A squadron of sailors driving west on Hwy 80 with two of their members on bikes, suffered a collision with a Daley pickup driven by Freddie Haney, 28, of Santee, at Tavern Road, about 6 p.m. Friday.

Dying two hours later in EC Valley Hospital was John Rollins, a Miramar NAS sailor, who hit the right side of

FORMER ALPINERS VISIT HERE

Mr. and Mrs. John Stinson of Fullerton stopped by Friday night to say hello to the Sun family. They are former residence, having lived in the Irvine Trailer Estates when first son Jim was a year old. They were on their way home from a 3-weeks vacation that took them to Florida and Eastern Seaboard. With them were Mrs. Stinson's parents, Mr. & Mrs. Clarence Reid, also of Fullerton, shown in photo, back row with Kay and John Stinson. Sons Jimmy and David in front.

SICKLES BUYS MORE LAND

A nice site 100 x 100 across the road to the northeast of Alpine Convalescent Center property, which is owned by Capital Services, Inc., has just been bought by Sickles & Associates, from Ed Lewinson, reports Al Smith, of Smith Realty here, which handled the deal. The land is believed to be for an added parking lot.

The Center's business is owned and operated by Woodie and Pat Mitchell, who have it on a long lease.

EULALIE McDONNELL

Recitation of the Rosary was Wednesday in Paris Mortuary Chapel, for Mrs. Eulalie McDonnell, 72, of 829 Alpine Heights Rd., who died Saturday in EC Valley Hospital. Requiem Mass was Thursday morning in Queen of the Angels Church here. Burial was at Holy Cross Cemetery in SD.

She had suffered a stroke midnight of Oct. 18, was taken to the hospital where she was treated, but did not rally. She had suffered 7 fractures in the past few years including a hip, an arm and legs.

She was a native of Walla Walla, Wn., was nationally known as a fancier and good Samaritan for cats, the ranch being known as Cats' Acres. At one time she had 50 pets, today there are but 5 and one boarder whose home is not known.

They built the house in 1931, buying 5 acres from Claude Clerk, a neighbor. They lived here 36 years, 37 in the county. During WW2 Cdr. McDonnell was commanding officer of Camp Kearney, which is now Miramar NAS. They had been married 40 years. Only survivor, Cdr. Francis R. McDonnell, USN, ret'd.

Jack Spatz and wife are back from a 6-day trip to the Colorado River, but without much success in game. "We got 2 doves, a fish, and 1 bunny plus a lot of deer tracks!" he says.

FIRE COMMISSION HAS SESSION

At last Monday's meeting of the fire board, routine matters and report on the firemen, juniors and equipment, was presented by Chief Malcolm Huey jr. Bills were ordered paid.

Among improvements accepted was a bill for wall-to-wall carpeting for the custodian's quarters, which enhances the station property as well as giving Mr. & Mrs. Fey more comfort.

Alpine needs a Bowling Alley.

83 AT OPTIMIST INSTALLATION

The dinner-dance last Saturday at the Charcoal House in PV at which officers of the new Optimist Club were installed was quite an affair with 83 present including some out-of-towners, and other clubs, including Kiwanians from Lakeside, and Optimists from La Jolla.

Bill Spurlock, lieutenant-governor from LM, and Herm Sunquesd, district governor, of Lemon Grove, were installing officers, made presentation of gifts, a bell and banner.

Officers installed, besides President Scully, Leroy Wedel, vice-president; Don Roccaforte, secretary-treasurer, and director, Larry Cox.

The club will have another husband-wife dinner at the Log Cabin on Nov. 15th.

One Way to End Rising Taxes and Spending

Maybe you will not have to pay taxes anymore--someday!

Because if the present rise in spending by all government levels is not slowed, soon none will be left to pay taxes!

It's quite simple. We employ millions in government. The more we spend, the more workers it takes to process everything. Today we are blowing more than ever, what with the war and all, including flights of fancy into the deep blue yonder.

The public debt, on which we pay interest, is way up, may soon be at \$400 billion, which could cause a blow-up. It is the largest in history, of any nation, at any time.

Our once useful gold has left Fort Knox, and silver is getting scarcer, so

our solid dollar is nothing but a piece of paper. If you get to the grassroots like we do, you would hear the rumbuling and bumbling of people who are getting madder all the time.

