### CHURCH SELLS FOR 3/4 MILLION

The big deal was handled by Don Arthur, real estate salesman and appraiser of the Higgenbotham Co., of

## HOW LONG AMERICA TILL THE TAX REVOLT?

Sale last week of the 260-acre church land, as reported on page 1 today, was necessitated by the frightful rise in taxes. Only a few years ago the bite on that property was \$3,000. Last year it is said it had soared to \$9,000. Sidney Wright's will had specified it was not to be sold, was to be used for church purposes. But a judge broke the will because of the "hardship" of high taxes, and it was sold. Not one acre was retained for a future church, school or chapel, as Wright had intended.

Today this nation--completely cross country--is grumbling about the bumbling congress that in 1967 allowed over 150 Americans to file income returns on adjusted gross incomes of over \$200,000 each, and paid not one cent in taxes! In that group 21 earned over \$1,000,000, yet paid no tax.

Some sagacious senators are realizing that the nation is facing a taxpayer revolt if changes or reforms are not made soon. Some 110 citizens pay income taxes with a heavy sigh on April 15,

then dig up the advance payments during the next year. Millions of us have a definite reason to complain. It is said that \$50 billion a year in income taxes goes down the drain through legal loopholes which smart tax experts and lawyers work out for wealthy clients.

The inequality of incomes in America is staggering. A year or so ago we read where Chrysler's chairman, L. A. Townsend got a \$242,500 pay hike, a reward for helping the firm's profits jump 45%. It upped his salary and bonuses to \$630,700. Also V. A. Boyd, company president, got an 83% raise from \$292,700 to \$535,967. Townsend's job thus paid him \$12,129 a week!

As Walter Ruether, union chief, once said, share the profits by paying officials less and workers more, and let the buyer in on it by lowering prices! And that would also reduce excise, sales and other taxes on the buying public.

Public pressure is building up daily since the 10% surcharge was voted, following last year's charge, and while promises were made on reform, none has been forthcoming. And this potential revolt is not alone for federal grabs, but for state, county, and city taxes all over the U. S. It includes property, sales, gas and other levies everywhere, and it hits hardest at the little people, the multitude with small incomes, and the oldsters, who have to cough up so much when they have so little, while the rich go free through those loopholes and the imbalanced tax laws.

Californians are 6th from highest in paying taxes, and everyone knows that thousands are leaving the state for that reason alone, and to get away from the burgeoning population with its air pollution.

One question the public is asking: Why should the rich, owning millions in tax-free bonds, escape paying their share of the load?

The stage is set for another Boston tea party! CI

### ROBERT FEY

Service was Saturday in Paris Mortuary for Robert I. Fey, 71, of 1337 W. Victoria Dr., who died on the Wednesday in EC Valley Hospital following two operations. Burial was in Alpine Cemetery. He was well known here, was custodian at the fire station for 11 years till Dale Bennett became resident chief. He also was U. S. weatherman here.

Survivors: widow, Margaret; two sons including Edwin C. of South Grade Rd.; four sisters, three grandchildren.

### SHELL GRAND OPENING DELAYED

Mr. and Mrs. Carl Batts who are now serving Shell products at the fine new station Tavern Road and the freeway turn-off, have met with delay after delay in getting the complete station going. Now it is shaping up and they hope to have the big affair probably on Sat. Sept. 20.

 There will also be a pottery class on Saturday morning taught by Bernice Gibbs. The artists of Alpine have an opportunity to meet one another at the informal workshops at the Chalet every Wednesday.  
 All of the association's meetings, activities and classes at the Chalet are open to the public and one need not be a member to attend.

**AT 65 NORRIS PHILOSOPHIZES**  
 A staunch Sun subscriber, Arthur Norris, of Alpine Heights recently turned 65, sent out a fascinating newsletter with some sage observations.  
 One, "If I were you and approaching 65, I would: Do the next best thing. The first duty I think of a human being in this world is to take himself off other people's backs. I would resolve to take no dollar for which I had not contributed something. The happiest people I have known have been those whose bread and butter depended on something they had earned".

"Do you know why little chickens come out of the eggs, dear?"  
 "Course I do. They know they'd get boiled if they stayed in."

**FORMER PV WOMAN VISITS**  
 A trio of Labor Day vacationists stopped off to see Clarke & Alice Irvine whom two of them had known in LA when Irvine published Let's Live Magazine before coming here to live in 1949.

