### MINERAL ART EXHIBIT EXQUISITE

This month's display at the library, in the Woman's Club, Hwy 80 at W. Victoria, is an outstanding example of the craft of the "rockhound", or mineral devotee. It was arranged by Reed Durham, president of the new Alpine Area Art Assn.

In photo made when Durham was setting up the display are Durham and Miss Pat Wright, reference consultant from the main County Library who goes

### NEW YORKERS BUY, TO BUILD

Anna Jerney, of Alpine Realty, reports sale of 1 1/4 acres on Sunny Acres Ave. from Mr. & Mrs. Haman. Buyer was Wayne O. Shore and his wife Lilyan, of Hicksville, L. I., NY. They have two children, are quite enthused over this area. She will be here next summer when school is out, get the well in, then start building a 2-bedroom home.

around to all the libraries in her work. She was entranced by the gorgeous gems and minerals and the many forms of jewelry on exhibit in the glass case shown in the other photo.

Elizabeth West, librarian has secured some interesting material text and illustrations from newspapers and magazines, to explain the varied facets of this growing hobby-- and profession.

Today there are many clubs that forage into desert and mountain areas

### ANOTHER NEW FAMILY

Mr. and Mrs. O. A. Hyge have just moved into the Harold Slawson home at 2833 Victoria Drive that belongs to her father-in-law. They came from Oakland where Mr. Hygh was in the cleaning business. However, both originally hailed from SD where she was in photo finishing service and he hopes to get into photo journalism as a hobby. They knew about Alpine and chose it to retire in, because of the famed climate and other assets.

"Are you saving any money since you started your budget system?"

"Sure, By the time we have it all balanced up every night it's too late to go anywhere."

### ALPINE WINS AWARD

Mary Ann Hatcher, daughter of J. A. Hatcher, 263 W. Victoria Drive, was awarded the Merit Award for outstanding student at SD College of Medical and Dental Assistants. She graduated with honors, was the only one of her class to receive the pin, which was presented by W.J. Mezger, president of the Association.

She was graduated Friday, is interning with Dr. John Tyler of SD.

### ROTARY HOLDS PICNIC HERE

The Old Mission Rotary Club of SD is sponsoring a big picnic in Alpine Sunday, to be at Palo Verde Lake. Mr. and Mrs. Robt. Gustafson will hold open house for the group and Judge Geo. G. Crawford is president, will be on hand to greet everyone.

There will be a band provided by Gustafson's Furniture Store in SD, pony rides, horseback riding, swimming and picnicing, and a lot of fun and excitement is promised by the club for all members and their families attending.

### JAPATUL ROAD DISCUSSED

Thursday Henry Boney together with a County Engineer met at the home of Joe Durbin to discuss paving and improving 3 miles of Japatul Valley Road that is curvy, narrow and dangerous in wet weather. This stretch starts at Campbell's Egg Ranch and goes to Barret Junction and residents have tried for years to get the county to improve it. "El Capitan High School and Alpine buses make 6 trips a day over the bumpy road which should have been included in the county's budget years ago" say residents.

### ACACIANS' POTLUCK NEXT WEEK

Dr. Martin Rosten of Fletcher Hills, who took the SD Zoo trip to Africa, will show his beautiful series of slides made on the jaunt to the Acacia Club. He shot all but two of them. The monthly potluck is next Friday night at 6:30 in Fuller Hall, designed for all Masons and their families.

Harry Hodskins is back from EC Hospital where he has been for the past month.

### CHAMBER TO WELCOME FREEWAY

One new community need, says outgoing president Dr. J. S. Campbell, "is erecting large lighted signs before each off-ramp to Alpine when the freeway is completed. This will have to be financed, among other community projects, by new residential memberships which are only \$10 a year. So now is the time to join your chamber".

First meeting with new officers is slated for Oct. 16 in the school auditorium at 7:30. With refreshments.

## FOUR WORDS REFLECT AMERICAN FREEDOMS!

There is a lot of fussing today about federal, state and county codes and controls; about civil disobedience; about the right to dissent, and on and on.

Back in 1964 Wheeler McMillen, a writer on Farm Journal and the Philadelphia Evening Bulletin, summarized the meaning of America's wonderful, coveted freedoms with a pungent observation on "Four Little Words".

He said a screening committee in a Philadelphia suburb questioned high school candidates to go abroad as exchange students. One query stumped all: "If someone were to ask why it is that Americans enjoy such a high standard of living, what explanation would you give?"

The true answer, once most Americans reflect upon it, is obvious, and in only four words: "The Right To Choose."

The American has always had an un-

questioned right to choose his job, unhampered. Free to select the work he likes, he has been more productive than if he were compelled to do something else.

