PICK'S DAUGHTER BUYS HERE

Doris J. Pick, a doctor of psychology with the San Rafael school district, and her girl friend, have purchased the 1/2 acre with 2-bedroom house formerly owned by Leonard Morrow, for an investment. The home, now occupied, is on N. Marshall Road.

Transaction was handled by her father Louis Pick of EC.

TAX GRIPE DEADLINE SEPT. 15

Inquiries and filings for equalization of current assessments show that there are more to date than in the past three years, says Porter D. Cremans, clerk of the appeals office which is now taking filings. He and the assessor have trained staffs ready to assist taxpayers in discussing questions. Details from 239-7711, Ext. 471.

HULA PARTY WAS A BALL!

Last week's big luau at Alpine Village was indeed a memorable affair for residents of Auren Pierce's apartment complex on the hill.

Around 100 tenants and their guests enjoyed the potluck, music, singing and performance of a troupe of local hula "artists".

Photo shows the gaily costumed folks lining up for chow, at the loaded board at right, by the pool.

JONES' SELL RANCH

Mr. and Mrs. Jesse Jones have sold their 1.62 acre ranch on Arnold Way to Mr. and Mrs. George W. Hausworth who have a 4-year old son. The transaction was handled by Joe Wilson Realty with Beverly Dunlap as salesman.

The Hausworth family have moved in, are getting settled nicely while the Jones' are living in their new ranch in Dehesa, love the home, area and beautiful scenery.

Many women could add years to their life if they'd just tell the truth about their age.

Maybe hard work never killed anyone, but it's a safe bet that no one ever rested to death.

As he tried to move a man while running, Smiley of the woodshop at the Willows, cut his thumb when his grip slipped and the digit went through the cage. It is healing nicely.

GROCER JERRY HARMER DIES

Private Episcopal services will be tomorrow at 2 p.m. in Paris Mortuary Chapel, 374 N. Magnolia in EC, for Gerald (Jerry) Cameron Harmer, 59, of 2262 Alpine Blvd., who died from a heart ailment Monday afternoon.

With his wife Ruth, they owned and operated Florence's Market, since her mother Mrs. Florence Clarke died in 1963, when the couple moved here from Santa Rosa. Mrs. Clark and her husband Harry, started the store, and when he died in 1953, she carried on till her death.

Harmer, a native of Yakima, Wash., had lived in the state 25 years, coming from Portland where he was in the insurance business. Later they moved to Crescent City, then Arcate. He was a member of Washington Masonic Lodge, Portland, and Aahmes Shrine of Oakland. He founded the Crescent City Shrine Club.

Survivors, besides the widow; two sons, here for the funeral, Dick, of Arcata, and Mike, of Santa Ana; a brother, mother, four grandchildren, all out of this area.

CELEBRATE 29TH ANNIVERSARY

Harold and Lucille Bates of Holly Road celebrated their 29th wedding anniversary at a delightful party with all of their children present.

Flying from Denver came daughter Bonnie Malone and two boys Pat and David. Husband Patrick had to stay home and take care of business. Son Dale drove out from Florida where he is stationed with the USCG and daughter Cathy and husband Paul and year old son Tony drove up from their home in El Cajon.

All three of their children had a vacation, spent it visiting the many attractions in and around SD and most of all enjoyed the beaches. The Bates' say "it was a month of fun and one to remember for a long time."

ALPINE INN OPENS TOMORROW

Working day and night, Buster McDonald, plans to get his new cafe and lounge in operation Saturday. See last issue for his interesting menu.

PEDIATRICIAN OPENS OFFICE

After having purchased the McDonald ranch (Cat's Acres) and refurbishing it, Dr. and Mrs. Ward A. Peterson have moved in. They love the area and he will open his office here Aug. 3 in the Lacko Building, 2144 Alpine Blvd, specializing in infants and children. As he has a SD office, will be open here from 9 to 12 every day including Saturday with Mrs. Arlene Georgian as nurse.

Alpine needs a bus service to EC.

EDITORIAL

TAKE IT EASY AND YOU'LL KILL YOURSELF!

Action is life! Mankind is fast becoming a race of urban sitters, most of whom take little or no exercise, or breathing.

