EDITORIAL

Newspapers Show Growth of Communities.

Shortly after we sold Let's Live!, which we founded and edited in Hollywood, 1933-1949, and came to Alpine, which I had selected back in 1937 after searching from Oregon to Mexico and east to the Sierras, we started the Sun, 14 years ago this month.

In driving around the country visiting friends and newspaper folk, we concluded that Poway, then a mere crossroads with a tiny postoffice and a few residents, would eventuate into a part of greater SD, which time has proved correct.

After we started the Sun, an old friend from LA, Leo De Moulin, came up to see our "operation", offset. He had been a letter press or hot type printing instructor, retired to Poway, wanted to start a paper. We showed him the entire operation whereupon he bought a similar outfit, started the

Poway News.

It eventuated into the present News-Chieftain, run by a graduate journalist and friendly colleague, D. Van Quackenbush. Likewise he had come to see our plant prior to starting the Del Mar Surfcomber, launched it also in Offset, later sold out, went to Poway.

Which brings us to the theme for this editorial. Last week he ran an editorial: "With this issue, as you can plainly see, the 'little paper' has become a full-size, 8-column paper, it's still the content, or what's in a paper that makes it worth while or not. And in 1966 we have resolved to print more news and more pictures. We did that in 1965, then we printed nearly one-fourth more news and photos than in the previous year.

"(It's local news coverage & photos which keep weekly newspapers around the house all week-- which, in fact, have made weekly newspapers the best advertising medium in America.)

"Yes, we're growing--but our growth is reflective of a growing Poway and Rancho Bernardo."

So we congratulate "Van" and his good wife on the growth of their paper, and we also shall run more news and photos, and by the same token, our growth is reflective of a growing Alpine!"-CI

Horse Talk

By Cynthia Irvine

Because so many kids were going to town or were sick last Saturday we postponed our Pequeno Riders meeting till tomorrow at 11. This is one of our most important meetings as we have to discuss the events for the year, elect officers and collect dues which should be paid this month. Please, if you can bring your 3 dollars.

Ellen Hood is thrilled with her new 19th month old stud she just bought from Pam Anderson down in Harbison Canyon. He is black and is a descendant of Man-o-War on his father's side. She sold her palomino and bought him with the money.

I was so happy to get my filly back from Eldon Louder last Sunday. I went for a ride and then he brought her home Sunday afternoon. She was glad to be back and raced around in the corral. Mr. Louder bred her to his buckskin Quarter Horse and as her mother was a palomino we hope we get a buckskin. It should arrive around the middle of November if she took and it's going to be a long wait.

Ellen Hood, Celeste Irvine, Bobby Sortino, Pam Weisback Mrs. Rash and a few more people I know are sweating it out waiting for their colts to arrive so it should be an interesting year.

While we were out riding Sunday in all the wind we came across a midget palomino pinto pony on Olivewood Lane and it is hard to believe she is so small. There wasn't anyone around but she looks like she might be in foal and a real beauty she is.

Sassy Jane, pretty little filly Wilma Peters recently purchased from the Paynes, Willows Road.

This Sunday the Alpine 4H Amigos Horse Club will have a trail ride starting at 12. Mrs. Peters will lead the group and "please be at Margaret Louthian's gate" she says and Pequeno Riders are welcome.

Advise on House Numbers

Officials of various county offices advise that there is an ordinance calling for all house and business numbers to be plainly displayed. This was passed when Alpine was numbered several years ago as a project of the Sun. Now the fire department, sheriff, ambulance building office and other divisions request that numbers be displayed.

You never know when you will have an emergency!

YOUNG FORDNEY IN CHINA

From the USS Razorback, comes news that Donald P. Fordney, QM2c, son of the Geo. Fordneys, Hwy 80, visited Hong Kong last month. They had returned from training operations with other US craft and those of friendly navies operating in the Western Pacific.

MR. CANEDY VISITS TOWN

The new owner of the Otto Ranch, sale of which was told in last week's Sun, Roy E. Canedy, paid a friendly visit to Alpine Friday to meet businessmen and take care of some matters at his new holdings.

Mrs. Canedy is out today playing golf, then bridge", he told the Sun when introduced by Al Smith in his realty office, "so I came up to meet the folks and see Robert Walsh, the caretaker at the ranch. My wife has been enjoying the games with these ladies for 29 years, since we first started wintering in the area".

YEP, THAT'S OUR CLIMATE!

