**PAUL DAVID CATER**

Funeral services for Paul David Cater, 55, CWO, USN (Ret), long time resident of Viejas View Lane, who died suddenly on Saturday in El Centro, were in Paris Mortuary, El Cajon, Wednesday, under the auspices of EC Valley Lodge 576, F & AM.

Interment was in Alpine Cemetery. The SD County Council Memorial Team, Veterans of Foreign Wars, was in charge of graveside services.

Paul served in the US Navy for 20 years, was transferred to the USN Fleet Reserve in 1951. In August, 1964, he was retired. He had lived 29 years in

California.

Cater served in the European and Asiatic Pacific Theatres during WW2 and the Korean Conflict. He was a survivor of the Carrier WASP in the Battle of the Solomons when that vessel was lost due to enemy action.

Subsequent to Paul's service he was employed with the Grossmont School District as a custodian for 12 years, when he was forced to retire due to ill health. He was a member of S. D. Consistory, Scottish Rite Masons, and Spring Hill Lodge, 118, Hartman, Ark.

Survivors include his widow, Margaret; a son Samuel Keith, of Alpine and his Mother Ella Yandell; brothers, Loren, Roy and Elmo, and sister, Mrs. A. H. Clark, all of Arkansas.

Mr. and Mrs. Jim King, Tavern Rd., were entertained by their children Mr. and Mrs. Ellis Kohl, Sunday. Mrs. Kohl was recuperating from major surgery, was well enough to prepare a delicious dinner which all enjoyed.

**ELECTRIC CAR MAKES NO SMOG**

For the first time locally an electric car, completely smog-free was exhibited by SDG&E. It is the firm's plan to help solve the ever-increasing air pollution problem.

"We already have demonstrated the cars powered by liquefied natural gas produce less than half as much smog-causing emissions as gasoline vehicles do," Pres. J.F. Sinnott said. "The electric car produces none." And, it is very economical and silent.

## OUR GOVERNMENT IS REALLY TOP-HEAVY!

From a recent copy of the Republican Congressional Committee's weekly Newsletter, comes some startling facts about how big the government really is, as told in an editorial.

Cong. Bob Wilson of this district is chairman of the committee, and they do a fine job of revealing just what is going on in Washington.

This editorial quoted U. S. News and World Report's statistics "that reveal the sheer monstrosity of our Federal establishment and dramatize the task ahead, (for Nixon):

"There are 6.4 million Federal employees in civilian and military agencies one out of every 13 American workers. Federal salaries alone amount to \$39 billion a year. Uncle Sam now owns 760 million acres - one-third the land area of the Nation. Government owns 421,493 buildings. Its real estate is worth \$103 billion. It has 380,000 vehicles, 46,742 airplanes and 906 ships, plus thousands of pieces of other equip-

ment, worth about \$200 billion."

They tell how the government has countless programs going, only 1090 being catalogued; how it spends \$14 billion yearly on research in its own labs, but has no report on others. Also how agencies wade through a trillion copies of everything in a year.

Frightening is the cost! Every minute the U. S. spends \$350,000 tax dollars or \$3.5 billion weekly.

"The Defense Dept.", it says "alone has more real estate in its \$41 billion holdings than 125 of the Nation's biggest corporations combined. The so-called "public sector", which some claim is neglected, owns a third of the land area, spends more than a fourth of the gross national product - all in the name of providing government to some 200 million citizens."

The great puzzle is how can we slow down this gargantuan spending spree? Perhaps it will right itself when millions stop working too hard to make too much money with which to pay too much taxes! - CI

### CUBMASTER URGENTLY NEEDED

Unless Cub Pack 350 acquires a cubmaster it will lose its charter at the end of this month. In view of the significant role played by Scouting in bringing young boys together under circumstances where they are exposed, perhaps for the first time, to the rewards of cooperative as well as individual effort, within their peer group, and to the further satisfaction of participating in community service, it seems extremely unfortunate that the pack is threatened with collapse for lack of adult support. This is its fate, however, unless new leadership can be generated.

