WELCOME BOYS FROM VIET NAM

An informal family party was tendered two fighting men recently back from the war at the home of Mr. and Mrs. Richard Merrill, 105 Willowside Terrace where they operate a printery.

In Editor Irvine's photo, from left: Mike Merrill, Mr. & Mrs. Garry White-- he is buddy of Mike, returned also from war-- Mr. and Mrs. Jack Muse-- she's Merrill daughter-- and their cute baby girl, Laura, and the Merrills.

NEW FAMILY OF 5 HERE TO LIVE

Ken and Anna Jerney report that they have rented their 3-bedroom, 2-bath home on 3 acres, Midway Dr., to Don and Margaret Lander who moved in on Sunday. They came from Garden Grove with their three children: Lisa, 8; Kirt, 6, and Linda, 4. They found Alpine through Mrs. Jerney, manager of Alpine Realty Co.

Lander, a native of LA, is a civil engineer in Anaheim with his own business, mostly designing subdivisions

Cecile and Celeste, who played guitar and sang for group. They had made tapes at the Merrill home which were greatly enjoyed by the boys overseas.

"The greatest thing to cheer us up was those tapes Dad sent us regularly" asserted the two GI's, "and we and our buddies often sat up all night just to listen to the folks and our friends who dropped in to talk to us."

and handling surveys. He is also a private pilot, may eventually fly to work if Alpine gets an airpark. They have lived 8 years in Orange County came here for health reasons as Kirt has chronic asthma.

Mrs. Lander is a native of Bisbee, lived in Tucson, Ariz., already likes this area and hopes that their son will recover from the troublesome asthma, like many other residents that came here for that reason.

MRS. OLIVER ELATED

Mrs. Lillian Oliver, Alpine's former librarian, a long time subscriber, writes the Sun this week with the exciting news just received from her nephew Forrest Honderich, 20, of Natchez, Miss. He has been named first state winner in the senior division of the 1967 Fisher Body Craftsman's build model car competition. He will receive \$150. for his winning entry that took him nearly 1,000 hours to complete. He is a student at the University of Illinois. When he was 11 he won a TV set, \$100. and a trip to the National Soap Box Derby at Akron, Ohio. The next year he entered the Fisher Body contest and won 1st state prize. This June he received his 8th consecutive 1st prize but this will be his last time to enter as the age limit is 20.

Mrs. Oliver, well remembered as librarian here for many years, says "I have many happy memories of my 6 years in Alpine, met so many fine people while there." She says "I am doing a radio broadcast of my poems on Oct. 21st at 12:10 noon over KBBW, 1029 on the dial. Hope you can listen."

JERNEYS MOVE INTO NEW HOME

Saturday and Sunday were the busiest days of the year--or for many years--for Ken and Anna Jerney, who moved from their Midway Drive home, out to their fine new house off the Willows frontage road, south of Hwy 80. They have been working for many months on the house, expect to be settled "goodness knows when" as she says. Mrs. Jerney is manager of Alpine Realty Co.

"How did you come to join the Army?
"Well first of all, I wanted to fight,
2nd, I wanted to become physically fit,
and last of all- they came and got me."

Surveyors caught by Celeste's camera as they lined up property on Lutz's Garage land which has been leased to Mobil Oil for big new gas station at important Tavern Rd. Interchange on new Interstate 8 freeway. Building is slated to start in near future.

Mildred Kochanowski got the cast off her ankle Thursday. She broke it some weeks ago, was mighty glad to get the heavy thing off, but will be on crutches for some time.

Smart guy (getting on bus): "Well Noah, is your ark full?"
Driver: "No, I'm short one donkey, get in."

Could Viet Nam parallel this story?

Back when Japan was doing battle with China, I lived in Honolulu, covered the waterfront. Now that we are getting bad news about our "war" in Viet Nam, the casualty reports of 125 Americans killed, 700 Viet Cong killed, reminded me of a story I heard while interviewing people on board a steamer over in the Islands.

It seems that a passenger in the dining saloon every morning came in with the ship's wireless news summary, which he would tell at the table.

