**MUSTANGS FORGING AHEAD**

Every youngster that loves horses—and who doesn't—now has a fine opportunity to become expert in handling this prince of all domestic animals with the advent of the Alpine Mustangs.

This riding club, under able leadership of 'Tibby' Thibault trail boss, and Bill Ingles, associate, made its first appearance at the St. Philomena's Catholic Church fiesta on the Memorial weekend Sunday.

The 15 youth and their mounts, as a unit in the parade, were acclaimed as veterans for staying in formation along the entire route from Honey Hill to the church. They sent appreciation to Geo. Dowdy and highway patrolmen for traffic

ALPINE FAVORS WATER DEAL

Al Little, chairman of Alpine Water Committee, which put out the recent statement and picked up questionnaires from property owners, on going into Rancho El Cajon Water District, reports that 600 were sent out, 290 returned, with 70% answering yes on joining.

'Many were unanswered because renters received them' states Little, 'and many property owners, where no buildings exist, of course did not receive them, and could not voice their desire'. He says the papers have been sent in to the main committee of which Raymond Scruggs, Suncrest, is Chairman.

CRANE ADVERTISES ALPINE

Saturday morning folks along Highway 80 to Jacumba became fully aware that Alpine now has an automatic laundry, when Roy Crane drove up with 300 placards telling about the : hour wash now offered by the Alpine Launderette, 2232 Highway 80. The green on white posters were off the Sun press at 7 a.m. a rush job to help advertise this growing new business.

Mr. and Mrs. Bud Archer are on a motor vacation to parts unknown, reports Bud, jr., who is running the poultry ranch while they are away.

Editorial

We have heard a lot around here lately about rising taxes.

Now some are groaning because we urgently need more classrooms and teachers which is going to up taxes. And on July 22, we are asked to vote permission to raise the rate from \$1.22 to \$1.48 to operate next year, get needed teachers and repair the old buildings.

Now I pay taxes, and more than the average homeowner, because I operate a small trailer park,

I am just as much against rising taxes as the next one, but I'd like to point out a few things about tax money. We get more for our dollar in school taxes than in any other field. The lifeblood of the nation maintains its quality with education, knowledge and experience. We keep the peace and win the war with know-how.

Moreover, when we look into the spending of American money, the appalling total that is blown every year on liquor, tobacco, night clubs and various other luxuries is unbelievable.

I actually wonder how anyone has the short-sightedness to cut off or complain about spending for schools. Actually we should be putting much more into better classrooms, gyms, auditoriums, playgrounds and swimming pools, together with equipment for learning trades and hobbies.

Let's cut down on some luxury spending and put those few cents into schools. You know better men make better nations! - CI

ALPINE OR BUST SOMETIME!

From Mt. Clemens, Mich., comes a jolly letter from Walter L. Bluck: 'Enclosed \$2. for another year. Don't think we'll get to Alpine this year; maybe next winter, 1956. We surely enjoy your tiny paper. Hope our piece of land on 80 is still there; hope to build someday.' We hope so too. -Ed.

POOL OPEN TO ALPINE FOLK

Since Bob and June Anderson filled their plunge at Shadyrock Ranch, the new picnic spot, top of Marshall Road, water lovers of Alpine have been buzzing about whether they will get a chance to swim.

So in response to these demands, the Andersons have decided to let the people have two days a week, Tuesday and Thursday, 10 to 12, and 1 to 3 with Thursday evening from 5 to 11, for all ages. For one hour of the evening session the pool will be cleared of youngsters so adults may swim. The kiddies may play games and otherwise enjoy the ranch.

The pool and grounds will be open as a club, and registration is now on, say the owners, who are quite public spirited in offering their lovely place for the use of the community. If interested, contact them at Hickory 5-3171.

DARNELL COTTAGES ARE SOLD

An old Alpine landmark has changed hands.

Mr. and Mrs. John Van Keuren, who formerly ran a motel in Daytona Beach, Fla., have just purchased the well known Darnell group of cottages, 4284 Willows Road. reports Alpine Realty Co. Price was not revealed. New owners will take over on August first.

Rex Darnell and wife came here 31 years ago from New Jersey and built a home on old Highway 80. For a long time they managed a tearoom, serving the traveling public. Then they erected a group of rentals, known as the Darnell Cottages, which today is a landmark in the Willows area. Over the decades many have returned year after year to repeat a pleasant stay there. The Darnells will make their home in one of the nearby houses owned by their son Bal.

SCHRADES GO A FISHING

On a well-earned vacation, angling north of S.F., are Mr. and Mrs. Jack Schrade, of Frontier Shop E.C. She flew to Sacramento, joined him at the end of the legislature where he is assemblyman from the 80th area.

In a letter to the Sun he says: 'Dear Clarke:- Thank you for the courtesies you have extended through your newspaper during the 1955 legislative session . . with best wishes, etc'.

He says Luther H. Lincoln, speaker of the assembly, reports that the lower house has passed 2312 bills, compared with 2206 in the same period two years ago. (NO wonder they have a lot of work to do!)

ELECTION FOR TRI-HI-Y

Newly elected officers of the Alpine Tri-HI-Y took over at the last meeting. Elected were: Dolores Sample, president; Marie Bradshaw, vice-president; Christine Hem, secretary; Patty McBrayer, treasurer; Marilyn Stille, chaplain.