Those who have seen what the enthusiasm and skill of a few den mothers and the willingness of a couple of fathers to donate an evening or two a month can do in promoting a vigorous pack, should find the prospect of disbanding the cubs very disquieting.

Should a father, or any man 21 or older, be agreeable to assuming the duties of cubmaster there are men in the community who have served in this capacity in the past who are more than willing to provide him with the help needed to orient him to his duties, and to provide continuing assistance as needed. The job is not as demanding as it may seem. Aided by conscientious den mothers and a few parents interested enough to attend the monthly committee meeting, his job becomes chiefly one of coordination and delegation of jobs and providing leadership at the monthly meeting.

If anyone is interested in experiencing the pride and pleasure of becoming a cubmaster and having a chance to play such a material role in shaping the character of young boys, contact Mrs. Kathy Thompson, 442-2238 or John A. Brookes, 445-3072.

If you want to cheer up a serviceman away from home, send him the Alpine Sun. He can enjoy the jokes, too, and pass it on to buddies. No higher postal rate, just the regular \$3. a year.

### QUINTS BORN IN ALPINE!

Last Thursday morning at 4:45 the Lipetzky family of South Grade Road, were awakened by the unusual birth of 5 cute little Nubian kids. Mama goat is doing nicely, thank you!

"She delivered them easily and without any midwife!" explained Mrs. Lipetzky when the Sun was making this photo. It was her first birth for the 3 nannies and 2 bucks.

In photo, from left, back row: Bonnie Vail, Robin Lipetzky and Jodie Judd; front: Holly & Russell Lipetzky, and Barbara Brookes. Neighborhood youngsters are making this a rendezvous to pet and love the cute kids!

## HORSE TALK

By the Double C's

Celeste and I were disappointed we had to miss the big parade in Ramona Saturday. Bob and Nikki Menconi were going to trailer our horses over but sometime last week my horse Wendy got a bad gash on her left hind leg and it just blew everything. Nikki didn't think her mare Velvet was up to the trip either so no one from here went that we know of. Was too bad as we were looking forward to going. Nikki has us scheduled for one in May, so hope we make it.

The Lakeside Rodeo, Family Fair and Saturday night dance was one huge success. It just shows what a small town can accomplish if they all have the determination to work together. The rodeo is a new addition, but really brought out the crowds and the weather was ideal. The dance was nice and we

just had a ball. Sure hope Alpine has another rodeo this year. Last year's was a success, was well attended and brought Alpine plenty of publicity.

Don't forget the big indoor rodeo in the SD Sports Arena next weekend, May 9-10-11. This is one of the county's largest shows, is their third year here. A \$16,000 purse is offered with the nation's top cowboys all trying for some of it. Besides the rodeo events, Gun-smoke's Festus Haggan will be on hand to say hello and Elaine Kramer is slated to appear riding a 6-horse tandem. This is worth the price of admission alone; get tickets early so you can be assured of a good seat.

Sunday starting at 12:30 there is a parade and horse show at Naval Station at Miramar. English and Western Pleasure classes are scheduled, together with a 1/2-mile speed race and gymkhana events. Cash prizes, trophies and ribbons will be awarded. Contact Ray Purser, 271-3615 if you are interested in entering.

Don't forget the Lipizzan horses are coming to SD Sports Arena June 6-8. We don't have too much information yet on his show, but if you like this breed, don't miss it.

Alpine's first parade is shaping up and if you wish to be a part of it, get your entry blank at the Alpine Chamber of Commerce. Deadline for entering is April 30, so don't wait. Any and all can enter, so let's get together and make it a memorable and colorful parade.

## ALPINE BLVD. IS OPENED

This is how the new extension of Alpine Blvd., (Old 80), curves around and up by Smiley's Woodshop, thence east alongside the freeway. It is a frontage road giving access to ranches and lanes along the south side of I-8.

C. Coolong, resident hwy engineer says they reopened it last Friday, removed the three barriers, and townsmen are happy.

"We are now repairing and working over old 80" he told the Sun Wednesday, "and hope to have the overcrossing bridge opened by May 15, which will give residents of the Willows and motorists easy access to the freeway and Alpine Blvd.

