SELECTS CLAY

Supt. Paul C. Clay of Alpine Union School District, was elected Sunday during a District 31 picnic in Pine Valley, to be lieutenant-governor for 1968 of Kiwanis.

Over 300 Kiwanians and their families attended, including the Alpine club of which Clay was president in 1965, and

CONVAIR MAN TO BUILD

Grant Hansen, 11359 Fuerte Dr., in EC, has just bought a nice lot in Palo Verde Ranch, will build a residence shortly and move here with his wife and their 5 children. He is vice-president, Launch Vehicles of Convaire in SD.

Last year he became personally acquainted with this area when his unusual picture of the Oikeya-Seki comet was run in the Daily Californian.

CLAYS WELCOME NEW 'DAUGHTER'

Here is the Paul Clay family at their home in the Highlands where they are getting acquainted with their daughter Mariame's exchange student Marianne Furger, who flew in from Berne, Switzerland. She will attend El Cap, with Marianne. Both girls are seniors, and 17 years old.

From left: Clay, who is superintendent of the local school district; Miss Furger, Miss Clay and Mrs. Clay. They plan on a brief vacation and sightseeing trip to San Francisco soon.

As Editor Irvine had also pictured it in the Sun, he called to compliment him on the beautiful shot in which he caught an aircraft's lights blinking as it entered the Gillespie Field pattern.

Hansen brought his family up, got acquainted, fell in love with the community, resulting in the purchase of the lot for building. He took a subscription to the Sun last week to keep up on Alpine's progress.

FREAK STORMS HIT

Sunday's unusual thunder, lightning, rain and wind storms put power and phones out, settled the dust and did a lot of rattling and banging but nothing serious to structures was reported.

The SDG & E were right on the job when lightning blew out a transformer putting Alpine, Glen Oaks, Dehesa and the Canyon out for some 38 minutes at 5:15 p. m.

At the same time phones were disrupted for several hours but crews soon restored most of the service. They reported 3 cables hit, which requires many days of searching to find damage, a tricky job. Many homes had carbon protectors burned out, but are fast being replaced.

LIVELY OAKS DOINGS

Lora Harris and Olive Cassidy were hostesses Monday when 38 Senior Citizens gathered at the YC for their pot luck lunch.

Mrs. Bedie Sales of Temple, Texas, sister of Mary Shipp, was a guest, here to celebrate the 83rd birthday of Mrs. Shipp.

A letter was read from Mr. and Mrs. Monte Werner, who are touring the W. Coast in their travel trailer. They enjoyed a visit with the Hollett's in Vancouver B. C., also report that the fishing has been excellent.

Next Monday the club will have a demonstration of hair pieces by Marion Mummert, daughter of Mrs. Orville Palmer. She will show the most effective way of styling wigs, wiglets, falls and postiches. Anyone interested is invited to this demonstration which will be at 1 p. m.

The secret of the Lord is with them that fear him; and he will shew them his covenant. Psalm 25: 14

Here is part of Sunday's breakfast at the McCall Ranch School's summer camp where 50 youngsters are enjoying life. It is a huge watermelon, "largest I ever saw and I'm from the South", explained Carl McCall as he carved the beauty. It weighed 78½ lbs, was 22" long and 45½" around. It was presented by Bill Petersen whose mother won it at a Chinese luau in SD.

NEW BABY FOR McCALLS

Mr. & Mrs. Brian Mc Call became the happy parents of a baby boy born Saturday in Helix Hospital, their third son. He was named David after David Baumgardner, who was killed in Viet Nam, and had attended the McCall Ranch School.

EDITORIAL

Archie Moore idea wins national applause.

We have always admired the Negro who has made good in any field he has chosen: Archie Moore for being light heavyweight boxing champion of the world; Jessie Owens for his fleet footed racing; Bill Robinson for his beautiful dancing, and many, many others.

So when the SD Union ran Moore's editorial on a front page last week, and the nation picked up the theme and complimented Moore, we felt real good for him and his people, and the wonder-

ful work he is doing with boys of all races.

Moore, who brought one of his children up here to be baptised by good Fr. Joe de Christina, at the Catholic Church, was a friendly fellow to meet, and we took pictures of the event so he could have them for his album.

Moore told how he was "born in a ghetto, but I refused to stay there. I am a Negro, and proud to be one. I am also an American, and I'm proud of that... We made it because we had a goal, and we were willing to work for it... The world owes NOBODY-- black or white-- a living. God helps the man who helps himself!... If we resort to lawlessness, the only thing we can hope for is civil war, untold blood shed, and the end of our dreams".

