are ready for presentation to the state for approval.

According to Gilley, bids could be advertised for late in August and by September's end contracts could be let and construction actually start by Nov. 1. It will require about six months to complete if all goes smoothly. That would make it ready for occupancy by May 1, 1960, but probably it would not be in actual use till the fall, as school would be out in June.

Straws In Wind May Presage Economic Hurricane!

It is well known that most Americans show less appreciation

for our great country and its free enterprise system, than those who come to our shores with a light in their eyes and their hearts beaming with anticipation of life in these United States.

A case in point that may mean more than just a news story is that of Stanley Yankus, who moved from his farm to Australia to escape dictation of our government on the farm program, which some have called a mild form of tyranny. That is why we came to America in the first place; why we wrote the Declaration of Independence; why we have fought wars to preserve the republic and our freedoms.

Yankus, son of an immigrant who came here to enjoy a life of freedom, got tired of trying to be an independent entity that was told to plant this or that, and not to plant things he needed to run his farm.

This case reveals the fact that the sons of Americans, or others who came here in search of liberty, are forced to give up here and look elsewhere. We are losing our freedoms on every hand. Thousands have gone to Mexico because one can live cheaper, quieter and without all the taxation we have here.

While the government spends wildly on lots of things we don't need, and forces us to pay for foreign aid that may be of no benefit to the nation, our dollar shrinks in value. The recession could develop into a real depression. This is a tragic outlook, unless we start something to stop it!-CI

PIERCE REALTY SALES UP

A total of \$1,600,000 during the first half of 1959 was recorded by Pierce Realty of E.C. It was the highest 6-month volume since Pierce opened in E.C. three years ago, Harry Callan, sales manager, reports.

This total represented 93 sales, half of which were homes, 37% land and lots, and 15% income property. Pierce has eight salesmen, one of which is Page Carroll, who has featured Alpine sales, as he lived here until Friday when he and his wife moved to Johnstown from Irvine's Trailer Estates.

RATTLER BITES CHILD

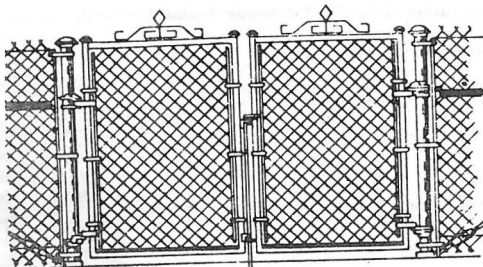

The three-year-old grandson of John Romaine, So. Grade Road, is home from Scripps Hospital where he spent a week. Little Lawrence Sheriff, who lives in Del Mar, was bitten on the hand when he picked up the two-foot snake that had somehow gotten into his home. Several adults were there to kill the reptile and take the child to the hospital. Romaine reports his condition as fine.

SCOUTS RECEIVE CHARTER

Dr. Chas. R. Schroeder, head of the S.D. Zoo, was speaker at the Kiwanis meeting last week, a charter presentation session. Troop 105, sponsored by the club, received its charter, with John R. Reynolds as chairman.

Last night the club was slated to hear Lt. Woodruff, of the Mt. Laguna Air Force Station. On the 30th a surprising movie is slated 'Busiest corner of the USA' --this area.

Enlarge Spur Valley Ranch

Mr. and Mrs. V.F. Gregg, popular owners of Spur Valley Ranch, Harbison Canyon Road Dehesa, are rapidly finishing improvements including a 30 x 50 pool with a grand opening on Saturday, Aug. 1, fourth anniversary of the ranch.

It has become a popular place for outdoor lovers who enjoy archery, square dancing, picnicking and now swimming. Highlight of each week is Sunday's archery, with a big shoot every fourth Sunday. Bow and arrow instruction is free, Wednesday nights at 8 p.m., and many go out to shoot every day. There are over 180 families in the archery club.

Progress was slowed by Mrs. Gregg being in a cast with a broken foot for two weeks, and five more will take to heal it.

