Best Climate, in US by Government Report

Vol. 18 No. 8 Alpine, Calif. 92001 Friday, Feb. 21, 1969 10¢

## NEWCOMER RAISING RABBITS

Up at 411 Alpine Heights Road on a slightly hillside there is a flourishing new industry in operation, the Alpine Rabbit Ranch, Inc., with 450 animals which keeps its boss Greg Holt busy all the time.

Young Holt is in it with his father. They just brought in 300 more animals for the 450 total, in the neat hutches. Holt is a genuine outdoor man with camping, hunting, back-packing and archery as his hobbies, loves mountain

climbing.

He is a native of Burlington, Ia., his wife Joan, of Minden, Mass. They came west from Kalispell, Mont. in 1962, lived in SD for a while. Alpine was selected for its climate and "because it is a good place, out in the country, yet not too far out", he says. They like it fine already.

In photo, from left; Holt with youngest child, Sonja, 18 months; Eric, 5, and Sven, 3½, and Mrs. Holt. He is a veteran airman with the USN.

## MOXEY NAMED BOSS OF THE YEAR

The SD Junior C of C has named Hank Moxey, of Alpine, as the 1968 boss of the year at its annual banquet. He is branch manager of Burke Concrete Accessories, Inc., with 22 offices from Puerto Rico to Honolulu. He is a graduate of the U of N. Mex. He is a Navy flier, served in WW2 & Korea, now flies his own Cessna 180. He lives on Alpine Heights Road, with his wife and their two teenage girls. He was nominated by one of his salesman, Marty

Gang, for the various fine qualifications of an ideal leader. Last year's "boss" was Jack Beaulieu, sales manager for Pacific Telephone.

### RAIN DELAYS FREEWAY AGAIN

Each time it rains fairly heavy, work stops for the storm and it takes a couple of days to cleanup, so as of today the opening has been set up from March 1 to 5-- unless unforeseen delays occur.

## START OLD TOWN 200TH PLAZA

Fiesta 200, the fascinating entertainment plaza in Old Town has just started with paving, grading and structures going up, including a 3000-seat arena, a mercado, a large center stage with a Mexican arts & crafts center. It will open May 1 for a 6-month run. Today they are having a preview party on the site at the Pink Plaza off SD Ave., when plans for the center will be unveiled.

### KILLER GETS RARE BIRDS AGAIN

Those dogs that have been breaking cages and killing rabbits, chickens and birds, made another visit to Al Hinkle's Tavern Road home where he has many rare and game birds. They killed about \$35 worth, he says.

Now I'm building a peripheral fence and if they get in, look out!"

Hal Hundley of W. Victoria Dr., who also raises some fancy birds says the dogs tried to get in but his cages were too strong for them.

### SWEETHEART BREAKFAST CROWDED

Luther Mohr, manager of Security Pacific Bank here was in the chair as president of the Kiwanis Club at its lively Saturday morning Sweetheart breakfast in the Log Cabin Cafe. Photo shows Mohr and his wife, who came over from their home in Poway for the meeting.

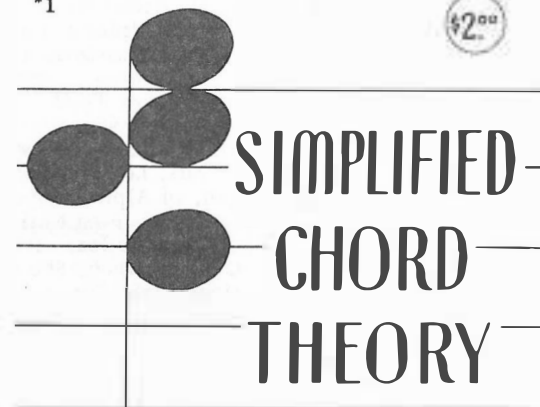

The jolly affair started at 7:30 with 23 men and 15 ladies present who enjoyed the meal, then heard an entertaining and enlightening talk by Mrs. Leona Sylvester of the main bank office. She talked about an appropriate subject, money, laced it with humor and some good ideas.

