## 5 NAVYMEN VISIT ALPINE

A quintet of fine young sailors from the NTC in SD spent Sunday afternoon at the Irvine Ranch as guests of F. C. Timm, 4222 Jewell, in SD. Every weekend he invites a group of trainees to breakfast downtown, Sunday dinner at his home, then a tour around the county and visit to some friend's home.

How Timm chose Alpine is due to his being a Sun subscriber. One Sunday while Irvine and the Twins, Cecile & Celeste were at a service station, Timm

## GALLAGHER SELLS PROPERTY

The Richard C. Gallagher property on So. Grade Rd. has just been sold to Mr. and Mrs. Wm. R. Putty of SD, who is a retired jewelry manufacturer, and former associate of Louis Pick, realtor.

The 2 parcels consist of 1-1/3 acres with a garage and the other half acre had a 1 BR house which the Putty's will occupy till they can build a new home.

Sale was by Cindy Palmer of Pick Realty, EC. Gallagher was formerly with Security Bank here.

drove up and Irvine as he is wont to do, hands out a Sun " as a souvenir of Alpine, it's America's tiniest newspaper", which draws immediate attention.

Timm looked it over, handed Irvine \$3 for a year, then got to talking about his project of entertaining Navy boys.

"They're all nice lads" he said "and they do enjoy the meal and the trip",

## GOP MEET ON HIGH TAXES

The Calif. Republican Assembly invites the public to an 8 p. m. meeting in the school auditorium this Monday, Feb. 3. Topic, says W.F. House, publicist, is on combatting rising taxes. Chairman will be Louis Landt, GOP leader in this area.

"With the rising cost of everything & the increase in taxes", says House, "it behooves us to do something about it."

READY FOR MISS ALPINE, 1969

Nikki Menconi, whose idea it was to stage a Miss Alpine Contest by the chamber of commerce last year, has been named chairman again by Pres. H. T. Magnussen, to put on the 1969 affair.

"Now is the time to act" he says, "for we must get the pledges of support now so we can go ahead with the contest. Nikki did a fine job on the first one, so we must rally around her and make the 1969 one bigger and better".

Last year's winners were Cathy Higgins, Cecile Irvine, 1st runner-up, Marty Hoy, 2nd, Celeste Irvine, 3rd, and June Brown, 4th.

"Now's the time to groom your candidates," says Mrs. Ivy Kuhl, secretary, who is going on a month's leave while Mrs. John Titus carries on. "Mr. Kuhl, who has been in the hospital" she says "is making steady recovery and feeling better daily".

HONOR TO FORMER ALPINE GIRL

Mr. & Mrs. Maurice Frey of Alpine Oaks Mobile Estates just received word from their son Ralph and wife Wanda, formerly of Alpine, that his daughter Ralphlyn, 16, of Oregon City, had won high honors in the National Forensic League for speech. She is the 4th junior to attain this excellence degree.

Canby, her high school, is the highest in the state in the speech department, is entitled to enter the big contest in Tillamook on March 30. The Freys are quite proud of their granddaughter.

Three elderly men were having fun discussing the ideal way of leaving this world. The first one thought being hit by a car would be the best. The 2nd suggested a jump from a plane.

"My idea is the best," smiled the 3rd, "I'd rather be shot by a jealous husband."

RANCH SUBDIVISION DELAYED

Dow J. Byers & Associates, exclusive sales agents for the 700-acre Rancho de los Arboles project on Japantul Road, near the new freeway, reports that it "has had some internal problems which have prevented it from going ahead as originally planned".

Sometime within the next four months work will be resumed, says Byers, "and actual Grand Opening will be an additional four months from this and we do not anticipate the subdivision to be open for sales for at least eight months".

Showing property and sales have been held up, but the caretaker, Earl Watkins, wife and 2 children remain on the job. Byers and his family spend some weekends there and he is confident that the project will be resumed as planned.

COLLEGE REPORTER WRITES A GOOD ONE!

In the current issue of G, the journalism student-run weekly of Grossmont College, they gave the Irvine twins a nice interview. While looking that over-- with no little pride-- we read a splendid editorial by Matt Heslin, a G reporter. We felt it worth passing on. So here it is, headed "Lunatic Left" Slap on bee-hind the answer:

I wonder how many of the college and university students realize what a fabulous gift they have in being able to attend school and to sit down and choose a course of study that will someday possibly lead to a profession and future security. Not many, I'm afraid, as evidenced by the rioting and turmoil on our nation's campuses. There are some students who are

serious about learning, and it is a shame that their wonderful opportunity is being marred by a few radicals.