SETTLE DROWNING SUIT

An out-of-court settlement for \$4,750. in the \$25,000. damage suit against the former Peacock Ranch here, was made by the parents of a 7-year old boy drowned in the pool on a big picnic day Aug. 8, 1957. The suit was filed by parents of Guillermo Vasquez. They were on a cannery company picnic at the ranch, managed by Mr. and Mrs. Wm. F. Hollenbeck.

HOP AT YOUTH CENTER

From 8 to 1 tomorrow night the tennis court at the Y.C. will be a lively scene with a dance jointly put on by the center and the young baseballers to raise funds for buying cement block to finish the dugouts at the new junior baseball field. Door prizes, refreshments, trophies and so on will be available.

SMITH FAMILY TRAGEDY

Services for three of the Kenneth Smith family who had lived only a month at 2751 Hwy 80, and who were killed in a crash at Mesa Grande, Ariz., were held Wednesday in S.D.

Dead were Mrs. Marlene V. Smith, 26, her son Tommy, 19 months, and a daughter, Lorie Edith, 6 months. The father, Kenneth, 23, former mechanic at Benter Bros. in E.C., was badly injured. Their car, stopped in a dust storm, was hit in the rear by a truck. The gas tank exploded, burning them to death.

Mrs. Smith, a native of S.D., was formerly a typist for the police there. Her parents, Mr. and Mrs. Burns Powers, and a sister, Joan live in E.S.D. They had loaded a trailer with their goods and were en route to Ada, Okla., where his parents live. The wife did not like to leave this area. They had lived on Bancroft St. in S.D. before coming to Alpine.

CASINO CHANGES OWNERS

Mrs. Della Balelo is the new owner of Alpine Casino Inn, 1155 Hwy 80, formerly owned by John & Mary da Silva of E.C. Al and Odetta Schnurr have been operating it for them for some time.

Mr. and Mrs. T.E. Hill, Tavern Road, are north on vacation to Livingston to visit their daughter Tootie and family. Upon his return he will divide his 40 acres, drill a well on each, then sell all except his homesite.

School Growth Ups Budget

The hiring of two more teachers, providing increment raises, and purchase of more equipment and supplies, has caused an increase in the budget for Alpine Union School, Supt. Clyde Gilley announces.

Trustees approved a \$274,797 budget, a jump of \$35,355 over last year. The tax rate will be the same, \$1.51, Gilley said.

Funds from added state and federal aid plus cash left from last year's budget is expected to cover the increase. Budget hearing will be Aug. 3.

ALPINE IN N.Y. PLAY

Mr. and Mrs. Fred Yale, Tavern Road, Japatul, are happy to learn that their daughter Craige Brohel is in charge of lighting effects in a presentation of 'Tonight We Improvise', now on at Minor Latham Playhouse in N.Y. City. It is put on by Barnard College where she is attending.

A YEAR'S SUBSCRIPTION TO THE SUN IS ONLY \$2.

PAY \$130,000 FOR 80 ACRES

\$11,000 for Sunday School

Carl Strauch, president, Senior Pilgrim Fellowship of Community Church presented a check for \$50. to the cabinet at the last session, swelling the available funds for the new Sunday school to over \$11,000 reports Dr. Roger Larson, pastor.

When Larson returns from a month's vacation after Sept. 1, the committee will start on a campaign drive for more funds, and to get plans going for actual construction, probably on Marshall Road next to Fuller Hall, where Sunday school is now held.

Bulk of the money on hand is from the Jane Dunn estate, he adds. The committee to work on this project is all the church trustees, Donald Cost, Mrs. Robt. Standen, Clarence Stearns, Roger Moore and Clayborn La Force, in addition to other executives of the church: Mrs. John Manley, Mrs. Harry Whiting, John R. Reynolds, Mrs. H. Ford, Mrs. Lida McKittrick, Albert Wotring, Mrs. Orville Drew, Mrs. Chas. Bradley, Mrs. Robt. Shepard and Mrs. Helene Allen.