Nellie Keller enjoyed the Woman's Club meeting last week, her first real going out since she was hospitalized for a bad triple siege: HK flu, pneumonia and scarlet fever.

## BRIGHT FUTURE HERE FOR HORSE BUSINESS.

Several times your editor has likened Alpine to Northridge, that beautiful area of north San Fernando Valley out of LA where many are living on an acre up to many acres so they may have horses. Numerous film stars live there and enjoy the fine climate, scenery and children and horses.

Looking into this country's horse business shows that what we predict is liable to come true, for many are moving up here so their children can enjoy the fresh air, superb climate and have horses.

Here we have the Alpine Riding Club of 25 members who enjoy shows, meetings, picnics and of course regular riding. For several years we had the Pequeno Riders, made up of youngsters. It prospered, had some good shows, is now superceded by the larger club for both young and old.

The county has over 40 clubs with memberships from 50 to 250. They have several shows each weekend that are well attended. It is believed there are

upwards of 50,000 animals in the county. The fair at Del Mar puts on the world's largest horshow. The National Pinto Horse Assoc., is here. The business runs into the millions.

Daily after school and on weekends you find riders trotting along local roads hereabouts, not just a single rider, but entire families.

Most newcomers here select Alpine for its famous climate and outdoor facilities with scenic views in all directions and because they want to live more simply and give their youngsters an opportunity to build health and contentment-- and enjoy riding.

Drive through Palo Verde Ranch or the Highlands, or on any of the local roads and you will see all this well illustrated by barns, white fences, and well-kept horses of all breeds and sizes.

Our three girls had horses since they were tots. They love them and take care of them, and win trophies in the shows. It's a way of life, healthy, happy, congenial. Your editor, when he was director of publicity for the Goldwyn Studios in Culver City after getting out of the Navy in WW1, used to ride all the time, a great deal with his old friend Will Rogers.

Yes, Alpine has a bright future in the horse business, and for pleasure!

### BANK PROMOTES MRS. VANCE

Mrs. Louise Vance, native San Diego, of Alpine, reports the Southern California First National Bank, has been elevated to loan officer in its College Center branch. She has been with them since 1955. She is a graduate of Helix High in LM, lives with her husband Dean, at 534 Anderson Road.

Gene Lowery, the typewriter service man is home from the hospital where he had surgery, is again able to take care of things.

### MASON MOVES SIGN SHOP TO HOME

To eliminate overhead and save commuting, Dick Mason, owner of Martin-McDonald Plastic Signs gave up his shop at 2538 Hwy 80, moved the machine and stock to his home on Sequan Road. He says there was not enough dropin business to warrant keeping it in town, but is enthused over the volume he does have. He is creating a lot of new and unusual uses for those attractive plastic raised letter signs.

### PHONES KNOCKED OUT AGAIN

Due to a road machine cutting the cable a couple of weeks ago Pacific Telephone men have been working to repair the many cables that were cut, deadening quite a number of phones. Friday they were working on it again when something happened and some 50 phones were cut out, but the crews quickly got them back on the line. The trouble was on the Arnold Way cable which is buried.

### UNION RUNS STORY ON FREEWAY

Wednesday last week the SD Union ran a story with 3 photos across page 1 of the county section showing how Interstate 8 is spearing east from Alpine.

The 3 sections, it said, will cover 15.8 miles and cost \$19 million, the last stretch being the most expensive—from Deadman's Curve to Japatul Road Interchange. That will be completed in July, 1970.

Traffic is now halted for short periods during blasting on the mountain above Deadman's Curve where the belt conveys earth and rocks over Hwy 80, dropping them into the ravine where big trucks take it into the fill.