In the past decade diseases of the lungs-- chronic bronchitis and emphysema-- have risen some 200% as a cause of death. Many come to Alpine for its salubrious climate, beneficial to sufferers from respiratory ailments, mostly asthma. It is said that in 1850 only four cities around the world had a population of a million or more. By 1900 it

had risen to 19. In 1960 there were 141. Today world urbanization is zooming at a rate of 6.5% a year, says the Institute of Social Studies in the Hague.

This startling figure indicates a doubling of the globe's population in about 11 years, unless man does something about it. Right here in quiet, charming Alpine this is taking place: more housing, the freeway, more paved roads and buildings, and-- people. Just last week the PO added a 3rd route, and it needs larger quarters which were squashed when President Nixon clipped the building program. The money MUST be used for war!

In my lifetime of 77 years I have seen man move off the farm and into the metropolis. Most workers arise, sit at breakfast-- most eating foodless foods-- walk to the garage or bus, ride to work, then sit all day. Again they ride home, sit at table, then TV or radio-- maybe read-- then to bed. The whole 24 hours is gone without much movement of the muscles, joints or lungs.

On top of all this we have the growing air pollution problem which today is being felt in NY City, Tokyo, LA and other cities. One of these brown days we will hear of thousands dying like they did in London. Smoking is the major cause of lung ailments and cancer, also leg trouble from constricted arteries.

We may not be able to go back to the farm, but we surely can take proper care of our wonderful bodies and keep them full of action for if we don't, we'll surely die! -CI

ROSICRUCIANS TO HEAR NORRIS

As a feature of their annual summer school, Aug. 4-28 at the beautiful temple in Oceanside, the Rosicrucian Fellowship is presenting Alpine's Arthur Norris in two lectures at 7 p. m. on two Saturdays.

On Aug. 8 he presents "The Starry Universe" a graphic distillation of man's knowledge of the universe, including the solar system, milky way, stars, nebulae and galaxies.

On Aug. 15 he will give a "tour" of the universe with "Pictures in the Sky", through dramatic observatory photos as remote constellations are explored and explained. He illustrates both talks with over 200 color slides of which he has made many hundreds. The talks are free.

4H CONFERENCE AUG. 17-21

More than 75 young members from this county will attend, is highlight of the year for many 4-H'rs.

Back from a delightful two weeks' vacation are Blan and Betty Brooks and 3 little daughters. They drove up the coast, visited San Francisco, Carmel and other points of interest, had a grand time.

MEMO FROM CLAUDE BAILEY

Could your home "weather" an estate settlement, too?

When nature strikes, you're confident your home and your family will ride out the storm. But another kind of storm can hit which might be far more difficult for them to weather. It happens when you die without leaving sufficient *cash* to meet estate settlement costs. Your heirs may be forced to sell your home to meet them.

Protection against losing their home is offered by any one of a number of New York Life policies. They can provide your family with immediate cash to help pay estate taxes and administration costs.

In addition, Whole Life steadily builds cash values for emergencies . . . or for a lifetime income when you retire. Contact me soon for details.

Lana and Dick Brotherton and some of their relatives worked all last week-end erecting a barn on the back of their property so they could store hay for their horses and those of their relatives. It looks great and was a lot of fun to build, we bet.

A dog chased Wayne and Jerry Brown's beautiful registered quarter mare into the fencing, she got so scared she bolted. Her chest was cut by barbed wire quite badly but luckily it didn't open up the chest wall and cut any muscles. She is healing quite nicely but for awhile they thought she wouldn't. People should remember that there is a County leash law and if the Brown's know the owner of the dog or dogs they can be sued. It is hard to keep a dog up but if they are going to chase anything, they should be kept in their own yard. Also if you can catch a dog in act of chasing your animals, you can shoot them without any court action brought against you.

Dick DeMatteis moved his training stable to some acreage on South Grade Road, taking the horses he has been working with. The Shilts have Sleepy Hollow up for sale so he had to move.

Eddie and Peggy Schwenck bought their little two year old son Kenny a Shetland pony. They went to Tiajuana and bought him a child's saddle and he has learned to ride and just loves it. That is kind of young to start but maybe not too little if he loves it. Cynthia takes Julie all of the time and it won't be long before she will be riding their old gelding Smokey all by herself. The Schwenck's bought Zipper from Bill Mitchell and as the pony had been used in a circus, is well trained and gentle.

