## Echo Changes Hands

With this week's issue, the Alpine Echo is under the direction of Edgar Welty, having been purchased from Dr. Earl C. Woodall who, with Paul Nichols and John R. Reynolds started it in October, 1958. He will maintain the office in a garage rented on the Woodall property. He is a night teacher at SD Junior High, conducts a church in Valley Center, formerly ran a community newspaper in SD.

## WATER MEET POSTPONED

Due to Mgr. E. L. Freeland being out of town and no important business on tap, Alpine Heights MWD held over its Wednesday night meeting till the 20th. Mrs. Al Adams reports that the supervisors canvassed the vote on dissolution, found it all in order, denied the petition. Regular meetings are slated for the first and third Wednesdays, 7:30 at the home of Pres. Al Adams, 555 Alpine Heights Road.

WHILE THE STATE HOLDS HIGHWAY SPEED DOWN TO THE NEW 65-MILE LIMIT, IT HAS UPPED THE LIMIT IN ALPINE FROM 35 TO 40, AS SHOWN BY THIS NEW SIGN EAST OF FLORENCE'S MARKET. MANY BUSINESSMEN ARE PERTURBED, AS ARE THE CITIZENS WHO HAVE TO DRIVE OR WALK ACROSS THIS BUSY ROAD. THERE HAS BEEN TALK OF PETITIONING FOR A CROSSWALK PUSHBUTTON SIGNAL.

## PLANS FOR PEACOCK RANCH

Jim Curto, president of Lajon Investment Club, which recently bought the old McFadin place known as Peacock Ranch, Hwy 80, told the Sun this week the group as yet have no plans for immediate development. Several ideas are being tossed around, a sanitarium, a large trailer park, and other things. They are

labor and living expenses, there is now lurking in the shadows of the future a definite threat to this false prosperity that has been built upon defense spending.

Already many have been let out at airplane plants because of this reason. Things are changing fast. The old bombers and some fighters are going the way of battleships and gunboats. This is the age of nuclear missiles, and counter missiles.

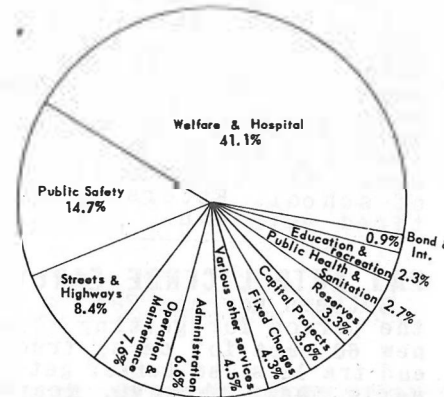

The big firms have announced forthcoming cutbacks in employment, the nation, the state, the county and the city have been working on plans to save the economy. Sen. Hugh Fisher (D-SD) is working on a conference right now to plan for the near future.

We who live in the back country have less to worry about than those in cities who are buying homes, and who already are having to look around for other employment. I know one smart engineer who saw this coming many months ago, bought land near here, has been working hard in spare time building, preparing to have a suitable income independently. Perhaps many will have to come to that. Remember, cash has always been king, and it will be moreso in the days to come. At least that's an idea. -CI

### DIMES NEWS ERROR

Mrs. Grace Buchmiller, philanthropic chairman of Gamma Gamma Sorority, reports that she is not in charge of the drive here as announced by the Dimes campaign in S.D. 'It is the sorority', she explains, 'and not I, that is heading up the drive.'

### MANAGERS FOR REST HOME

Lawrence Mallicoat, owner of Alpine Heights Rest Home and the one on Hwy 80 bearing his name, has just engaged Chas. Etters and his wife of SD to manage the heights place. They move in tomorrow, but their daughter Vicky, 12, has been staying at the Hwy 80 place in order to attend opening of school. Etters is a retired navy man.

### PAY AUTO LICENSE EARLY

Between now and Feb. 4, is the period for getting those new 60 tabs for cars, trucks and trailers, so better get in early, says the MVD. Nearest to Alpiners is Security Bank in EC. Be sure to take entire slip that was mailed you, and above all, get in ahead of that last day lineup.

### TOM DYKE ON TV

On Channel 10 the other night Tom Dyke, Alpine's well driller and blasting expert, was featured on the news showing how he shot a 4-ton ammonia nitrate blast at the new shopping center in Palm Ave. Incidentally he says the easiest, safest and quickest way to wrap it with a fuse, ignite it and it makes a clean cut.

Garth Manly Gastil, son of Dr. and Mrs. Gordon Gastil and Jacqueline and Edgar Welty, children of Mr. and Mrs. E. S. Welty, were baptised in services at Community Church Dec. 27th.

