## HIGH INSPIRATION FOR DISABLED WAR VETERANS.

In this issue you will note a story about Mrs. John Bilsky's son-in-law, Cdr. Wm. H. Jones, USN, at Navy Hospital in St. Albans, NY. When she showed us the story and photo in the Banner, its house organ, we found a real heart-warming story.

A group of businessmen 20 years ago contributed \$52 yearly toward a fund to entertain disabled war veterans. Their 52 Association Center, among picturesque surroundings in Ossining, N. Y., is today in its 9th season with extensive recreational facilities most suitable for handicapped personnel. It has 42 lovely acres with a recreational hall and games, a 4½ acre lake for swimming, fishing and boating, an archery range, family BBQ facilities, built right into the water for easiest use of paraplegics and amputees, and a baseball field.

from the service, use the center any weekend, and families may also enjoy it for only a \$10 yearly fee. It is leisurely and relaxed and private, so participants may remove their prosthetics with no fear of being stared at or being an object of curiosity--others are in the same category.

The plan is a boon to such personnel, the environment being beneficial in two ways; provides an opportunity for the man to be a husband and father in a family unit, and offers valuable inspiration for newly injured in adjusting to their handicaps.

BBQ pits and other facilities are built at wheelchair heights so Dad can be chef. A lot is going on, such as free fishing boat trips, sports activities and so on.

What a wonderful idea those businessmen had and how great their \$52. a year goes to encourage our boys who have had to suffer such severe injuries. We think this would make a great subject for a TV presentation. - CI

## C OF C COMMENTS

The membership Committee of the C of C, wishes to thank the residents of Highlands and Palo Verde for their cordial welcome during the Committee's door to door campaign for new members.

Since the Chamber is getting ready to print a new residential membership directory, and if you are interested in joining, Please hurry and send in your name, address and \$10.00 dues so you will not be left off the list. If you cannot attend all the meetings, ok, but let your dollars help the chamber to do some of the many projects on the agenda.

Betty Brooks and her boys from Webelos are having a cook-out in Flinn Springs Park tonight as they are working on their outdoor badge and 4 of the Scouts will receive their athletic badge that they have earned. A project they have been working on also is weeding and planting a section of ice plant around the Community Church.

Brian McCall and three friends are flying down to the Bay of Los Angeles this weekend. They are taking the trip in a 4-place Cessna SkyHawk with a pilot of Imperial Air Lines doing the flying and navigating. The Bay of Los Angeles is also known as the Bay of Whales as this is where they migrate to and are watched carefully by scientists.

Lucille Wooldridge who has been busy on the sales staff of Alpine Realty Co., and who has been sick at home, is able to be up and around again and "feeling fine", she says.

## NAVY MAKES ALPINE FOLKS HAPPY

John and Juanita Bilsky are justly proud of her daughter's husband, Cdr. Wm. H. Jones, USN, who recently was transferred to Naval Hospital, St. Albans, NY, where he received a Navy Commendation medal for work on USS Repose. He is administrative officer. Official Navy photo shows him receiving the award.

Cdr. Jones worked up from apprentice seaman, enlisted in 1942 at age 17, saw active service in Guadalcanal, Tarawa and Saipan, making chief when only 21, being one of the youngest chiefs in the Navy. He went to NY after a 13-month tour of duty in Viet Nam. He is a 1964 graduate of SD State with a BA. He lives with his wife Barbara, and their daughter Denise, who went east from SD to join him.

They have a son, Robert, in Napa.

Mrs. Bilsky, who, with husband John, works at Alpine Convalescent Center, is out of bed after a tough siege of the flu which hit her Saturday.

## HORSE TALK

By Cynthia Irvine McTaggart

John and Ruth McMannus of Deer Springs Ranch, Willows Road, sold their beautiful Palomino Tennessee walking horse to A. B. Grove of Pasadena, who has a show troop of all Palomino walking horses. They appear every year in the famed Rose Parade so "Mr. Mac", who is only 5 years old, has quite a career ahead of him. Now all they have left is Gazelle, who is half Arab and half walker.

Mama talked to Jerry Webb on the phone the other day to see how she was coming along with Abe and she is thrilled with his cooperation. She works with him every day, and says he is so smart. She can hardly wait to ride him but wants to be sure she has his con-

fidence before she takes that step.

Anyone looking for a nice gentle gelding? The Pryors who recently moved in to Ed Weber place on South Grade Road have one for sale. He is a sorrel and \$165. will purchase him. Call 445-2258 if you are interested or you might go over and look at him. Bill and I went over Sunday to see him and he really looked like our old horse Chacho that the twins learned to ride on but is much younger.

Went over to see the Scully's latest arrival and his is a beautiful little thing. He has true buckskin coloring with black mane and tail and is just as cute as they come.

