## COMMUNITY DONATING CASH TO END DOUBLE SESSIONS!

### PRESLEY BOY TO SURGERY

Home Sunday for a week is Jimmy Presley, 11, the lad who accidentally sent a bullet into his abdomen while watching TV at the Japatul home of his parents. He is making nice recovery, but must go into Grossmont Hospital Monday for removal of the slug which is in the muscles near his spine.

### WILL REHABILITATE OLD BUILDING: PARENTS ELATED

Two urgently needed classrooms at the old school, Tavern Road, will soon be put into use for primary grades, is the heartening announcement from Supt. David B. Everett who says this will end double sessions.

Public funds for repairs, he

POPULAR BUS DRIVER IS MRS. HAZEL RICHARDS WHO LOVES HER YOUNG CHARGES AS MUCH AS HER OWN TWO, MIKE AND PATTY.

### TAVERN ROAD WORK ON SLATE

Field work by surveyors has been completed on the Tavern Road improvement from So. Grade to Arnold Way. Today engineers are going over the route in the office which should take about two weeks. Then rights-of-way will be checked and survey of the new, straighter, level route will be made, shortly after which actual construction will begin.

advises, are not available for this purpose and the state will not help, but there is a pioneer, community spirit in Alpine that has found a way-- simply by donations of private cash-- of \$200 to \$300. for labor and materials.

The money will be used to eliminate fire, and structural hazards on this sturdy old schoolhouse which has been in use for 50 years and withstood perhaps 10 major quakes.

When news of this came to the Sun, it offered to make it a Sun project, so has already in hand \$73. from merely talking with a few. See list

## YOUTH HELD ON ARSON

Juvenile Hall is holding an Alpine boy, 16, on suspicion of arson. He was apprehended by Fire Chief Lee Roper last week near a house fire on Flo Drive off of Arnold Way. Two other small fires had been controlled in this vicinity recently, with evidence of having been set, which sparked the stake-out resulting in the boy's being turned over to the sheriff.

Some weeks ago a woman reported a youth wearing a bandana had threatened her with a knife, demanding entrance. She screamed and neighbors came to her aid but no trace was found of the person. This event is also being investigated in connection with the 16-year old.

Note- At presstime the Sun talked to Eddie Wiegler, chief assistant prohibition officer, who at this time could give no more details, the backlog of investigations is so great. "August was the largest month in history" he stated with 639 new references, and a short staff to handle them".

## NEW MANAGER AT CARLSTROM'S

Mr. and Mrs. Ernest Thomas of Albuquerque and Del Rio, are now in charge of Carlstrom Cottages, following resignation of the Tom Gazics, who will continue to live there. Thomas was clerk and auditor for Hilton Hotel, Del Rio, for 10 years. Mrs. Thomas has a sister, Mrs. Edward E. Harris, in E.C. They have two grown sons, Ernest in Buffalo and Leroy, in Del Rio, who is in the Texas State Highway Dept. as senior draughtsman.

## DARNELLS FLY IN FROM CUBA

Arriving on wednesday last week, by plane from Santiago, were Mr. and Mrs. Bal Darnell, to visit his parents the Rex Darnells, Willows Road. They came via New Orleans where he stopped at his company's plant, and at Denver to visit Marie's folks. They leave by plane on the first for their Cuban home via Mexico City.

In preparing meals for her family of six children, Mrs. Robert D. Cloyes — 609 Murray Avenue, El Cajon — finds that electric cooking is much faster, much cleaner and much easier than any other method. "All the automatic features and conveniences of my electric range allow me more time to spend with my husband and children," Mrs. Cloyes says.

In San Diego County—the average monthly cost for Electric Cooking is less than \$2.50. LIVE BETTER ELECTRICALLY... install an electric water heater as well as electric cooking.

## FREE GIFT

Handsome clear plastic MEASURING CUP is yours free when you come to your dealer's now. At the same time ask for a no-obligation appraisal of your old range. You will be pleasantly surprised at how much more your old range is worth during this special event.

**DRAMA CLASSES STARTING**

At 1 p.m. tomorrow fall classes in the drama will be inaugurated in the auditorium of Alpine School, announces Mrs. Sarabeth Magnussen, who has appeared in plays here. She has had a theatrical background from birth, her parents having been professionals. For three years she was on the drama staff at Radio WHO, Des Moines, and was director of plays for the Fairfield Producing Co., Fairfield, Ia. Her classes here will be for children 12 thru 17.

'Those who did not register still have time to enter classes Saturday' she says. They plan a junior theatre in time to produce their own plays. This is an opportunity to learn all phases of acting technique.

Note- We think this a fine chance for many youngsters, whether talented or not, to get good training in speech, memory training and character building. My wife and I were among those who founded our Alpine Community Players, appeared in several productions, and enjoyed it very much. Ever since school days I have been in amateur dramatics and found it a wonderful pastime and education. If you can possibly send any of your young ones, their lives will be enhanced socially and for any career work, whether it be in the drama or business. -CI

## SCHOOL STORY, from page 1

We urge every resident to toss in something-- a dime, a dollar or more, with or without your name-- and see how fast a fine community like Alpine, which includes Harbison Canyon and Japatul in our school area, will come up with more than is needed.

A prime mover in the drive is Jerry Heinrich, carpenter, and well acquainted with our school problems, who is donating labor for re-roofing. Forrest Hohanshelt is giving his time and know-how as inspector and advisor. Anyone wishing to help may contact the school HI5-2366.

This is for our children and should merit consideration from everyone. It is to help the youngsters get a whole education, not just a half. It will save taxpayers and allow school funds to go for more needed things because in eliminating double sessions it saves on bus time and upkeep.

This plan is purely communal, above partisan politics, and there are, so far as I can see, no in-

fluences at work. It shows the pioneer spirit of America-- to get in and dig-- for our future, our children.

This is a temporary act on an emergency; it does not mean that we will use this old building forever. We are eligible for '815' federal money because being in a defense area, and we will get it eventually-- but what the people want is relief now, today.

The assistant superintendent of schools, F.C. Darby told me 'It is within their power (Alpine people) to get themselves properly housed but they must get together with themselves'.

Carl Schweiss, president of the new school board, which includes John B. Reynolds, Mrs. Frank Doerr, and Bob Wilson was elated over the start of the drive.

Actual work begins tomorrow. The money will go for roofing, sway braces, paint, masonite floor, fixing steps for exits and other needed repairs. Al Hinkle will give a discount on materials. Please don't delay, send yours now to the Sun, or your child may take cash or check to the school. Donations are deductible from income tax. You will receive a proper receipt. The list of donors and an audit of expenses will be published.

We believe with Dr. Raymond Barbour, we should 'stop wasting money on new school buildings we can't afford. Cheap efficient schools are being built. They should

be copied everywhere'.

No doubt, with building costs at an all time high, many frills and luxury features could be eliminated to spread our tax dollar. I fail to see why we should pay high fees to architects for expensive structures. The state could have an annual pattern approaching the optimum instead of each community having to pay for new ideas every time they build. Intrinsic plans could be standardized thus saving thousands of dollars.

Finally, I'd like to see Alpine rally around and save the little old schoolhouse as a living historical monument. If it has been condemned, why not abandon the Coronado hotel, Pt. Loma Light-house, the Alpine Woman's Club and other brave old buildings that have withstood the years.
