Palo Verde Sales Up

Sales to date of \$116,000 in the exclusive new Palo Verde Ranch subdivision of Auren Pierce, indicate the future high class development of this mountain community. It had 200 families last Sunday looking over the modern setup with its wide paved roads surrounding Viejas Lake. Two model homes, one with office in the garage, are completed. Salesmen are here daily from noon to 5 and many folks are inspecting the 50 lots in the first section of the 640-acre tract.

Build Laundromat

Jerry Gerlt, dynamic owner of Alpine Cleaners & Laundry, 2435 Hwy 80--the old fire station-- has just bought a battery of new Speed Queen coin-operated automatic washers, will open Alpine Laundromat just as soon as the building next to the cleaners is remodeled. It is expected to open when water is turned on shortly. 'This area and the territory we serve is growing so fast we just had to install this equipment' says Gerlt, who has steadily built his cleaning and laundry service to an enviable position today.

Mrs. Irene Graf, wife of the jolly owner of the popular wagon wheel dining and dancing spot in Santee--where back country folk go to enjoy sweet music-- flew to Honolulu for a month's vacation.

Poker Flats Cafe Open

The old dwelling down at Poker Flats Ghost Town has been converted into a western restaurant, reports Wilbur Smith, operator of the unique showplace.

'It seats 125, and serves good victuals', he says. Tables are made of slabs and diners sit on stumps, getting them into a genuine old western atmosphere.

grand opening For the first time, a completely new concept in delightful country living is offered to San Diegans. Nature created and softened the natural rock formations; the age old Viejas Creek has fed the roots of the stately Oak Trees that abound on the Ranch; Man has added his touch by creating the beautiful Viejas Lake; (covering 7½ acres,) both man and nature have gathered their best and distributed it equally over the rustic view property that forms the Palo Verde Ranch.

Current Events Reveal Bright Future Here

This is perhaps the most important week in the history of Alpine!

Six major events are culminating or are about to. Some are new and some are old, but they are surely shaping the future.

First and most important, water is being turned on. This follows years of promotion, work, voting and spending. The project was first activated by the Sun back in 1952.

Next the interstate freeway is nearing realization, as told in this issue its completion will mark a trend in the town, with Tavern Road's extension and interchange.

Of inestimable value to the future is orderly zoning which just got underway with the first advisory committee meeting.

This is a project of the Sun. See story and photo.

Fourth is the bank, Security First National being in process of negotiation for a site to build. Likewise this was a pet project of the Sun since its inception.

Fifth, Auren Pierce's high class subdivision, Palo Verde Ranch, is making a record for sales with its current opening. This means that more fine homes and more fine people will live here, a precursor of others in different parts of the community.

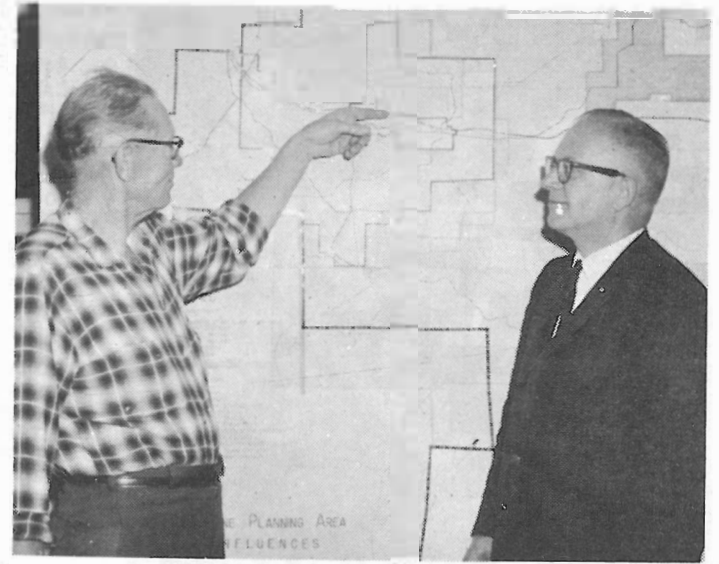

Sixth, Dinosaur Land is opening, which will bring thousands of fun seekers, and give employment to a staff of operators, a high class amusement that pre-sages others in the future.

