SLEEPY HOLLOW RANCH REOPENS

At last Alpine is coming of age in recreation, as predicted by the county planners, for in October 1968, Everett L. Shilts and brother Ted, bought Sleepy Hollow Ranch and are rapidly transforming the former Poker Flats back to its original fine condition.

As advertised last issue, they have reopened this historical ranch, on the

John D. Moore has sold 503 off Lyons Valley Road for around \$500,000 to Rock-n-Ridge Associates, headed by Harold La Fleur. They plan on raising thoroughbred horses, and run cattle. They may subdivide some of the ranch into 2½- and 5-acre homesites. There is a small golf course on the place, which is near Jamul.

TRIBUTE TO DEAR OLD DAD

He may wear last year's straw hat; his fingernails may need manicuring; his vest may hang a little loose and his pants may bag at the knees; his face may show signs of a second day's growth, but don't you call him "the old man." He's your father.

For years he has been rushing around to get things together. Never once has he failed to do the right thing by you. He thinks you are the greatest boy on earth, bar none, even though you plaster your hair back, wear smart clothes, smoke cigarettes and fail to bring home a cent. He is the man who won the love and life partnership of the greatest woman on earth—your mother.

He is "some" man, and not "the old man." If you win as good a wife as he did, you will have to go some, boy.

SUPT. CLAY RETIRES THIS FALL

At Monday's board meeting Supt. Paul Clay, 57, announced his resignation effective in Sept. He has been here 6 years, 34 in school work. He will accept a public relations position in Stockton, sell their home here, move north.

SCHOLARSHIP FOR JUNE BROWN

At Tuesday's session of the Woman's Club they voted a \$100. scholarship for June, Brown who was 1st runnerup in the recent Miss Alpine contest. Last year they gave this deserving young girl the same amount.

EDITORIAL

WE'LL WIN FOR WE HAVE LOVE ON OUR SIDE!

Tomorrow and Sunday America observes two of the great days of the year: Flag Day and Father's Day.

No matter how difficult it seems on campus or in war, we have Love on our side, and this will give us victory.

The percentage of violent-minded youth in college is but a wee minority. Those who live aright with respect for the law, for others, for themselves, will prevail, for that is an expression of Love, or affinity for good.

Likewise in war, American boys - rightly men - are giving their lives

for Liberty, not only at home, but for downtrodden countries. Our ideal is to give a better, nobler, healthier, life to all nations.

This is the great idealism that is laced across the history of the United States. Sure we have rascality, crooks, cheap and tawdry dealers in many lines, but by and large, the great mass of people are right.

This country was founded on man's love of freedom, in religion, in government, in daily living. This is perhaps the greatest nation of do-gooders, service clubs and scores of bodies organized to help others, both here and abroad.

So we succeed because we have Love on our side, and Love, being the most powerful force in the world, always wins! It is said that God is Love, therefore God is on the right side, our side. How can we fail?

In hundreds of ways the nation expresses its love, as Mother's Day, just passed, and Sunday, Father's Day. We sing so much of mother-love, but let us not forget father-love.

Elsewhere in this issue you will note two short pieces that may inspire you as they have me, and countless others. One is on Flag Day, the other on Dad. I keep these priceless writings in my anthology, one of my most valued collections. Maybe you will do the same.

But remember, whether it be a problem big or little, if you have Love on your side, you'll win - eventually! CI

No wonder women like the silent type of man. They think he's listening.

Following a jolly potluck at the Alpine Art Chalet, (formerly the Hobby & Rock Shop, 1321 W. Victoria Dr., now owned by Mr. & Mrs. John Titus, installation of officers took place Wednesday last week.

They are, from left, Mary Reed, publicity; Sabin Gray, treasurer; John Titus, president; Betty Brooks, 2nd vice president; Glo Newton, 1st vice-president and Elizabeth West, historian.

"Everyone is cordially invited to come to our meetings" says Pres. Titus, "and we have many events planned for the rest of 1969".

VIGNEAULTS ENTERTAIN FRIENDS

From Pascagoula, Miss, came Mr. and Mrs. Delano Brusstar (Ret. Cdr. USCG) to visit old time friends Mr. and Mrs. Blackie Vigneault. Brusstar has just finished plans to restore the Civil War Union ship Cairo which was sunk in the Mississippi off Vicksburgh during the war. The ship was raised 2 years ago, and the job of making plans for restoring the antique were given to the commander. He is also making sketches for 3 miniature ships for the Smithsonian Institution, is quite an interesting person.

