Friday night in Fuller Hall an enthused group heard with interest a brief talk, with answers, by Dick Chaney, state highway engineer, on the final stretch of Interstate 8 freeway which will supplant Hwy 80.

He displayed a map showing the signs that will tell motorists about Alpine exits at the Willows and Tavern Roads interchanges. (See middle of this issue for map.)

He warned about confusion on names, citing the situation in Vista where, when the department consulted them on what they wanted, they chose

PLANE CRASHES HERE

While searching for the lost wire-haired dog of Mrs. Carol Stewart, 1600 South Grade Road, Wednesday about 1 pm, a Piper J3 Cub plane crashed on a slope near the corner of Tavern and South Grade Roads sending the pilot's wife to the hospital.

Pilot was Dave Schneider, 1620 Zephyr, an air mechanic from PSA, with his wife in the front seat of the 2-place aircraft, which he owns, bases at Gillespie Field.

"My engine just faltered and I just had to put it down on this hillside" he told the Sun.

Johnson to Save Government Expense?

The president announces a campaign to lower costs in government!

We have known all along that this was badly needed and we hope---- desperately-- that it will succeed and the poor taxpayers will feel some relief.

Almost any schoolboy could be put in charge of this campaign and come up with hundreds of savings. Take for example the many federal, and state, too, offices that send publicity or news handouts to the press, including the tiniest weeklies. Some mail a single

Another big savings in the postoffice would be to go back to allowing mailers to use the simple address "Boxholder, Local", instead of putting on an address, with no name. This costs advertisers thousands each year, plus the postoffice a lot of foot work to deliver to a dumb address. Why?

Every mailer has thus had to buy costly machines and make plates to address a street number when they used to merely print "Tenant" or Boxholder and the area or name of town.

BRABAZON'S KIN IN PLANE CRASH

While listening to the radio Tuesday morning, Mrs. Nola Brabazon heard the name of her brother Harvey Myric, who lives in Arizona, mentioned as being in a light plane crash with two other men. She immediately got in touch with his home to make sure, and when she got through found the message to be correct. Myric and two other fliers took off in a private plane for Phoenix when the engine stopped, and they bellylanded destroying the plane and putting the men in the hospital, with Mrs. Brabazon's brother listed as seriously injured. She left immediately by car to be with him and his family. He runs the Ranger Motel in Phoenix and is quite well known in the area.

MARIE CIOFAL INJURED

In EC Valley Hospital and listed in fair condition is Marie Ciofal who with her husband owns and operates Marie's Restaurant on Hwy 80 below Alpine.

She was returning home Thursday night around 5 when two cars driven by boys ran her off the road and then left the scene. Her car blew a tire but fortunately she was able to keep it from turning over but sustained a concussion and bruises that will keep her in the hospital for several weeks. Her husband Gus will open the restaurant tonight as it had been temporarily closed because of the accident.

Horse Talk

By Cynthia Irvine

Our Pequeno Riders can't thank Eileen Dun's mother enough for the wonderful Easter Party she put on for us Monday afternoon. We all had fun. Mama made Easter baskets for everyone and it was just a perfect party.

Sunday afternoon Eldon Lauder came and picked up my filly, Wendy as she didn't take the last time he had her there. Sure hope she makes it this time as I want a colt from her.

Early Saturday morning June Sortino stopped by and told us the colt they had waited so long for was finally here. It is a palomino filly and a real beauty. We drove over to take a look but Dolly was too nervous and upset. She charged several times and we were afraid she would step on the baby

MAC SELLS BUSINESS

Alpine's trash collector, (Mac) C. L. McFarland, who for years has been serving Alpine, sold his business April 1st to Howard Hill, 9537 Gavin Road, who runs the Alpine Disposal area, Hill purchased the business for his son Peter who took over and will try to give the same courteous service Mac has given.

Mac says "I am not retiring, but going into the hauling, moving and power mowing business. Same phone, 445-2955.

SCHUMACHER HOME FROM EUROPE

John Schumacher, Alpine's builder and masonry expert, has returned from a wonderful visit in Bremen, Germany where he went to visit his sister Martha Wendholz and Aunt Meta Eoschen. He said "was the most gratifying trip and would have stayed longer but business plus other interests brought me back home to Alpine".

so took a few pictures and left.

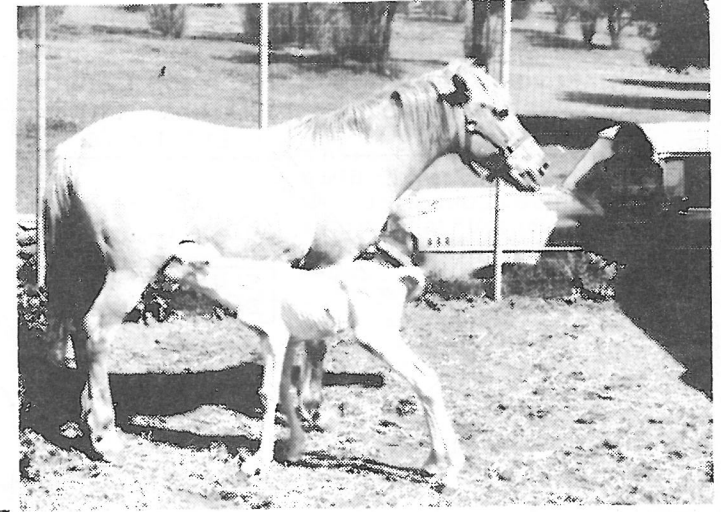

Bob Alcorn came over to trim our horses' feet and looked at Celeste's mare. He said she wouldn't foal for three weeks, so we will wait patiently and hope for a black filly. We had a pool on the date of her foaling and Daddy picked April 1, so when she didn't have the colt on the 1st Daddy's Irish wit came forth when he said "Oh well, it was just an April Foal.