From left: Alvin Faulkner, of Pasadena; Alexis S. Thompson, of LA, and Vernon Faulkner, of Chicago. Mrs. Thompson made her home in Pine Valley in 1949. Vernon is a teacher, and Alvin is a businessman.  
 The men are the sons of the late Dr. James Faulkner, Pasadena, who was a chiropractor and writer and teacher on natural living.

Richard and Dolly Place--he's senior clerk at the PO, --of Tavern Rd., with daughter Debbie, are back by trailer from a nice vacation drive through Oregon, Washington, Idaho and Montana. "It was nice and green, plenty of water, and we had a fine time", says Dick.

## HORSE TALK

By The Double C's

Saturday and Sunday the Crest Civic Group is sponsoring their 3rd annual horse show at the ring up there. Saturday they are planning a full day of gymkhana events, approved by the association, and Sunday are holding an open show which starts at 9 am sharp. Entry fee is \$2. with Jerry Lucas as judge. Included in the 20 classes are 4 English events, one for Arabians, one for Quarter Horses, and an English class for 17 and under riders, and an open English pleasure. The money goes toward a clubhouse for the young people of the Crest so if you are interested, this promises to be two wonderful days and both shows are approved.

The big Poway Valley Riders' 3-day show was fabulous. We were over there but just drove by, didn't have time to

Barbara Peterson has loaned her little Shetland Pony to Barbara Jones to use as she is working, and her children Ronnie and Cathy haven't time to care for him. She bought him from Cynthia 3 years ago and he is quite a beautiful pony.

Yvette Kluczewich found out that her mare Pilar is going to have a colt next year. When they bought her they weren't sure whether she was in foal or not.

Tracy King has been working for Dick DeMatteis this summer, is one of Alpine's best riders.

National City is having their Annual Western Days Rodeo, taking place in Kimball Park this weekend with RCA sanctioned events. All money goes to a Servicemen's Recreation Center to be built in that city.

April Earickson will be happy when she gets her 9-year old mare Sanchez home from Boulder, Colo. She is presently in pasture so her mother is making arrangements for the horse to be shipped to Alpine. April enters El Cap this year as a freshman, has already been accepted in the band, plays a bassoon.

We goofed last week when we said Dr. Immenschuh didn't know how George Carrell's horse got hives. He told them the horse had eaten some plant that grows in the Cuyamacas and it wasn't serious, and in a few days he was all better.

Looking for a nice horse to buy? Call Mr. Frank, 445-4271. He has a mare and gelding, both gentle, for sale.

## NEW DISPLAY AT ART CHALET

Here is pretty Barbara Svenssen, 16, who, without aid of teacher or any lessons, has executed some lovely drawings, now on display at the Alpine Art Chalet, 1321 W. Victoria.

Barbara is really a native of Alpine, although she was born in Navy Hospital, has lived here all her life. She is the daughter of JoEllen Svenssen of Alpine Blvd. Her grandparents are Mr. and Mrs. Carl Schweiss, pioneers. Mrs. Schweiss is also a painter in oils.

They are recently back from a vacation in Colorado where Barbara had a friend with horses, conceived the idea

of going in for them in sketches, which are spirited and true to life. She is a junior at El Cap. Her works make up the September display at the chalet which took over this project from the library.

### VOTING RIGHTS MAY DISAPPEAR

Passed unanimously by the Mt. Empire Calif. Republican Assn., was a resolution supporting the right of taxpayers to vote on local school taxes, and strongly urges passage of legislation to repeal those portions of the law added by the Unruh Act of 1967 which will, on July 1, 1971, deprive them of voting on tax override elections.

"This act will permit local district school boards to jack up property taxes without having to seek voter approval", says Wm. F. House, resolution chairman.

### VIGNEAULTS ESCAPE 'CAMILLE'

Mr. and Mrs. Wm. Vigneault, who are on an extended trip to the Southern States wrote the Sun a postal saying, "We had a nice week in New Orleans at Doll Convention. I won 4 ribbons on mine, but it was really too warm to enjoy anything much outside of the hotel. Went to Pascagoula, Miss. on gulf coast from New Orleans. It was cooler but when Hurricane Camille kept getting closer, we left there Saturday afternoon. Good thing we did as Pascagoula is getting hit bad & yesterday roads were clogged north from gulf coast. We will be in Memphis this week, then Little Rock and Pine Bluff, Ark. and Texas again, then Alpine in about 3 weeks."

The Vigneaults are enjoying their vacation, were glad to escape the storm that did such devastation in the South.

### BELL LABS HAS A TINY NEW ONE

A patent on a new technology in methods of designing computers and phone switching systems, is being issued to Bell Labs' scientists Bobeck, Sherwood and Shockly.