When your editor attended the grand opening of Del Webb's Ocean House on Mission Bay, he met the dynamic dreamer, invited him to look into Alpine as the site for hotel, resort or sanitarium. He promised to do so.

And a letter from the Sun has gone to Gene Autry, old friend of movie days in Hollywood, who, it is said, has been eyeing Poway and the SD area to install a million dollar amusement park.

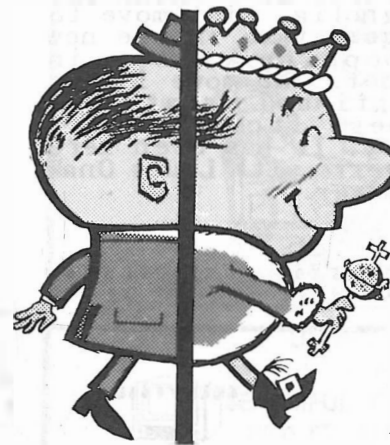

Yep, Alpine has a bright and promising future! -CI

SMALL TALK

By Cynthia Irvine

Age 13, 8th Grade

This has been sort of an exciting week around here. First of all Nancy Sockwell got her wrist broken. She was wrestling with Maxine Kinikin and she accidentally got flipped backwards and broke her arm in two places. She has it in a cast now and can't go swimming for six weeks which is really awful.

The day of the brush fire on South Grade Road Joe Fox was trying to get a kite down out of a tree and fell and broke his leg so he is laid up.

Sandy Sweatland and her family moved into their new home last week and sold Star, their year old

filly to some people in Chula Vista, but still have Amber for sale. They would like to sell her to someone who would really love her.

Sunday morning vonnie Greathouse's dad was taking the back seat out of an old car when he hit the web of a black widow. It stung him on the arm and it swelled up pretty big. Now it has a black circle about the size of a quarter on it but doesn't hurt him too much. He went out the next day and tried to find the spider but it had taken off.

Was Tommy Wood ever surprised the other day when he got a new bike for his birthday. It has a horn and all the trimmings on it and is real nice. Their dad took them for a few days vacation up to Grover City where they went swimming and had a good time.

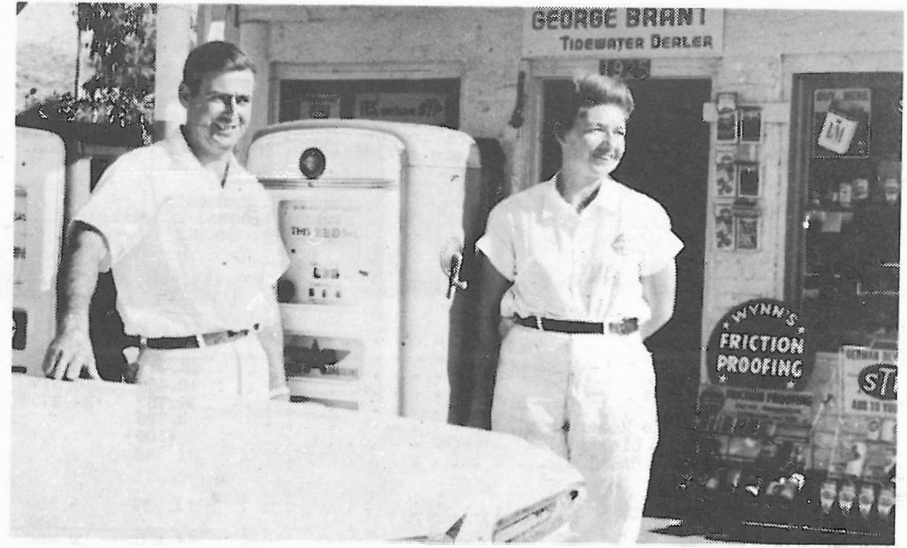

carol Bredensen got to come down for a few days and spent one of them with us. She got to come to our horseshow with her sister and her new husband. She had to leave Tuesday real early as she is going to Virginia to spend a month or maybe more. My twin sisters took off for camp Monday and will be gone a week. I didn't want to go this year and it has been sort of peaceful too.