They did some sightseeing, enjoyed visiting, and all report a good time.

FINISH TRAILER PARK PAVING

Ferry Brothers have completed asphaltting all spaces and streets in Vista Alpine Mobile Home Estates, 2400 Alpine Blvd., reports Mgr. Wm. Murrell.

"If all keeps going well we should be spotting the first homes in here Monday", he said when speaking to the Sun. They are getting an average of four reservations each week. Landscaping is now being done in the area of the recreation hall and the pool which is nearly finished refurbishing.

Betty Brooks is looking forward to seeing her mother and husband, Mr. & Mrs. Arthur Mancini, next weekend when they drive out from Rhode Island for a two weeks stay. This will be their first visit to Alpine and Betty and her family are happy about it, because it has been 2½ years since she last saw her parents.

NATURE'S ART SHOW AT LIBRARY

Some of Robt. J. Newton's beautiful collection of 58 specimens of plants of the chaparral community, gathered hereabouts, form the unique display for June at Alpine Library, as shown here.

"About 100 were identified in class and on field trips" says Newton, who is a teacher, lives with his family on Tavern Rd. The plants were dried and pressed between books for a week, then glued to backings with white glue.

This is part of one of the many valuable extension courses offered by UCSD, "oriented toward helping us to know the area where we live" he says.

Chaparral is derived from the Spanish

chaparro, perhaps before that from the Basque *tšpar*, meaning scrub oak. "This unusual exposition of natural art is well worth inspecting. Library hours are Tuesday & Thursday, 1 to 5; Saturday, 10 to 2", says Elizabeth West, librarian.

HORSE TALK

By The Double C's

The beautiful Lipizzan stallions came and went last weekend and as far as we know, it was the biggest crowd they ever had in the Sports Arena. We had to wait to get out of the parking lot after the show but would have waited an hour if we had had to, as it was worth it. They were simply gorgeous and we sat enthralled while Prof. Ottomar Herrmann and his riders put the animals through their routine. We were amazed at their grace, beauty and agility. We saw one of their best trained animals

jump a hurdle on his hind legs. The professor said it had never been done before to his knowledge in the US. We were thrilled at seeing the gorgeous creatures, and hope they return next year.

Maureen Carrell went to the Jamul horshow last weekend and sold the little mare she was keeping for Craig Taylor. He wasn't using the horse and Maureen found a good home for her.

Jerry Webb is all settled in her new home in Lakeside and is boarding her two horses with her sister Jerry Jackson until she can get some corrals built.

Ev Shilts brought back a beautiful registered Appaloosa POA from Oregon and is thrilled with him. He and his wife drove up for the load of ponies for his Sleepy Hollow ranch and had an opportunity to get this beauty. He also purchased the Shetland stud from Doug Payne and is in the market for pony and other saddles that are reasonably priced. Call him at the ranch if you have one to sell, 445-2859.

Bob and Gary Menconi have one of the most unique rings in Alpine. They got some surplus bedsteads from the Navy and bolted them together and they made perfect sides and a very effective ring. Now Nikki is having Fay Latson give lessons there, \$3.50 per hour, and she is well qualified, so if you think you need some private instruction, call her and join one of the classes.

Want a nice 8-year old mare with plenty of get-up and go? Call Doris Scully, 445-3803. She hasn't time to ride the horse and would love to see her go to a good home, price is reasonable too.

A talk and slide program presented by Ed Bower was enjoyed by residents of Alpine Oaks Mobile Estates last weekend. The pictures were of N. Arizona and Utah, were reported to be quite beautiful.

BENNETT LAUDS VOLUNTEER FIREMEN

Twenty seniors, ten juniors and a chief make up a busy community-minded association for the growing town of Alpine.

Each volunteer spends eight hours a month in the classroom preparing himself to serve the needs of the district. They have responded to 51 calls for help so far this year.

The junior volunteers, 16 through 19 years, in addition to classroom studies assist in the maintenance of fire-fighting equipment as well as side jobs such as painting the classroom.

