CAMPO — Clearing approximately \$2,000 for the various needs of the Mountain Empire High the Fiesta de Mayo was considered a complete success by the Parents and Boosters Club and all of the people who attended the beautifully organized affair.

Lovely queens, graceful horses, excellent food, games and booths helped to make the day a fun-filled experience for the huge crowd who took advantage of all the excitement and thrills.

Guests from south of the border, including Pedro Santana who is with the Tedate Mexican Tourist Bureau, completed the day and the gaiety and costumes added much to the festive occasion.

Unfortunately, one sour note appeared when an overzealous newspaper woman

A real country open pit barbecue is planned and there will be booths for added enjoyment.

reportedly took the list of the winners, leaving the members of the club to spend a great deal of time and money in acquiring the list for other publications. They did all that they could to assure all media an accurate list, and this list follows:

High point trophy was won by B. C. Smiley, a contractor of Lakeside. There was a contestants drawing for a hand woven bridle donated by Tecate residents which was also won by Mr. Smiley.

First place winners follow: Texas Barrel Race, Terry Clark; Quadrangel Stake Race, Terry Clark; Flag Race, B. C. Smiley; Flag Race for residents of Mt. PROGRAM ENTERS SECOND YEAR

SANTEE — New Junior members of Edgemoor Geriatric Hospital Auxiliary will receive their training in two one-hour meetings to be held at the hospital in Santee on May 18 and May 25 at 4 p.m. When their training is completed these Candy Strippers will help patients during the summer in such activities as recreation, entertainment, crafts, beauty care and library.

The Junior group at Edgemoor is new. This is only the second year that girls from 16 to 18 have worked at the hospital as volunteers. Anyone wishing further information about the program may call the Auxiliary office at the hospital, 448-2411.

Donkey Killed On Arnold Way

ALPINE — At 4:40 p.m. last Thursday, a donkey named "Rebel" ridden by James Allen Ingalls was killed by a car driven by Guadalupe Lopez. The boy was riding "Rebel" on the shoulder of the road when the car came around a blind corner and struck the animal.

Jimmy was not injured other than minor bruises and was not hospitalized.

The donkey and boy were on the opposite side of the road from the car. The law states that any animal should be ridden on the same side of the road as the traffic and must obey all traffic laws except those that are not applicable, such as headlights, horn etc.

With the large horse population in Alpine and vicinity, it would be well for riders to check on the law, as many experienced horsemen have stated that they were not aware of the law.

FLOOD CONTROL PROJECTS SUGGESTED

WASHINGTON — Rep. Lionel Van Deerlin (D-S.D.) has told a House subcommittee that three flood control projects in San Diego County "are of vital importance in one of the fastest growing areas in the nation."

Van Deerlin this week addressed the Public Works subcommittee which began hearings on a review of appropriations for California flood control projects by the Army Corps of Engineers. He drew attention to the Sweetwater River Flood Control Project, the San Dieguito River Survey and the San Luis Rey River Flood Control Survey.

The San Diego congressman pointed out that "a flood control project in the lower reaches of the Sweetwater River would protect approximately 1,200 acres with a value, including land and structures, of approximately \$10,500,000."

MEAT PRICES TO SOAR

SAN DIEGO — Retail prices for pork and beef in San Diego will soon rise sharply. The rise is expected because of a continuing increase in wholesale prices of meat.

Most of the increase recently has been absorbed by the retailers but it is doubted if they can hold the line much longer.

In one supermarket chain retail prices for beef already have increased about 10 per cent and consumers will probably soon have to pay 40 to 80 cents a pound more for choice beef steaks and up to five cents a pound more for bacon, ham and fresh pork.

OFFICERS ELECTED

ALPINE — At the last meeting of the Alpine Woman's Club new officers were elected for the next year, reports Mrs. Goldie Vancil, president.

New officers are as follows: President, Mrs. Vancil will again take this important office; Mrs. Pete Putnam, first vice president; Mrs. T.E. Hill, 2nd vice president; Miss Margaret Lowthian, third vice president; Mrs. A. L. Adams, recording secretary; Mrs. Daniel Westfall, corresponding secretary; Mrs. H. W. Johnson, treasurer; Mrs. H. A. Colby; parliamentarian; Mrs. Katherine Black, hospitality hostess; and Mrs. H. A. Johnson, Junior past president.

Installation of new officers will be held at a potluck luncheon to be held on June 8th. Time and place will be announced at a later date.

