GRISWOLDS IN CRASH

In a light side-collision Saturday at 11:30 am, Mrs. Ed Maitland of Jasper, Ore., with her husband, visiting the Donn Griswolds of Alpine, suffered a broken rib and bruises when the Griswold car was struck as it turned from Hwy 80 into Victoria Dr. She was released from the hospital Tuesday.

Griswold, past commander, Veterans of WW1, was taking friends for a ride around town when the mishap occurred.

NEW BIG OAK OWNERS

An interest of \$60,000, indicated by revenue stamps, has just been acquired by Mr. and Mrs. Raymond Dahlin of EC, in Frontiertown Big Oak Ranch, 1723 Harbison Canyon Road, the Sun was told by Mr. and Mrs. Jos. L. "Steve" Stephens, part owners with his brother-in-law, E. W. Holden and wife of Bismarck, N. Dak., who sold their interest.

More on 16

As he turned left across traffic, his car was struck by one driven westbound by Aubrey B. Barker, 280 Pine in Pine Valley. He was alone and uninjured. Mrs. Alva Sommers, 3731 Baker St. Clairemont, the other passenger, was slightly injured. All were examined and released.

CHP Officer Claude LeMond was at the scene, will cite Griswold for not yielding the right of way. Happening along enroute to the honor camp here, County Marshal W.F. Wilkinson, aided Lemond in handling traffic.

Couple Buy Home

Mr. and Mrs. George J. Laphorne of SD have purchased a nice 2-bedroom home on 1 plus acres at 15972 Hwy 80 from Mr. and Mrs. Vincent J. Claric of Eugene, Ore.

Mr. and Mrs. Laphorne wanted a second home for week-ends and for the use of their children and grandchildren. They also own 12 acres on South Grade Road. They purchased both properties through Brown Realty Company. The latter house was sold by Bill Brown

Ted Grant Sells Home Here

The 2-bedroom house on $\frac{1}{2}$ -acre at 1532 Tavern Road, owned by Ted Grant, has just been sold by Pick-Bates Realty to a SD man who bought it for future development. Ted is staying on at close of escrow, as the buyer does not want immediate possession. He has given him the privilege of staying on until he is ready to leave for Tampa, Florida, where Grant has brothers and sisters to visit.

Transaction was by Louis A. Pick, realtor of Pick-Bates Realty Co.

ANCIENT grave marker was found by Mrs. J. A. Coppola on their property formerly owned by Mrs. Kuhn. The headboard is made of wood, had C. A. Blaine, 1749-1840 written on it, was partly destroyed by fire some time ago. Mrs. Coppola was out walking her Basset hound Basil when she came across the old relic.

Mrs. Hap Garvin, 1593 Tavern Rd., who has had a back condition, went to Grossmont Hospital Tuesday. She is in traction and it is not yet known whether she will have to undergo surgery.

EDITORIAL

Trained Youth Helps Lower Traffic Toll.

While the overall total of deaths in automobiles has been increasing along with the population, the rate has been lowering a little all the time. This shows that drivers are more careful, and we believe, the young people now at the wheel, are much more efficient than their parents, who had no driver education.

The schools have done a fine job of

turning out safer, more sober handlers of fast cars. Our three daughters, and many more children that we know, are good, sound, safe drivers. We believe these young people will help lower the traffic toll still more.

One factor in the appalling toll of casualties-- around 50,000 killed, several million injured-- is that every pedestrian case should really not be chalked up to automobile driving casualties. In short, the danger to motorists is not as bad as it is painted.

But it still behooves all of us to use more care in handling those wonderful machines, especially now that school is on again and young, inexperienced kiddies, some of whom have never been away from home alone, are darting around on the streets. -CI

TONY MULLER NOW IN SAIGON

Word from Viet Nam says that PFC Anthony Muller, formerly working at Florence's Market is now with the 25th Division only three miles from Saigon, in the helicopter service. He is doing fine, says "hello" to all his many Alpine friends. He reads the Sun, passes it on as his buddies are interested in reading "America's Tiniest Newspaper."

Treasures in Words

Gracious is the Lord, and righteous; yea, our God is merciful. Psalms 116.

THREE OF four new teachers in the Alpine school, from left; Mrs. Mildred Long, Mrs. Donna Deaton and Vern Iverson.

The Dallas Lores are back on deck after both having been in the hospital, and a long convalescence at home. The Lively Oaks gave them a rousing welcome Monday, reports Emma Holmes, publicist.

