SCHOOL PLANS SCIENCE FAIR

The Junior High department is enthusiastically preparing to present its annual Science Fair. This traditionally successful event will be Thursday, Feb. 27 between 7:30 and 9: in the school auditorium. Under the direction of Clifford Owens, this activity is primarily aimed at combining creativity with scientific thinking.

With emphasis on ingenuity and the scientific approach, students explore almost every conceivable subject including: animal behavior, solar energy, weather, human relations, electricity, microscopic research, plant reactions and many others. The topic is limited only by the requirements that it is interesting to the student, answers a question and be original.

Prizes will be given within each of the three participating grade levels: 6th, 7th and 8th. The judges will base their decisions on presentation and the use of prescribed scientific procedure: (1) state the problem, (2) research, (3) hypothesis (educated guess), (4) experimentation and observation, and (5) conclusion.

The five 7th and 8 grade award winners will then be eligible to compete in the SD Science Fair with students selected from the entire county.

You are urged to come -- see and appreciate your young people.

STUDENTS RECEIVE HONORS

The school had a Good Citizenship Poster Contest last week as a prelude to the Good Citizenship Awards honoring the 6 best citizens in the school as chosen by their fellow students.

First Prize was won by Stacey Peterson and Mitchell Smith with Steven Brookes, David Bowler, Kerry Brown, Cathy Jimenez, Betty Sutton, Leslie Van Dusen and Terry White receiving Honorable Mention.

The winners of the Citizenship Awards will be in next week's Sun.

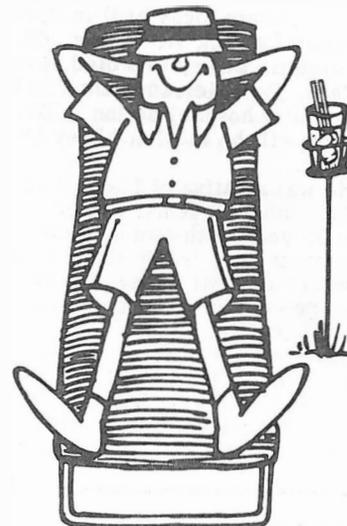

FULL HOUSE AT FASHION SHOW

Tuesday saw one of the best fashion shows the Woman's Club ever put on, say oldtimers who enjoyed the potluck luncheon preceding the display of pulchritude and apparel. Pres. Grace Wilcox was in the chair. Dr. Mildred Brede- sen presented the styles of Jeuniquie,

which she handles. A goodly sum was realized for the club's treasury.

In the photo, from left, are the ladies who modeled the apparel: Dora McCall, Leata Judd, Kathy Kasitz, Helen Reed, Holly Patterson, Audrey Robbins, Mrs. Wilcox and Katherine Black.

TOMATO BUYER MADE TO PAY HIGH.

Sen. Barry Goldwater, R-Ariz., who might have made a very fine President, is trying to get President Nixon and the Agriculture Dept., to rescind an arbitrary order banning small, vine-ripened tomatoes from Mexico.

He claims the department was used by Florida growers to play a cruel trick on Mexican growers with their most perishable product and forcing US consumers to eat large and highly priced tomatoes.

American housewives, he pointed out, might be interested to know that what they commonly pay 34¢ a pound for, are being fed to cattle, over the border. He charged that the ban was imposed by former Ag Secretary, Orville L. Freeman, at the apparent whim of Florida growers.

Strange that America, which boasts how it aids many small and poor nations, should stop about 50% of Mexico's winter crop from coming in, much to the chagrin of officials, which is causing no

little problem in US foreign relations.

The order, effective Jan. 8, results in losses of \$105,000 daily at the Nogales port of entry. The ban represents 35% of the crop of West Mexico, and the fruit is rotting on the vines on 8400 acres of tomato fields.

Another point is that the Mexicans spend about half of their cost of growing tomatoes, in the US on machinery, seeds and other equipment.

Sad to relate, this is but one of the numerous things that are producing unrest and disgust in this country. The consumer is the goat for he must pay and pay and pay. Sheer stockings are built to last only so long, then the girls go buy new ones. Likewise light globes are made to run just a limited number of hours when they burn out. Go buy more. In every phase of civilized life today this same "love of money" principle exists.

Like the song, you might ask "When will they ever learn?" that war, big business, government, are all out for your money-- and your life? Maybe the Indians and the Polynesians had the right idea! -CI

YELLOW PAGES FOR YOU TODAY

In the middle of the Sun this issue you will see the revised business directory or "Yellow Pages", of all professionals and shops in Alpine, plus emergency and frequently called numbers.