Archie has been working for several years with boys of all races in what he terms ABC "Any Boy Can", by teaching them "what dignity is, what self-respect is, and what honor is. I have been able to obliterate juvenile delinquency in several areas... If some bigot can misguide, then I can guide. I've spent too much time building what I've got to put it to the torch... Do we have to choke what could be a beautiful garden with weeds of hate? I say NO! And I stand ready to start "Operation Gardener." I invite the respected Negro leaders of our country to join me".

Bravo, Archie, we believe you have started something mighty fine! -CI

Mr. and Mrs. Wm. San Soucie, Alpine Terrace, are building on a living room and another bedroom, hope to have it finished before long.

"What did YOU do for Alpine today, last week, or last month?" is the highlight of a query sent out by Secretary Ivy Kuhl, of Alpine Chamber of Commerce, "Can you stand up and be counted-- or-- do you 'let George do it?'"

As busy chairman of the membership committee, she reports that they are out now house-to-house to get residential as well as business members for the chamber.

Reader: "So you make up these jokes yourself?"

Editor: "Yep, out of my head."

MAJ. HAGEMAN HOME ON LEAVE

Flying in to El Toro, Maj. R.A. Hageman USMC, of Tavern Rd., enjoyed a week's leave after completion of a conference at the base on refuelling in the air for which he came from Okinawa.

Mrs. Hageman their two boys and daughter had a fine visit after which he departed Saturday.

He pilots a huge KC130 turbo-prop jet with crew of 5, refuelling jets in the air over Vietnam, taking the gas from Okinawa where he is based. The big cargo plane makes 250 mph at 20,000 altitude.

Before going he had been captain at the local MCRD, training recruits. "One funny thing is that several lads saw me at Okinawa", he says, "would come up smiling and ask if I remembered them as they had been in my company at San Diego. Well, they remembered me, but I could hardly remember them out of 1600 recruits!"

He believes the war will last longer than anyone thinks, and that we have mighty good reason for being there.

TO REOPEN POPLARS CAFE

Mr. & Mrs. Paul F. Ruggenberg of 3878 45th st. in SD, have just resumed management of their property at 15,505 Old Hwy 80 which had been operated as Marie's Restaurant by Gus & Marie Ciofal of SD.

They are remodeling and fixing up the place preparatory to reopening and running it themselves as they did when they built it in 1964.

DEADLINE FOR CHP OFFICERS

Sept. 23 has been set as deadline for another State Traffic Officer exam, reports Lieut. V.J. Herz, acting commander of the SD area office. Applications must be filed by Aug. 30, he adds, for men between 21 and 31; must be in good health and between 5'9" and 6'6" tall, and have at least a HS education. Details from any CHP office.

HORSE TALK

Cynthia Irvine Mc Taggart

Congratulations are in order for the Reid family. Sunday morning they waked up to find a beautiful little stud colt, born to their mare Cricket. They named him Nickie and when he is old enough Wilma Peters will start his training.

Here is a bulletin from the Alpine Riding Club. Friday, Aug. 25th at 7 pm, Youth Center, a family get-together is planned. Bring your own table service and a covered dish. Hot dogs and rolls will be provided by the club. After the feast, dancing and fun will be enjoyed by all present.

Rene and Rhonda Thompson sold their two horses and all of the tack to the people who own the Lakeside Hotel. They have 5 children and wanted some horses for the younger kids to ride, so were glad to get two gentle animals.

As soon as the weather cools off, Wilma Peters will again start riding lessons for members of Alpine Riding Club. Those who took, were benefited a great deal, and as they are free, more should take advantage. As soon

as they start, will have the announcement in my column.

Don't forget to get your entry blank in at the Alpine Western Wear for the beautiful Shetland pony Nancy and Billy Mitchell are giving away Sept. 2 at their store. If you don't win the pony, there are other real nice prizes. Go in and sign up, you don't have to buy anything but if you need tack or something for yourself or horse, they have it or can get it, and it is a real nice addition to Alpine.

Jo Ann Villa is looking for a nice young, registered quarter horse to buy. She wants to raise and train it herself.

Our new neighbors the Brothertons, have just bought a real nice white mare. They built her a new corral, and are real happy with her.