H.A. Bostwick, manager, B & R Diamond Drilling Co., of E.C., reports that their new rotary

drilling rig, first one on the coast, (see last issue), was booked ahead so far he does not know when they will get caught up. Presently they are down over 300 feet in Elsinore where they are going for hot mineral water.

'We have a lot of bookings at Alpine' says Bostwick 'and we will get to them just as soon as possible'.

Note- It has been said that drillers around here are opposed to the water district, but Bostwick and others are exactly opposite in their reactions. Their consensus is that when water comes to Alpine, it will grow, causing rapid growth in surrounding environs which means they will have more wells to produce in those. -CI

SMALL TALK

By Cynthia Irvine

Age 10, 5th Grade

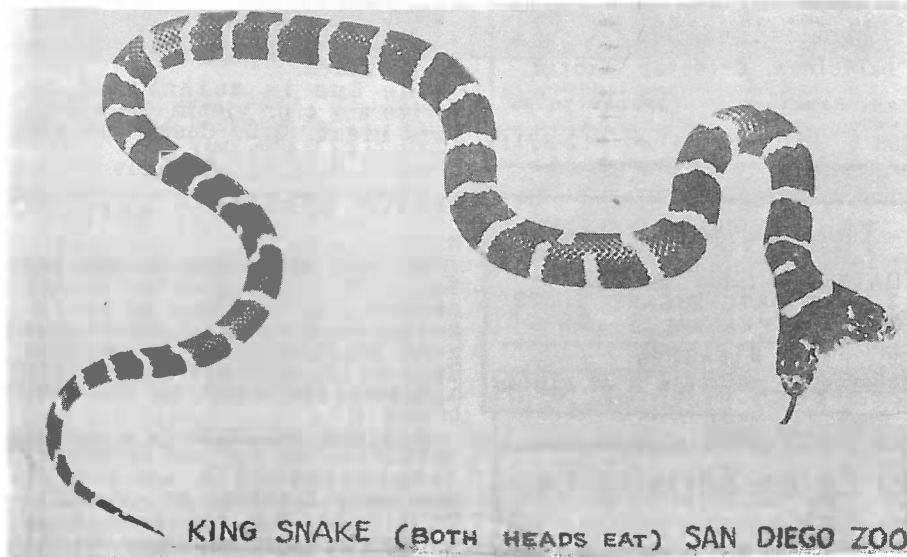

Boy, these past two weeks sure have been exciting. I only wish vacation would last and last. Then we could do all of the things that we would like to do. I like school but I like to ride and swim better.

Last week Mary Eva Fitzgerald and I got to go to the San Diego Zoo with her mother and their friend Sophia from Pennsylvania. We had the best time and in the Children's Zoo one of the monkeys

out with his fingers. He sure knew what to do with it.

We saw all of the snakes and Mrs. Shelton, who is secretary at the office, sent me a picture of Dudley Duplex to put in my column so a lot of kids could see what he looks like. Dudley is five years old. The zoo got him on Nov. 6, 1953 and he has grown up into a really big king snake. He can eat two mice at the same time, one mouse for each mouth. He sure is a sight to see. We took the bus trip so we could see everything and next time the twins get to go. We all love the baby animals best.

Saturday we went to Pacific Beach to swim for two hours then we went to the Fair to spend

put his arm around me and looked so cute. I would have loved to take him home but I think Mama would say she has enough monkeys around now.

Mary Eva gave him some gum and he chewed it and then pulled it

the rest of the day. We finished seeing everything and got to see the baby lamb that was born on opening day. He looks like a champion to me. I would love to have him for a pet. Well, after it got dark we went over to the grandstand to see the fireworks. We had never seen them before except on TV and we thought it

PALSEY PICNIC SUNDAY

The 2nd annual barbecue-picnic, sponsored by the county Sheriff's Reserves will be this Sunday, announces Ben Berdelon, captain. It is for victims of this dreaded ailment, who are invited, but must contact the United C.P. Foundation through Mrs. Jeannie Zahm, local director, 851 S. 35th St. BE9-0152.