Just lift the staple to remove the yellow sheet which you can put in your phone book, under your plate glass on the desk or stick up on the wall. It comes in handy every day.

Kindly note that there is no charge for listing, although firms are there that never advertise to support this community newspaper, it is done as a public service. If you need extra copies, send 20¢ in stamps or coin to the Sun, Alpine, Ca. 92001, to cover postage.

SILVER TEA SLATED

Mrs. Richard Lewis, manager of Alpine Apartments, is giving a silver tea on Valentine's Day for old school mates and friends at her apartment. A valentine motif is used throughout in all decorations. Friends of Mrs. Lewis will be there from Michigan, Wisconsin, Minneapolis, La and Alpine.

Mrs. La Vera Anguish and Mrs. Dorothy Dyer from Elgin, Ill. will pour. The tea also honors Mrs. Anguish's sister, Mrs. Violette McComas of LA.

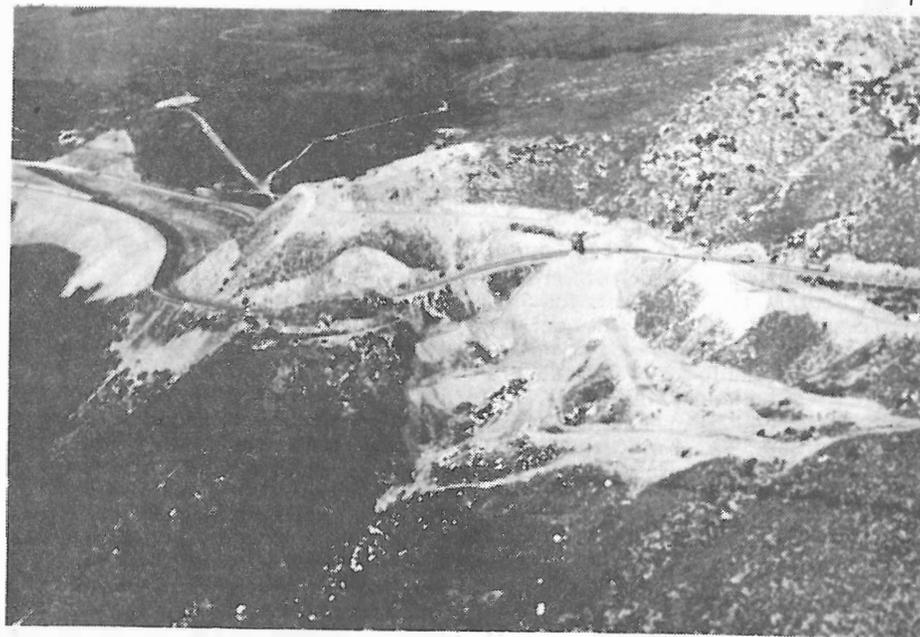

Richard Lewis's mother, who is 98, will also be on hand to receive guests and enjoy the party.

POOL TOURNEY ENDS NEXT WEEK

All winners of weekly trophies in the Stallion Oaks contests will compete in the finals for the cueball clock trophy starting at 4:30 pm Sunday, Feb. 23, says Mgr. Tony Hutchins. The engraved trophies will be finished, so on Sunday, Mar. 2, they will have a spaghetti dinner free to winners, who will then be presented the trophies.

BACK TO WORK ON BAD CURVE

The Morrison-Knudsen firm has resumed labor on its upper section of 18, taking apart the mountain shoulder that made traffic go around on Deadman's Curve, as shown in Saturday's photo by Editor Irvine, flying around with Al Smith, local realtor.

At right of center in picture a black line is the overhead belt that carries earth and rocks to spill them over the bank, filling the chasm where big trucks convey a load to make fill. Note how shoulder shows lowering top. The firm is making nice headway now in fair weather.

HORSE TALK

By the Double C's

We talked to Marty & Beverly Martin Tuesday night about the show they are putting on Saturday in the Jamul ring next to the Jamul School. They have three beautiful Peruvian Paso horses they bought for \$5,000 each and Mrs. Martin is going to put them all through their paces. The horses were born in Peru, were brought over for sale and the Martins purchased them.