There will be a 130' high bridge across the Sweetwater River. This 6.4 mile section is costing \$8.5 million, will use about a million pounds of dynamite, is being done by the Morrison-Knudsen firm of Phoenix, with Robert Winterbourne as resident highway engineer.

### NUTRITION GROUP WANTS RAW MILK

An urgent letter has been broadcast to interested persons who wish to use raw certified milk instead of the pasteurized kind. It is from the San Fernando Valley Chapter of American Nutrition Society at Tarzana. It urges permission of raw milk to continue to be certified and asks that the recent ban on it be rescinded by the State Dept. of Agriculture, Public Health, and the LA County Health Dept., "unless and until they can prove that Q fever organisms exist in the milk and that it is harmful to man."

### PATRICIA BIBB

Service was last Thursday in Greenwood Mortuary in SD, followed by cremation, for Patricia Bibb, 48, of 1663 Alpine Terrace Road, who died the Sunday before. Survivor: husband, Robert.

Have you noticed it's no longer necessary to encourage young people to set the world on fire?

Saturday these happy Alpiners tendered Pat Fulmer, top right, a baby shower at the Bob Newton home, 1905 Tavern Road. Pat is holding their latest, a girl born Jan. 22.

In photo bottom row: Janice Douthit, Betty Brooks, holding her youngest little girl, Cecile and Celeste Irvine. Back row: Yola Fidler, Rosalie Graff, Diann Nash and Pat. Alice Irvine took the picture while Glo Newton gave the girls something to laugh at.

Asked to spell banana, the little girl said, "I know how to spell banana, but I don't know when to stop".

## HORSE TALK

By the Double C's

Sunday Alpine Riding Club is having its first show of the year with a break fast starting at 9:30 in the Youth Center. It is 50¢ for non-members, so Mick Reed, prexy, says "come on down, enjoy a nice feed and see the show which starts at 12 in the YC ring." This is a good time to get acquainted with members.

Classes will be in western horsemanship, key hole, figure 8 flag, pole-bending, baloon spearing, Texas barrel, ride & pickup, 2-man relay, obstacle race and egg race. Entry fee is 50¢ a class and everyone is welcome. Ellen Hood is judging the equitation with adult members of the club helping put the show on. Trophies to first-place winners with ribbons through 6th.

Jackie Reed's horse Cricket got some splinters in her chest and Doris Scully went over and helped take care of the horse. She is better so Jackie might ride her in Sunday's show.

Many were disappointed at Saturday's show in the Corral 44 ring in Jamul. We got there around 11 and after watching one class, it started to rain and everyone ran for cover. When it cleared off a little Shirley Martin brought one of their Peruvian Paso's into the ring and gave a demonstration of the leg work on this beautiful animal, but it rained some more and she quit before the demonstration was completed. Was too bad as Alice and JoAnn Villa had taken us all down to see them.

We read an article in the SD Union where 57 horses had died in Glendale after eating moldy hay infected with botulism. Just be sure to keep horse feed dry and if it should get wet, don't feed it, as it can prove fatal.

### OWNERS COME TO LIVE HERE

Two military retirees, Wm. Angus and his wife Ruth, are now living in their trailer at their home, 348 Lilac Lane, which they have owned since 1964. It is on a scenic acre near Alpine Heights Road. They are building on another bedroom, landscaping, painting and improving the place, will live here permanently. He is retired from civil service, having worked for the forestry in the High Sierra at Mammoth, also in the Naval Weapons Center. While in the Navy they lived in Japan, Hawaii, and at Miramar. They lived in Pacific Beach, sold there in 1961.

Ruth was in the USMC in WW2, worked at the main PO in SD, also Navy Hospital and NEL. Angus was an ADC AV. Ch Mach, so is mighty handy with tools-- even a shovel, as shown in the photo. Ruth gets lots of exercise with those upcoming weeds. They bought the place through Brown Realty, here.