Mrs. Eve Coppock was back at the Lively Oaks Monday as she had been away in Seattle with her husband on vacation. They visited Vancouver and other places of interest.

PLANE LANDS IN FIELD

Two men were unhurt when their light plane made an emergency landing in a Descanso field when it ran low on gas, at 1:30 a. m. Sunday.

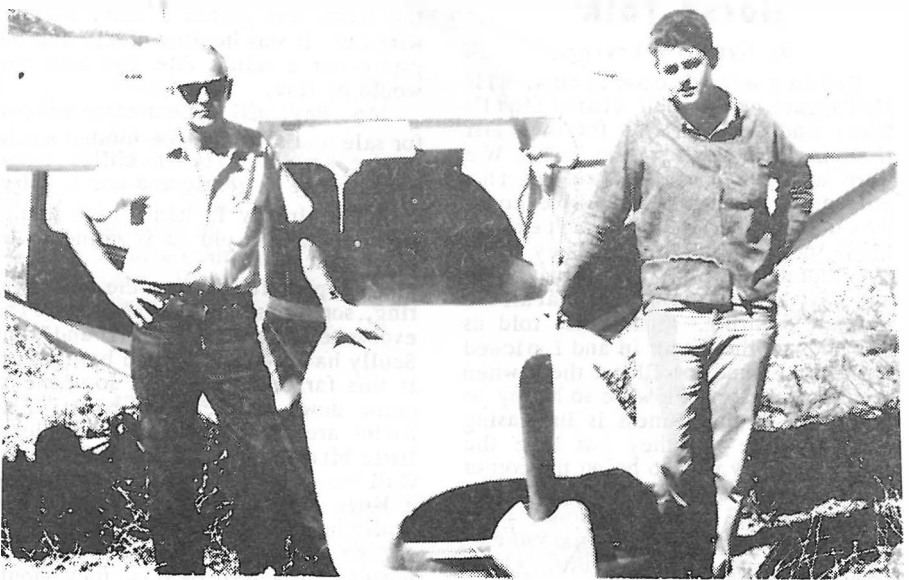

The pilot, Al Williams, 3518 Ray St. in SD, an automotive distributor, commercial pilot and flight instructor, and his passenger, Tom Craig, 3861 37th St. were returning from Brackett Field, Pomona, luckily missed high voltage wires, but struck a fence with one wing tip and the running gear, ripping off 50' of fence which acted like a carrier's arresting gear.

"We were fogged out of Gillespie and Lindberg" Williams told the Sun's editor on the scene at 9 a. m. making photos. "As I did not want to chance it to Ramona across the mountains, and knowing this terrain, I came up here to land."

He put down in a field owned by Ranchers Merigan and Peeples, on Viejas Blvd. at Hwy 79 just off Hwy 80. The single engine plane, a Cessna 150 was rented from Jimsair at Gillespie Field, was badly damaged.

Note- See Sun, Sept. 9. This shows how urgently the back country needs an airpark. Your editor has been trying to get one in Alpine for 15 years; but no land is available. There has been one fatal and three near tragedies because there is no landing strip in this area. It would mean a lot to Alpine to have an airpark; it would greatly boost the economy. -CI

THE TROUBLE with trouble is, much of it started out by being fun.—

Pilot Williams, left, with passenger, Tom Craig.

New Family Here

The three bedroom home on South Grade Road, owned by Kate Carlstrom has just been sold by her to Mr. and Mrs. Tom Seaman of Lemon Grove. The Seamans have two teenagers, a girl and a boy, plan extensive improvements on the 3 acres.

Mr. and Mrs. Conrad Jiminez entertained her sister Norma Rodriguez and four children from Brawley over last week-end. Their nephew Adolph, 10, and Conrad Edward, enjoyed the hydroplane races Sunday on Mission Bay. Jiminez was one of the officials, so took the boys down to the pits where they got to talk to the mechanics and saw "Miss Budweiser", winner of the SD Cup, come in. The cousins were fascinated and received buttons, enjoyed the day together.

Horse Talk

By Cynthia Irvine

Friday afternoon Mama, Bill McTaggart and myself visited Carl's Boot and Leather Shop for the first time in their new location in EC. We were so amazed at the size and the amount of stock they carry. We could have spent the rest of the afternoon there just looking around. They have a complete line of Tony Lima boots and have some Squaw boots that all the kids are wearing. Mrs. Amos told us she had another order in and I picked out a pair I liked so will get them when she has my size. We were so happy to learn that their business is increasing all the time and they just love the location. They used to be on the corner of 2nd and Broadway and now are north a few blocks, 1275 N. Second. Bill left his nice saddle on consignment. They have just about everything a horse would need or want.