We hope to go and take Maureen Carrell, Alice and Jo Ann Villa and Mama to see these unusual animals. Alpine Riding Club is planning a show for Sunday, Feb. 23, if the weather is nice, with some equitation and the rest gymkhana. Entry fee is 50¢ a class with ribbons thru 6th. Some kind of

refreshments will be sold so plan on attending if you want to have some fun. The show is open to all kids in Alpine with horses so come on over, get acquainted and join the club.

We had an interesting letter from the Public Administrator's office in SD saying that on Feb. 18 at 11 am at the Top Triangle Ranch, Hwy 395 and Moosa Canyon Road, north of Escondido an auction of 4 registered quarter horses would be held. They are the property of the estate of Fred Bowers, deceased.

Included in the sale are "I'll be True", a yearling colt; "Trucklin Man" a 4-year old gelding; "Trucklin Gal", a 4-year old mare; and "Albdam", a 23-year old broodmare. If you are interested in bidding on these beautiful animals, they may be seen on or after Feb. 14 at the Top Triangle ranch. This is a good chance to get a well-trained animal if interested and if there isn't much bidding competition, they might be able to get them quite reasonable. Anyway, it is worth a try.

We had a fabulous time at Yuma last weekend and enjoyed the trip, rodeo and dance tremendously. Bob & Nikki Menconi trailered our horses over and two of theirs of Tina and Neda Miller could ride in the parade with us. Nikki made them pretty, colorful costumes.

We all won beautiful 16" trophies for our participation and John Weeks, parade chairman, asked us to come back next year. We got a big thrill out of walking down the street and seeing thousands of people lined up watching the parade that had over 250 entries.

We couldn't have gone if Bob and Nikki hadn't worked hard to get the van ready so we could transport the horses, and want to publicly thank them for all they did.

MALICIOUS MISCHIEF AT SCHOOL
Sheriff's men are working on the Alpine School's case of vandalism from Friday night, but so far no leads are announced.

Three phones were cut off, a fire hose box broken and water turned on, five windows broken and three small paper fires lighted on desks that did little damage. A blackboard was cut and papers were scattered around. A recorder and record player were taken. Supt. Paul Clay says total loss is around \$400.

Det. Kelly and Investigator Nash spent most of Monday checking possible clues. Saturday they took fingerprints.

Discovery was made Saturday morning when a basketball team assembled there, noted water running, went next door, reported it to Dale Bennett, fire chief, who investigated, notified sheriffs and Supt. Clay.

WASHINGTONIAN MAY LIVE HERE

In a note to the Sun enclosing \$1. for a short subscription, Chas. S. Sowder of Sequim, Wash., says he is interested in ads for real estate and apartment rentals.

Presently there is not a vacancy here, but Alpine Village Apts., should be open in a few weeks, says Auren Pierce, developer. The SD housing shortage extends all the way to Descanso and beyond.

Due to the Daley freeway job being nearly over, only a few workers remain to mop up and finish the paving and only a few have lived here.

Mrs. Muriel Newton, Mother of Bob and Yola Fidler, both of Tavern Road, is here from Santa Ana for a few weeks visit, enjoys Alpine's fine weather.

In just two weeks, if tentative plans carry and no more bad weather delays, this will be your freeway from SD to just below the Willows Road Interchange bridge.

Residents of Peutz Valley Road, will go under freeway and west to Dunbar Int erchange to enter freeway for either

east or west direction.
Resident Engineer Jerry Smith says Alpine Blvd. will be temporarily closed at sign for Cleveland National Forest to Willows Road, so if you are going to areas east of sign, you must go down to Tavern on-ramp and come up 18 to Willows Road. He is preparing a map of this section for next week's Sun.
Final paving is now going in by the Daley Co., and lights, signs, middle white strips and other finishing touches are fast being done.

THE MINISTER returned the used car to the dealer, and was promptly asked, "What's the matter, Parson? Can't you run it?"
And the sharp reply, "Not if I want to stay in the ministry."

DOUBLE TALK

By Cecile and Celeste Irvine

We were sorry we missed Virginia Hill's bridal shower Sunday but didn't get home till last Sunday night. We got caught in the snow traffic at Descanso Junction around 6 o'clock and had to go the rest of the way at 5 miles an hour. We have lived here a long time and this was the first time that this has happened. We usually go early or wait till the main traffic stream has gone. Boy, when the freeway is finished a lot of us will be glad.

Jackie Reed is home from the hospital and feeling a lot better but has to stay home for quite a while and build herself back up. She will have a tutor as she isn't able to go to school till her health improves.