Figuring it all out from government payrolls, it is reported that about one of every six workers is on some payroll, leaving five of us to do the work of the country to pay his wage.

So when the day comes that we all get on the government payroll, there will be no taxes to collect, nobody left to pay our wages, so we won't have to pay taxes!

Barry Goldwater once said that history shows government to be the chief cause of thwarting man's liberty. Centralized power in the hands of a few is our undoing today; it is sliding us into the pure welfare state.

The tax gobblers are working like termites from the federal right down to the county. In every unincorporated community we hear wails about rising taxes. The record shows it, and our spending shows it.

We must get away from the tax-and-spend licence, to the less-spend-less-tax idea or else, and that is no idle thought. -CI

THANKS, FOLKS!

Attached is my check for a one year subscription to "America's Tiniest Newspaper."

We are planning to build a home on land which we recently purchased just north of the lake at the Palo Verde Ranch.

I guess our visit to talk about comet photographs got us started on Alpine. We look forward to becoming neighbors.

HORSE TALK

By Cynthia Irvine McTaggart

The horseshow at Sweetwater arena Sunday was a huge success we heard, with Mike and Frank Scully getting a 2nd in surfboard riding and a 5th on Ride and Pick up. They were on Ellen Hood's mare Bonnie and had planned on taking Thunder but he came down with a bad case of sand colic and had to be left home under the care of Doris and Dr. Dedrick.

down in their bus; Mike drove their pickup with the horse trailer and Ellen drove down, so Alpine was well represented at this show. Sounded like they all had a great time.

Susie Parsons is thrilled with the news that she isn't moving to La Mesa. She had been worried about where to put her horse Lolita but now she is relieved and will just keep her at home.

Mr. George Archer sold their home on Eltinge Drive so he has to sell his nice horse unless he can find another place close in where he can keep him.

Doris Scully sold the little Shetland pony she had gotten for Matt. He is just too young to be interested in riding at this time. Their 9 year old gelding is for sale that Mike recently bought. He is spirited and would make a nice horse for a teenager.

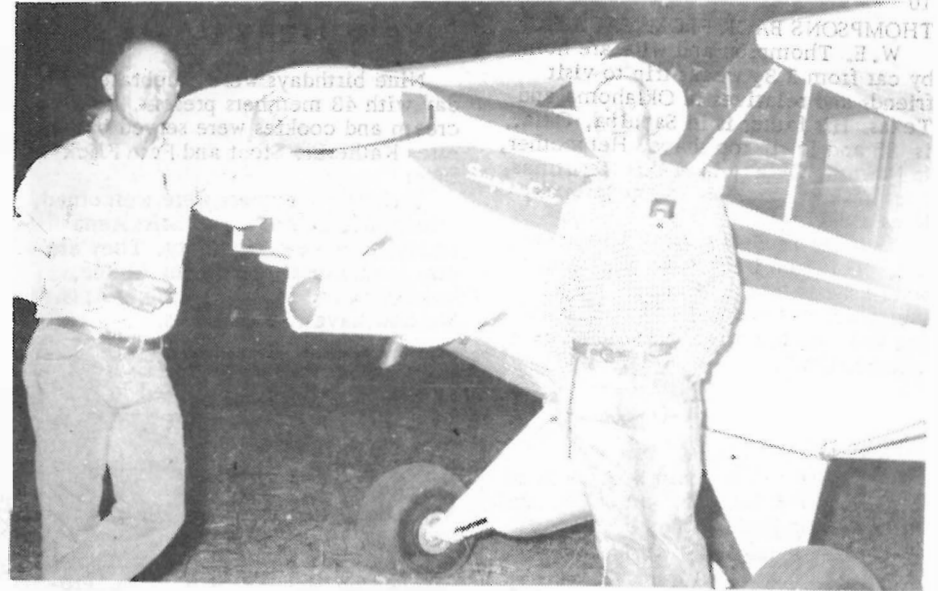

Mary Alice Woolridge dropped by last week to see us. She is living with her grandmother and going to State College. She told us that her sister Marsha is taking her horses Red Wing and Peuter Pete up to Davis with her. She has had Red Wing for quite a few years and wouldn't part with her for anything.