Mr. Huey had a sick cow last Wednesday night and Dr. Im menschuh came out to fix her up so after he was through came over and looked at

Cecile's mare Coco who had jumped the fence and gotten a nasty barbed wire cut. It was healing nicely and he gave her a tetanus shot and said she would be fine.

Mrs. Rash still has her mare and colt for sale and said that the mother would make an excellent child's horse because she is gentle and quiet. The colt is already 12 hands high and is only 5 months old so is going to be big.

The plea for help on the new horse ring, sort of fell on deaf ears or else everyone was too busy. Doris and Frank Scully have worked darned hard to get it this far and they need someone to come down and set more posts. The holes are already dug but it takes a little bit of labor to set them in straight. Call her at 445-3803 if you can give a little of your time. Last week Dan Smith helped out but there is still lots to do and as most Alpine kids with horses will benefit by this, they should help on it. We are going over and do what we can and maybe a few more will volunteer and get the job done.

A 4-H horse leader is still being wanted for the riding club to teach fundamentals. Anyone volunteering for this job will be assisted by Mrs. Scully or someone else, so won't have to do it all by themselves. Quite a few kids are in the club and would benefit by some tips on improving their riding ability.

Frank Scully has a 2-year old stud he just bought and hopes to keep him and train him himself.

Balloon Man in Car Crash

Due to one of Jim Allen's ground crew being in an auto accident last week in SD in which a woman was killed, ascents have been held up till Bill Hoch gets back, probably today. The other car ran into them. They were slightly injured!

"We may try to make a flight Saturday" young Allen told the Sun, "of course all depends on weather and the wind".

Hoch received cuts and bruises, was out Wednesday. Tracy Barnes, cross country balloonist, is in San Francisco, but all his gear is at the Japatul ranch of Allen.

FULL HOUSE TO GREET REAGAN

It looks like Cong. Bob Wilson will tonight introduce Ronald Reagan, candidate for governor, to over 1000 in Hotel del Coronado, says R. J. Cooney, general chairman of the GOP \$100- a-plate banquet.

One feature is that "The head table" Cooney says " will seat 32 guests and every Republican candidate who will appear on the November ballot in the county will be seated there."

"This is the only time in this general election that it has been possible for everyone on any California county's entire Republican slate, including statewide candidates, to arrange their schedules so all can appear on the same program," he added.

**FLIERS MAY LAND IN DESCANSO?**

Looking SW at proposed airpark strip on Burrell Ranch, Descanso. Robert Burrell, owner, right, with Ed Torgersen, who runs Stallion Oaks Ranch on Boulder Creek Road, beyond trees.

Ground is ideal, decomposed granite, and level. Few trees at either end could be cut to enhance approach and take-off which is right into prevailing wind. Burrell is conferring with Joe Rust, county aviation director, who is desirous for new strips to be put in.

ANOTHER NEW FAMILY

Mr. and Mrs. Robert Evers have just moved into the old Chenoweth home, Olivewood Lane, with their three teenage children and two horses. They came from SD, are rebuilding and looking after the home for present owner Murray Smith.

Clear 125-Acre Site

People driving along W. Victoria Dr., have been wondering what is going on, for Fred Rushing has been busy clearing brush, leveling some places and putting in a 40' road on the LaJon Investment Club's property of 125 acres lying between the Catholic Church and the Vitalich property down to the freeway route and Dinosaur Park.

Geo. Fisher, representing group, says they are merely clearing it so it will make a better appearance as it will probably be sold. They bought a 40' right-of-way for an access road amounting to .19 of an acre.

Mrs. Flora Hill, who recently sold her home on Tavern Road, lived here for awhile, has moved to an apartment in EC as her grandson, Nick Joseph is attending school there.

Lake for Stallion Oaks

More recreational facilities are planned for Alpine and the back county, just as County Planning prophesied when it zoned Alpine a few years ago.

This time it is a lake for Stallion Oaks Ranch, Descanso, reveals Ed Torgersen, LA ad man, owner and operator of the popular place.