He has had the right to use his earnings as he wished, after taxes. He may save, invest or spend as he chooses. His freedom to buy what he pleases pours incentive into every part of our industrial complex.

He has had the right to choose his education, his religion, his home, his public servants. He has had the right to make his own decisions, right or wrong; the right to risk failure or to gain success.

This right to choose has been called individual liberty, private enterprise, capitalism, the American way and other things. These abstract terms do not always explain, because they convey different meanings to different minds, especially when translated into the language of other peoples with different backgrounds. But they all boil down to The Right To Choose, a simple phrase that anyone, anywhere can comprehend.

### NOTED LECTURER TO VISIT HERE

Dr. Theodor Binder, who has been on medical work for the Indians in Pucallpa, Peru, is finishing a series of lectures in the US, will stop off here to visit Ward Cushing, a friend of long standing who is also interested in Indian welfare.

Dr. Binder will talk in LA later. He was in the anti-Nazi underground in WW2, has experienced many thrilling exploits. His wife, Carmen will be with him. He was also a friend of the famed Dr. Albert Schweitzer.

Alpine now has a horseshoer we can get without any trouble and his name is Bob Walker. He lives in La Mesa but will come up to Alpine if you call, and his rates are reasonable. His number is 465-9327. We heard that Ned Collins had died but have not had any proof, so if anyone knows for sure, would like to hear from you.

Fred Rushing finished leveling off the lot last week and it looks real nice. We know that Gary is happy to have it done as they hit a few snags in getting it finished.

Cathy Spaulding, who is Dick Brotherton's niece, finally got a horse and is going to keep it here at his home on Tavern Road. She hasn't a place where they live in El Cajon to keep one, so she made this arrangement. The horse is a mare and part Appaloosa and we know Cathy is going to have a lot of fun with her.

Mary Lou Wilcox Sands wrote her mother that she just bought a Palomino and it's colt. When she lived in Alpine she rode all the time but now has two small children and can't ride as much as she would like to. She lives with her family in San Antonio and her husband is in the service.

The date for the gymkhana show sponsored by Alpine Riding Club has not been set, but as soon as we know, will print it in our column.

Alice Villa hasn't been able to ride her mare Lady for the past few weeks because she fell off the back porch of her home and cracked a bone in her knee. She works at Florence's Market as a checker, has gone to work every day but has had to limp, so it will probably be quite a few more weeks before Lady gets a work out.

### TALENT HUNT FINALS IN JANUARY

Due to the widespread interest in the SD 200th Celebration county-wide talent hunt which ended in many towns last week, the committee had to postpone the finals in Civic Theatre till January 6, reports Herb Launt, in charge.

They are going to book the events on a TV station for some 18 hours with around 3 hours of commercials to advertise the big year-long party.

When each community's entry appears they will run a color motion picture of the town and its beauty spots. Alpine's entry is the Irvine Ranch Twins, and the film of this area is being prepared for the SD showings. Others will follow, sponsored by the chamber of commerce. This will bring publicity of inestimable value to Alpine.

Reenie Adams, Area Chairman for United Crusade, held a successful meeting this morning at the Youth Center with her helpers. "The Drive is on and will last through Nov. 6th" she says, so her helpers will be out canvassing Alpine during this time.

## DOUBLE TALK

By Cecile and Celeste Irvine

David Powell, 7 year old son of Mrs. Donna Powell, Japatul Valley, was playing while eating a carrot last week and accidentally sucked some of it into his wind pipe. The rushed him to EC Valley hospital where a doctor put a tube down into his lungs and sucked the particles out. He is home from the hospital but not back in school yet. And to top this off, his little sister Debbie was standing on a chair by herself and fell off. She knocked one tooth out and made two real loose. Fortunately they are her baby teeth and she will get new ones. Her mother says "I have had it for this month". She still has a nice female part border collie to give away to a good home. Call 445-2140 if interested.

### CLANCY'S INTERESTING VISITORS

Clocking 2600 miles from Anoka, Minn., where they live near Minneapolis, Mr. and Mrs. D.M. Felix, spent 2 weeks with her brother, Patrick Clancy and his wife at their new log house on Eltinge Dr. On the way they saw many sights with their travel trailer.

Felix is a retired supervisor from Dunwoody Industrial Institute in Minneapolis. Mrs. Felix is retired as woman's editor of the Anoka Union, the Anoka County Union, the Coon Rapids Herald and the Blaine Life, also the Anoka County Shopper.

In photo, from left; Mrs. Clancy, Clancy, his sister and Felix taken Sunday before they departed Alpine which they like a great deal. "We certainly enjoyed our visit here", they chorused, "and your shout about the weather really made good; it's wonderful".