Ginny and Mark Schutzer entertained his mother last weekend. She flew down from Reseda to visit them and see her little granddaughter. She also got to see Ginny's sister Mandy's new baby boy as she is making her home with them till her husband returns from Vietnam in June. Ginny and Mandy's dad, Doug Payne, his wife Donna and her 6 children are leaving for Kansas to make their home. Donna's mother is sick so she wants to be near her.

Tomorrow night members of Pioneer Youth Club of Lutheran Church are going ice skating at Mission Valley rink. They went before, had a good time, so are repeating the fun.

If Nellie and Jim King had been listening to KCBQ Friday night they would have won \$180. They were called and it made them sad to have to say they didn't have their radio on. Too bad, too!

Daddy found his battery charger that had fallen off the jeep a couple of weeks ago and he is mighty glad. It didn't fall off in the street like he had thought and is now in use again.

Lona and Dick Brotherton had their nice rabbits killed Sunday night by the roving killer, bit it dog or wild beast. Dick is setting traps and will get it for sure, so if you have a dog that roams, better keep it at home. Too many people on Tavern Road have lost their pets and now something is going to be done about it.

Calvin and Sheri Jerney have moved to Alpine from their El Cajon apartment, live on South Grade Rd.

Alpine's number one killer struck again Sunday night when he got into the guinea pig cages belonging to Re-lynn and Loren Fulmer. Pat said "it must have been a big animal as it tore the cages apart and knocked them off their foundations." The guinea pigs were gone and one was found dead. The tracks that were found were reported to be bigger than a German shepherd's but the Fulmer's didn't hear a sound, so don't know who or what did the damage. This is quite a mystery and has hit quite a few families on Tavern Road.

Little Summer Dawn Hayden, she is the granddaughter of Mr. & Mrs. George Fordney, is home with the measles. She attends nursery school, picked them up there.

PTA HEARS ABOUT NARCOTICS
At Tuesday night's meeting of the PTA, an interesting audience listened to Probation Officer Haley, of the county office, describe the growing menace of various narcotic items within the school and colleges. Mrs. Lee Widmer, president, was in the chair.

2 SCHOOL HOLIDAYS THIS MONTH
Wednesday, Lincoln's birthday, saw no classes in school. Likewise, Friday, Feb. 21, becomes a holiday as Washington's birthday falls on Saturday and under a new ruling, the previous day becomes the school holiday, reports Supt. Paul Clay.

TAVERN ROAD COMES OF AGE
When Interstate 8 opens in two weeks, motorists will easily find Tavern Road at the interchange, indicated by this sign that will direct those wishing to visit this community.

Although it says "Route 8 Business", perhaps Alpine Blvd. should also be on there, but the big Alpine in the sign lets them know where they are.

This, looking east, was made Sunday afternoon when traffic coming from the snow was bumper-to-bumper and the Sun lensman counted 1500 an hour limping down old Hwy 80, soon to be Alpine Blvd.

GERMAN SHEPHERD CLUB MEETS
Sunday activities for the 1969 German Shepherd Dog Club of SD County gets underway with a match at Ocean-side Recreation Park with entries accepted from 8:30 am until each class starts. Judging will begin at 10.

Puppies from 2 months will be eligible for competition with judging by Mrs. Barbara Fopma of Bellflower. Harry Anderson of SD will judge the obedience entrants.

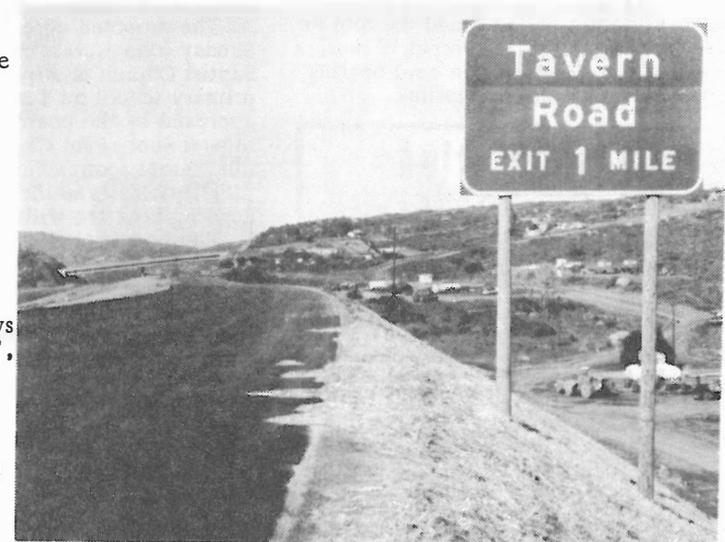

Local German Shepherd fanciers expected to participate include Mr. and Mrs. Kenneth Lejman and Mr. and Mrs. Tom Larkin of Alpine.