Debbie Place is longing for a pony. She has the horse bug like everyone else. If she could find one that would suit her she would probably talk her parents into buying it. Will see.

Wayne Tompkins spent his Easter Vacation in Montana looking over the ranch he bought. While he was away some friends in Chula Vista took care of his horse.

Sunday Bonnie Titus, Celeste and I drove down to the Sweetwater Arena and watched a show.

BEAUTIFUL Pajomino filly born to Dolly, April 1st around 10 pm. Mare belongs to Scott and Bobby Sortino and they all waited so patiently for this baby who was expected March 1st but delayed having her a whole month. Whole neighborhood was waiting too.

MIKE KEMO BREAKS HAND

While working in the kitchen at El Capitan HS last Thursday week, Mike Kemo, owner of Dottie's Hillbilly Tavern, slipped on some grease on the floor, flipped, and hit his left hand on a mixing machine, breaking it. Now he is collecting autographs on a big cast.

ALPINE BLVD. STORY From "Downtown business", instead of "Vista" which went on the signs, but today want to switch back to "Vista". "Changing will cost the state around \$6,000", he said, "so we would like to have this all settled in advance". It seems that the chamber of

commerce is toying with the idea of another name than that which they suggested to the county street name coordinator Theo. Yakel in a letter Feb. 17, 1965, with excerpts from the minutes where Fred Rushing's motion to ask the county to call it Alpine Blvd., seconded by Bob Wilson, was acted upon. But as the county could not name

the road till the state relinquished control with the coming of Interstate 8, nothing can be done.

However the name was satisfactory to the county, Yakel told the highway office in a letter of July 9, 1965, as it doesn't conflict with any other street using Alpine. For some time they have been working to prevent confusion in county street names.

TC Plans Two Talks

The June meeting of Alpine Town Council will feature a speaker from County Planning on what it means to any city and chiefly to this community, while the May session will have a qualified speaker on School Unification. These two important topics were announced at Friday night's meeting of the council by Pres. Pro-Tem. Ben Polak.

"This is the largest attendance we have had since the first meeting" he told the audience in welcoming them to Fuller Hall.

C OF C HORSESHOW FOR AUG. 7

The annual horsshow of the chamber of commerce will be Sunday, Aug. 7. Location will probably be the same as last year, the baseball field at the YC.

Mrs. Virgil Ring is still suffering from the broken left wrist she sustained when she fell down a flight of stairs at a friends home in El Cajon last week. She bruised her knees and elbow and to top it all off, came down with the flu.

The state can add a sign at these interchanges "Business Loop", to sluice any traffic into the town. Engineers are quite satisfied with Alpine Blvd., and believe it well designates the town and would prove quite satisfactory.

This stretch should be opened late in 1968, Chaney said.

Mascot Sally Mourned

For 13 years, since when her puppy eyes were just opening, Bert Fuller, service officer for veteran bodies here, of Hwy 80, loved and was loved by his boxer Sally, who was better known as the mascot for the Little League baseball youngsters of Alpine.

And now her eyes are closed forever, for she passed away this week, leaving Fuller with a real heavy heart, as anyone knows who has loved, and been loved, by a dog.

"Sally was not a thoroughbred" Bert declares, "but she was a thoroughbred in her actions, and was always friendly with everyone".

BROWN KIN SEES MEXICO

An exciting trip through Mexico is being planned by Mr. and Mrs. Ralph Wiens and two children, Ralph Jr., and Vickie Lynn. Mrs. Wiens is the eldest daughter of Charlene Brown, of Brown Realty here. Tomorrow the Browns take them to the airport in Tia Juana where their first stop will be Guadalajara, then Mexico City, Cuernavaca, Taxco, Acapulco, back to Mexico city and then to Tia Juana and home.

Mrs. W.R. Duffield is up and feeling better after having a severe bout with pneumonia. The flu bug bit first with complications that put her in the hospital for several days.

Allen Hibbard of the Wycliff Bible Society spoke at the birthdya luncheon Wednesday of the Woman's Guild of Community Church.

YC to Build Soon

A western type building of blocks and metal with a 50x50 foot multi-purpose auditorium with 14' ceiling, high enough to allow basketball, at a cost of around \$9,000, is soon to be erected for the Youth Center, Pres. Al Adams told a meeting of the Town Council Friday night.

"We have \$6,000 on hand, from the freeway sale, plus about \$1,000, and more coming in" he stated, so we can put on some events to raise more and get the building under way".

It will be erected directly in front of the present one, using the kitchen for both, also the restrooms. They plan on installing floodlights so night tennis can be enjoyed.

Later at Monday night's meeting of the YC, Polak told details of the proposed new building, half of a junior high gym, 48x50 with a 24' roof with 18' clearance to the plate. He will get estimates on three types; frame, steel and block.