STATE SCHOOL MAN SPEAKS

At a special 5 p.m. meeting of the Community Council, presided over by Carl Schweiss, John Branagan, state field man for schools, made a brief talk, answered questions regarding the needed new classrooms and the old school buildings.

According to new rulings, the old structures, condemned several years ago, are just no good, and the new ones need repairs. He said the old site is obsolete-- more room is needed.

A suggestion was made, now under discussion, that the Youth Center trade its 10 acres west of the school, for the old site of 5 acres and its buildings, which is worth considerably more. At 7 p.m. the session broke up with but little accomplished. The board is still going after extra money to repair the old usable buildings.

Friends of little Frances Thompson gathered at her home Friday afternoon to help celebrate her 7th birthday.

Private: "Her niece is good-looking, too."

Corporal: "Don't say knees is, say knees are."

BOY ON BIKE SKIPS DEATH

What might have been a fatal accident luckily proved to be just a serious mishap when Craig Miller, 7, son of Mr. and Mrs. Clyde Miller, residing in one of the Homes cottages, flashed out of the Arnold Way drive and was struck by a car driven by Fred Rohr, of the meat department. Florence's market.

It happened about 6 p.m. as Mr. Rohr was going home. The boy had only had the bike 10 minutes. The driveway is obscured by brush so Rohr could not see the lad skooting down the slope.

Highway Patrolman Geo. Dowdy and the boy's father took him to the hospital. He is now home and on the mend. Naturally Rohr was mighty upset, was absolved of any blame.

Note- often we see kiddies loitering or playing on the edge of Alpine roads and lanes. While we fortunately do not have traffic as in the city, parents should admonish their offspring to keep out of and well away from traffic at all times. - CI

FREE RENT FOR CARETAKER

There is a fine opportunity for some retired man or couple to live in a trailer rent free at the Youth Center, says Mary Doerr, president. Someone is needed to look after the place and take care of the buildings. If one does not have a trailer, it may be possible that one will be furnished. The idea is to make the grounds available at a nominal fee for camping, overnight stops and picnics. If interested, write Mrs. Frank Doerr, Alpine.

At the meeting of Alpine Better Business Association at Coffee Cup Cafe Tuesday week, Chas. FIREMAN BARBECUE SUCCESS

The Alpine Fire Department with the Kiwanis and Youth Center staged a successful barbecue Sunday with an exciting ball game and soapbox derby. The meat was prepared by Jack Blankenship and Lee Roper, carved by Orvill Clarke. Mrs. Frank Doerr was in charge of the kitchen with Mrs. Hugh Trail and Mrs. Sutton helping.

The ball game was a thriller with the Kiwanis beating 12 to 9. They had Paul Bailey as pitcher and Charles Bradley as catcher while on the fireman's team Al Hinkle Jr., pitched with John Chapin as catcher.

The soap box derby was won by Charles Bradley, prize being a set of official wheels and axels he can use to enter the national derby. Other contestants were Mike Russell and Don Fordney. This contest was sponsored by Kiwanians who also put up the prize.

**RING SELLS, TO BUILD ANEW**

Virgil and Ida Ring, pioneers of Tavern Road, have just sold their home and an acre with orchard and garden to Sanford K. Johnson and wife Alma, of Roswell, N. Mexico. They take possession Sept. 1. He is a retired physiotherapist, and an enthusiastic gardener, had heard of Alpine for some time before he came here to look around. They have children who are married and in the east. Sale was by HI5 Realty, reports

The Rings are preparing to add a new home onto their guest house adjoining his place on the east where he recently secured a fine well. He has been under the weather for a few days, did too much work after an operation last year, but is now on his feet and anxious to commence building which is to be done by local labor.

Mrs. Homer Hinds and Mrs. Frank Wilson motored to L.A. on business this week, visited Mrs. Hinds son, Raymond White, a junior high art teacher in Long Beach.

Alpine needs 4-lanes to El Cajon.

ALPINE GETS SWIM CLASS

A lot of mothers in this area are happy today with the knowledge that at long last a class in swimming is now on, with an experienced instructor in charge. He is O.A. Jehl, MMC, USN, (retd.) veteran of WW2 and Korea, who joined the navy for physical education, boxing and allied sports. He went through the naval frogmen's course, from which combat only 10% return alive!

Jehl is a native of Memphis, his wife of Seattle. They live here with their two children, Jeanette, 13 and Otto, 8. He is a Red Cross life saver, was instructor in swimming and was on the 1932 Olympic team, has the All-Navy belt for wrestling, and is a graduate of the National Aquatic School.

Class for children is at 10, for teenagers at 10:30. (Call HIckory 5-2530 for details.)

Note- We are very enthused over this class and are sending our three children who already paddle pretty well. In the navy during WW1, I instructed many landlubbers in swimming, having qualified for the Red Cross Life Saving Corps. Every week we read of some youngster being drowned merely because he did not know how to swim. There is no reason for this. It is so easy and inexpensive, yet so much fun and health building results that it is hard to understand why parents do not make swimming a must. Moreover it should be mandatory in every school! - C.I.

Pat Greeley is the new waitress at Alpine Coffee Cup, helping out Fred and Ann Dally, owners.

Exasperated Mama: "How do you keep children out of the cookie jar?"

Grandma: "Lock up the pantry and hide the key under the soap in the bathroom."
