, a member of the faculty of Scripps College at Pomona, is a gift of Mrs. Arthur Pratt, remembering her mother, Catherine Ellen Humphries. It is a mural made of vitreous enamel on copper tiles, the largest of this art type ever done. The panels are of the various Christian symbols interwoven with a grapevine. are candlabra, missal stand and offering plates of Oregon myrtle.

Another beautiful memorial is the pulpit carved by Joseph Auer of S.D., of Japanese Birch, a gift of Mrs. Sumter E. Smith, in memory of her husband. The carving is of a figure of Christ preaching.

The attractive structure is of red brick and native stone with natural shingle roof, a blend of traditional and modern thought. The stone was donated by Hans Kern, the stonework done by Guy Phelps. Pews are of light oak; interior bleached wood and brick, in keeping with the rustic decor Alpine has assumed.

The electric organ, bought three years ago, resulted from the single-handed efforts of Gail Wilson who raised the money. The old bell from the town hall of 1899, is in the modern belfry, having served many years in the old church, now Fuller memorial hall.

Architects were Johnson, Hatch and Wulff of S.D. and construction by Roger Beatty, El Cajon, Sam Maloof designer and woodworker, executed the art items.

Alpine is indeed mighty proud of its lovely new church.

He is already improving and enlarging the place, first task building a bank of shelves in the storeroom to accommodate the enlarging stock. They like Alpine more every day, are enjoying meeting so many nice people.

Mrs. May Devore posts The Sun from Cairo, Ill., that she arrived safely by plane, only 7 hours to St. Louis "where my son met me. We had a good rain next day, now nice fall weather. Am feeling fine. Best wishes to all my friends".

HAROLD MYLREA, Prop. EL CAJON,

WAINRIGHT NAME ON ICE

The Sun's plan to name old Hiway 80 from the Willows up, Wainright boulevard, in honor of the famed here of the Philippines, was a good idea, but residents of that area had a better one: to call it Willows Road, which would instantly indicate where it is and would give that area the general name of the Willows, which it has become known as because The Willows motel and cottages have been operated there for many years. Therefore The Sun has prepared the petition to the supervisors and is circulating it so the folks will have a name for their street. We will save Wainright for another.

OESER RESIGNS FROM CHAMBER

Due to pressure of personal duties and his having served over a year as secretary of the Alpine Chamber of Commerce, Comdr. R. Oeser, USN (ret'd), is leaving the post as of Oct. 1. He has done a splendid job, say directors, who are inviting volunteers for the task. One should be able to type, write a letter and take minutes of the meetings. It is an honorary job and a civic duty. Contact President Ed Bike if interested, and don't delay.

SEVEN CALLAHAN'S MOVE IN

Chas. C. Callahan and wife, with three sons, Chas. C. Jr., Michael and Robert, of S.D., have taken the Sobel home off Victoria drive. With them are his parents, Mr. and Mrs. Clement C. Callahan, Erie, Pa. Jos. Sobel, owner of the place, is off in his trail r on a trip to Florida for the winter.

Carmen and Bob Bailey enjoyed their 20th wedding anniversary at Catalina, scene of their honeymoon. "It was wonderful, too", says Carmen.

Frances Caldwell entertained over the week-end Roland and Eva Caldwell and two daughters Suzanne and Martha, of L.A.