The buckskin mare Mike Scully got from Wilma Peters last month was too skittish so she took it back and got another one for him. This is a 9 year old bay gelding and he needs a lot of work, but at least he can enjoy a ride.

CIRCUS CLOSES SUNDAY

Since Tuesday folks from all over the Southland have been enjoying the world's largest show of its kind, The Ringling Bros. and Barnum & Bailey Circus at the International Sports Arena in SD, where it closes Sunday. The huge show, in its 97th year, is on at 2 and 8 pm., with Sunday times 1 & 6 p.m. Details from 224-4178

A Texan had three swimming pools - one filled with hot water, one filled with cold water and the third without any water at all. It was for people who could not swim.

Alpine needs a pool service.

OPTIMIST CLUB PROGRESSES

Here are officers of the recently organized Optimist Club, from left: President Frank Scully, Secretary-Treasurer Don Roccaforte, Vice-President Leroy Wedel and Director Larry Cox. All are arduous workers for this fine organization which does so much to help the youth.

They meet on Wednesday nights at 7:30 in the Youth Center, and have put on some nice meetings, inviting the public. Prospective members may contact any of these gentlemen for details.

Norene and George Haydon, and baby girl, Summer Dawn, she is the daughter of the Geo. Fordneys, decided they did not want to build on the sight below her parents, have moved back to Mission Village. They found Alpine too far from the places of interest, are happy nearer the beach.

TRACTOR TAKES A DIVE

Last week Jim Pufree, owner of Allied Carpenters in SD, and who lives on South Grade Rd., was disking with his tractor when he suddenly felt the front drop and the machine headed down an abandoned well. It was prevented from going in as the nose hit the bank, so he dismounted, gave up the job.

One night he returned, saw the machine sitting serenely on the surface, found out that two of his neighbors had hooked their vehicles on, pulled it out for him.

Note - Alpine has been noted for many years as being populated by an exceptionally fine group of folks--real good neighbors, indeed. Ed.

WESTERN WEAR GETS BUSY

Tuesday the Grand Opening of Bill & Nancy Mitchell's Alpine Western Wear, 2011 Hwy 80 in the Renall Bldg., got underway and is creating much interest they report. It runs thru Saturday Sept. 2, with many fine prizes to be awarded, headed by a handsome Shetland pony.

They invite Mt. Empire folks to clip coupon from their ad on back page of the Sun, or pick up a coupon in the shop and enter for the drawings, no purchase required and it is not necessary to be present to win.

CUBS GET SUNBURNED

Thursday Cubs from Den 1 and 2 enjoyed a beach party and werner roast at Mission Bay, came home nice and red and fully enjoyed the day. Next Friday at Wedel's home a swim party is planned for both dens.

Alpine needs a bowling parlor.

Here two ambitious young men at the Canyon barbecue Sunday who enjoyed a game of horseshoes under the friendly shade of the ancient oaks in the park. Everybody had a good time and plenty of grub.

**18 FIREMEN NOW HAVE RECEIVERS**

At a special meeting of fire commissioners Friday, as many would be away on the regular date, they approved payment of bills, largest being \$668. for 5 more Plectron radio receivers, and one alert memory light with other accessories. This makes a total of 18 sets enabling a positive alert for volunteers in case of fire or emergency. The central station in the firehouse alerts all over the single radio frequency, which works fine.

Trust not in oppression, and become not vain in robbery; if riches increase, set not your heart upon them. Ps. 61:10

RIO MWD VALUE RISES

Ed Houser, manager engineer of Rio SD MWD reports that the assessed valuation of the improvement district shows a 7.6% gain in the past fiscal year, now is \$8,589,210.

The general district budget for the new year is \$289,400, just adopted, compares with the 1966-67 one of \$257,270. Tax rate remains the same 20% per \$100. valuation. The budget's rise was due mainly to higher wholesale cost of water.

The district's assessed valuation was up 9.6% to \$4,164,980. The improvement district's tax rate drops from \$2.18 to \$2.15. Houser adds that the tax rate was cut even though the improvement district's payments on its outstanding bonds rise this fiscal year from \$25,000 to \$50,000.

DR. LARSON HOME SUNDAY

Dr. Roger Larson, who has been on a tour of the US and Expo 67 is expected to be back in the pulpit Sunday.

NEW WATER MAIN FOR CANYON

A new \$60,000 pipeline up Harbison Canyon has just been approved by Directors of Rio SD MWD which serves Alpine and that area. The agreement is with the county.