"We feel these young men rate special recognition" says Chief Dale Bennett, "Junior Chief Wayne Anderson; Ass't. Junior Chief Dave Brown; John Kochel, Roger Jerney, George Kochel, Gus Phelps, Charles Hill and Forest Kuhn."

New members of the senior volunteers are Bob Nelson, former training officer, Orange County CDF; Don Roberts, former chief Jacumba; Forest Brant, presently with the US Forestry; Charles Randall, formerly with Prudenville, Mich. volunteers; Art Stindt, who received his fire fighting training with the USN and Joe Horuath, presently stationed at Mt. Laguna AFS.

NEW AIR RUN FOR LOCAL PILOT

Capt. Hal Hundley of W. Victoria Dr., is off on a different flying route for Continental Airlines. He now goes to LA via PSA, then pilots a big jet to Houston, New Orleans, Denver, east to Dallas, then to Seattle and Portland and home to LA.

When here on his several off days, he is busy piloting his horses and cattle around his ranch which he is improving all the time.

HOT MIX PLANT WAS NOT SO BAD

When they installed the asphalt concrete machines to produce crushed ruck mix for paving Interstate 8 from Dunbar Interchange to Deadman's Curve, Alpine went into an uproar.

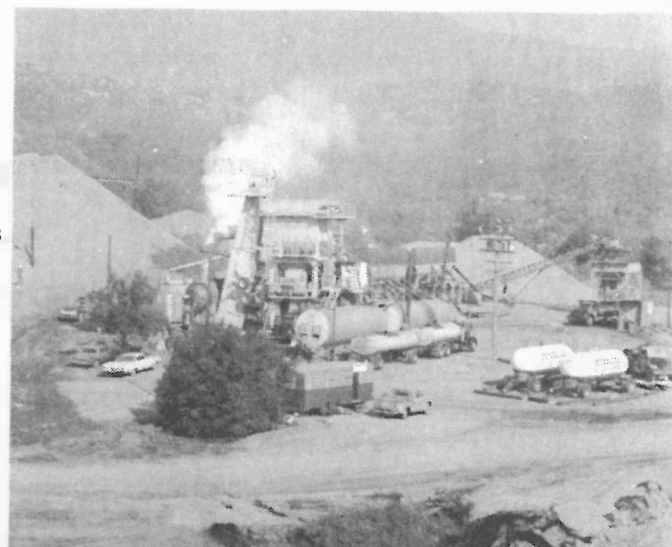

Most remembered seeing huge clouds of black smoke from the earlier plants, but this one was hardly noticeable. It had filtered water that washed the crushed stone, mufflers, gas burners and so on.

Now it is all about removed as the whole lower freeway is complete and in good use and Alpine settles down to its tranquil life.

GREATHOUSE'S FATHER ILL

Ira Greathouse, father of Dale, is in Paradise Valley Hospital, underwent surgery to remove his left leg after gangrene set in. He injured his knee last year, has had constant trouble with it, the last three months being bedridden. He is 76, will be in the hospital convalescing for several weeks.

There is a legend which says that a trout in the water will grow at the rate of about one inch per year. After it is caught, however, it grows about an inch per day.

ALPINE SCORES AT FAIREST SHOW
Tuesday night in the Masonic Memorial Auditorium in SD, this community in its first bid for the 24th annual Fairest of the Fair with the chamber of commerce's entry Miss Alpine, Cecile Ir vine, captured the 2nd spot or 1st runnerup. And it was a tie with lovely Carolee Ann Meachum, Miss El Cajon, 1969's Fairest, to reign at the big So. Calif Expo in Del Mar, June 25-July 6.

Bob Mills, of KFMB-TV's Sunup Show, emceed the lengthy program of presenting the 25 beauties and some between-the-acts musicals and dances. The Fairest appeared Wednesday on his show.
This is Cecile, photographed by Les Herling of the expo. Below, from left, upper: Carolee and Miss Pacific Beach, Barbara Quartiano, 2nd runnerup. Below: Miss Vista, Cynthia Hall, 3rd runnerup,

and Miss Fallbrook, Pamela Davis, 4th runnerup.
The county-wide search for the Fairest was well managed and the girls had a fine time from the start. At the end of the judging--no small task--the girl presented a "sorority" song, led by Cecile on the guitar, which drew biggest applause of the evening. It was a striking impromptu act, conceived when she had done a few songs during the afternoon merely to entertain the girls while waiting.
Chamber President H. T. Magnussen and wife were there and were happy over their candidate placing, which is bringing some nice publicity to Alpine.
The project was presided over by Norrie West, public relations director for the expo, with Doris Boyar, director of the Fairest contest, assisted by Ruth Mabie. Les Herling expo official lensman and many press and TV cameramen were on hand.