We saw Mr. Burg putting the saddle on his little Shetland Phyllis. She didn't seem to be minding it at all. She is going to make a real nice riding pony.

Shirley Bennett sold her big horse Smokey, he was too much horse for her two little kids and they have to move anyway.

Frank Scully has a nice two horse trailer for sale that just needs a little fixing up. He only wants \$75. for it.

Mr. Geo. Archer stopped by today to tell us that he was going to sell his palomino gelding and all the tack for \$250. Call this number, 445-3759 if you are interested. They are moving and he hates to sell him but they are not sure if there will be enough room

PLANE 'CRASH' WAS ROUTINE!

Saturday afternoon several readers called the Sun to report that a light plane had crashed at the Willows. KOGO TV, the Forestry, and others rushed to the scene along with the Sun's editor only to find that a nifty little Piper Super Cub was sitting pretty on a newly made private landing strip on the Doug Walker Ranch.

By dusk all had left but Walker and his tenant Chas. E. Judd, who had only the day before scraped the sloping strip, made his first landing at 5:15 Saturday. When residents saw the plane circling, then disappear over the hill, they thought it had crashed.

In photo, at left is Judd, with Walker. Judd is with Otay Aviation at Brown Field, flies to work in about 14 minutes, whereas it takes an hour to drive. He is a tow-pilot for the firm which makes gliders, trains pilots to fly them.

JAPATUL 4H NEWS

The Alpine Champions and Japatul 4H held a joint achievement meeting last Friday in Fuller Hall with Dr. Roger Larson offering the invocation. Both clubs received blue seals.

Japatul members received the following awards: June Brown and Larry Dyer received junior leader stripes; April Shaw, Tim Brown and Alan Shepard got bronze stars. June Brown and King Shepard were awarded silver stars and the rest received their year pins.

The annual nickel-a-dip pot luck Oct. 15th at the home of Mr. and Mrs. Hume, Victoria Drive, with Cindy Byers as host, was successful with everyone having a good time.

KATHLEEN BATES ENGAGED

Mr. and Mrs. Harold Bates announce the engagement of their daughter Kathleen 19, to Paul Kuphaldt, 22, of Japatul Valley. The young couple have set next summer as their wedding time as Paul leaves for Vietnam this week with the USAF. Kathy has been in the USMC for a year, was just promoted to lance corporal.

This air shot of the Peutz Valley entrance to Interstate 8, made by Editor Irvine while flying around Alpine, well illustrates how the new freeway is progressing.

The high bridge is rising fast, and the tunnel under Hwy 80-- shown last week-- has broken through on the south side. Now the contractor is moving some 54 million yards of earth from the mountain at the left, to cover a huge culvert running from the clump of trees toward Hwy 80.

Harbison Canyon Rd., is seen across the top, with Peutz Valley Rd., below Hwy 80, but it will be under the freeway when finished. The one coming off the Canyon Road, is to be straightened and come in to connect directly with the Peutz road.

Houses at lower right is spot where John and Joe LaPointe live. Joe is an adept amateur radio operator, works "hams" in all parts of the world.

DOUBLE TALK

By Cecile and Celeste Irvine

We had quite a bit of excitement this past weekend. Friday night we were going to the show and as we came out on 80 at Tavern had to wait as police were just clearing up the accident that killed one boy. Then Saturday morning Cynthia and Bill took a drive up to Julian to have breakfast and get some good mountain water. When Bill was loading the last bottle, it accidentally hit one already in and the bottle Bill was holding literally exploded in his hands. It cut a deep gash in his left wrist that severed some tendons and nerves. Cynthia had to drive him home from Julian. Dr. Burak couldn't take care of it in his office so Cynthia and his mother drove him to EC Valley hospital where he had to have surgery and spend the night. He has to have his arm in a cast for 3 weeks to allow the tendons to grow back together. He was lucky that the flying glass didn't do more damage. It is a good thing to know that a large bottle filled with water is that dangerous.

Pete Scully is home from EC Valley hospital where he had major surgery plus the removal of his appendix, he has to be quiet for another week before he can go back to school.

Cathy, Marsha and Davie Wooldridge are moving with their family up to Davis, Calif. where their father got a

job with the University there. They hate to leave Alpine as they all have lots of friends here.