The next regular meeting will be held at the clubhouse on May 25 at 2 p.m. Mrs. Vancil, president, has called a board meeting to be held at 1 p.m. preceding the meeting in order that plans might be made for the installation of officers.

Local Scouts To Participate

DEL MAR — The World's Fair of San Diego Scouting will be held Saturday, May 22 from 11 a.m. to 7 p.m. at the Del Mar County Fairgrounds. Taking part in the festivities will be scouts from Alpine and vicinity.

The theme for the fair will be "The Wonderful World of Scouting" according to Harlow McGeath, general chairman.

Fairgoers will see over 330 demonstrations illustrating Scouting skills, ranging from mixing pancakes in a cement mixer to caveman cooking; from building your own canoe to making a bathtub sail. They will also be able to try their skills at several games including nail-driving, extinguishing candles with water pistols and bean bag skills.

Proceeds of the Fair will be used for Scouting projects throughout the County.

Tickets may be obtained from any local scout and are \$1 per ticket.

DEADLINE FOR CLEANUP IS SET

ALPINE — By action of the Board of Fire Commissioners at their regular meeting May 17, 1965, June 15, 1965 was set as the clean-up deadline. At that time the Fire Marshall will start making inspection throughout Alpine Fire District pertaining to State regulations requiring thirty (30) feet clearance around buildings and ten (10) feet clearance around incinerators. None-compliance may result in citation being issued to the person or persons in violation.

LOCAL BOY WINS TOP HONORS

ALPINE — Competing in the Grossmont League tennis competition, Gary Pierce was the top men's single player and took home the perpetual trophy. He won his games by the score of 6-1, 6-2.

He entered the C. I. F. playoffs Wednesday competing with top players in the area. The competition was set for Mesa College.

NOTICE

An overwhelming avalanche of news poured into the Town and Country News office this week. We regret we did not have the room for all of it along with many wonderful pictures. We dislike being a week late on anything, but are forced to hold over a few things. We trust you will bear with us!

TEEN FORUM CONTEST OPEN

ALPINE — A nationwide program has been provided to give teenagers the opportunity to express themselves on the subject: "My Responsibility to America."

The program began May 1st and will continue to July 4th.

The program is sponsored by the Rexall Drug Store and two finalists will be selected from each state to attend the Teen Forum in Washington, D. C. From those 100 finalists two grand national champions will be selected and awarded all-expense-paid trips to Europe, including visits to Russia, Poland and Czechoslovakia.

COLLEGE SEEKS CATALOGUES

GROSSMONT COLLEGE — What would a college drama department do with old Sears and Montgomery Ward Catalogues?

Think about it a minute, and you will realize that these catalogues contain a picture history of American dress and would be invaluable for the preparation of costumes for period plays.

This is why Department Chairman Martin Gerrish is issuing a public appeal for such old catalogues.

MEMORIAL POPPY DAY

Following is a communication concerning the Memorial Poppy. This was received from the American Legion Auxiliary, Mountain Empire #363 in Boulevard. It describes so well, the reason for this familiar sight each year at this time. We want to thank Marie Gavin for this thoughtful commentary.

"The Memorial Poppy is just a little paper flower, fashioned imperfectly by the hands of disabled veterans, yet it glows with reflection of heroic service to the cause of human freedom. Surely everyone will wear a Poppy on Poppy Day.

"By some it is called The Flower of Remembrance, but by the members of The American Legion Auxiliary it is called the Flower of Sacrifice because it is a symbol which reminds us perpetually of the sacrifices made by our Nation's defenders in three great conflicts.

"As you wear your Poppy let it remind you of the Nation's War dead, but remember that it is assisting the War's living victims, the disabled veteran and the needy child who will receive assistance from the Poppy Program.

"When your Poppy Lady comes to call May 28th and 29th, open your hearts and give generously for this worthy cause."

Alcoholics Unanimous

By FRED TINKER

QUESTION: I don't know whether you can help me or not. Although my ex-husband and I have been divorced for some time, I still love him and would be the first to ask for a reconciliation if he would only stop drinking but I'm afraid it is hopeless.

We are both middle-aged. We have two married children, a son and a daughter. I thought the shock of the divorce might just possibly shock my husband into the realization that he must do something about his drinking but instead it only made him all the worse. Now I find that he is neglecting his business terribly and if things go on it looks as though he is determined to drink himself out of the business he spent a lifetime building. He seems determined to completely ruin himself. What can I, or anyone else do? Is there anything that can be done to stop

his headlong plunge into bankruptcy at his age?