The Chinese steward would listen as the man said "Today 50 Japanese kill-

ed, 200 Chinese killed". To which the steward would merely say, "hum, hum".

For several days the man read the alarming news of increases in Japanese casualties, and the rising number of Chinese dying.

Then one day there was a bigger battle and he told the news, Yesterday 300 Japanese killed and 900 Chinese die". What do you think of that, Ching?"

Whereupon the stolid Chinese steward observed, "Mm- plenty soon no more Japanese!"

The vast Chinese empire has millions of population and are solidly entrenched in the homeland and all over Southeastern Asia.

Our officials predict that it is going to be a long, hard, killing war. Maybe they are right but it hurts.

We hope this war will not be a parallel to what the stoical Chinese steward predicted, but which, fortunately did not transpire.

Anyhow, have you figured out just how many new millionaires are made for every 100 American men that die over there? - CI.

RAIN MAKES EDITOR ROLL PICKUP

Due to wet pavement $\frac{1}{2}$ mile west of Jacumba Friday of last week, Dave Woodruff, editor-publisher of the Mt. Empire Chronical of Boulevard, lost control, spun around, hit a bank, rolled over. He suffered minor cuts and bruises. He reports numerous small accidents in the area on the weekend.

"I still feel as though I had tangled with a wildcat", Dave says, "after having been tossed around in the cab of my pickup".

Man to pilot: "How are we doing?"
Pilot: "We're lost, but making good time."

HORSE TALK

Cynthia Irvine Mc Taggart

Alpine Riding Club met last Tuesday and came up with a breakfast and trail ride for adults only on October 8th starting at 8 am from the YC. Price will be 50¢ to cover expenses and then later on a similar one will be planned for the younger members. Contact president E. B. Reed if you would like to go.

Ellen Hood was thrilled the other day when a friend of hers road her little colt Tigertale for the first time. He is only 18 months old but she has worked with him from the beginning and he will be completely broken by the time he is two.

Doris Scully has the beautiful Shetland pony for sale that she bought for her youngest boy Matt. He is only going to be 4 in December and really isn't too interested, so she wants to

sell this little horse. Call her at 445-3803 if you are looking for a pony.

If my sisters decide they are going to spend the whole school year at San Jacinto College then Bill and I will trailer their horses up for them to ride. They only have one class on Thursday and have free time on Friday, so it would be better than letting them stand in their corrals all winter and not be ridden.

Doris Scully has decided to sell her nice black mare. She is a good sized horse and nice for riding.

Anyone interested in attending a National Horse show in Perris? The last weekend in Aepthember an approved show will be staged at Rancho de la Nina, 24161 Iris, Perris, with Billy Warne and Ralph Walker as judges. Perris isn't to far from here and if you have a trailer, it might be nice to attend. Entry fees are \$4. for all classes except the Medal ones which are \$5. Show starts at 8:30.

Cliff Rhodes will judge the 14th annual Lions Club Benefit Horseshow at Tumbleweed Ring in Lakeside this Sunday which starts at 9 sharp. There will be 22 classes with entry \$1. Details from Sam Siciliano, 444-2275, who is putting the show together for the club. Riders from all around the county are expected to attend.