Philip Hageman got into some poison Oak last week and had it so bad his mother had to take him to the doctor. His face was swelled up to twice its size and he missed 4 days of school because of it.

Mike and Timmy Webb turned their 5 king snakes loose for the winter as they need to hibernate during cold weather and can't when they are in captivity.

The Hoffman kids moved from the old John Romaine place to Ramona last week and Rene Thompson got one of their pups that they named Mugwumps.

Dickie Sullivan gave Jerry Webb one of her blond cocker spaniels and Jerry named her Twiggie. She is only 4½ months old and Jerry says "cute as they make em".

Mama is giving a bridal shower for Maxine Kinikin Cabella tonight and we are planning on being there. Maxine didn't have the time before her wedding so we are all looking forward to a good time.

Marion Bell's brother Dave is getting married tomorrow to Debbie Beddingfield and Marion is in charge of the guest book.

Donnie Archer thought he would have the bandage off his little finger this week but the doctor thought it best to keep it on for a few more days. He cut part of his little finger off last week at the American Pipe Co. where he works part time. They couldn't find the tip or might have sewed it back on.

Mama sure surprised us Saturday night when she had a birthday party for us. Mrs. George Grube of Alpine Bakery made a beautiful cake. Richard Irey & his wife came, we were sorry that Bill couldn't make it as he was in the hospital, but Cynthia came and we all had a nice time.

HALLOWEEN AT CLUB ALPINE

Monday Oct. 30, "from 7:30 till who knows?" say Cal & Virginia Kinder, owners of Club Alpine, 2502 Hwy 80,

they will stage a bang-up jolly party.

"You wear hard-luck dress or be fined", says Cal, "so we ought to have a lot of fun".

They will be assisted by the three girls, Pan Vanluel, Bernie wiles & Beth Kennedy. The place has recently been enlarged and remodeled.

ARCHERS ENTERTAIN 52

A backyard potluck picnic was enjoyed by 52 members of the George Archer family Sunday when they gathered at their Eltinge Drive home to enjoy the party. Mrs. Archer's sister, Mrs. C. A. Kleeberger flew in from Spearman, Texas for the affair and her cousins, Mr. and Mrs. Clarence Bloom drove down from Downey. All others were from this area.

Mrs. Archer said "was a merry time for us all and it was a grand success."

Louis Pick, although he is a pilot, will drive with his wife to Dallas, to visit their daughter Lois, and her husband, Ed Hennessy, who is a physicist in atomics there. Louis is associated with Don Bates Realty.

Boss to job applicant: "The starting salary isn't much, but we can offer you total exemption from income taxes for the first year or two."

Mr. and Mrs. Charles H. Schneider, 449 Silverbrook Dr., Harbison Canyon, are entertaining their grandson, Gentry L. Looper, 22, who just returned from his tour of duty in Viet Nam. He will be stationed in 29 Palms after his leave is up and after two months there, will be mustered out of the Marines.

Young Looper plans to join his uncle Charles J. Schneider, who is a contractor in Juneau, Alaska, and make his home there. He was raised in Imperial Beach but thinks Alaska offers more opportunity for the young.

INDIAN GUIDES ON HIKE

Tomorrow, starting from the Glavin residence, E. Victoria Drive at 6 a. m. 5 ambitious youngsters ages 6 thru 8 and their fathers are hiking up to the Indian Ruins on Anderson Truck Trail and will return by 9 as several fathers have to go to business.

The club would like to see more youngsters turn out for this worthwhile organization.

FICTITIOUS NAMES MUST FILE

Many in business are not aware of the state code that requires, if a fictitious name, such as John's Fixit Shop, or Ideal Fixit Shop, etc, is used, a certificate setting forth the owner, or owners' names, must be filed with the county clerk, and published for 4 weeks in a county newspaper. The Sun is such an adjudicated paper, will take care of this for you, as you will see such a legal notice in this issue.

If changes are made, a new filing must follow. The certificate expires in 5 years, must be refiled and published. Be sure you are in compliance with this important matter.