4H HOLD JUDGING DAY
Last Saturday Donna Schwenck and Cindy Byers participated in the 4H annual judging day in EC Valley High Feb. 8. Donna was MC while Cindy put on the demonstration and used Japatul 4H members as her models. All report a good time.

READING PROGRAM GOES IN CHURCH

The proposed agreement to rent a Sunday school classroom from the First Baptist Church of Alpine, next to the primary school on Tavern Road, was approved by the board Monday night, reports Supt. Paul Clay. This releases the present room which is needed for primary classes so the Miller-Unruh Reading Program will be in the church.

The board ratified employment of Mrs. Janice Dorman of Descanso, as primary teacher. She is well known in this area. Many years ago her mother started the famous Red Robed Choir of Grossmont HS.

MORE RAIN TOOK MORE EARTH

Thursday's fairly heavy downpour, 1.57 inches, according to US Weatherman Bob Fey, eroded more ground from the two large building projects, Alpine Village and Vista Alpine Mobile Home Estates, plus quite a bit from various banks of the freeway where the new seeded areas have not grown up yet. All ponds and lakes hereabouts were overflowing and the earth has soaked up a lot of moisture. Wells in the area have come up fine.

MORE SURGERY FOR GRAF

After spending 10 days in Doctor's Hospital last week, Bill Graf goes back March 4 for more surgery, this time to remove a crushed disc that was sustained two years ago in a fall at work. Doctor's are hopeful that it will be his last.

MYSTERY KILLER HITS AGAIN!

Every week someone along Tavern Rd., has lost rabbits, chickens, rare birds, that were killed but not eaten.

Sunday night this abominable animal, unless it's a wild man, broke into a cage on Dick Brotherton's place on Tavern Road and killed two rabbits.

The puzzle is how does a dog, fox or wildcat break plywood and spring heavy mesh wire to reach in and grab an animal? Brotherton set traps, but nothing has been caught. "I just can't see how any small animal could have broken that plywood face on the cage", he told the Sun when showing it to the editor. The wood was about 3" wide and 3/4" thick. Large paw marks were visible below the door. Maybe there's a wild ape at large!

GAVE SHOWER FOR BLESSED EVENT

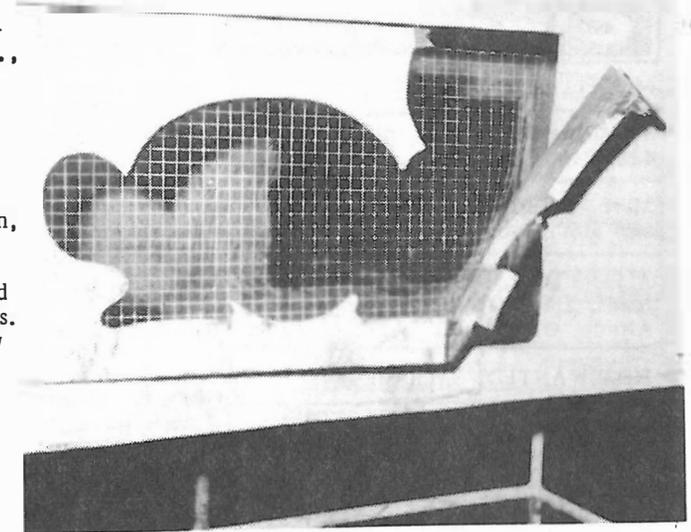

Mrs. Russell Kyle, 1441 Olivewood Lane, was given a baby shower Tuesday evening last week by Mrs. Wanda Jones and Mrs. Gregory Nelson, in anticipation of Mrs. Kyle's expected infant due next month. It will be the couple's first. The delightful affair was in the home of Mrs. Jones, on Willowside Terrace.

Taking part in the 200th birthday affairs were 420 ham radio operators out of some 3800 in the county who are on a QSL program, have already contacted many foreign lands.

JUNE SMITH IS HONORED

Sunday the SD Red Cross had a dinner at the Kona Kai Club to honor the many worthy volunteers in their Safety Service Program. Over 150 awards were given to express appreciation for the job done. The awards ranged from 1 to 36 years of service and covered several areas including swim instructors, water safety aides, pool owners, small craft safety instructors and first aid instructors.
