Another lad involved, a juvenile, was certified to Juvenile Court, and later released to his parents. Weisiger told the court six other youths were involved, but it seems that only one other besides those mentioned, had been detained.

EDITORIAL

LET'S NOT HAVE BLACK XMAS

Thanksgiving is next Thursday. four weeks later comes Christmas, with New Year a week later. This is the holiday season. Let us not make it a black Christmas with more traffic deaths!

Within the last 30 days, Fred H. Rohr, head of the S.D. County traffic safety program, says that 'we have seen death strike in our county 25 times, double what it was in the first nine months of the year.'

The National Safety Council's recent report has given women drivers a much better statistics look-- they are involved in only 11% of fatal crashes while men number 89%. Yet only 27% of all licensed drivers are women, 13,770,000, males outnumbering them in the total of 37,223,000.

They say women drive more relaxed, are not so speedy, hold their tempers easier, are more courteous, and believe me, courtesy -- which after all indicates that a lady or gentleman is at the wheel-- is one of the best preventives of fatal crashes.

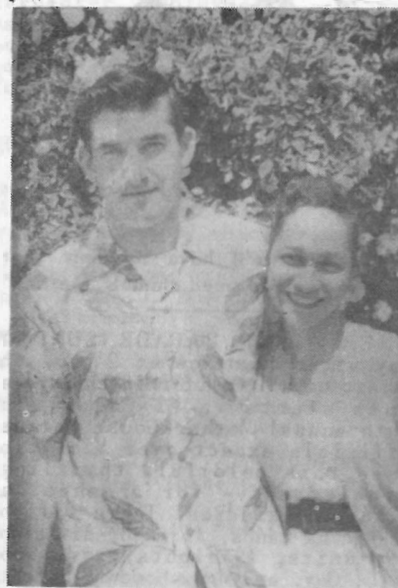

This season let us all pray for safety on our highways, and at the same time, endeavor to drive with extra courtesy, in short, at Christmas time drive like a Christian drive with the Golden Rule. C.I.

ALPINE CHURCH RECOGNIZED

Last Friday, Dr. John Atkinson of N.Y., director of the Inter-denominational Bureau of Church Architecture, made a trip to Alpine to inspect and photograph the new Community Church. Dr. Atkinson was speaker at a conference on Church architecture in San Diego. Before he left N.Y. he was urged by W.K. Newman, director of the Congregational Church Building Society, to see Alpine's edifice on his San Diego trip. Dr. Larson was informed that pictures of the building will be shown throughout the country with Dr. Atkinson's illustrated lectures on recent trends in such architecture.

WILCOX BUILDING TWO HOMES

Actual work has started on a pair of dwellings on Tavern Road opposite Winona Copper's place, by R.D. Wilcox, for himself, son Roger and wife. The B & R Diamond Drillers are starting to put in the well on the test hole they made recently which showed water in a fault at only 40 feet. They will descend to 100, Dick Bostwick, head of the firm,

believing an ample supply available. Cost of the two homes, says Senior Wilcox, will be \$30,000. A ditcher has just finished footings for the two houses, hitting solid decomposed granite at a foot or so below the obstinate adobe.

WANT TO SELL IT? THEN RUN A LITTLE CLASSIFIED AD IN THE SUN.

Harold (Steve) Stevens, who operates the El Cajon House Moving and Salvage, is a great booster for this area, making his home in Harbison Canyon, with his wife, who is employed in the Alpine school cafeteria. He is no a Sun advertiser, too.

SAD STORY DIES WITH DOG

The other day a beautiful collie dragged its tired body into Carl Schweiss' ranch on 80 above town, a hind leg hanging by a thread, the bone shattered apparently by a shot.

'Was it an accident, or did someone shoot you? Carl questioned.

Mutely the fine animal looked up at him, unable to reveal the cause of his near fatal wound.

Tenderly Carl and Mrs. Schweiss tried to comfort him, fed him, then knowing that the men up at the Viejas Honor Camp like projects, he drove the dog up there and left it in friendly hands.

That night he learned that upon examination gangrene had set in, so a sheriff -- they have no guns at the camp -- came in and put Mr. Collie out of his misery. Who lost a fine dog? How was he killed? God alone knows.

BENNETTS WEDDED 32 YEARS

The Bennetts were presented a set of lovely crystal goblets.