Mrs. Clinton Black is home from EC Valley Hospital and is able to get about in a wheelchair and walker with the help of her husband. She broke her hip several months ago.

### TO LIVE LONG, FOLLOW RULES

A recent dispatch from London tells how oldsters over there have extended their life span with eight "golden rules". A survey of British centenarians revealed that they followed these regulations:

1. Come from a family of long-lived people.
2. Don't smoke.
3. Don't Drink.
4. Work hard.
5. Don't live in a town.
6. Be moderate and regular in habits.
7. Have a family and try to keep it close-knit.
8. Trust in God with a contented mind.

If you are a woman, that helps as 6 British women make the 100-mark to only one man who reaches that point.

Fresh air and regular habits were given by almost all the centenarians as reasons for their long life. Nearly a third lauded hard work.

This interesting report was issued by the Deciduous Fruit Board of S. African growers who send a gift of grapes yearly to all of Britain's 800 centenarians.

### FREE ZOO TICKETS FOR OCT. 7

If you have not visited the great SD Zoo lately, Monday is the time to get in free, for annually they observe Founder's Day with passes to this wonderful exhibit, which this year is next Monday. They expect over 11,000 to help honor the founder, Dr. H. M. Wegeforth. Hours: 9 to 5. It was started in 1916.

### REYNOLDS HOME FROM HOSPITAL

After a week abed in the hospital, John R. Reynolds, former school board president, came home Tuesday and is taking it easy around his ranchito on W. Victoria Dr. It was his second recent sojourn there.

Darrel Broker, Tavern Rd., wife and son Darrel, jr., are back from a delightful brief vacation drive to Sequoia Park and King's Canyon.

Asked about their biggest moment, 25% said when they reached 100, followed by their wedding day, and the arrival of the first child. One man said he rode his bike till he was 95. Another said he lived long because he ate onions, while a woman remarked "no second helpings of food" which made her live long.

Nine out of 10 said they liked savory foods, chicken, beef, Yorkshire pudding, fish and lamb.

Today natural scientists know that savory foods are not good, and all should eat more live foods as raw fruits, vegetables, nuts, to maintain best health-- and longevity.

Incidentally we get the monthly from the British Vegetarian Society and they have many vegetarians who live to over 100 and maintain good health.

### MAY GROW MIRACLE FOOD HERE

Starving millions around the globe, besides many in America who are underfed, may find the answer in a new algal food that can be grown cheaply anywhere.

This was the interesting story told Sunday by a Russian scientist, Dr. R. DeSeblo of 1059 10th ave. in SD who runs the School of Attainment, and talks before religious and metaphysical groups. The informal meeting was at the home of Bud Swerdloff and his wife, Dr. Mildred Bredesen at Sunny Knolls Ranch, off Tavern Rd.

Arthur Hendershot, supervisor of the school and owner of the Desert House of Health in Palm Springs, also spoke and ran an educational film on the wonders of sunlight produced by the Bell System which showed how this new miracle food grows. It is called Chlorella and is just coming on the market. It is also being grown in large and even domestic quantities.

The Swerdloffs may start a plant here on their ranch as the scientist inspected it Sunday and believes they would succeed on account of the large number of sunny days in Alpine's famous climate.

"One spoonful of Chlorella powder is equal in nutritional value to a steak", declared Dr. DeSeblo, "and it does not carry the excretional matter that meat does". He said a single cell of this manna-like food can multiply 40-fold in but 24 hours!

Mrs. Jim Madsen, of EC, who lived many years in Alpine Heights, has gone for a month's stay in Florida with her son.

### WATKINS RETURNS TO AREA

Sidney A. Watkins and wife who formerly ran a realty office here but left some years ago, have returned to live in the home they built 12 years ago at 939 Dennstedt in EC. Their son Sid was married 5 months ago, lives in Escondido, Mrs. Watkins said when she called up to renew their subscription to the Sun.

The regular monthly meeting of the Mountain Empire CRA will be held in the Alpine School Auditorium on Oct. 7 starting at 8 with talks given by Mrs. Jo Lees who will speak on "Constitutional Amendments", and John Rose, who will talk on "Republicanism." "The public is invited" says Wm. F. House, publicity chairman.

Many a woman thinks she can do nothing without a husband, and when she gets one she finds she can do nothing with him.

**DOUGLAS WALKER TAKES BRIDE**

He is married to the daughter of Walker, the former Ruth Rooklidge of Willows Rd. Also present were Ruth's daughters, Ronnie Bostwick, of Lodi, and Sherry Kennedy of SD, and