My daughter took the problem to her minister. He mentioned that as a last resort, she could go to the District Attorney's Office and swear out a "Certificate of Inebriety" that would authorize the law to pick him up on the grounds that he is a danger to himself and to others and put him in the city's Mental Health Clinic for observation. If they find him to be a chronic alcoholic they will put him in an institution until they consider him able to take care of himself. Would you recommend that we take this drastic step?

ANSWER: No. There's absolutely no way ever found to force a drunk to get sober and stay sober. This has been tried millions of times and the only thing it accomplished was to push the victim farther and farther away from a solution.

The modern approach of the medical profession and of most law enforcement agencies is to try to educate the victim or, at least, wait until the victim himself seeks outside aid. Any help anyone forces on him invariably results in resentment.

In my own particular case, my second wife (yeah, I've guzzled myself out of three of 'em, so far) tried this force idea on me, with the result that I divorced her as soon as I was released from the Mental Health Clinic. Oh, I've been sorry for it every since, but that's how the alcoholic mind works, I guess. I was pretty indignant. I considered her to be a traitor. I resented having anyone stick his nose into my drinking pattern.

No, this is one of those things over which you have no control. I suggest you remember our wonderful Serenity Prayer:

God grant me the serenity to accept the things I cannot change, courage to change

THERE'S AN ARTICLE in a current magazine entitled "How Much Can You Take," and it refers to scientific torture but I didn't read it when I discovered it was about pressure in outer space when what I'm concerned with is how much pressure I can take rebuilding a house. On good days, when all the bills are paid and we have a bank balance, however insignificant, when the sun is shining and there is a day off from work ahead, I am optimistic and I tell myself that someday this house will be completed — someday it will all be finished and every nail will be in place. That is all I ask, and it doesn't seem to me to be excessive.

WE HAVE AT the library where I work, a beautiful and expensive book called "A Treasury of Early American Homes," by Richard Pratt, and often during my lunch hour I enjoy looking at the enchanting color photographs. I came across some charming interiors of Monticello and read the caption underneath: "Architecture is my delight . . . and putting up and pulling down, one of my favorite amusements." Amusement, indeed! How do you suppose Mrs. Jefferson felt about all that putting up and pulling down! I have always considered Thomas Jefferson one of our greatest presidents, but now I have changed my mind. Robert has been insisting that his constant putting up and pulling down was necessary and we would never have a decent house to live in if he didn't shift walls and partitions around as fast as he installed them, and now I find that it is just a form

of amusement! We certainly can't afford it, the way the Jeffersons could, either.

LAST NIGHT AT dinner, Robert said with deceptive casualness, as is his wont, when he is up to no good, "Didn't you say we could use an extra bedroom?" and I replied suspiciously, "Yes, I did — why?"

"WELL," SAID THE love of my life, "it seems that there is a small house on a lot that is going to be converted into a parking lot for an adjacent apartment building and I have discovered that if I remove the house I can have it for nothing." I commented that we really didn't need another house because we hadn't finished the one we were currently working on, and Robert said I didn't understand. "I propose," he said, to use the materials in this house to construct an extra bedroom for us. All it means is moving it out here and putting it beside our house. . . ."

AND SO HERE we go again. We have not yet decided whether to change the entire roof line of our present structure to accommodate the new room. We do not know whether the staircase will have to be torn out entirely, or rebuilt, or what on earth we will do with the garage, which now also belongs to us, and which we definitely do not need — and our problems go on and on. I've thought of moving in temporarily with friends or relatives till this current upheaval is over, but nobody wants me, because I'd have to bring all the dogs and cats. A motel or apartment is out for the same reason and also because I couldn't afford it. This house we are getting for nothing is going to cost a lot in labor, in renting equipment, in building permits, installing foundations and in new plumbing and I am already overdrawn at the bank and they do not speak kindly to me at the credit union so I shall just have to suffer through some more putting up and pulling down and where it will all end I cannot imagine. I know that if I were given a chance I would not vote for Thomas Jefferson for President.

Dear Editor:

Now that the frenetic activity of the tax filing season is over and we have begun to make order out of the chaos of last minute tax returns, I want to thank the people of Southern California for the cooperation they extended my staff this year.