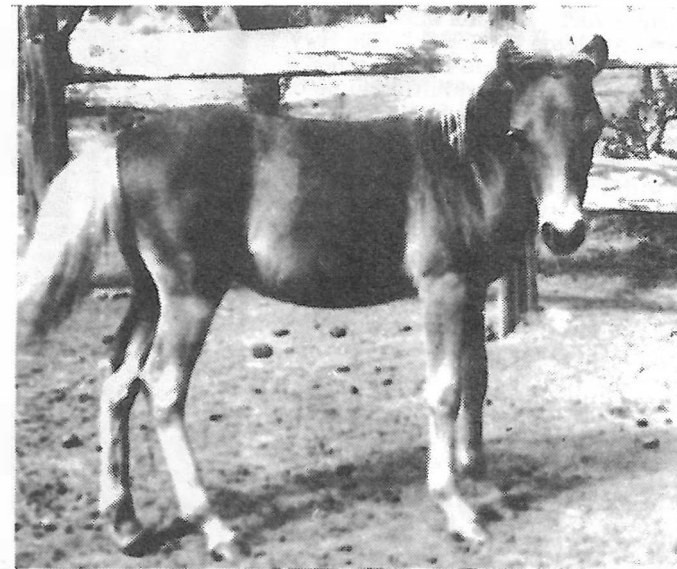

PTA'S FIRST MEETING TUESDAY

A "hello" desert social is slated for this Tuesday in the school auditorium starting at 7:30 when the PTA has its first meeting of the fall season, reports Mrs. Lynn Lipetzky, program chairman.

Special guests will be the school board and teachers, so parents should come to meet them, and get acquainted. In the chair will be the PTA president Mrs. Lee Widmer.

Faith is the substance of things hoped for, The evidence of things not seen. Heb. 11:1

Here is latest arrival at McCall Ranch School, little Star Bee, a filly they are going to keep as a pet. Later on riding instructor Ellen Hood will train her to the saddle so younger pupils may ride her.

ARTIST MAY WIN \$1,000 AWARD

County artists are invited to enter the annual Christmas Seal design contest, says Chas. C. Leigh, president of the TB & Health Assn. of SD County. Will Hippen, jr., is chairman. The best county design wins a flying, 2 day all-expense paid trip for 2 to Las Vegas, offered by Radio KSDO, and \$100 from the local seal agency.

The design selected for the national competition wins \$1,000. All SD entries will be entered Amature or professional artists may enter. Write for details from KSDO or the association, 3861 Front St., SD 92103. (Maybe an Alpine artist might win!)

JAPANESE ART NOW AT LIBRARY

Mrs. Appleton C. Smith, 2206 Hwy 80, a new resident here in December, with her husband, is exhibiting some of her valuable woodcut prints in the library, reports Mrs. Elizabeth West, in charge, who has been presenting people here with some beautiful examples of local artists.

While Mrs. Smith's collection is not her work, she is an ardent lover of classical art and culture. She was born in Japan, but lived in California most of her life, is a graduate of UCLA, majoring in classical languages-- Greek and Latin-- and history. Her husband, retired from the military sea transportation service, is living here. Asthma brought them to Alpine, like many who live here today.

The woodcut work was created in the later 19th century, illustrates the classic literary work, "The Tale of Genji", by Lady Murasaki, a novel describing the aristocratic court life of the time. Its hero is the Don Juan-like Hikaru Genji. Library hours are Tuesday & Thursday, 1 to 5 and Saturday 10 to 2.

MUSEUM TO HONOR BURGNER

Next Wednesday a reception at the 93d annual meeting, SD Society of Natural History, in the House of Hospitality, Balboa Park, will honor Tijuana's mayor, Francisco Lopez Gutierrez, and the official representative of the Commission for the Californias, State Sen. Clair W. Burgener (R-SD).

Guided tours of the museum start at 5, a no-host reception at 5:30, dinner at 6:30, with the meeting at 8. Expansion ideas will be projected afterwards on a multi-screen electronic optical system. The public is invited.

ALPINE 4H WINS

Alpine's 4H Amigos were county winners in the Community Pride Program for 66-67. Al Nelson, district sales manager of Standard Oil of California will present the plaque to winners at the Kiwanis Club breakfast Saturday morning at the Log Cabin Cafe.

Guest of the occasion will be Mrs. Dorothy Wheeler, county 4H home advisor.

KINSMAN DAUGHTER MARRIES

Mr. and Mrs. R. W. Kinsman, South Grade Road, announce the marriage of their daughter Carol, to Paul Oldfather of SD. They were married in La Mesa Baptist Church August 26th with Rev. Arnold officiating.

Mrs. Oldfather has two children, Frances 5 and Robbie, 6, and they are making their home temporarily in Alpine. Oldfather is a BM-2 Retd, is presently with the Fuller Brush Co. as salesman.