This also means that the reconstruction and realignment by the county of the HC road, including straightening of some death curves, will start earlier than planned.

Engineer-Manager Ed Houser said the county had cooperated fine. Work on the pipeline could start within 3 months, but most of the road work has been constant, and Rio took over the old pipe system when they annexed it in 1962 when water came to this area.

DOUBLE TALK

By Cecile and Celeste Irvine

Little Matt Scully was thrilled with the 7 weeks old German Shepherd that was given him by Al and Reenie Adams. They named him Sampson and he was getting along fine but Friday morning he disappeared. The kids combed the area around their ranch but couldn't find him so think someone picked him up as he was a beautiful dog. Monday morning Doris had to take Goliath, their labradore down to Dr. Samter to have a sticker taken out of his ear. He runs through the brush and it is kind of hard to keep the burs and foxtails out unless you put cotton way down in the ear. The dog can get used to it and it does save a lot of vet bills.

We drove home Thursday afternoon and brought our cousin Ty Tielens with us and had a wonderful weekend swimming and riding. We had a singing engagement at the Cathedral Club in San Diego and on Saturday went up to Stallion Oaks and sang several numbers for the large group of square dancers and guests at the ranch. We all had a good time and got up at 5 Sunday morning and left Alpine so we wouldn't

Mrs. Jim Madsen gave Cynthia and Bill 50 baby chicks and kept 50 for themselves so Sunday they went up and got them. Sunday night they heard the fire whistle and the engines whizzed by Tavern Road but didn't know till Monday morning that it was the Madsen garage that was the scene of the fire. Mr. Madsen had put the brooder light in to keep the chicks warm and forgot to turn it down before they went to bed and it caught fire.

All of the chicks smothered and they burned up, the side of their car was blistered and it was very fortunate that the whole garage didn't go up in smoke. There was all kinds of paint cans and oils that would have fed a fire in a close area. They were real lucky only a small bit of damage was done.

Randa and Barry Mc Call had quite an experience recently. They were on the way home when their dog started to have pups in the back seat of their car. There wasn't much they could do so drove on home and when they arrived, they had 3 little pups to greet them.

Linda and Lorie Moxie and their parents are getting ready to take a trip to the Bahamas. They own their own plane so can pack up and go any time their dad can get off. They have had a lot of fun together and it is one way to go and come fast.

Busy every minute engineering the barbecue and keeping the food coming were Zane Dana, left, publicity man, and Chief Tony Strope.

BROODER FIRE KILLS CHICKS

Sunday midnight a fast run by Alpine's volunteer firemen saved a garage from possible loss with a car, tools and other items. It was an overheated brooder that ignited, killed all the baby chicks at the Jim Madsen place, Alpine Hgts Rd. They were asleep but a neighbor Richard Zuelke, happened to be up, saw the fire, called in the alarm. Had the fire gone 10 minutes more the garage would have ignited, said firemen.

TEAM WORK NEEDED HERE

A reader sends this comment to the Sun: "Your editorial on "Yes Men" reminds me of how our athletic coach used to counsel boys. Each one wanted to be "all star"... Coach tried to teach them team work. Some adults never seem to learn that lesson?".

ERRECA'S BUY DORAN HOUSE

Mr. & Mrs. Jos. J. Erreca recently bought, repainted and decorated, built a carport, and moved in to the fine former home of Mrs. Walter Doran, 1710 Highland View Dr., in the Highlands, from Southland Savings & Loan Assn.

Erreca with his son Charles, operates a water wagon firm under their name in Spring Valley where they have a fleet of such vehicles. They supply the Daley Co., contractors on the freeway, so Erreca kept telling his wife how much he liked the climate here. So they began looking around with a view of buying, found the Doran place, and are happy in living here, she told the Sun Wednesday.

"We lived 27 years in Chula Vista" she says, "and already I have been greatly helped in my bronchial ailment by Alpine's fine climate."

Judging starts promptly at 9 am. A dinner honoring the judges will be at the Hanalei Hotel following the show.

"We welcome all spectators free of charge", invites Mary Ann Larkin, publicity chairman of Alpine.

"Elderly Man: "Wealth, my boy, does not always bring happiness."

Children and older folks enjoyed many games of skill at the Canyon's fire department barbecue Sunday, as shown in this photo, operated by a young lady while another young lady plays the game.

Doctor: "Get up after the half hour."