"We plan to start work just as soon as we clear with the Conservation Office" he told the Sun this week, "and it should not take too long so that this winter's rains will fill it. We will have boating and fishing, and it will add greatly to our scenic value as it will be just below the stables, pool and dance hall".

DOUBLE TALK

By Cecile & Celeste Irvine

Thursday afternoon we all had a thrill of a lifetime. Daddy talked to Jim Allen on the phone earlier and he said he was going to try to get his balloon into the air and to be there if we could. We drove up to see what was going on and before we reached his ranch we saw the balloon half inflated and it is huge! We ran over and Jim, Gordon Frevel, Tracy Barnes and his wife Brenda were all holding their breath. The balloon was on its side & they tipped it up and turned on the two gas jets to fill it with hot air. It filled fast and against the sunset was simply a fabulous sight. There wasn't enough wind to take a ride but Jim took Celeste up first to about 200 feet, then me, and Cynthia last. He had it tied on the jeep so it wouldn't get away because it might have taken off and not been able to clear the telephone wires. We stayed till dark and saw they collapse it and then went home, but what an experience. We are all looking forward to taking a free flight trip with Jim someday as we are crazy about the unusual sport.

Fidel Hyde came to school last week but couldn't stay because he wasn't up to it physically. He still has to go to the hospital for therapy on his hand and will get back to his studies as soon as he is able. It has been a terrible two months for him and all of his friends at school wish him a speedy recovery. This is his senior year at El Cap and he wants to be able to finish with the rest of his class.

Richard Irely, left, welcomed his younger brother Jim home from the USAF last week. Richard was recently released from the Marine Corps, is a student at Grossmont College.

Doris Scully got tired of finding chickens and pet ducks missing because of ornery coyotes, so called the game warden who came out and set traps. The first week he caught six coyotes and one bobcat right on her property. So maybe now she will be able to keep what she raises.

We tried out for Mrs. David Arnst's talent contest Saturday and she liked the audition so we go on again tonight to compete against the rest of the contestants.

Colleen Moore is attending dental school and hopes to be a dental assistant soon.

Eileen Dun is expecting her brother, Tom, home from Ft. Ord next weekend on a 30 day leave. He is in officers training so won't have to go to

Viet Nam.

Gary Wake came home from the hospital Saturday but has to wear a brace for his back.

Karen Rash bought a 64 Rambler last week to take her to and from her civil service job in SD.

W. H. BROWN KILLS RABID BOBCAT

The county's 35th rabid animal was killed here this week when Wayne H. Brown of Bell Bluff Truck Trail shot a bobcat as it leaped at him. The animal had been chased by their two dogs. Mrs. Brown thought it was a skunk at first. Then she called the dogs into the house when the cat slammed against the window. Then Brown went outside and shot it when it started for him. He took it to the county vet who found it to be rabid.

So far this season rabid animals total 21 foxes, 7 bobcats, 1 skunk and 6 dogs.

Reminder: Tell your children to stay away from wild animals no matter how affectionate they might try to be.

Mr. and Mrs. Basil Spear had a very interesting letter from their daughter Crystal Marcus who is in Caracas, Venezuela with her husband and family. Lowell Senior and son flew down to Maracaibo, on business (he is with Goodyear Rubber Co.) and were privileged to ride over an 8-mile bridge in that town. The span is an unusual engineering feat, is quite a sight.

Mr. and Mrs. Hap Garven enjoyed the boat races Sunday with their son Ancil and his friend Tom Candalaria. "Was a sight to see" she says and we had a wonderful time. Came home with a sunburned nose but wouldn't have missed them for anything." Tom was best man at Ancil's wedding Sept. 17th. His wife Marjorie, who is an RN was on duty at Naval Hospital, could not attend.

Fire Board Planning Improved Protection

Alpine Fire Commissioners at their September meeting voted to promote a house-numbering program in the district which in some cases would involve naming streets, as a means of improving fire protection.

Commissioners and firemen are anxious to improve the district's protection by cutting down lapse of time between the alarm and arrival of equipment at the scene.

As it now stands, each fireman driving a truck must know each location, or lose precious time in finding his way to the fire. At present, mail route boxes are his only guide, whereas if buildings are numbered the person giving the alarm would give the street and number. The person receiving the call would inform the firemen of the location.

Alpine has already been assigned street numbers and any resident without one can write Elmer Macy, Building Inspection Dept. 206 County Administration Center, 1600 Pacific Hwy, SD or phone 239-7711, Ext. 432.