Famous men get their heads on dollar bills but women would rather get their hands on them.

This little stud, Snooper's Red Baron, out of Snooper B and Black Foot Eagle's Warrior, was foaled March 26 on the Wayne & Jerry Brown Ranch, Bell Bluff Road. His beautiful blanket comes from his father, makes him a highly valuable little appaloosa.

At the Optimist Club's surprise birthday party in the Casino Inn, they had a drawing for prizes, Mrs. Hand Mathiason copped 1st, Ray Dare nabbing 2nd and Doug Fordyce cathing 3rd. Enjoying the fun were 36 members.

Mark Brodowski, with Alpine Printing Co., is out of the hospital after a slight operation on his lung to remove air, is back at work doing the photography. Dick Speth, owner, reports business as zooming.

DOUBLE TALK

Our deepest sympathy goes to the Auren Pierces at the loss of Brian. He and Lisa were quite active in our Pe-

cutting ligaments and tendons, was so bad they had to keep him overnight in the hospital. It will be 6 weeks before he gets the cast off to allow the cut pieces to grow back together. His grandma says he can get around almost as fast as he did before, but they have to watch him, as he is a real live wire.

Our neighbor Rodney Clark, who is president of the International Cortina Club, they have time and distance rallies, took a 2nd and 3rd ribbon Saturday at their last meet. They started from Mission Valley, ended up at the Pizza Palace on Fletcher Parkway. He has many trophies from this fun sport, is really one of their best boosters.

Congratulations are in order for Alpine's busy 4H Amigos. They won the Community Pride award again is year. Four members and leader get a free weekend in Idyllwild for their effort. During the year they really get out and do things for Alpine and are to be commended for their efforts.

Had a nice picturesque card from Charlie and Maxine Kinikin Cabella. They are visiting the Wisconsin Dells, near their home while on vacation, thought we would like to see what some of their area looks like. Maxine really loves Milwaukee, wouldn't move back to California for anything.

Grace Henry had a beautiful half-grown female siamese cat come to her home on Victoria Drive last week. As it was hungry, she fed it and now the cat wants to stay. If this is your pet, call 445-4036 as she will be only too glad to return the animal to you.

Call Dorothy Reynolds if you are in the market for some kittens. She has some half Siamese and also a purebred one to a good home. Her number is 445-4083.

EL PASOANS VISITING HERE

In photo, from left are Mrs. Margaret J. Sloan, and her daughter, Mrs. Harold Pittenger, in front of the beautiful fireplace in the Sloan home here.

Mrs. Pittenger drove out from the Texas city with her daughter, Peggy, 15, for a fortnight, are visiting many points of interest.

This afternoon Mrs. Sloan is giving an informal tea honoring her visitors. Attending: Mmes. Vernon Rood, Geo. Nilson, John Ronske, H.K. Weltken and daughter Cynthia; Victor Baumeister and Alex Nason, sister of Mrs. Pittenger.

oil on rawhide! It will ruin it beyond repair. The best thing for cleaning and softening it is a good grade of saddle soap, and the only really satisfactory way to apply it is to work it in the plaited rawhide with your bare hands.

A little hint is to do this outside in the sun or where it is warm because it just won't soak in when the temperature is too low. Work up a good lather and slide your hands up and down using a little muscle for the heat of the friction will open up the pores of the rawhide and let the glycerin in the soap penetrate.

You should do this three or four times the first week you have some new rawhide gear and then after each use of the equipment. By doing this you will keep your saddle and bridle clean and soft and it will last as long as you need it. Rawhide can be quite rough on you and the horse if it isn't taken care of and it won't last if it is allowed to get hard and dry. It will break fairly easy when it gets brittle.

And don't forget that all leather goods must have careful attention to ensure adaptability under varying conditions and to lengthen its life. Bad effects are chiefly from water, oil, grease, dirt, chemicals, even polishing. And this applies to your tack, shoes and other leather goods.

A little care and work can keep your horse equipment in beautiful shape.