Editor the Sun: We wish to express our deep appreciation and thanks to the many people, freeway workers and others who helped us at the wreck of our rig at the Willows on Monday last.

We especially want to thank the highway engineer, Mr. C. Coolong who was extra helpful and saw that our belongings were safely returned to us. **READER EYES NURSE PAY**

Dear Editor- At its April meeting, the school board voted to renew the contract of the county school nurse, increasing services from  $\frac{1}{2}$  to  $\frac{3}{4}$  school hours. The pay rate, if there are no salary changes at the county level, will increase proportionately. Therefore, our district will pay a  $\frac{3}{4}$  time nurse close to \$10,500.

In calling neighboring districts I found that full time district nurses are paid on the teachers' salary schedule, if a nurse is fully credentialed. (Beginning pay for Alpine teachers if \$6400. Fully credentialed would approach \$7000.) Consequently, because no discussion or alternative plans, our district is paying more for a  $\frac{3}{4}$  time nurse than it would have cost for a full time nurse, including equipment and travel expenses.

Board members are now informed of these facts. But it is too late? This is supposed to be the decision of a "prudent board".

Citizens of Alpine, whether parents of school children or not, have a responsibility to attend board meetings, for it is this kind of flagrant spending that raises our taxes. The next meeting is May 12.

I regret any embarrassment that I may cause the nurse.

Sincerely, Glo Newton

BAPTIST CHURCH OF WILLOWS NEWS

By Nola Brabazon

The building committee will soon be drawing up plans for steps to the entrance of the church, which they will submit to the congregation for approval. A new water pressure tank was installed Saturday, April 19, by Larry DeLong, Bob Bostrom and Doug Schacht.

Four men have made reservations to the Baptist Laymen's Retreat at Mt. Palomar for May 2-3.

The Women's Missionary Society's new officers, with Elna Bratt as president, will take office next month.

The group will hold their Spring rally at First Baptist Church, SD, Monday, April 28 at 9:30 am.

A wonderful time was had by all at the church family dinner with 48 in attendance. It was great to see Ed Cunningham back among his many friends after a period of illness.

Mr. Thomas has consented to help Jeanette Hinkle teach the adult Sunday School class. She is not retiring, but together they are making plans for a greater outreach in Christ's work. It is truly a blessing to be able to attend this class with these able teachers.

On Wednesday at 7:30 Rev. Schacht conducts a Bible Study on the Old Testament. We are now in the book of Numbers. All in the community are invited to attend.

Bob and Orene Bostrom were missed at Sunday's services, as they spent the day with their daughter and family in San Diego.

**PARK ENJOYED MUSICAL**

Sunday evening a musical was enjoyed by residents and guests of Alpine Oaks Park, in the recreation hall, to make use of the new piano recently obtained by residents. Stella Malgeri was chairman, and Steve Stephens was MC. The park was fortunate in having Eva Clover, organist of the Pacific Beach Presbyterian Church, and an accomplished pianist, to give 3 numbers. Mrs. Clover then accompanied Joe Malgeri who gave some violin solos. Mrs. Clover was a guest of Mr. and Mrs. Ray Wievig.

Gary Van Landingham of Palm Desert sang several of his original songs, accompanying himself on the guitar. His wife, Judy, accompanied him on the piano. They, with two little daughters, were guests of his parents, Mr. and Mrs. Van Van Landingham.

Steve Stephens, Floyd Hedge and a friend of Stephens, Glen Jones, from Albuquerque, NM, played the guitar and sang some fast numbers.

Stella Malgeri gave two readings, one her original about the new piano, and the old favorite "My Get-Up has Got-Up and Went". Residents then enjoyed community singing and refreshments.

**4H AMIGOS DEMONSTRATE SKILLS**

Saturday several members of Alpine's 4H Club drove to Poway to participate in their annual Demonstration Day. Donna Schwenck, all-star, together with other all-stars, was in charge. Peter and Scott Marx gave a demonstration on how to press plants. JoAnn Villa gave one on how to choose your horse and what defects to look for, such as ring bone and splints. All enjoyed the day.