The assessment number on the tax bill is necessary to obtain the information.

Note- After a 2-year campaign with the county, a project of the Sun, house numbers were assigned to all homes and businesses, plus the naming of all county roads. The county will not post private roads, but the fire board may be able to get this done, which would be fine. Unless you have a PO map, it is almost impossible to locate anyone by a mailbox number. -Ed.

Lilliam M Oliver of LM, former librarian here, sends a check for subscription renewal, penned on the slip; "I enjoy the Alpine Sun; don't want to miss it".

Interesting Visitors Here

George Fordney's nephew and wife, Mr. and Mrs. George Bubu of Warren, Ohio were the recipients of a 10-day trip to Las Vegas and all points west this past week, stopped in to say hello and spend the week-end. Bubu won a contest for selling the most Ford cars in Pennsylvania, Ohio; flew both ways, left Wednesday for home.

With them they brought Mr. & Mrs. George Sesyson of SD, who are newcomers to the area, having come from Charlston, W. Va. two months ago. He is on the SD Union staff, thought Fordney's current issue of Alpine Sun unique and very interesting.

As Bubu and wife left they said "save us a piece of that mountain, might like to come back and make Alpine our permanent home". They were all impressed with the massive beauty here.

MRS. DECOTEAUX IMPROVES

While still in a semi-coma most of the time, Mrs. Sandra Decoteaux, daughter of Mr. and Mrs. Martin Lacko, is making slow recovery. Monday she was transferred from EC to Stevenson Memorial Hospital on Fletcher Parkway, Mrs. Lacko told the Sun. With her mother she was operating Mary's Apparel Shop here.

US ACCEPTS FIRE AGREEMENT

At the regular meeting of Alpine fire commissioners the cooperative Working agreement with the US Forest Service, recommended by the volunteer firemen of Alpine was accepted.

The board okayed payment of all outstanding bills.

Mother: Well, son, were you a good boy in school today?

Son: Sure. How much trouble can you get into standing in a corner all day?

Former Opera Star Visits

The brilliant career of an operatic singer, one of eight dramatic sopranos in the world, was suddenly chopped short by an awful bus accident in 1959 when Stephanie Maeabelle Racette was badly injured at Lyman, Wyo.

She has been an avid bus tour fan ever since age 14 when she started singing and touring. For a month she was in a nearly full body cast at a Salt Lake City hospital, recovered, but with one limb shorter, and internal dislocations that stopped her forever from giving enjoyment to thousands with her melodious voice.

She has lived for two years in Vista, where she returned Friday after a fortnight at Tappy's Motel where she was interviewed by the Sun, as shown in the photo.

"Oh, yes, she reminisces, "I loved show business and some of the wonderful people in it. I knew Buffalo Bill, and I saw Julian Eltinge, the great female impersonator of the Orpheum, who had a ranch here many years ago. He was a beautiful 'woman', and a real he-man too".

for 28 years she based in LA, worked some in films but never cared for that. She was graduated from the NY Conservatory of Music, sang for two seasons at the Metropolitan, knew Geraldine Farrar and other stars, herself played 38 weeks in "The Firefly", has appeared in many operas as "Tanhauser", "The Mikado", "Parcifal".

Talking show business with the petite, genuine blond, lively blue-eyed optimist is a real pleasure for she knew early day show folk as Hedda Hopper, Theda Bara, the Russell Sisters and many others. She is also a talented concert pianist, still loves her fine music, is a person that enjoys life to the fullest even though handicapped.

She is a hiker, doing many blocks every day, even with her cane.

And in parting she says "I listen to your Physical Fitness program on XEMO all the time, enjoy it and get a lot of good from it".

Note- We're sorry Miss Racette isn't a regular resident of Alpine. -Ec.

BIG OAK STORY From Page 1

Escrow closed Tuesday. The Stephens will continue to live in the residence and retain their interest, helping the Dahllins to run the busy recreation spot. Frank Walters of EC will be manager.

Homer Spear, Olivewood Lane, is expected home from Valley Hospital tomorrow. He went in Monday for a check up.

Enemies are the heritage of success. Nobody envies a failure.

Football Gets Going Here

Saturday Alpine's Pop Warner Team met with So. Eastern at Lincoln High to play their first game of the season. Complications were met when it was learned that officials of the other team had not prepared for the game to be played on the field. Weight-ins were not held, they didn't have down markers or yard markers nor chains to determine first down and flags to work end zone were not there, nor was the goal line marked.