Mitchell Smith and his brother Stephen are thrilled with their Shetland pony that Mitchell won at the Del Mar Fair last summer. Their friend Lynn Abegglen who is 12 years old, came out to visit them with her mother last week-end and showed them how to put a hackamore on the little fellow. She got on him and taught him how to turn and showed them how to make "Pony" go. He had not had any training when they got him and no one has been around to give them any lessons, so they just didn't ride. Now both boys want to ride all the time and so their mother will be looking around for another horse very soon.

John Beauchamp, 4922 W. Mountain View Dr., in SD recently visited the Sun office for information on living conditions here, having heard Editor Irvine's XEMO Radio 860 program extolling the climate, etc.

I slept like a log last night. I must have. I woke up in the fireplace.

Several deep fills must be made, as shown in photos inside, west of the eastern end, and along parts of present Hwy 80, with a total of over 2 million yards being moved. Vinnell's manager is busy getting started, today has 9 men and 3 big bulldozers, will increase as the work gets going.

There will be considerable blasting as much of the terrain is granite, so residents may expect a few such operations. Parents are warned to admonish children to keep away from the job, and never to pick up or handle any fuses, caps or such, which might prove dangerous, even fatal.

# DOUBLE TALK

By Cecile and Celeste Irvine

We were kind of sorry to learn that McCall's Ranch School couldn't get the huge dinosaurs over to their horse ring. When they tried to move them the cement slab they were on cracked and it was just impossible. The three animals are still available but think they will be bulldozed under, as it is just too difficult to lift them up and put the creatures on a flat bed. Would have been a wonderful attraction for the McCall's Ranch but wasn't feasible.

Mary Fitzgerald finally got delivery on her Pontiac Firebird 350 that she won on Hollywood Squares last summer. It is a verdugo green, has 4 speeds, a stereo and all the extras, and she just loves it. She has her Honda for sale as she doesn't have time to ride it.

### COUNTY GLEANS \$1.6 BILLION!

Rep. Lionel Van Deerlin, D-SD, has learned that the US spent over \$1.6 billion in the county during fiscal 1967, with defense spending accounting for 2/3rd of the total. Nationally the county spent \$168.7 billions, California getting \$21.4, highest of any state.

"These figures" he told the Sun, offer dramatic proof of San Diego's continuing importance as a vital center of national defense".

**REVIVE HORSESHOE-CROQUET COURT**  
Two lively anonymous Pennsylvania gentlemen of leisure here are busy rehabilitating the old horseshoe-croquet court on the Orville Drews lot, east side of South Marshall across the creek from Hwy 80. He is happy to again let the older folks use the lot. The pair have graded it by hand and placed colored stones in front, hauled from the freeway job by an Idahoan who winters here. The Daley people gave the rocks. It will be open for play in about a week say the Pennsy men, who decline to be named.

## PRIZE GROSSMONT BANDSMAN HERE

Ray Hagan, jr., son of Mr. and Mrs. Ray Hagan, of SD, old friends of Jim and Nellie King of Trailer Estates, visited the couple Sunday for dinner. In photo, from left: Hagan, painting contractor, his wife, Mrs. King, Ray, jr., and his sister, Marie.

Ray, a junior at Grossmont HS, went to Miami as a member of the 200 piece band which won over \$34,000 from the 2nd Disneyland National Contest, making 1st place.

The bank and specialty corps raised over \$13,000 for the trip, flying United, staying at the Aztec Motel. The students saw the Jackie Gleason show, visited the aquarium and enjoyed 2 tours of Miami.

"Our greatest thrill" says Ray "was being on the nationally televised 'Tribute to Walt Disney' at the NFL play-off bowl game. The trip lasted 5 days and each was more exciting than the preceding one.

Recent additions to the First Baptist Church of Alpine were Timothy Brant and Dr. Leslie Miller.

Bills were approved, along with excerpts from the new weed ordinance now effective, which provided that, if necessary, the district may clean an area of inflammable material at the expense of the property owner.

## CARE OF THE BODY

By Alice Irvine

Frances McTaggart is taking a brief vacation from her "Care of the Body" column. In order to keep the series going, Alice Irvine will fill in until she returns.

### DON'T WORRY YOURSELF SICK

All of us have worries of one sort or other. Some are only vague worries, others far more pressing. Some, no doubt, are due to the age in which we live. We read and listen to news accounts of trouble around the world, threats of atomic destruction, and naturally we are disturbed. We worry about holding our jobs, about getting ahead, about paying our bills, about staying healthy. Some worry is necessary, but too much can drain your energies and leave you mentally and physically exhausted.

Prolonged worry can also destroy your health. Only in recent years have we come to realize the profound effect of the mind over the body. The chronic worrier may be courting such ailments as high blood pressure, diabetes, colds, rheumatism, stomach ulcers, asthma, angina pectoris or eczema. Sometimes worry is a symptom of a serious mental disorder.

It's all right to worry-- if you do so about real problems and your worry is aimed at helping to solve them. But just worrying, in general, about everything-- even things which don't concern you -- is a sure sign something is wrong.

Try consciously, whenever a worry pops into your head, to immediately replace it with a pleasant thought. This takes some practice, but you'll be amazed at how effective it is.

You can master your worries-- if you really try!