ALPINE NEEDS A CARWASH

Frequently the Sun runs a line as "Alpine needs a roofing service", and so on. Now here is a story about how a carwash business can be prosperous. It comes from the Small Business Administration which has published a new booklet "Starting & Managing a Carwash" a beginners manual on raising capital--which the US furnishes--organizing, tax details, and general management. Send 35¢ for a copy to Supt. of Documents, GPO, Washington, DC 20402.

YC KID'S BBQ TOMORROW NIGHT

Saturday from 6 to 11 there will be a lively lot of fun at the Youth Center when the chaperones who worked all season put on a barbecue for young folks from 7 to 12 grades. Pres. Al Adams has everything ready with plenty of helpers to serve the beef that was frozen from the big BBQ they had this summer. The chaperones are making cakes for the dinner and all the trimmings will be furnished by the center. No Charge. Following the meal dancing will be enjoyed to record music.

CUBS START BUSY SEASON

Dens 1 and 2 have started their year with many new boys and most of the older ones. Mrs. John Brookes is in charge of Den 1 with Mrs. Martin Jaime assisting and Mrs. Richard Hageman has Den 2 with Mrs. Charles Ownes helping her.

The theme for September is "Cub Scout Trail" and next Friday they will see a demonstration of fire equipment at the station followed by a talk by a forest ranger.

DOUBLE TALK

By Cecile and Celeste Irvine

Haven't got too much news this week because we were only in Alpine 4 days and then returned to Hemet. Cynthia will help us gather news and when we are home on weekends, will do our best to keep up with what's going on.

Little Frances Dodd is celebrating her fifth birthday Sept. 17 and is looking forward to a nice time. She might have a party, it all depends on whether her mother has to work or not. We hope she gets one as we never missed having a party on our birthday and look back with lots of good memories on ours.

Richard Irely and his new bride Diann are moving to El Cajon Monday to be closer to his job in Chula Vista. They would have moved down there but there wasn't a thing to rent so took what they could get.

Charlotte Wood Allen recently moved into the house on Arnold Way that Sockwells had lived in for several years.

Linda Tyler's folks moved back to their home on Willows Road. They went in to San Diego so Linda could attend State College but because of his health are back in Alpine. This is her second year there and she is majoring in music.

Susie Salizar and her family moved from the old DeMott ranch to a place on Willows Road.

Betty Rash is nursing a broken little toe. She opened the door too fast and it caught the toe and pulled it back, breaking it.

Nellie Keller, right, holding Irvine poodle "Andy" brought her niece Sherry Walker, 12, up to see us this week. Both were disappointed we were not at home but Cynthia and Mama entertained them for us. Nellie, who used to live in the Highlands, took Sherry home this week to Brawley, so she could get ready for school.

Cynthia and Bill traded their 50 chicks for some baby pigs and are a lot happier. The chickens wandered all over the place and wouldn't stay in their pen so they were glad to trade Billy Mitchell. He has two mother pigs and one boar that he will trade for something he wants. Call 445-2014 if you are interested.

Jo Ann Villa spent her last weekend before school started visiting in Idylwild but the friend she was with got sick and it rained so they came on home.

A delicious roast beef dinner will be served by the Bronze Room. Tickets are \$3.50 which includes entertainment, following installation of officers by Supervisor Henry Boney.

On Senior Citizens Day, June 27th, Mrs. Gladys Pinkerton, president, was talking to a man from Harbison Canyon who said he could play a cornet. She is very interested in contacting this person and asks that he call her, 445-3865 in the evening, or any one else who plays an instrument in the community, contact Mrs. Pinkerton, Rt. 1 Box, 370 A.

TO RELOCATE 2 WATER MAINS

The state will only make 2 small changes in Rio SD MWD water mains as the freeway progresses, reports Ed Houser, engineer-manager of the district.

One will be for a 16" main to go inside the bridge over W. Victoria, the other a 12" main to go under the bridge at E. Victoria.

"Residents probably won't notice the changeovers at all" he says "as it will be done at night and no interruptions of service will be noticed".