He was born in Nashville, Tenn., she in Mt. Carmel, Pa. They lived at China Lake Both have similar hobbies, outdoors, fishing, hunting and rocks. They fished in Lassen Park where he worked. He is an Elk, belongs to the VFW and DAV.

**CHURCH CELEBRATES 75 YEARS**

Sunday Community Church celebrates 75 years of service to Alpine with services at 9:45 and 11. Immediately following the coffee hour will feature a large birthday cake.

Speaker will be Dr. Julian Keiser, minister to Inner-City for So. Calif. Conference of United Church of Christ.

The church was organized on Feb. 24, 1984 in the Arnold home still standing on the corner of Tavern and Arnold, with services in the first Alpine School on South Grade Road. Later they moved to the Town Hall, now Woman's Club, until in 1933 Fuller Hall was built under the direction of Rev. Fuller. The parsonage was built in 1946 with Rev. Fred Line in charge, then Dr. Roger Larson came in 1948.

The present church was built in 1953 with the educational building being completed in 1961. The church is entirely without debt at this time.

## DOUBLE TALK

By Cecile and Celeste Irvine

Alpine's mystery killer is still at large and Sunday night around 3 am Doris and Frank Scully heard a terrible racket on their back porch. When they investigated found huge paw marks with 3 claws, indicating some large animal. This might not be the same creature that has been bothering Tavern Road residents but their dog Goliath took after it and there was peace the rest of the night. Traps are out, so if you value your dog, keep him in at night and know where he is at all times. It is hard to keep a big dog tied but until this menace can be cleared up, it is the safest thing for your pet. Besides, all of SD County has a leash law that they can enforce.

FEBRUARY IS REAL RAINY MONTH

If you think there is a lot of rain this month, check back in the Sun's weather summary as given by the U. S. Weather Bureau, Lindbergh Field. You will find that in this month, 1937, the greatest daily precipitation was 6.03 inches! The mean was 4.29.

In temperature, the highest recorded in February, was 85 in 1957 while the lowest was 20 in 1939. The mean daily maximum for this month is 63.3 while the minimum is 37.5, the monthly mean being 50.4.

Robert Fey, reporting local weather to the U.S. office, says this month's highest average is 59, lowest 44.

The Sun publishes a revised summary as a public service. If you desire a copy of the current one, send 25¢ coin or stamps.

DOG SHOW SUNDAY

The 39th annual dog show sponsored by Silver Bay Kennel Club will be Sunday in the Community Concourse with Mrs. Ella Beale of Alpine in charge.

SDG&E TO PUBLICIZE ALPINE

Last week Don Everberg of the public relations office of SDG&E spent the morning with Editor Irvine going over Sun files, history and questioning about the Alpine story which will appear in April's Lite Lines, the firm's house organ. It goes to customers with bills each month. The February issue promoted National City and its interesting background.

In that one they had a story of interest to the ladies: "There really is a Mary Means", the personable lady whose full time job is advising other women from the Home Economics Dept. The story was run because "someone calls with a question for one of the Mary Meases", some believing she is merely a trademark!

Note- We all enjoy Lite Lines, and have met Mary several times. She is a real, live, charming person and is one of six home economists, including Nancy Kostman, Shirlee Smith, Diane Wallace, Thelma Walters and Demi Burner. (Yes, her name really is Demi Burner.)

SCIENCE CLUB SEES TIDE POOLS

Saturday, the Junior High Science Club, had an informative trip to the tidepools at Bird Rock. The sea was extremely low making many marine forms of life accessible. Over 200 species were collected. Having studied these and their taxonomic categories (phyla) the students were able to identify each animal. After identification and observation all specimens were carefully returned to their habitat.

SEVERAL IFS ON FREEWAY OPENING

If there is not much more rain, and if there is no unforeseen trouble, and if all otherwise goes well, Interstate 8 will open next week-- maybe-- take all that nasty traffic off of Hwy 80 in Alpine, from the present end down by Dunbar Interchange, and let it speed pleasantly by over this beautiful new route all the way up to the unfinished Willows Interchange bridge, reinforcing steel for which is noted across foreground.