FREEWAY HURTS ROADSIDE BIZ

With the recent opening of new stretches of Interstate 8 above here, numerous small businesses were cut off from Hwy 80 traffic, are now merely on a quiet county road, have lost much income, some perhaps will have to close.

Alpine, being a steadily growing town with close to 4000 population will not suffer economically, officials point out, but will benefit for the most part.

AMATEUR HOUR TOMORROW NIGHT

Alpine Trailer Camperacho, run by David Amst and his wife, presents another in a series of talent shows on the patio by the pool at 7 o'clock. The public is invited, no charge, entry fee is \$1 for each act, with cash prizes.

Gene and Ann Sauter, operators of Alpine Hardware and Dept. Store, spent a recent weekend in LA looking over the many displays of items at the Western Gift Shows, so they could select items for this holiday season.

After seeing a little 1-liner in the Alpine Sun for a sign painter, Skipper R. O. Whitaker, well known EC teacher of oil painting, called to see if he would qualify. CANTON BBQ BRINGS \$800.

The fame of Alpine's Doug Fordyce as Barbecue-master no doubt helped Harbison Canyon Volunteer Fire Department to bring in hungry folks Sunday to Old Ironsides Park to partake of some tasty viands. They had enough beef on hand, 650 pounds, dressed weight, to feed the 1300 that attended.

This big affair is an annual event with the volunteers, headed by Chief Anthony Strope while his wife Marlon headed the auxiliary which helped prepare and serve the meal. Bruce Schultz heads the Junior Fire Department.

Old and young enjoyed games, home-moes, and kept the many booths going full steam with all kinds of prizes.

Fine western music was presented by Winn & Barbara Estep, Bert Stark, Clarence & Barney Barnett, Norm Treadway and Verna Boston.

Much credit and appreciation goes to the following youngsters who helped man the booths, prepare and serve food and generally make themselves useful: Connie Bardsley, Barbara Mulvaney, Juanita Calaban, Sharon and Debbie Dana, Donna Travelute, Mary & Kelly Gilliam and Vickie Gaines.

Door prizes were donated by: Jack & Jeans Cafe, Tank's Shell Station, Ruth's Hobby Shop, Valley Liquor, Glenview Feed, EC Bowl, Eddie Harein's Beauty Shop, Stoney's Market, Pitts, the Trunk Man, Capitan Realty, McMann's Furniture, EC Florist and Mickey Finn.

Channel 8 came out and took pictures of the affair in color and they were shown Sunday and Monday. Papers in SD, EC and Alpine covered the barbecue.

Officials say it was one of the most successful events ever held in the Canyon. If the weather had not been so hot, more would have turned out.

ALPINE CLEANERS PHONE OK

If you tried to contact Alpine Cleaners last week after their half-page ad appeared in the Sun and received an out-of-service message, it wasn't the fault of Carl Schweiss, owner. There were complications over change of ownership and the number, 445-4083, in now correct but wasn't released to Schweiss until Tuesday. However, all is back to normal, he is operating full swing and has some interesting bargains offered, see ad elsewhere.

Dr. John Brookes, Victoria Drive, is serving two weeks in the Naval Reserve in the Medical Service Corps. His outfit has been on location in 29 Palms, will be home tomorrow. He is a teacher at SD State.

CARE OF THE BODY

By Frances McTaggart

BE KIND TO YOUR FEET

Our modern plastics are not the best footwear as they do not permit the evaporation of foot perspiration to take place and this therefore increases the tendency to soft corns and sore feet.

Corns and callouses are also brought about by friction and irritation of the skin resulting from incorrectly fitted shoes. The corn may grow on any of the toes or on the sole of the foot or even inbetween the toes.

One of the most common foot problems found, is one called pronation or inward tilt of the heel, which throws the whole body off balance. One of the reasons the bone in the heel pronates-- it is slightly off center toward the outside of the foot. This gives the heel a tendency to rock inward as one walks. Instead, the weight should be carried on the center of the heel.

One exercise for pronation is to walk on a rug or mat, putting the weight on the outside of the foot, keeping the toes touching the floor. After taking 4 or 5 steps, stop and relax. Increase number of steps between periods of relaxation.

Your feet carry us through life without too much complaining, so let's be kind to them and pamper them while we can.

A Texan was visiting in Canada, and his host was showing him the sights. But nothing was as big and fine as they have it in Texas. Finally, the Canadian showed him Niagara Falls

"You don't have anything like that in Texas, do you?"

"no, but we have a plumber who could fix that leak."