Mr. and Mrs. Leonard Kochanowski of Willows Road, are entertaining her mother, Mrs. Guy Sedberry of Crossett, Ark. for a month. Mrs. Sedberry flew out Friday, her first to Alpine, has already fallen in love with the area. Many trips are being planned for her before the return trip in October.

STUDENT ENROLLMENT UP 40

The 3 schools in Alpine Union District opened Monday with a total of 610, reports Supt. Paul Clay. This is an increase of 40. The two plants in Alpine have 454 while the Canyon has 156. This has caused some serious crowding which the board and Clay are working on the remedy before Monday. They may have to hold some double sessions for kindergarten, get teacher aids, hire another primary teacher or a combination of these ideas.

Otherwise everything is going along fine and the youngsters are getting down to work.

Note- Remember, motorists, to drive extra carefully with all these kiddies back in school, the little tots having to learn traffic dangers and above all, to not dash into any street. ED.

WATER METERS SHOW GROWTH

Engineer-Manager Ed Houser of Rio SD MWD, reports that when the 1967 fiscal year ended June 30 they had installed 31 new meters in the Alpine area.

"All were not at new dwellings" he told the Sun, "as some were for already built homes that recently went on Rio water. We know it will pick up as Alpine grows which it will do probably faster after the freeway opens next year.

THEY WERE SAILING. She fell overboard.

BACK FROM FAMILY HOLIDAY

Ruth Widness, Rock Terrace, is back from two weeks vacation. She drove up to LA with her brother and family, Mr. and Mrs. Norman Ellingsen, who had come to Alpine to visit his sisters, Mrs. Tom Thompson, of South Grade Road and Ruth.

She then took a trip to Reno and Lake Tahoe with her daughter and her family, Mr. and Mrs. M.J. Howell. While in Reno she stopped over to visit long-time friends. She had a memorable vacation, was happy she missed Alpine's recent heat wave.

NO WONDER TAXES ARE HIGH!

Assemblyman John Stull, R-Encinitas, of the 80th District, reports that the present population of 20 million, had 981,696 living on public charity during March for a total of \$78,139,717 checked out by the department of social welfare. CARE OF THE BODY

By Frances McTaggart

Much has been written about the cause of constipation. We might call this a universal disease of civilized man. Chronic constipation is found to be more prevalent in cities than in urban areas. The highly mechanized type of civilization in which we live produces a high rate of sufferers.

We find that one of the causes is fast eating. This is so because when we bolt our food, we just don't chew it. Another of the great causes is insufficient bulk, resulting from eating soft cooked and concentrated foods.

The colon must have it to stimulate intestinal peristalsis. A diet of soft food leaves almost no residue in the intestines, whereas one consisting of an abundance of salads, fruit and wholegrains supplies the bulk to make regular bowel habits.

So we should eat three good, bulky meals a day and form the habit of bowel evacuation immediately thereafter. If you are not in a position to eat a full meal, then substitute a few pieces of fruit, which will supply the necessary cellulose to start normal activity. It is almost as important to use enough fluids and to establish a physical routine which will supply good tone and circulation throughout the cells of the body.

If you create the habits which I have suggested, I am sure that many stubborn cases of constipation will be corrected.

A LITTLE BOY was being told by his mother about the Golden Rule. "Just remember," she told him, "that we are here to help others."

The boy thought it over and then asked, "Well, then, what are the others here for?"

MORE CANYON WATER ASSURED

Monday night 18 residents of Har-
bison Canyon who were concerned about
improving the water supply via Rio SD
MWD attended a board session in Lake-
side.

Engineer-Manager Ed Houser had a
schedule charted on the board and ex-
plained progress, plans, and answered
queries. He told the Sun that the county
road office is completing plans for
straightening the road about 3 years
ahead of schedule in order that Rio
may put in a new 10" permanent main.
Some \$50,000 has been earmarked for
this first phase of the project.

Three acres were donated so the
county may improve the route and
eliminate dangerous curves. Present
plans call for total improvement about
half way down the canyon.

"Little children, keep yourselves
from idols." This Golden Text from 1
John sets the theme for this week's
Bible lesson on "Matter" to be read in