These radicals of the "Lunatic Left" represent only a small percentage of the student body, believe it or not. How can a minority of students so completely disrupt and upset an American university? This "strategic minority" is using the methods the Communists used. By using a well organized group to foment strikes, race wars, civil disobedience and guerilla tactics, the Communists have seized more than thirty nations, and in not one of these operations have more than five per cent of the people been on their side. The Communists conquered Russia with two and one half per cent of the populace working for them. At Berkeley only twenty per cent of the students were sympathetic to the radicals, and I'm sure I don't have to go over that disgrace.

The Left Wing groups are represented by such organizations as the Third World Liberation Front (another name for the VC in our country), The May 2nd Movement, Students for a Democratic Society, and the Black Students Union, to name a few. These groups advocate and practice civil disobedience while making impossible demands upon the administrations of our colleges. While making these demands they flagrantly and consistently infringe on the rights of those students who are trying to exercise their American

## MRS. BROWN HOME FROM HOSPITAL

Bill Brown is wearing a happier smile these days since his wife Charlene returned from the hospital after a slight stroke. She is taking it easy, feels much better, he reports.

Brown is keeping busier than usual since moving their realty office from 2237 Hwy 80 across their lot to 2249, that formerly was used by Smith Realty. Brown is quite a craftsman, does carpentering and has made the new place quite attractive.

His old office, one of the earliest houses built here and converted, has been condemned, must be razed, will make way for future development, Brown says.

Mr. and Mrs. George Allen, Tavern Rd., had a nice visit from her niece and family, Mr. and Mrs. Gary Zavadil from Long Beach and his parents, Mr. and Mrs. Frank Zavadil who are visiting California, having flown out from their home in Milwaukee. All report a wonderful visit.

Zavadil works for No. American so took his parents and Allen's through Apollo 8. They could see the pits and scars caused from traveling through space at such a pace, were thrilled at seeing the craft that was on display at the plant.

## STULL GETS ANDERS COMMENDED

The Legislature last week in a resolution authored by Assemblyman John Stull, GOP Leucadia, (80th Dist) a retired commander, USN, commended Lt. Col. Wm A. Anders, USAF, famous Apollo 8 astronaut, of La Mesa.

## NAVYMAN STORY FROM Page 1

Several months later Timm called the Sun "Say, we enjoy reading that little paper, it's so homey; how'd you like me to bring up a few boys some Sunday? Your girls could make them feel like they were at home and among friends, they get lonesome down here".

Assent was given, whereupon last week Timm phoned, brought this group up. They hiked around the hill, inspected the girls' horses, had cookies and java in the house, then posed for this photo.

Front row, from left; Tim Reese, Ohio, John Reynoldson, Ala; Jerry Wallace, Houston; Ken Nichols, Louisiana and Gary "Red" Enger, upper row; from left; Celeste, Timm and Cecile.

Here is Jerry Wallace who brought his own bullwhip along and did a bit of July 4th cracking as he is an expert. Ken Nichols used one of the twin's bullwhip to do some fancy cracking also.

The lads liked Alpine and want to come up again.

## HORSE TALK

By the Double C's

We took a few minutes out Tuesday morning to watch the Bob Mills Sunup Show as he had a very interesting couple on, Mr. and Mrs. Vancil Johnson. They raise the Peruvian Pacer, a rare breed, have 3, two mares and one stud. This Saturday they are going to appear at Corral 44 in Jamul Valley and on Feb. 15 are having a Play Day when both will show these beautiful animals. It is something to see them move, using their legs only. We hope to take in the show if possible. There are only 250 of these horses in the US, but they will probably become quite popular with parade people because of their beauty and pace.

**HONOLULIAN REVISITS ALPINE**

Ed Twelker, dispatcher for an island airline, who lived here in one of Muriel Bowluses houses on Marshall Road, spent a day here visiting her and Ruth Burdett, the piano teacher. He also saw the Forrest Hohanshelts, old friends. He showed many beautiful slides of his new home and some scenic views of the Islands. In SD he stayed a few days with his uncle, J.V. Twelker and Mrs. Twelker. Being an ardent radio ham he "works" hams around here frequently.

**BANK PRESIDENT ON SDG&E BOARD**

**VIGNEAULTS BACK FROM EAST**

Blackie and Allie Vigneault, Alpine Oaks Mobile Estates, are back from a 3-month trip to the South where they visited their sons and family and other relatives.