Ours is a unique tax system. In America each person computes and assesses his own tax by preparing his tax return. The overwhelming majority of Southern Californians submit scrupulously honest returns. Over 97 per cent of the six billion dollars we collect in Southern California annually is voluntarily paid by people who file timely, accurate and honest tax returns.

Because of the high integrity and cooperation of the American taxpayer it costs less to collect taxes in the United States than in any other country — less than half a cent for each tax dollar. The people of Southern California deserve to be commended for their contribution to this remarkable record.

In fairness to these taxpayers the Internal Revenue Service conducts a vigorous enforcement program to assure that all pay their fair share of taxes.

Editor's Note: Unfortunately, the Chamber of Commerce did not mail this letter in time for last week's issue.

Dear Student:

On behalf of the Alpine things I can and the wisdom to know the difference.

Chamber of Commerce, may I wish you best wishes upon your graduation from high school.

It is the Chamber's sincere wish that your hopes and dreams be realized. After you have furthered your education or perhaps chosen your trade, it is hoped you will consider the importance of being a member of the Chamber of Commerce.

In a city such as Alpine, where the one main governing body is the County Board of Supervisors, the Chamber's

work becomes all important as the next large body of men and women joined together locally, contributing to the betterment of their community.

It is the Chamber's wish that you, one day in the future, join this civic group and contribute your efforts and talent to making it a successful governing body.

Again, good luck to you from "your" Chamber of Commerce, I am
Sincerely,
ALPINE CHAMBER OF

Group instruction will be offered for pre-school, grade school and high school. Private and semi-private lessons will be available for adults.

Meet The Round Tire!

It rolls at least 3,000 miles further.

If you think all tires are perfectly round you've got another tire coming: The Atlas PLYCRON®. It's rounder. And roundness is only one reason it rolls at least 3,000 miles further than even the tires that come on most new cars.

Atlas has a much rounder mold! What makes it rounder? A rounder mold. A pre-1960 engraved mold that's within 3,000 of an inch of perfect round. Other molds can be out of round by as much as 30,000 of an inch. Small difference? Maybe. Until you think how

many millions of times a tire turns a year. Then that difference adds up, for rounder tires roll more smoothly, wear more evenly.

Card strength, wrap-around tread, many other things are important, too. The point is, only a tire this carefully built can give you those extra miles.

At least 3,000 more miles! The toughest possible driving tests prove you can expect at least 3,000 more miles from The

Round Tire — more if you're an average family driver. Want more miles? Make The Round Tire your tire!

ALPINE LIVELY OAKS REPORT:

ALPINE — The members of The Alpine Lively Oaks gave an appreciative round of applause to Mr. and Mrs. Jim Pinkerton for their efficient and successful handling of a group of 45 members and friends who attended the Circle Theater Cinerama.

Three young members from SYNONON, San Diego, gave a short history of this helpful organization, its operation, purpose and success in helping to rehabilitate young narcotic addicts. They are self-supporting and offered some fine pencils and ball pens to the club, the proceeds from which will be used for general operations expenses. The club purchased one hundred pens.

HERE and THERE

WILBUR BALLINGER OF Dehesa Road, reports Shirley Thompson, recently returned from a trip East where he visited son Wilbur Jr. and family. Wilbur Jr. and wife Laura (Phelps) Ballinger are former Dehesa residents. He is now Junior Industrial Engineer at the Remington Plant in Searcy, Arkansas. Mr. Ballinger reports his trip as exciting and eventful, having visited Christian Colleges and Schools at Searcy, Ark.; Dallas and Lubbock, Texas. . . . We have a couple of families in Dehesa who will be attending two graduations this June. Mr. and Mrs. Bert Hasbrouck will see Paul graduate from Granite Hills High to attend Pepperdine College in September, while Mark will graduate into Granite Hills from Dehesa Elementary School. . . . Mr. and Mrs. Leroy Potter will attend Lynda's graduation from San Diego Union Academy and Debbie's from Seventh Day Adventist School, El Cajon. . . . Bob and Kaaren (Mourey) Phelps have Kaaren's grandmother Mrs. Mary Kramer visiting with them. Grandma Kramer, formerly of Dehesa, is now residing in San Jose. She is here for a few weeks and hopes to see her old friends again before she leaves. Miss Lynda Potter, senior at San Diego Union Academy, National City, joined about thirty other seniors for a "Ditch Day plus Two" at Big Bear Lake last weekend. Three wonderful days were spent hiking, boating and lots of eating. Sister Debbie, meanwhile, attended her eighth grade banquet at the home of Dr. and Mrs. Edward Esteb of El Cajon. Following the lovely banquet the graduates and their families watched Bell Telephone Company movies on the Space Age. . . . Six Dehesa Valley children were registered last week for Kindergarten classes in the Alpine District. Those looking forward to September classes at Harbison Canyon School are Chris Homer, Jill Huskey, David Kurtz, Jill Ann Nelson, Bruce Thompson and Cindy Willis. They will take their "pre-induction physicals" at the Canyon School Friday, May 28 at 1 p. m.