This air shot is by Editor Irvine when he recently flew alongside the Morrison-Knudsen workers demolishing the mountain back of Deadman's Curve. It shows how they are bringing the summit down by truck, belting it over Hwy 80, then hauling it to fill for the new I-8 freeway.

This is one of the biggest jobs in highway building in the state, and one of the deepest, requiring 3 million yards of fill!

**NO FREEWAY STOPS SAYS CHP**

Capt. V.J. Herz, head of the CHP area of SD warns that it is unlawful "to stop, park, or leave any vehicle standing upon a freeway, divider strip, area alongside the road inside the fence, as well as on-and-off-ramps. If you have trouble, call the CHP.

## DOUBLE TALK

By Cecile and Celeste Irvine

We ran a little story two weeks ago about a contest sponsored by SD Milk Council on "Why I like Milk". Nine-year-old twins, Mark and Flint Yandell of SD won their weight in ice cream, as winners. Besides that they also got to tour the Children's Zoo and take a ride in the Skyfari.

Marianne Clay is thrilled with her birthday present this year, a trip to Switzerland to see Maryanne Ferger, who spent a year here with them as a foreign exchange student. Maryanne is attending La Verne College, will spend six weeks touring Europe and enjoying the sights. She is flying both ways.

Mr. and Mrs. Dun, their daughter Peggy Moran and young son Pete are back from spending 10 days in Honolulu. They all thought they would like to live there, as their son Tim is in the Islands, but after visiting and seeing

the crowds, high prices and other things, decided against it.

Donna Schwenck and her family have had quite a job cleaning their pool. They have used well water for years and it formed calcium deposits on the sides that were sharp enough to cut your feet. They had a man come and scrape and sand the sides, so are now filling it. The man doing the job suggested chlorene powder or tablets instead of the liquid as he said it contributed to the deposits. Is nice to know as an ounce of prevention is always easier.

Patty Perkins is engaged to Paul Quick of Imperial Valley and as yet they haven't set a wedding date. Patty and her sister June lived in Descanso where their father ran a grocery. Later they moved to Mt. Helix where they now live. They both attended Alpine and El Cap, are well known by many here.

Doug and Sherri Tyler had a baby girl last week, named her Angel Marie. They used to live next door in our little rental till they moved to Harbison Canyon in a trailer.

Nikki Menconi got a baby calf a few weeks ago and is making a pet of her.

We were glad to hear that Debbie Dana is improving but won't be able to come home for quite some time yet.

Anyone want a beautiful male Irish Setter? He is 5 years old, obedience trained, AKC and is wonderful with children but needs a large ranch to live on. Call Mrs. Russell, 445-4506 if interested.

### SOCKWELLS DUE FROM VIETNAM

In a jolly note from SE Asia, Mr. & Mrs. Jim Sockwell sent greetings:

"Dear Folks: - Just a note with our subscription check. We enjoy reading about Alpine growing so fast. It will be only 16 weeks till we will be seeing it for ourselves again. Can hardly wait to see our children and grandchildren, also all our friends."

Kiwianians and friends enjoyed some lively, sweet and old favorites by the Lively Oaks Hillbilly Band during the club's heavily attended Easter breakfast in the school auditorium.

From left; Phil Hall, Ray Brady, Floyd Taylor, Steve Stephens, Juanita Cushing, Gladys Pinkerton and Ruth DeLong. They sang some numbers also, really put on nice entertainment.

### BURNS PUT MAN IN HOSPITAL

While cleaning a large shovel on the Morrison-Knudsen job near Deadman's Curve last Thursday noon, Harold White of 1536 South Grade Road, suffered 3rd degree burns when gasoline ignited on his face. He is in EC Valley Hospital where he will be for another week, Mrs. White told the Sun Wednesday. His injuries were to face, ears and wrists where clothing, gloves and a hard hat did not protect.

There is no school Thursday of next week as it is Teachers' Growth Day. Small fry will be chasing around the roads, so keep an eye open!