This looks west with the two sides converging, 3 lanes up, (one for slow trucks), and two west. The highway office has placed signs in strategic spots to aid motorists, but extreme caution should be used, admonishes Resident Hwy Engineer Jerry Smith. "If you make a mistake, never try to turn around on the median space-- its unlawful, and very hazardous".

East and west traffic will continue to use the new westbound lane east of this spot, but will be separated just below this bridge until it is completed

and the eastbound lane is paved, and will go over the new Willows bridge and into the separated eastbound lane from here all the way up to Deadman's Curve.

**LePAGE'S FATHER IS HONORED**

If Carrier Mike LePage of Alpine's mail route has his head a bit higher this week, he has a mighty good reason: his father, J.R. "Frenchie", LePage, Poway postmaster, was named the Poway News-Chieftain Man of the Year for 1968 last Monday.

The honor was for his leadership on their planning and development program, by citizens helping to bring a master plan to the Valley which is growing so fast.

One of his civic projects was landscaping and caring for a strip of public land in front of the PO, with no cost to taxpayers.

LePage was a carrier in SD where he was born and raised, for 24 years before going to Poway. Besides Mike of Alpine, the LePages have a daughter in NY.

John Reynolds is back in EC Valley Hospital for a checkup and a rest, is improving steadily.

**MT. EMPIRE GOP BANS MARCUSE**

Wm. F. House of Alpine, resolution chairman, Mt. Empire California Republican Assembly, sent a copy of their recent resolution asking that the contract of Dr. Herbert Marcuse at SD State be not renewed. Copies were sent to regents of the UC and others including Sen. Clair Burgener and Assemblyman John Stull.

The assembly's reason was like the Legion and others that, the professor is an avowed Marxist, teaching in tax-supported schools, and is said to have a large support from leftwing radicals.

One point is that they believe that if the contract is renewed-- which it was-- taxpayers and voters will continue not to support higher education as was expressed at the general election when college bonds failed.

House received a letter from Chancellor C.J. Hitch at UC Berkeley regretting that the group bases its opposition on Marcuse's political beliefs as he "will be evaluated in terms of his academic performance, not his private beliefs".

**FACTORY AT THE CREST SENDS AD**

In today's Sun you will see a new out-of-town ad for a factory-to-you sale of campers from a manufacturer up at the Crest. It is run by Robert Boess, whose secretary Grace Parandes phones the ad in. The firm is La Cresta Campers, Inc. at 1111 La Cresta Blvd. atop the hill about 3 miles from EC. They also make shelving for those popular vehicles.

Our great-grandfathers called it the holy Sabbath; our grandfathers, the Sabbath; our fathers, Sunday. Today, we call it the weekend.

**SIGNS TO HEED WELL**

Motorists going east of town should be well aware of the new separated freeway lanes converging to the one side, 2-lane Hwy 80 just below the unfinished Willows Interchange bridge.

These will tell you you are only 1/2 mile from the end of the new freeway and that Willows Road is ahead one mile.

Remember, Hwy 80 (Alpine Blvd) will be closed at the Cleveland National Forest sign, so you must go east from the Tavern Road Interchange to get to the Willows area.

Watch the Sun for announcement from the highway resident engineer, Jerry Smith, of exact date that road will close and the new stretch open from the present end by Dunbar Lane.

**BULLET CAUSED POWER FAILURE**  
One reason why the SDG&E admonishes hunters never to shoot birds on power lines is that the lead may nick the copper which in time parts, causes lights to go off.

This is what happened at 11:48 Saturday morning on a line from the substation east of Alpine. Power was out for 58 minutes while crews hunted the spot, then fixed it in short order. Those nearer the place were out for longer, 2 hours, 41 minutes.