They took two siamese cats, said "they were the best travelers we have ever had and they seemed to enjoy themselves immensely."

They had good weather both ways just missed the heavy rains. Out of Memphis they hit a dust storm that lasted 100 miles and Mrs. Vigneault said "when the wind changed we found ourselves in a corridor with dust on both sides and the street perfectly clear. Was uncanny." They covered 4200 miles and said "this was the best trip we have ever taken and enjoyed every minute of it."

By Cecile and Celeste Irvine

What ever creature is plaguing Alpiners on Tavern Road, who have small chickens, ducks and rabbits, struck again last week when Debbie Place's rabbit nearly got killed. Our neighbor George Allen heard a commotion and went out to investigate. He found a plywood board torn off and the cage ripped apart. Luckily he got there in time to save the rabbit's life but didn't get a glimpse of the dog, weasel or animal that was doing the damage.

Mrs. Armbruster said they saw tracks unlike anything they had seen before with quite a large pad, indicating a heavier animal than a dog. They lost all their pet ducks and rabbits and don't intend to get more till this thing is either trapped or killed. Mrs. Bowles caught a small dog in the act of killing her rabbit but Mrs. Armbruster said she doubted if a dog could have torn their cages apart like they were done. Sure is a mystery but will be solved if parents have to bait traps and sit up all night. Many families in this area are unhappy about the situation and would like to have it cleared up.

At the annual news media night of the Benevolent & Protective Order of Elks, (EC Lodge 1812) as usual the Sun family were on hand to enjoy the fine dinner and an interesting program. Also present were Al Smith, who flies with Irvine when making air shots of this area, his wife Edith and daughter Kay.

Chairman Grant Thiem was a witty emcee, introducing the many news folks from the press, radio & TV.

City Editor Matt Mitchell of the Daily Californian did a humorous take-off of a reporter on the phone. Councilwoman Helen Cobb of SD told many interesting facets of her work, pointed mainly to juvenile troubles and drug use.

This lodge enlivened the holidays for 60 needy families with its annual Christmas Basket program. Bob Wilson of Alpine is a member of 1812.

**YOUNG MILLER BUSY ON HAM RADIO**

Charles, the 14-year old son of the Robt. Millers, is up in the air these days, literally, for he is a ham operator. member of the EC Amateur Radio Club which has been active in the 200th birthday. He was on the air "working" hams all over the world in the Electric Operations Center via a completely equipped van parked above the underground station near Gillespie Field.

"Charles operates down there every Saturday after his piano lesson", says Mrs. Agnes Miller, "and soon they will be stationed at Sea World and other places of interest".

John E. Scott, (W1JJO) of EC is president of the busy club. Alpine has quite a few "hams", including Dr. Frank Bornowski, Postmaster Magnussen and others.

W.F. House, W. Victoria Dr., reports recent rains have brought the level of his 30' well up to 12' from the top. He also has a deep drilled one with plenty of water which he uses for irrigating his orchard and 2 gardens. Main trouble is gophers, but by trapping he keeps them controlled or at a minimum.

**LISTEN FOR FOG WARNINGS**

Capt. Herz of the CHP reminds commuters -- of which Alpine has quite a number -- that one should listen to the radio for the weather soon after awakening.

"If patchy fog is reported on your route" he advises, "the responsibility is yours for safe driving. As you might encounter foggy spots suddenly, don't tailgate, and reduce speed, so if you come upon stopped traffic, you won't run into a wall of steel".

**EAST WILLOWS INTERCHANGE**

Here is air shot by Editor Irvine made recently while flying over entire freeway project. This is the upper Willows Interchange, looking north onto Viejas Reservation.

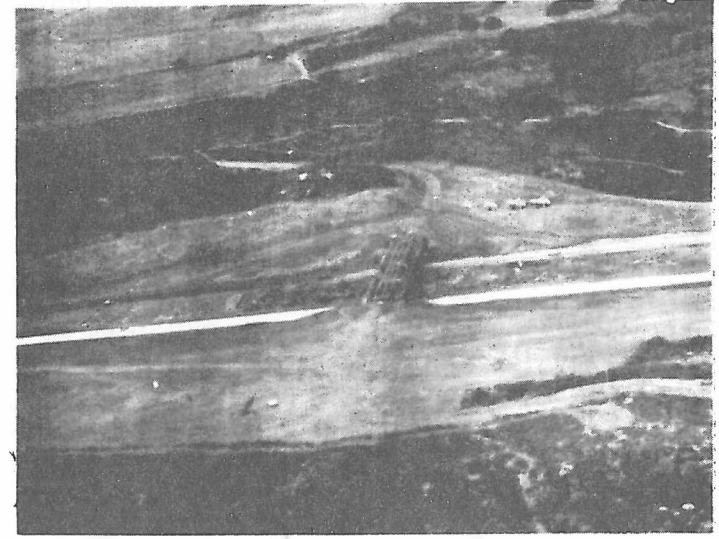

Bridges are for access roads this side of new route, also on and off ramps. Note Willows Road turn to left, middle of picture.