WOODALL HAS UNIQUE HOBBY

When away from his practice, Dr. Earl C Woodall, Alpine's doctor, really gets away from business by rolling up his sleeves and doing intricate work on his lathe. He is constructing a celestial telescope with a 12' lens which will be one of the largest amateur glasses in the West. He has the lens completed, is now making the barrel, will build a timing mechanism to keep the crystal eye on any starry object. (Maybe he'll discover a new comet or something !)

THANKSGIVING IN CHURCHES

At the 11 a.m. worship in Alpine Community Church, the annual Thanksgiving communion will take place, says Dr. Roger Larson, minister.

'Don't forget, parents, our nursery will care for your children in Fuller Hall while you are at any morning service.'

Fr. A. Geimer, of St. Philomena's Catholic church, will say one mass at 8 a.m.

At Bethel Assembly, The Rev. A.J. Schoonover has planned no morning service as the revival is on, the evening meeting being at 7 p.m.

Note- Many families as usual will conduct home services and readings, and the more serious descendants of the Pilgrim Fathers will go out into the open, bare their heads, and silently give thanks for the boundless beauty, peace and comfort of this great nation, 'founded under God'. This is one day of the year when you should properly display the national colors. Every family should own Old Glory- C.I.

POWAY SETS EXAMPLE FOR US

Since Poway got water, its lively chamber of commerce has gone in for planning, a recent meeting of 50 members hearing Dr. Willis H. Miller county planning director, and two of his aides, Bartlett Dunn and Richard Weiser, tell of the longview advantages of community planning. All three emphasized that local civic groups and property owners must initiate requests for a master plan, which includes zoning.

Note- Alpine one day will have water. That will spurt instant growth. But alas, little has ever been done to protect the serenity and beauty of this community. Tomorrow poultry sheds, a cattle ranch, a wrecking yard or a junk lot might be opened next to your home. We have repeatedly urged Alpine to get busy and protect its future through facilities of the County Planning Commission. - C.I.

At 20 a man thinks he can save the world. At thirty he's happy if he can save part of his salary.

We have more demand for cheaper properties in Alpine than can be filled.

Aquilar is with Solar Aircraft. The place has 5 acres, a house and two cabins, with a superb view of the hills and El Cajon Mountain. They plan improvements and will bring in a power line.

ESA BOX SOCIAL FUN

The Gamma Gamma girls and their husbands gathered Saturday at the Doug. Walker barn for a jolly box social and dance. The chill of the evening was offset by a huge bonfire outside with plenty of dancing and fun inside. Auctioneer Jack Blankenship did a big job, even selling two dinners to Jack Wilson. The boxes were beautiful, special mention goes to Ruth Rooklidge, Jack Boyd, Alice Robbins Dorothy Hall and Verlie Boyd.

NOW YOU MAY PLANT THINGS

Since a nice rain fell, the earth is ready for winter planting of bulbs, trees, shrubs, so they may get started and receive benefits from the winter rains.

Alpine Gardens, at the Tavern, operated by Les Ramsay, landscape expert, says to get bulbs in right now, as daffodils, ranunculus and others, of which he has a large variety in stock.

Mrs. Hughes of Ave Marie Gardens, nearest nursery advises that she has a lot of sturdy trees and shrubs for the ground.

Those going in for bare root fruits, should get ready and put them out early. Even a winter veggie garden will do in frostless sections here where no killing frosts occur.

KIWANIS HEARS NEWSMAN

Observance of newspaper week was enjoyed by Alpine Kiwanians last Thursday week at their dinner in Fuller Hall when Clarke Irvine, of the Alpine Sun, was the speaker with 'My Big Story'. He told of being a roving reporter for the U.P., how he happened to be in Brisbane, Australia, covered the first Trans-Pacific flight by Sir Chas. Kingstord Smith on June 9, 1928. He told of some of the tasks the working press must do to keep readers apprised of news events; urged support of newspapers 'your one great freedom and assurance of liberty' he said, 'which our founding fathers fought and died for to leave to us and our children.'

An interesting facet of the talk was a demonstration with copy, negative, printing plates and so on from the current issue of the Sun, which today is completely printed by photo-offset at Irvine's ranch here. Carl Schweiss was chairman, Carmelo Manuel, president, in charge.