Strangely enough the Sun ran an editorial last issue: "Be Glad You Live in This Fine Climate", extolling the weather here and mentioning the Sun's slogan "When the Weather's Bad Here, It's Worse Everywhere Else", which held good this week all over the coast.

The week-end news told of and showed how high winds, snow and floods wrought havoc in some places while Alpine almost basked in partly clear days. Many are glad they live here!

DOUBLE TALK

By Cecile & Celeste Irvine

Sunday afternoon when we rode through Alpine we met some kids who told us the awful news about the 6 teenagers that had a wreck in Escondido Saturday night. We all were shocked and could hardly believe it. Chris Hagen's beautiful Mustang was a total wreck, in fact, it had to be taken away from the scene on a dolly it was so bad. Chris Hagen, April Mansfield, Bob Blocker, Peter Walchaney, Raymond Rix and Michelle Ruis were in the car. Peter was the most seriously injured with Raymond next and then the rest of the kids with all kinds of injuries. Chris has a broken collar bone and April had broken ribs and Michelle had internal injuries. Mr. and Mrs. Rix went over and saw the car and couldn't believe how the kids got out alive. They were all lucky I guess. We feel so sorry for all of them and especially Chris as she was so proud of her car.

Mike Scully was lucky last week when he broke his leg. It was thought at first that he would have to have it operated on but the doctor set it without and he is glad. He has a hip spica cast on and will be in that for 4 weeks and then two weeks in a smaller one. Will be out of school for 8 weeks or more and off a horse for some time so he is real unhappy about that. They will be all moved this week to their new home on Victoria Drive.

Maxine Kinikin is really thrilled about graduating Febuary 4th. She went into El Cap the same time Cynthia did but made up credits in summer school so can get out next month. She has to have her tonsils out

in March and then she is going to get a job or go to school or something. She hasn't made up her mind quite yet.

Bobby Sortino got his cast off Monday, but he had to have another on as the bone had not knit properly.

Rickey Sockwell wrote to friends in Alpine Monday saying he was about 300 miles north of Saigon and was to see action any day. He carries the communication equipment and so has to be in the front line.

SUN FOLKS ON TV

Thursday three weeks ago the Sun had a thrill when George Lewis, newsman from KFMB Channel 8 TV, came out to do a story on the Sun family at work getting out America's tiniest newspaper. All were busy too, as his film showed on This Day 1966.

Photo shows Lewis and the KFMB news wagon by the Sun's office and printery. After his program the phone rang continuously from friends and subscribers talking about how Alpine had some nice publicity.

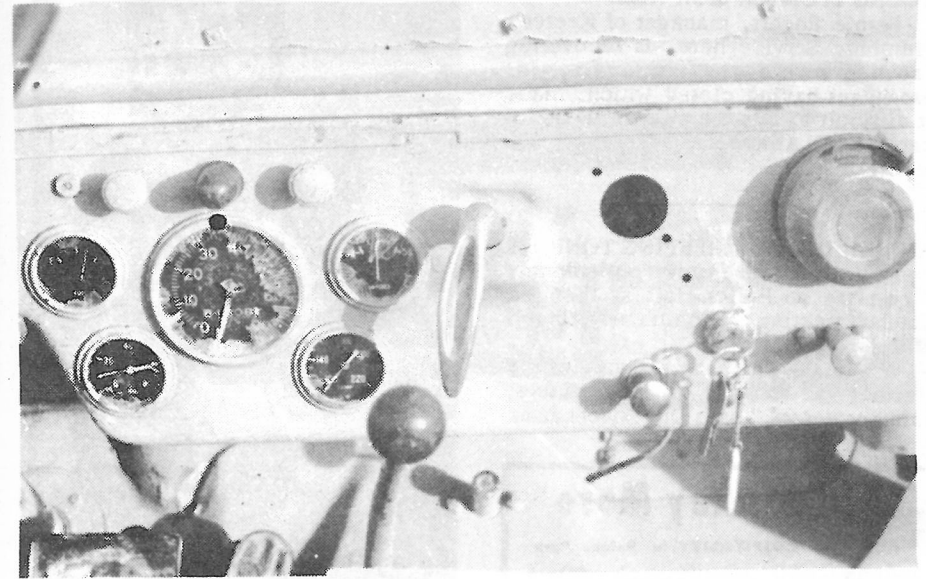

As the interview was not scheduled in advance, the station may rerun it at some later hour. Then the Sun can publish the time so many more who did not see it may view the running press, folder, girls and Mother gathering stitching, and addressing the little newspaper.