Vinnell firm is repaving old Hwy 80 while westbound lane, completed, is serving as 2-lane highway till completion shortly when both sides will be open from the Willows up to Deadman's Curve.

**PTA' LUNCHEON FOR 72 YEARS**

This year's PTA Founders' luncheon celebrating 72 years of service for children and youth will be Monday, Feb. 3, in the Masonic Temple, 1895 Camino del Rio, SD at 11:30 a. m., invites Mrs. N. Emery, publicist, of Spring Valley. Several from here plan to attend this important event. Theme is "Youth's Heritage".

Roy Franzen, SD resident since 1937 and a native of Colombia, South America, has written two new songs about the 200th Anniversary. They are "Viejo San Diego" (old SD) and "Hola! San Diego", released via Occidental records. He was in the USN, spent 3 tedious years in a POW camp in the Philippines.

**LIVELY OAKS DOINGS**

At Monday's meeting January birthdays were celebrated with cake and ice cream and all that attended reported a nice afternoon of cards and games.

A card was received from Nina and Perry Welch who are in Tombstone Ariz. visiting.

Mrs. Nottingham sent a letter to the club reminding them of the senior citizens dinner at the El Cortez March 4 when members from all over SD County will attend.

Thanner and John Reynolds are still in EC Valley Hospital convalescing from recent illnesses.

Erna Earl and Miriam Shultz were given a vote of thanks for their jobs as hostesses last month.

**VISTA ALPINE ESCAPES FLOODING**

Runoff at the 151-space trailer park going in at old Dinosaur Park, 2400 Hwy 80, filled the creek but did minimal damage to the yet unpaved roads and terraces, reports Wm. Murrel, manager, who lives in a dwelling on the property.

"The creek rushed by the house" said Mrs. Murrell, "and it sounded wonderful". Work is progressing and they hope to have some of the spaces open within about 60 days. No trees were blown down, only numerous branches, Murrell said.

Mr. and Mrs. Stuart Foley from Vancouver, BC, were guests of her father, Bill Burnett and Mr. and Mrs. George Allen, Tavern Road last week. He is Captain with Air Canada. They flew down for a visit, spent a week here and then all took a trip to Santa Barbara and Solvang.

**NEW IDEAS SAVE NATURAL BEAUTY**

These photos show how Jerry Smith, resident highway engineer, working with the Daley Co. is doing several things to preserve esthetic values along the route through Alpine.

Photo on left shows one of the large culverts coming down the solid granite cut. Photo on right shows how they have camouflaged another with concrete so one would never dream of its being there.

These are on the north side, drain rainfall from the hills above, conduct

the water under the road and into the creek. Everywhere that grass and native plants will grow, seeds are being sprayed onto the sides with a straw or plastic net that holds them till they sprout, says Smith.

## EDITORIAL FROM PAGE 4

**privilege of receiving an education.**

What these militant groups are doing is not dissent and certainly not education -- rather it is a direct threat to the very idea of our universities. I don't feel the fault lies completely with the students, however, I believe it is a leadership problem. One minute the college administrators are siding with these student groups, and the next minute they are taking a hard stand of authority. This inconsistency is a sign of weakness in the "administrative wall" -- a weakness that has been noted by the militants.

Perhaps now is the time to reinforce that wall with bayonets. When children misbehave because of lack of recognition, sometimes a spanking is in order.

Rancho Sierra Mobile Park, recently enlarged to 29 spaces, reports no vacancies, furthermore they have no more land available for adding lots to their nice property on Dunbar Lane.

UTT BERATES NATIONAL DEBT  
 Cong. Jas. B. Utt, R-Santa Ana of this district, writes from Washington, "we are paying \$15 billion a year in interest on the national debt, which is \$3 billion more that we paid in 1961. Fiscal solvency demands that both the debt and the interest rate be reduced"

He points to the 10% surtax on income and the high interest rate on money that should be going into improvements, building and so on.