SAFE & SANE HALLOWEEN DUE

While a few hungry tots may don costumes and masks and go "trick or treating", most of the young folks of

the community will be at the school auditorium enjoying the fun and feasting. The annual PTA carnival follows a chicken dinner from 5 to 7, while booths will be open from 5 to 9, says Reenie Adams, chairman. It is Tuesday, Oct. 31.

JAPATUL 4H ELECTS

NOTED COUPLE VISIT ALPINE

Dr. & Mrs. Geo. Schubel of Palm Springs, who were in SD attending the International-25th Anniversary of World Affairs at SD State, and who knew Editor Irvine when he first published Let's Live Magazine in Hollywood back in 1933, visited the Irvine Ranch and the Sun office last week. They stayed at El Cortez Hotel, leaving yesterday for their other place at Lake Elsinore.

Dr. Schubel founded a paper himself, the Ridgewood (NJ) Times, is noted for having started New York's first radio station WHN in Ridgewood, which he later sold with another station WPAP, to the Leow-MGM people in 1923. He was executive manager of both till 1934. He was connected for many years with the Bernarr Macfadden Foundation.

Mrs. Schubel, whose pen name is Gertrude Zeth Brooks, authored several best-sellers including "First Ladies of the White House", "Wives of California Governors", and a score of others. Presently she writes for the famous King Features Syndicate, her latest being "White House Wedding Bells". She earlier edited Nature's Path, a health journal in NY, for Dr. B. Lust, and was otherwise active in the health movement.

Their friendship with Irvine was renewed strangely enough when they happened to hear his program Physical Fitness on XEMO, Radio 860, last week, wrote the Sun, then came up for the visit.

THANKS, FOLKS!

Dear Mr. Irvine: I am enclosing \$3. to boost my subscription up a year to not only the tiniest, but the best newspaper. We enjoy it so much. As I was a boy in your area, and the names are so familiar. In those days, Lemon Grove was the most even climate by Government report. However there wasn't any people at Alpine. I am 79 today. I received your book on cataract, and it is wonderful.

Sincerely,
Hap Corey, SLObispo

TAVERN ROAD GETS SEWER MAIN

To serve the new Mobil Station which is going in at the NW corner of Tavern Road and Hwy 80, Harold Lutz's property, is to have a sewer line, workmen having "moused" under the pavement to reach the manhole at the middle of 80. This is only the second one allowed to tunnel under State highway. It will also serve other properties northward.

NOTICE

As of the end of the year I will be out of the apparel shop. I have a prospective buyer who will take over and re-stock the first of the year.

I am returning to V. J. Lloyd's Furniture Store, San Diego, to resume my Interior Design career full time which I started in 1952.

I love Alpine and will be around.

CARE OF THE BODY

By Frances McTaggart

WALKING... IS NATURAL EXERCISE

Is it possible for you to walk around barefoot on the grass somewhere? Do as much of this as you can. Dr. Morton Walker in his book, "Your Guide to Foot Health says, "Effective and efficient as they are, our feet are at their best walking on natural earthy terrain, grass, or turf surfaces that are soft and pliant and that yield to the tread." For those of us who don't have lawns in this area contact with the good earth should have great value. Sand is also ideal for foot skin stimulation because of its abrasive action.

If you are interested in putting more walking in your daily life, you might consider various ways of doing this such as; parking your car a fair distance from your work and walking the rest of the way... if you're shopping for just a few items the car can be parked several blocks away. If you ride a bus, why not cut the ride a little shorter and walk a little longer.

When we were in school six miles a day--walking to and from--were absolute minium. Then evenings we walked some more and on week-ends we went on long hikes. Nowadays, school buses cut down on many chances for walking. Urge the children to walk more whenever possible. They'll get acquainted with nature and discover all the sights that are missed when riding in a car.

Walking perks you up mentally. The adrenal glands secrete cortisone after a few minutes of exercise and cortisone feeds the brain, so it sounds feasible that walking is good for better mental stimulation.

He boosts Alpine by having the Sun print 1000 handsome red and black postcards which he encloses with mail, and puts in packages, also leaves wherever they go. His boost is in red on the bottom of the card: "Best climate in U. S. by Govt. report".

Mrs Henry Peck: "Let's see, what is the name of that place where so much was done towards promoting peace in the world."
Henry: "Reno. my dear."