Well, we had another nice horseshow Monday and a lot of kids came to it. We thought we might not have a good time because of the hard granite surface on the Youth Center parking lot but it all turned out swell and I think everybody had a good time. Eddie Fordyce, Marcie Hem,

Dinosaur Open Aug 5

STEGERS RETURN HOME

The J.V. Stegers have returned home to Carthage, Tex., after a fortnight's visit with their son Jim Dan Steger and his wife, of Willows Road. With them were two nephews, Ken Steger, from Pittsburgh, Tex, and Bill Powdrill, from Shreveport, La. The elder Stegers were delighted with the quiet and beauty of Alpine says Mrs. Steger, 'preferred to rest here while we all enjoyed Disneyland and Poker Flats Ghosttown'.

SMALL TALK from page 8
Margaret Radford and I won trophies and I won the high point one which was beautiful.

Al Smith of Smith Realty, Mr. and Mrs. Alan Brotherton, American Fence Co., Jack Wilson, Norman Foster, The Alpine Sun and one anonymous all donated one trophy for each event. This helped us out a lot as we had to pay the Boy Scouts for the use of the booth, buy ribbons and food and we wouldn't have had enough to do it and still put on another show next month. So we all want to thank these nice people for supporting us. We also want to thank Jerry Webb and Elaine Earickson for judging for us and Mr. Mac for helping out all during the show.

Jimmy and Don Archer's cousin Pat is spending the summer with them and has her own horse.

June Dun has a beautiful black quarterhorse stud and she brought him to the show. He is really well mannered but she didn't enter him in any events.

We got a letter from Dink and Ginney Frey and they really like it up in Oregon. Ginney is going to get her horse this summer and they get to hunt and fish all of the time.

Cathy Little has her horse up for sale. He is only 10 and a real nice sorrel gelding.

Cathy's sister Mary got married a few months ago and is living in

Yuma so will sell her horse too as they don't have the time to ride them.

Pierces are selling three of their horses. The mother and colt and Brian's horse Thunder as he wants to get a car.

Maxine Kinikin got her hair cut real short and we all like it and besides, it is a lot cooler.

Maria Karabelis and her family moved back to their home in La Mesa. Her daddy had asthma and is a lot better so they are going to try to live there again.

Ruthie and Brucie McKie and their twin brother and sister moved from Lee Riggs ranch back to SD to live. Their daddy still works for the forestry.

The Wakes got home Sunday from their vacation in Oklahoma and they really were happy to get back.

Linda Tyler leaves next week for Texas where she is going to be for three weeks.

"WIZARD OF OZ" COMES SOON

On Aug. 9 in Balboa Bowl, that whimsical play of fun, which appeals to all young and old, the Wizard of Oz' will open with Johnny Downs, TV star. For many years Frank Baum's book of this name, and early silents as well as sound movies, have entertained millions.

Note- In the early days of Hollywood I had the good fortune to know Frank Baum real well, and saw much of the first film made at the old National studio on Santa Monica Blvd. We shall take the kids to see this Starlight production, which should be pretty fine, under direction of Charlie Cannon.

Further good news is that work will start this fall on the section from present end of the freeway in east EC, to Harritt Road, Johnstown. The state has spent over 1/2 million already in buying rights of way. Grades will be reduced from 7 1/2% down to 6%. Then will come an important section, from Johnstown to HC Road, with the final Alpine stretch probably next year.