The Reserves, who give during the year over 30,000 man-hours in training and civic services, dedicate one day each season toward bringing happiness to victims of this area with a day's outing, barbecue-picnic. Wives will be there to aid the Reserves. A lot of fun has been planned, with features from the Shriners and the S.D. Zoo, western bands and a Barber Shop Quartette. Free transportation is provided.

The Sun is authorized to invite any c.p. victim to attend says Lieut. Q.D. Cash, who was contacted on the phone.

PUBLIC EATING BETTER

People are making good use of the great advance in nutrition seems to be the concensus of restaurant men, declares Travers Elliott, nationally-known consultant in this field. He says the customer knows what he wants.

'American eating habits are changing and the consumer today is more health-conscious--eats more intelligent and impatient as ever', he adds.

Note-- This is proven in Alpine where Jackie Hazell of Alpine Cafe reports a steady increase in demand for her fresh raw carrot, cabbage and other juices which are used by health-minded persons to preserve health, also in relieving many ailments.

WRIGHT ESTATE AUCTIONED

A unique sale of antiques from the ranch of the late Sidney A. Wright, Olivewood Lane, took place Sunday by auctioneer Dee Duncan in S.D. Many priceless items, antique clothing, rare books, sterling, 15 kerosene lamps, were sold. He died here May 28, his widow is in the Cobb Nursing Home here.

SCHOOL DEAL ESCROWING

Supt. Clyde T. Gilley reports that nothing new has arisen in the process of getting construction started on the new Harbison Canyon school. It is in the hands of the state and movement is slow 'but the wheels are turning' says Gilley. The land deal is still in escrow.

estimate 6000 for the district, which includes areas south of the original plan. By 1969 it will be 12,000, doubled to 24,000 in 1979 and 48,000 in 1989.

'Population in the proposed district has been restricted due to lack of water' it states, and 'Alpine has a sewer system, and a proper water system will open a market with FHA loans and an increase in building will be assured'. This means a bank and many other services, with the possibility of a transit bus line direct to E.C. & S.D.

'Other areas' it continues are gradually giving up live-stock raising and more city commuters are moving into the back country. New freeways will cause shorter driving time and more will seek the back country. New schools will also attract more families.'

The cost of the system, \$4,356,500., will be paid for over 30 years and 28 years on the principal. The district must pay back taxes to the Metropolitan WD and to the

County Water Authority. The total comes from \$3,789,500 cost of pumps, lines, reservoirs, etc. plus \$567,000 for rights-of-way, engineering, legal and contingencies.

Estimated annexation fees: annex charge (30-year period) .17; S.D. annex charge, .16; MWD regular tax, .18 and County Authority regular tax .21, a total of .72.

Estimated cost of water, \$3. per 1000 gallons is: MWD, .046; County W.A., .006; pumping, .092; storage & chlorination .006; metering & collection .100; overhead & capital improvements .050. (\$2.20 per 1000 cu. ft.) It is recommended that \$3 be used to allow for future extensions.

Sample of district costs, per 1000 cu. ft. shows; Riverview Farms 3.70; Helix 3.10; Poway 2.50; Lakeside 2.50; San Dieguito 2.47, S.D. 3.20.

In conclusion the report states that ECMWD has areas in which it is necessary to pump to serve the property... can be delivered or \$2.50 per 1000 cu. ft., and at \$3, allowances can be made for extending lines'.

By including about 30,000 acres south of original boundaries, costs of formation and elections will be reduced. The bonds to install pipeline, pump-house, reservoirs and tanks will not exceed the allowable cost for such items. A \$2.60 tax rate on \$100. valuation will be required for the first year and each following year it will decrease as 1959 valuation of \$6,700,000. increases.