PROGRAM FOR THE Alpine Kiwanis this Thursday will be the Forest Rangers from Descanso. . . . Everyone is looking forward to the "Wagon Wheel Show" which is to be given by both the Kiwanians and the Alpine School Teachers. It promises to be a great show with a million laughs, they tell us. . . . We understand that Ed Cunningham is in the hospital. He has recently undergone surgery and isn't as well as he should be. They are going through tests now and we hope we can report good news.

SUNDAY WAS AN exciting day at Miramar as the Blue Angels joined all sorts of aircraft to put on one of the finest air shows in the history of the city. Your editor and publisher were guests of the air base as were Postmaster Phil Hall and his wife Dorothy. At the right you see the amiable Bob Dale who had a quip as his picture was being taken — doesn't he always have the last word? It was an exciting day and some of us are bearing quite a pink sunburn from sitting in the hot sun for many hours. Zeke Cormier, at the right, was master of ceremonies along with Bob Dale. He is a San Diego boy and attended Hoover High some years ago. He was commander of the Blue Angels in the mid-fifties. We have only admiration for those wonderful flyers that not only put on a great show, but demonstrate what outstanding young men America has.

BOB DALE and DICK CORMIER (Town and Country Photo)

WE WONDER HOW many people realize what really talented teachers we have here in Alpine. We recently attended the Lakeside Fair where many of the paintings of the children from Alpine were shown. As we entered the room, we overheard one of the teachers telling another teacher what really fine work our children did. And as they commented on the excellent entries from Alpine, one remarked that we certainly must have talented and excellent teachers in Alpine for the children to turn out work like that. These people did not know when we came in the room that we were from Alpine, and it was certainly gratifying to hear the comments.

A FEW MORE newcomers have moved into our community recently. A "hi neighbor" to the Russell Brumbaugh family, formerly of the San Francisco Bay area, who have moved in on Harbison Canyon Road, the Wayne Chance family, from San Diego, now living on E. Noakes, and Loretta Coffman and family of Arizona who has taken up residence on W. Noakes. . . . As you gain, you sometimes lose too, and in this instance, it is the Verle Steers family who have moved to San Diego. We do hope all of you folks enjoy your new community. . . . Little Dina Marie Russell came home from the hospital last week to join brother Mike. She weighed in at 6 lbs, 5 oz, and was 19 inches long. . . . A welcome sight at the Bob Sanders home recently was Bob, himself, who returned home from a Pacific cruise aboard the USS Dixie. . . . Mike Baker was an emergency case at the El Cajon Valley Hospital where he was confined after having had an attack of appendicitis with surgery following. He is recuperating at home. . . . Mike Manning was also an emergency patient at the El Cajon Valley Hospital after having fallen on a drum stick. The stick cut his neck and four stitches were taken to close the wound, Mike is suffering much discomfort at the present time and we hope he will be feeling much better soon. . . . John Falkenburg suffered a heart attack and is confined to the Naval Hospital and will be there about three weeks.

HORSE NEWS

By STEVE PENNER

LAST SATURDAY'S FIESTA de Mayo-Gymkhana in Campo was a big success from what I saw. The new ring constructed for the horse events is really great, an asset to the school grounds. The soil condition of the ring was too soft for Gymkhana events but will probably settle and pack some with time.

SOME OF THE more successful contestants in the gymkhana were: D. C. SMILEY of El Cajon; SUE BILLINGS of El Cajon; TERRI CLARK of Spring Valley; and GARY COX of Spring Valley.

AS EVERYONE KNOWS by now, the proposed rodeo grounds were disapproved by the Board of Supervisors. As I see it, too much pessimism on the part of few, not enough support by people in favor of it, and the controversial location put the skids to this great idea for the Alpine area.

EQUESTRIAN TRAILS, INC., Corral #44, in Jamul held an election of officers meeting last Friday, May 14th, and conducted regular business. I've attended several of these meetings and had a good time among good people.