HERE'S SURPRISE NEWS

The highway patrol reveals that 6403 arrests for speeds over 70 were made in September! No wonder speed kills, say officials. This is over a third of the total 19,001 speed arrests. There were 160 for speeding 85-90 miles; 56 for 90-95 and 34 for over 95. Engineers say that anyone driving over 60, especially in the 90's, outside of a racetrack, is plain crazy. Headon collision at 60 is like driving off a 12-story building!

Note- And don't forget, you whose children ride bikes, the wheel is subject to traffic laws, must have rear reflector. Nearly 3000 riders were killed or injured in 1953 in this state. - C.I.

The Carl McCalls are sporting a nifty new Chevrolet station wagon done in fireman red! Carl drives it mostly, to his work in El Cajon.

STREET NUMBER MAP READY

Within a short time Alpine will have house numbers assigned, is the word from the civic center where Coordinator Yakel reports that he has completed the grid map for the community. This is the base for working out the efficient numbering system which allows one number for each 20 feet of property on all county roads. This project was started by the Alpine Sun in August, 1953.

North-south numbers will start 1½ miles north of town, will run as far south as needed, digits in the village to be about 1300. East-west numbers start at Highway 80 and Harbison Canyon road, (top of the big grade), and go east as far as needed, with downtown digits around 2400. This approved system eliminates confusing compass directions, for example, the Sun might be 2662 Tavern rd., (just a snap guess).

KIRBY IS SIX

The young son of Frances Caldwell celebrated his sixth year with a snappy-happy birthday party November sixth. Games, entertainment and wonderful refreshments were enjoyed by: Barbara Butterworth, Linda Dowdy, Cynthia Irvine, Harry Way, Ronny Anderson, Jimmy Snyder, Freddie Kidder, Mary Eva Fitzgerald, Bruce Hill, Kathy Blankenship, Billy Norris, Jeannie and Mary Alice Manning.

22 NOW ON SANITATION LINE

The county engineer's office reports that 22 have now been connected to the new sewer system, which puts it into complete operation. It is believed by Alpine leaders that property will be improved from now on and new buildings, now eligible for permits, will be erected. A number of new businesses are eyeing this area, it is reported.

The passing motorist finds some parts of downtown Alpine drab and unattractive. The 'Womans' Club believes the charm of its members.

WILL DISCUSS SCHOOL BONDS

On the evening of Tuesday, the 30th, at 7 p.m. taxpayers will sit down to a dinner in the Tavern, then listen to talks by both sides on the proposed school bonds, to be voted for the much needed additional classrooms at Alpine School.

The affair is sponsored by the chamber of commerce so that voters will know just what it is all about', says Pres. Wm. S. Lethbridge, 'and to enable the chamber to declare for or against the measure'.

Reservations are limited to 50, for the special dinner at \$1.65. It is suggested that you make reservation early for this important session. It is planned to hold the election on Dec. 16. Growth here has kept pace with that throughout the county-- from enrollment in 1944 of 118, to 440 today! And it's soaring.

NEW INDUSTRY GETS GOING

Viejas Jewelry and Pottery will soon be known all over the nation as an exclusive art line made in Alpine where Viejas Mountain is one of the area's scenic highlights. The new small industry is being projected by Les Ramsay and Wm. S. Lethbridge, everything being fabricated at their Alpine Village of Arts & Crafts. The line has taken a firm hold and is prospering, some of the most lovely pieces already being ordered by stars and noted visitors to the historic old Tavern; also by-mail sales are soaring. Lethbridge left Monday on a visit to high class dealers in the tourist centers of Arizona.

'Local folk probably don't realize it' says Ramsay, 'but we invite any type of distinctive craft work for our shop, which may be left on consignment to be sold'.

A young doctor rushed into the coroner's office and exclaimed: "I want to change the death certificate I gave you yesterday. In the space marked 'cause of death' I signed my name."

MRS. McDONNELL IMPROVES

Comdr. F.R. McDonnell (Cats' Acres) is happy over the nice recovery his wife is making from her recent fracture of one leg, the cast having been taken off last week. They went down to Ballantyne's in E.C., drove home a spiffy new Buick Special, which she is now able to drive to Alpine, but will use crutches for some time.

Helena Malani has departed for Palm Springs where she is to sojourn for the winter.