The idea is magnetic "bubbles", tiny, movable magnetic dots each smaller than a human hair to work within a small chip of material the size of a quarter. They can be made to handle coded data, compute, switch signals and so on. A million bits can be stored in only a square inch! And they will reduce costs and eliminate expensive external connections.

"Me slept with daddy last night," said the small child to the kindergarten lady who believed in correct diction, even by the very young. With emphasis, the teacher said, "I slept with daddy last night." "Well then," said the child, "You must have come in after I went to sleep."

**LACKO WEDS, TO LIVE IN EC**

It has just been revealed that Martin Lacko, owner of the building on Alpine Blvd., next to the Woman's Club, was married on Aug. 9. The bride was Mrs. Dorothy Sampson of SD. The ceremony was in St. Martin's Catholic Church in La Mesa.

He recently built a modern apartment over his shop, but will rent that as the newlyweds bought a fine new Barrington mobilhome, 24 by 60, will live in Rancho Valle Park in EC.

**MANY BIRDLOVERS HERE**

In the Aug. 15 Sun there was a photo and story about Mr. & Mrs. Henry J. Friel, sr., who enjoy Alpine life at their nice home, 1018 Midway Dr.

Now comes a note from them: "Dear Clarke Irvine: We wish to thank you for your very fine item of our home. Also wish to thank all our friends that advised us of proper feed for our little hummingbird pals".

The Friels, like many residents in these beautiful hills, have placed feeders for hummingbirds. The Friels mixed honey and water, and several people called the Sun, and the Friels, to warn on just how to feed these beautiful little winged people.

There was an enlightening story with pictures in Zoonooz from the SD Zoo, revealing facts about feeding in captivity, or in the wild, with honey or sugar mixtures. Many birds have died from this diet, as the honey becomes toxic leading to a fungus growth on the tongue, resulting in a slow, painful death.

"We recommend a mixture of 1 cup table sugar to 4 cups of water", advises Zoonooz. The tip of the home feeder can be tinted red with nail polish as red invites the hummers; the mixture need not be colored. If you can see a copy of Zoonooz, read the article, it is well worth while.

**2 BIG PICNICS AT HOLIDAY RANCH**

Mrs. Phyllis Crusoe, who with her hubby runs Holiday Ranch, reports that Sunday they expect 400 from the Naval Supply Depot, at their annual family picnic.

Also booked for this weekend is Jet Air Engineering of SD which should total over 300 at their annual family doings.

**NEW (OLDTOWN) BRANCH FOR SDG&E**

This unique new office, a branch of SDG&E in Oldtown, first settlement of SD, is designed and furnished in early California style, blending with numerous structures in the antique part of the city, around the old plaza. Employees even wear dress of the 1880, s, and there is a display of early-day appliances, tools and so on.

**ART GUILD NOW HAS 35 MEMBERS**

John Titus, prexy of the local art group reports that they are growing slowly but steadily, now have 35 active members. Workshops and classes are underway every week in oils, pastels, photography, jewelery and even pottery at the Alpine Art Chalet, 1321 W. Victoria, which John and Simone Titus own and operate.

### STULL SPOKE TO NICE CROWD

Despite the holiday, a good turnout greeted Assemblyman John Stull, R-Leu-

cadia, in the school auditorium, with Louis Landt as chairman, sponsored by the Mt. Empire Calif. Republican Assembly of which Alan House is secretary.

Stull explained briefly the legislative sessions, answered many queries on current problems and new ideas.

A deaf woman entered a church carrying an ear trumpet. Soon after she had seated herself, an usher tiptoed over and whispered: "One toot and out you go!"

## YES, TIS A SMALL WORLD

The other day in front of the PO the Sun editor was talking with Martin Lacko when Don Bates came along, noted the hirsute adornment on the editor, said "you look like Ernest Hemingway" with that beard".

"Yes, and some say it looks like Andrew Carnegie" replied the writer.

Then Don mentioned Dale Carnegie and said he had been at his class in SD back in 1950 for eight weeks, whereupon Martin exclaimed, "I was in that class, too, but I did not meet you then!" What coincidence!

## MRS. GUSTAFSON CHAIRMAN

A delightful tea was enjoyed at the Cuyamaca Club Thursday at 1:30 sponsored by the Cystic Fibrosis Foundation with Mrs. Robert Gustafson of Alpine as honorary chairman.

Teacher: "Now Johnny, if I were to lay two eggs over here and three over there, how many will there be altogether?"