This project will furnish water by gravity from the first reservoir to over 15,000 acres which includes Jamul. Higher areas require less water but added pumping. Pipelines will be laid to place water in all areas by the original bond issue.

BACK COUNTRY BUILDING UP

Returns reveal a total of \$280,800. in country building permits for Mt. Empire towns. Jacumba leads with \$129,300., Jamul had \$67,500 and Alpine third with \$29,200. This reflects the steady growth of foothill and mountain areas.

Clyde L. Myers

Services were held last Friday for Clyde L. Myers, 52, of 2223 Tavern Road, at Greenwood Mortuary, with burial there. The Rev. Milmine officiated. He died in Sharp Hospital on Monday the 6th, after a long affliction of the heart which had kept him inactive for 10 years since they moved here from New Mexico. He was a native of Winona, Mo., had been a gasfitter. At times he substituted as custodian at the school.

Survivors are the widow, Rene, well known at the Log Cabin Cafe where she has been for eight years; two sons, Ray, who came from Albuquerque for the funeral, and Jerry, of La Mesa, former operator of the Chevron station here, and six grandchildren. Mrs. Myers' father, F.D. Napier has come from Joplin, Mo., to live with her, as his wife died only two months ago.

NEW OWNERS AT STATIONERS

Dan C. Wadsworth and his wife Margaret are the new operators of popular Valley Stationers, 120 W. Main in E.C. having purchased the place recently. They have enlarged stock and services, plan soon to put in office equipment and appliances to serve the back country.

The owners of Joe's Ranch in Brawley Wednesday moved into the house owned by Barney Ratliff which was burned last May. It is near his Log Cabin Cafe. Only the wife, daughter and grandmother will live here, the men-folk coming up from the valley for week-ends.

was terrific. And were we really tired when we got home and sun-burned too.

We went over to Libby Wake's to get some salt for Lightning and got to meet her little cousin from Oklahoma. His name is Steve and he is going to spend some of his vacation with them.

Dody Evans moved to El Cajon. She used to live on Marshall Way. Rickey and Nancy Sockwell get to spend two months in the mountains and are they going to have a good time. Their daddy is stationed at the Lagunas.

Diann Pekary is celebrating her 8th birthday tomorrow at Flinn Springs with a picnic and party.

Mary Alice Manning went to L. A. with her Aunt Mary last week to spend several days.

Melody Bates is sure lucky. She is spending some of her vacation with her grandma in Eureka. She said there was a

stream right by their house full of fish and she can catch all she wants.

Wakes have a new Shetland pony. He is a stallion and sort of gray with white feet and a white nose.

Linda Dowdy's new little niece Tammy O'Neil sure had a thrill. Only she was too little to like it. she is only 6 weeks old but she got to ride in a jet clear across the U.S. with her mother. It only took 4 hours and 10 minutes.

Jaredene Homesley, Vona Frenzel and her mother are going up to Camp Los Caballos for a week. They were going to ride up but it was too hot. Vona's dad works there.

Our Girl Scout troop had a super time Sunday. They all went swimming at Pine Valley and had a picnic.

Diann Pekary got to drive up to Knott's Berry Farm and spend the day. Her daddy's aunt and uncle from Canada have been visiting them.

A lot of kids we know have had their long hair cut. Saturday at dancing Randa Adams came with hers all cut off and Cathy Blankenship gets hers cut this week. Dinkey Frey, Melody Bates, Linda Wake and Lynn Coleman all have short hair now.

Joann Boswell and her family moved into El Cajon last week. They used to live on Midway Dr.

Elaine Erickson got a little goat for her 4H project next year. She named him Midge.

My sisters and I spent five days up at Camp Cuyamaca. And what a good time we all had. We dug clay out of an old Indian camping ground site and made ash trays and little pots and then painted them. We swam and hiked and can hardly wait till we go up again on Monday.

Clay and Steve Sturm spent two days with their grandma Hazel Rose last week. They love baseball and play all the time.