### LANDSCAPING ALPINE VILLAGE

Wednesday they were spraying the banks with a special plastic mix with flower and grass seeds at Alpine Village. This will prevent erosion and become decorative soon, says Mgr. Duane Cracola. General landscaping with trees, boulders and plants is going ahead and the place is beginning to look finished. Pacific Telephone promises phones in by June 1.

### PARK RESIDENTS ENJOY LUNCHEON

Last Wednesday 36 ladies of Alpine Oaks Mobile Estates gathered at the clubhouse for a delightful luncheon with Mrs. Betty Campbell as chairman. Her decorations carried out the Easter theme.

Guests were Mrs. Lottie Jones of Lakeside, Mrs. Gladys Brasfield from La Cresta and Vera Jones.

Games were played with prizes awarded to winners.

### LIVELY OAKS DOINGS

Sunday Alpine's senior citizens attended the "Dedication and Coronation" program in St. Paul's United Methodist Church in Coronado. Supt. Paul Clay of Alpine schools, gave the dedication with some interesting remarks by Frank Curran, Mayor of SD. Main speaker was Charles Cordell, Pres. SD 200th Anniversary and the Irvine Twins were guests, sang several numbers, assisted in the ceremony.

Monday's session in the YC was lively with 24 on hand to enjoy cards and fun.

Mr. and Mrs. John Peters left last week for their summer home in Grinnell, Iowa, will be missed by all.

The club welcomed back Jeanette Hinkle, who has been away for several months.

Members were saddened to hear of the death of Ann Galle, former Alpiner, who died last week.

Emma Holmes, prexy, reminds all that Monday's session is birthday month for all born during April.

An interesting talk by Peter Dart on a subscription ambulance service was very informative and will be discussed at Monday's meeting by members. Dart is canvassing Alpine, needs 500 subscribers before the service can be put here, is only \$20. a year for 3 calls.

"How's business?" I asked the old scissors grinder.

"Find!" he replied. "I never saw things so dull!"

Charlie Lantz, owner-operator of Club Alpine, 2502 Alpine Blvd., who is staging a pool tournament just starting, is quite an expert with the cue, practices in odd moments.

"We haven't noticed much difference in business since the freeway opened" he told the Sun this week "besides Alpine is growing faster than ever and we note a lot of new people coming in-- not just tourists".

### SQUEAKING WHEEL GETS GREASE!

Three years ago Betty Shorter of Alpine Trading Post, 2812 Alpine Blvd. wrote the local fire board regarding weeds on the adjoining lot. Reply said she would have to take that up with the supervisors. She also wrote the owner, but nothing happened to the fire hazard close to her house.

But-- she tells the Sun-- "last week they, the local fire boys came and cleaned the lot, with our new fire chief, Dale Bennett in charge. I must compliment him upon expediting this work."

Note- Weeds must be cleared 30' from all structures. Lot owners who do not clear, can be charged for the work done by the fire department. -Ed.

Mt. View Electronics, operated by M. W. McCormick at 300 Mt. View Rd., the Crest, sold his 3-acre ranch, moved to SD where he has a store and home, 4008 University Ave. However he still serves his old TV customers in the back country.

## NEW RESIDENTS LOVE IT HERE

In a note to the Sun, James & Evelyn Gordon express appreciation for lovely Alpine:

Dear Editors & Publishers: A nice neighbor, Nola Brabazon, gave us a copy of your Alpine Sun, so with the enclosed \$3. please add our name to the list of subscribers.

We are new residents, having moved from Pacific Beach April 4, and purchased a home at 50 Willowside Terrace.

Alpine is really beautiful and we love it here. Thanking you.

Gordon is retired from Convair. They came up specially for Mrs. Gordon's heart condition, which, like numerous others living here, is benefitted. Easter Sunday they had a jolly housewarming.

A policeman saw a man weaving down the street. The man stopped, leaned against a lightpost, and wrapped on its side.

"I'm afraid there's nobody home," said the cop.

"Oh, yes there is," replied the inebriate, "there's a light upstairs!"