### Phone Growth Steady

Hickory 5 exchange-- Alpine-- has shown steady growth, according to Wm. Rank, manager of the EC office which handles back country business. Total subscribers on H15 is now 1631, but that includes Harbison Canyon, Descanso and down Hwy 80 a short way.

This reflects the steady population rise in the country, centered in Alpine where building has gone along steadily the past year. Rank says the firm contemplates no expansion in building here in the near future.

### DR. BALL BUYS RANCH

A 1200-acre ranch off Honey Springs Road, near Dulzura, has just been purchased by Dr. and Mrs. Howard Ball, Tavern Road. Sellers were Mr. and Mrs. Clarence G. Ash. Price was \$155,000, shown by revenue stamps. The place includes a two-story dwelling and out-buildings.

Bill Bartos of the McCoy Realty office handled the sale.

John R. Reynolds, president of the school board has been battling the flu for a week, is now mending.

## SMALL TALK

By Cynthia Irvine  
Age 11, 6th Grade

I hope everybody had a nice start with 1960. We did but couldn't go to the desert like we had planned. Daddy couldn't get the cabin so we will go in a few weeks. And our Christmas was nice too. Our best present was a piano and we all love it.

Cindy Stiehm told me her mother came home on New Year's Day. She had to go back to the hospital after Christmas because she didn't feel too good.

Cathy Brock spent last weekend with my sisters Cecile and Celeste. She used to live on Huey Lane and now she lives in El Cajon.

Jan Schuster's little black cat 'Inkey' died last week. It had to go to the hospital for an operation and just died.

We got a Christmas card from Sherrie Clements. They all drove to Amarillo, Texas for the holidays. And so did Joann

CYNTHIA, VETERAN COLUMNIST, NOW 11. STARTED HER FIRST SMALL TALK ON DEC. 7, 1956, WHEN SHE WAS 8. THE SURPRISE IS THAT SO MANY ADULTS AVIDLY FOLLOW THE DOINGS OF SMALL FRY.

Boswell. She sent me a card from Fort Worth. Her grandparents live there.

Cathy Manning told me she might get to move to Dulzura. Her grandpa Ball bought a big house and a lot of acres there. There were two old horses they might get to keep and ride if they are not too old.

## Dance Class Stops

Alpine's dancing instructor writes the Sun through her Aunt Beryl Hood that until she can work things out for her daughter she will have to stay in Cody, Wyo.

Mrs. Pat Oliver went to visit her daughter who was expecting a baby and while there the husband was caught in an unexpected blizzard while deer hunting, did not return. Searchers and planes failed to find him so they will resume the hunt in the spring.

'Her daughter has five children under six and needs her mother which is understandable,' writes Mrs. Hood. 'If any Alpine students have paid for lessons in advance, please mail statement to Beryl Hood, 402 W. 13th St., National City so that it may be taken care of'.

Mrs. Oliver hopes to resume classes as soon as possible and will announce it in this paper when she returns.

**HEART STILL KILLER**

Dr. J.B. Askew, county health director, reveals that heart and circulatory diseases top the death list for the area. Of a total of 6605 deaths, 3382 were from this cause, the heart alone being charged with 2373 deaths. Cancer followed with 1059, accidents, 450 including 213 traffic deaths, and suicides 123. TB dropped to 38 but polio had only four.

Note- The experts today charge animal fats, hydrogenated oils (heat-treated), and other things including tobacco and alcohol, with causing heart attacks. First thing they do when one has such a seizure is to take away butter, cream and other animal grease. One reason, they say, why animal fats are not easy to digest, is that the stomach must first saponify (make soap of), or emulsify the foreign fat. Vegetable oils, as avocados and such, if not processed, are readily digestible.

## Know Your TEACHER

BY DOROTHY BRADLEY

I would like you to meet Miss Betty Ruth Miller, a quiet spoken, lovely young lady who is teaching second grade, mornings, this semester.

This is her first teaching experience and she plans to make a career of it. She was born in Rudy, Arkansas and attended school there until her family moved to Banning, Calif. She was graduated from High school there and attended Calif. Baptist College at Riverside, University of Redlands and U. of Calif. at Redlands.

She lives with a roommate, Miss Harris, also a teacher, on Victoria Dr. She is happy in Alpine and likes the friendliness of the small community. Her many hobbies include sports, reading and sewing.

### HERBERT C. KING

Services for Herbert C. King, 53, former aircraft machinist and at one time clerk in the Descanso postoffice, were held Monday in Erickson-Anderson Mortuary. Burial was in Webb City, Mo. He died at his home, had lived in the area 21 years.