Officials ruled that the game should be played under protest and official status of the game be left to the SD Pop Warner Federation. Both coaches agreed that win or lose they would abide by the decision of the federation and play, which they did. Alpine lost 20-0 but the federation ruled in favor of Alpine, 7 to nothing, because the other team was not prepared and the visiting team is always given the decision. Alpine asked for a rematch under proper game conditions but the federation ruled the game a forfeit.

Alpine's team was commended by three referees for their clean, sportsman like conduct. They had only one penalty for assisting the runner and no penalties for action against the other team. SD had four penalties, two for clipping and two for unsportsman like conduct.

Coaches for the game were Frank Sortino, Vick Vickers, Bob Burrows & Mike Bell and the Pom Pom Corps in charge of Barbara Peterson kept the game going, cheered the boys on.

Alpine meets La Mesa at Helix High tomorrow at 1:30 and coaches invite everyone to come and cheer them on and lend their moral support.

Mr. and Mrs. George Fordney entertained Mr. and Mrs. Joseph Tutish from El Centro over last week-end. They are relatives of Mr. Fordney, came to La Habra from Pennsylvania, moved to El Centro recently.

17
HATS OFF TO 2¼ MILLION RH'RS!

The Sun and newspapers across this great nation salute America's great body of 4H'ers, boys and girls everywhere, for their jobs well done in all kinds of projects. National 4H Club Week closes tomorrow, and every resident should be mighty proud of Alpine's club, being one of 196,000 in the US.

First Student: "You look all broken up. What's the matter?"

Second Student: "I wrote home for money for a study lamp."

F. S.: "So what?"

S. S.: "They sent the lamp."

MASSAGE AND ITS BENEFITS

By Frances McTaggart
Cont. from last issue:

The nervous system is considered to be one of the most important systems of the body because it controls and coordinates the functions of all the other systems and makes them work harmoniously and efficiently. Practically all the nerve cells are contained in the brain and spinal cord. Therefore, when the body is massaged the nervous system benefits and sharpens all perceptions-thought, conduct and body movements. Massage can either stimulate nerves or relax them according to the type of movement given.

The circulatory or vascular system controls circulation of the blood through the body in a steady stream. By means of the heart and blood vessels, whose role it is to supply body cells with nutrient materials, it carries away waste products. Massaging assists the blood vessels to urge forward their contents thus removing local impediments to the circulation- there's a renewal of fluids in the vessels - an increased flow of blood into parts that need it and a general revived feeling.

Cont. next week.

POSTMASTER FROM HOSPITAL

Phil Hall returned home Sunday after this third operation, removal of a kidney. He is making slow but nice recovery.

While he has been away, Richard Place, clerk, has been in charge, ably assisted by Mrs. Frank M. Wilson and Mrs. Carl Strauch, while Carrier Haakon Magnussen with his substitute James Rhea, saw that the mail got out as usual.

A housewife was working on her budget for another year.

"Well," she told her husband, "I worked out the budget all right, but one of us will have to go!"

WHERE THE SUN SHINE SPENDS THE YEAR

READERS WRITE:

A big hello to all the Irvines! We enjoy the Sun so very much. The girls are certainly grown up young ladies now and their contributions to the paper display their ingenuity and talents. We hope to come and show off our little daughter to you one of these days.

Sincerely, Verlayne Robinson, SD.

CofC Dines Oct. 8

The annual installation dinner of Alpine Chamber of Commerce is set for Saturday, Oct. 8 at 6:30 in the school auditorium, says outgoing president Fred Rushing.

The new president, Dr. Frank Burak, will be installed by Supervisor Henry Boney, along with the other officers following a dinner catered by the Bronze Room of LM. New secretary is Mrs. Hazel Foster; treasuer, Incumbent Paul Nichols.

Also to be seated are new directors; Jack Spatz, to fill out the unexpired term of Corky Jones, resigned, and Jerry Funk to replace Bob Wilson, resigned, and Dr. J. C. Campbell, Carry-over directors; Messers Clay, Hall, Van Til and Hoistad.

Speaker will be Leslie A. Barr, design specialist of Convair on "Space Elements", illustrated with slides and films. E. Ross Mallette, will be emcee.

"Meetings are third Wednesdays at the school" says Mrs. Colleen Ingalls, secretary of the chamber office, "and tickets are \$3 or \$3.50 at the door and the public is invited".