DOUBLE TALK

By Cecile and Celeste Irvine

As quite a few young people read this column, we would like to make a plea to them personally. Last week we had a call regarding our very nice tennis court. Many Alpiners use this daily but lately have had to get a broom from the fire chief's wife, Mrs. Bennett, and sweep broken glass off before they can play. This seems rather senseless to us, as there is a refuse can to put empty bottles, so why break them? Whether guilty parties know it or not, this is a misdemeanor, punishable by fine if caught. However, the whole this is why do it in the first place? Surely there isn't that much thrill in strewing the cement with broken glass.

We have talked to several about this, who are irritated with having to clean up the mess and if it keeps up, someone is sure to get caught red-handed

and then the parents will have to pay. Prevention is always easier, so if you get a thrill out of breaking glass, how about going down to the dump and smashing bottles to your heart's content. At least you are not going to hurt someone else!

Kathy Dyer was home last week for a visit. She attends LaVerne College. This was the first time the whole family has been together in a long time. Larry came in from the Merchant Marines and Lenore drove up from SD with her family.

Yvonne and Charles Randall are the proud owners of a new 69 VW station wagon, with with black interior and they love it. He just got back from Vietnam, will be stationed here for a while. He is a 1/c radioman.

Many kids around our age will remember Sandy Sweatland who married George Johnson several years ago. As soon as he got out of the service they moved to his home in Hoquiam, Wash. and now they have a new baby girl, born May 26th. The baby weighed a record 10#, 5 ozs, was named Yvonne Marie. This is the first grandchild for Rex and Mabel, former Alpiners.

David Greathouse and Chris Fay were the lucky winners of records last week when they won them from KCBQ who had a contest on.

In the Brown Realty office, 2249 Alpine Blvd., Charlene Brown is exhibiting-- with no small pride-- some lovely paintings of her daughter Patricia Wiens, who spent the weekend here with her son Paul, jr., and his dad.

They drove down from Corona where Wiens is purchasing agent for Autonetics, a division of North American Rockwell.

The works are for sale and already Mrs. Brown has sold several of the nice pictures.

Mrs. Nina Steenbach has just purchased a home, 100 Willowside Terr. from Mr. and Mrs. Don Stoner who moved into the Elias house on Anderson Rd., are renting from them.

KINSMAN'S BUSY ENTERTAINING

Mr. and Mrs. R.J. Kinsman, South Grade Road, were kept busy last week entertaining relatives and family. Their daughter Carol, husband Paul Oldfather, and children Robin & Francis, drove up from N. Park to spend a few days.

Mrs. Kinsman's cousin Otis and wife Virginia Gaither came over from National City to visit and Keith Elder's wife and their 5 children drove down from Sherman Oaks Thursday for a visit. Keith is Mrs. Kinsman's son, is in Indiana with IT&T as an engineer. Barbara is meeting him there as soon as school is out. From there they will drive to Mass. to spend the summer as Elder has been transferred there for two months or more.

HUEY RETIRES, MOVES TO IDAHO

Volunteer Fire Chief Malcolm Huey of 2000 Tavern Road, retired Saturday after faithfully serving his community for the past 13 years. With his wife Jolaine and 3 of their 5 children, he left this week for McCall, Idaho, in the rich Indian Valley area of the potato state. The two other youngsters will follow when school is out, are staying with Malcolm's sister, Mrs. Mace Bratt, and his mother, Mrs. Elna Huey.

A jolly farewell party was given the former chief by all his old friends on the department. A handsome clock with plaque was presented to him. He was a staunch member of the strong volunteers which he helped raise to its present level of efficiency.

AUTO PARTS GRAND OPENING GRAND

Over 250 Alpiners and mountain residents showed up for refreshments and prizes at "Red" Wagner's Grand Opening last Friday and Saturday.