Survivors are his aunt, Mrs. Emma B. Near, former postmistress in Descanso; his father, and a brother.

## Small Talk

FROM PAGE 10

Steve Sturm and his mother brought his grandma Hazell Rose home from Naval Hospital New Year's Day. He got to spend two days with her.

Part of my vacation was nearly ruined. I was hurrying to the phone and fell against mama's steam iron. It burned my back and for two days I couldn't wear any clothes but it healed up real quick.

Tom and Bill Gault had a weiner roast Sunday. The Truman's came up from El Cajon and spent the day with them. I was over late in the afternoon and we all had a good time.

Mary Eva Fitzgerald got a bike for Christmas. It sure is a beauty I spent one day with her and rode it a little. Terry Hallet spent two days at her house. They went shopping and to a show and had a good time.

My teacher, Mr. Jarrett, spent his vacation in Tucumcari, N. Mex. visiting relatives. He told me he enjoyed it. And Miss Cannon spent her holidays with her mother in Santa Barbara.

Kimberely Emerson's twin brothers, Kent and Kevin were four on Dec. 15th. They had a little party.

Somebody dropped off a nice German shepard pup last week. We went all over trying to find a home for him and finally the new girl that lives in Cathy Brock's house took him. We were so glad and she really loves him.

George Smith's dog Domino had 10 puppies this week and his dad bought a new brown Chevy.

James Archer is getting three new horses this week-end.

Celeste told me Monday that Peggy Lewiston, her sister

Pamela and two brothers Peter and Calvin and their mother are driving to Philadelphia Sunday. Her dad has to be there ahead of time so he went by plane.

Dwaine Romaine asked me to tell everyone that he has some baby pups to give away free. If anyone wants one he lives next to Fuller Hall on Marshall Road.

During Christmas vacation Dink and Gin Frey's dog Wags got hit by a car. He wasn't hurt too bad but still limps a little.

Mary Alice Manning was lucky. Her Uncle Frank drove to Philadelphia to get married and she got to ride with him as far as Las Cruces, N.M. Her girl friend invited her over for the entire vacation. She didn't get back here till Sunday. She told me she had a wonderful time.

## VFW DANCE WAS JOLLY

Despite the weather which kept many at home, the New Year's Eve dance put on at the school auditorium by Wm. Suter Post, VFW, was a success, reports Doug Fordyce, chairman. They had a real jolly welcome for 1960, danced to fine music.

## FOREST REOPENED

Since July 1, when the critical fire hazard started, parts of Cleveland National Forest has been closed, but those areas are now open, reports R.S. Stevenson, supervisor. Recent rains have lessened fire hazards. Critical drought conditions kept the ban on longer than usual, he added. However fire conditions are possible on watershed areas at any season. Burning permits are still mandatory for all fires.

Larry Mallicoat of the nursing home bearing his name, 2733 Hwy 80, reports that they had a visit from a dentist who has specialized in visiting patients unable to come in to the office. He is Dr. Peter E. Shea, Lemon Grove, who built a trailer into a fully equipped office and has served many in the back country who are immobilized. He spent half a day last week in the Mallicoat place treating patients who greatly appreciated it.

**EDDY GOES EAST**

**McCOY REALTY BUSY**

Hugh L. McCoy, pioneer realtor of S.D. and 15949 Hwy 80 below town, with his home on the hill back of the office, says sales in the back country point to steady development, two nice ones being reported this week.

'I live in our beautiful back country' he says, 'and we like it, therefore this area is easy to sell to our qualified buyers. When one believes in something, it is not hard to sell, that's why we have made so many sales and trades in this area'.

A slightly building slope of 19 acres on Victoria Drive, has just been sold by the Doanes to Joe Francis, for \$39,500. He plans to build a large home in the middle of it. The deal was handldd for McCoy by Dick Garner of the Alpine office.

Later Garner sold Francis 260 acres in Japatul Valley where he will later subdivide for sales. The seller was Ann Birch. Price was not revealed.

Larry Hickenbottom handled the recent deal whereby the Baptist Church took over the Martineau residence and store building at 3520 Hwy 80, with four acres.

**MRS. FULLER IMPROVING**

At Naval Hospital Mrs. Bert Fuller is making steady improvement, reports her husband who spends his time between the VFW club where he is in charge, and the hospital. She had pneumonia, then a relapse, and some complication with one leg which is being treated.

The Kramer family received its second break in three weeks. Father Cletus is recovering from a fractured arm and son Timmy received a broken leg while trying out his new bike.