ROAMING AROUND EUROPE

From Dr. Roger Larson

After arriving in London I took the tram to Cardiff, Wales, for a stay with the James Knights'. Family members are well and happy and they gave me a royal time, guiding me on a walking tour of Cardiff, the castle and museum, then a drive to Stoneburge, the archeological druid ruins dating from 1500 BC, and other places of interest. When it was time to depart we drove through beautiful green country and quaint towns to London where I boarded a plane for Sweden.

Last week I stayed in Gottenburg with my cousin Anders and his wife. Tomorrow my cousin Sven picks me up for a trip to the north.

This morning I attended a Lutheran Church, the chancel portion which remains from a church erected in 1200 A. D., with other portions build in 1500 and 1783.

Sweden is a prosperous country with a high standard of living similar to ours. There are no slums and no poverty; provisions are generous for the elderly and those in need. The country has not been at war for 170 years so money has been used for social needs and education. Sweden can be described as a welfare state instead of a war fare state, and is an example of what a nation at peace can do when Protestant values are combined with the Christian social and humanitarian concerns.

We must realize that with a more homogenous culture their problems are less complex than ours. In our country racial discriminations for many years have created pockets of poverty and ignorance which we do not know how to cure quickly. The Biblical statement that the sins of the fathers shall be visited on the children until the third and fourth generations may be true in our country, for the prejudices of the past may take that long to overcome.

It will be good to return to Alpine at the end of 80 days.

Alpine needs a resident vet.

MARY A. ANSELL

Cremation was Monday for Mary A. Ansell, 84, who died Friday in a rest home in Santa Ana, the ashes being sent to Cypress View in SD.

She came to Alpine with husband James C from New York in 1919, lived here in a cottage, later on their ABC Ranch, Olivewood Lane until she left for Santa Ana to be near her sister Mrs. W. M. Tipple and family.

Her husband died in 1956. She was an active member of the Woman's Club, made many friends while living here. She also ran a tearoom called Rose Cottage at the site of the Empire Market around 1930.

AR-TEASE-TIKS!

By Betty Moore

Alpine Area Art Association was well represented at the Junior Women's Club Art Mart at Wells Park in EC Saturday. Rosella Brewster, Simone Titus, Sabin and Mary Gray and Fran Good comprised the representation. A fine display of figurines of children and animals, sculptured by Betty Timson, created a great deal of attention as well as Gray's jewelry display.

Bryon Rodarmel, teacher of abstract at Alpine Art Chalet, brought his work in silkscreen, water color as well as photos of the sculpture he has on display in various places.

Because of the warm weather, the club's representatives probably spent the weekend nursing sunburn, but the showing was worth it. The profusion of representational, traditional and abstracts in oils; the colorful displays of stitchery, jewelry, pottery and arts in other media, as shown by various organizations and classes in the county, gave Wells Park that decollete on a beautiful summer day.

Note to members. The month of August is an exhibit of things you want to share in addition to first showings.

FREAK ACCIDENT HITS MILLER

While mowing weeks Sunday, Bob Miller, Japatul Road, was accidentally hit in the instep with a wire that was driven through his shoe, through the flesh and out again. The wire was on the ground when the rotoblade picket it up and sent it through like a bullet. Bob is laid up for a week, has doctors orders to keep off of it until it has healed.

Chas. Kempster with his wife is leaving their apartment at Alpine Village to live in Detroit. They were 2nd tenants to move into the fine new village.

MAILBOXES MAY NOW BE MOVED

H. T. Magnussen, PM, advises that "Rural route patrons that receive mail on Victoria Drive, Tavern Road south to South Grade Rd, and on that street from Foss Road east to Alpine Blvd., may now move their boxes to the side of the street that they live on, as the carrier drives these three streets both ways."

Photo shows Jimmy Rhea handing mail over to new carrier Bettye Hollis, who started work Saturday when new Route 3 was inaugurated. Only a year ago Alpine put on its 2nd route, which shows the fast growth of the town.

Miss Hollis, who lives at the Willows, is a retired S/Sgt of the USMC, knows many here as she recently worked on the 1970 census.

Magnussen invites you to phone the PO, 445-2020 for answers to any questions "regarding this change-- which took place Saturday-- and your mailbox location". And don't forget, paint your name and house number on the box, and leave the route number on to help new carriers.