Says Eileen Wagner: "Alpine has really made us feel so welcome. And we saw many new faces from up the hill. Most of our visitors were impressed with our line of camping equipment and supplies in addition to auto and cycle parts we carry."

Winners of the Saturday drawing: Bruce Osborne, J.R. Robinson, Conrad Jinney; B.L. Roberts; Jim Janpnitsch & Luther J. Mohr.

TEA TO HONOR MRS. SNYDER

Mrs. Myretta Snyder, retiring teacher and reading specialist, will be honored at a tea, June 15, from 2 to 4 at the Harbison Canyon School. Mrs. Snyder completes a 30-year career having taught 3rd and 5th grades, as well as the special reading program. Also honored at the tea will be retiring board members, Larry Wilcox, who has served 13 years and Paul Thorpe, 6 years.

"What do you think of a man who constantly deceives his wife?"

"I think he's a wonder".

"We are designing this ranch for families that have an interest in horses" says Ted, "and we have spacious rest rooms, adequate parking, picnic areas and camping spaces, plus riding and hiking trails".

"Under construction now," says Ev, "are two pools, one for kids, training and breaking rings for horses, and other facilities. We will board horses so weekenders may come out and ride while the kiddies play here". Next month their trainer, Jess Harding, a Montanan, will arrive.

DANA ESTEEMED BY READER

Editor the Sun: Zana Dana, a man who did many things for the people in Harbison Canyon, but unless you found out about them yourself, you would never know about them because of his quietness. He started working in the H C PTA in 1961, giving many hours and money to all Halloween carnivals, building concession stands, working in booths; built redwood tables and benches for our school, so that students didn't have to eat in classrooms; worked with youth in the Canyon, giving jobs on his ranch, helped with the teen club to keep kids occupied and off the streets. In 1965-66 and 67 he worked with Boy Scouts and Cubs, raising more money in their drives than had ever been raised in this area, he was installation representative. That year he started working with the HC Fire Dept. repairing trucks, installing brakes and so on; became assistant chief.

Zane was nominated from the GU HS for its Laurels Award as outstanding citizen from this area.

Will all this he still found time for outings, fishing and camping trips with his family, and will surely be missed by those of us who knew him.

Viejas Indian Post VFW fed a record crowd Sunday on the reservation. Hungry visitors came from miles around the county.

"WHAT IS THE COST OF A FLAG?"

Through courtesy of the Bulletin of EC Elks Lodge, this gem is reprinted to honor Flag Day, Sat. June 14. It should

be handed to every young man on college campuses who lacks a profound love for this hard-earned flag and the country for which it stands:

A little boy asked his father, "Daddy what does a flag cost?"

After carefully thinking it over his daddy said, "Son, our flag is a very expensive article whether made of paper, silk or cotton."

It began to cost when a few had dreams and visions of freedom to choose, freedom to succeed, freedom of faith -- that was the beginning of our flag. It was the cost of tired, weary pioneers, men and women who worked hard and long to make a place in a new country to fly that flag.

The cost was heartbreak and tears of mothers and fathers who watched their fairhaired sons marching away to war to keep our flag flying high and proud. It was the men returning from wars fought for our right to vote in secret for a leader of our choice, and to speak out if we disagree with our leaders, or to change leaders if the majority so desired.

The man's cost might have been an empty sleeve, eyes that couldn't see, or perhaps a life in a wheel-chair. Yes, the costs were high but they were worth it. The cost is repaid by our being able to build religious structures where God is worshipped as we desire, whether it is a church, temple or synagogue.

The cost is your daddy and mommy. Like millions of others working, planning, buying a home. It is paying taxes to build schools and colleges, so any small boy or girl, if they have the desire, can become, by hard work and study, anything he wishes to be--even a leader in our wonderful country.

The cost pays for the privilege of moving about freely wherever you wish to go; listening to any speech on T.V., radio, in any hall; of reading any newspaper or magazine you wish; the privilege of an unbiased court trial with justice guaranteed for all.

All these, my son, are the real costs of the American flag, not the \$2.98 daddy paid for it in the store.

Keep it flying high, son, and as you grow older add your share in the "Cost of Our American Flag."
