

Major Leagues Invited To Alpine

By EDIE VAN TIL

ALPINE — Letters were sent to all professional baseball and football leagues, telling them of the merits of Alpine, according to the president of the Chamber of Commerce, Jerry Funk.

"Alpine has many advantages for just such a site, including an early spring," said Mr. Funk.

The city would lend itself beautifully for a training ground site for any professional club.

To date, word has been received from the San Diego Chargers who have recently established their club in Escondido. They thanked the Chamber for their interest and stated if by any chance they do relocate in the near future, Alpine will be given every consideration.

The mild and dry climate

of Alpine (best in the U. S. by government report) would be ideal for this project. Alpine needs something of this nature to further its growth, and what would be more exciting than a major league baseball team, or even a minor league team, for that matter?

But there is the question of facilities. It would not be difficult for a team to locate a place to put an athletic field. But where would the personnel stay? And where would they eat — they and their families, for often the wives and children of these professional athletes go with them to the training ground.

We have some fine motels, and we have some fine restaurants. But are they large enough to accommodate perhaps over 100 — or even 200

people? These questions come to mind as we think what a wonderful opportunity this would be for Alpine.

The Town and Country News would back such a move 100% but would be interested in hearing how this plan could be completed.

Next week, look for our reporter on the streets of Alpine. He is going to approach some of you, and ask you your thoughts on the subject. The answers, complete with the picture of the interviewed party, will appear in the May 13th issue of this paper.

In the meantime, be thinking what a move such as the acquisition of a major league training camp would mean to Alpine. YOU may be asked to give your opinion!

ALPINE YOUTH SPORTS PROGRAM IS OUTLINED

By EDIE VAN TIL

ALPINE — An opportunity will be given to boys from eight to 17, to participate in a summer baseball and softball program.

Spearheaded by the Rev. William Bray and Larry Wilcox, the program will go into effect immediately with the deadline for registration set for May 15th.

Boys are asked to bring the registration fee of \$3 to either the May 8th or May 15th try-out session. This \$3 will cover insurance and help to provide miscellaneous equipment, including some type of uniform.

To date, forty boys have tried out for the various teams and there is room for at least 20 more.

Both baseball and softball will be featured so that all may benefit from the program.

The first official game is scheduled for May 29th and the season will go through the August 28th game.

Parents are urged to participate in this splendid opportunity. The Alpine boys are fortunate to have leadership such as that which is provided by the Rev. William Bray and Larry Wilcox, who has been active in so many of the youth programs in this area.

Baseball can teach the youth of our community much about sportsmanship and can help them to be better men and better citizens. It is hoped that not only parents will participate but that all adults in the area will take part in the program.

Remember — it's "batter up" on May 29th for the boys of this area. Let's all back them!

FAIR FUN SET

EL CAJON — Pie eating and freckle counting will be features of the special Kids Day Show, May 29th at the Eastern San Diego County Fair which will run May 27 through May 31 in El Cajon.

Also scheduled for the fair is a Hobby and Science Show which will feature six divisions. These include crafts, homecraft, photography, science, models and collections.

Also planned for the Fair is an internationally famous stage show, a Queen contest, a baby contest, a horse show, a 4-H Future Farmers of America, Junior Livestock Show and Auction, a Flower Show, and many exciting rides, exhibits and displays.

'Kiss Me Kate' Has Encore

EL CAPITAN HIGH SCHOOL — Sell-out crowds at the first productions of "Kiss Me Kate" forced the group to once again present the play last Friday night.

According to Russell H. Savage, principal of the school, "... we had to turn away audiences. It was a truly gratifying experience and we are most happy to have support such as this in the community. We have never before been faced with a situation where we had to turn away people for a high school drama and musical production."

And the show did go on once again for all those who were turned away. It was once again a splendid performance and the large audience was greatly appreciative of the wonderful show given by the very talented young people of El Cap.

Alpine was fortunate to have two young men, who, according to some reports "stole the show" with their splendid performance. They are Gary Pierce and Dave Bell.

In a letter to the "Town and Country News" principal Russell Savage offered apologies to those who could not get in the first Friday and Saturday evenings that the play was given.

"In the future we shall prevent this by selling tickets for certain nights, and then only the number we can accommodate on any evening. In spite of our embarrassment, we are pleased to have had such a response that dictates the need for such a policy," said Mr. Savage.

AREA ARTISTS TO EXHIBIT

Show Scheduled At El Cap, Alpine Artists Included

LAKESIDE — Local artists, including Alpine's own Holger A. O. Nicolaisen, will be showing their sculpture and paintings at the Fine Arts Show, Lakeside Family Fair.

The show will take place at El Capitan High School, May 8th from 12 noon until 10 p.m. and May 9th, 12 noon until 6 p.m.

Featured will be the paint-

ings of Jack Zajac of Scripps College, Claremont, Calif. His works have been shown in the great art museums of America and Europe.

This is a singular opportunity for art lovers to view not only the works of this great artist, but the works of our splendid local talent.

The public is cordially invited to attend.

RATTLESNAKE SEASON IS HERE

SAN DIEGO — According to the San Diego County Health Department, all rattlesnakes are deadly, even baby rattlers.

Rattlesnakes strike when surprised by sudden movement. The department recommends that when you see a rattler, you try to move away quietly. Most people bitten by rattlers are struck on the leg below the knee or on the arm below the elbow. When camping or hiking, be careful where you put your hands and feet.

If bitten by a rattler, move as little as possible, because exertion spreads the venom. You should be taken to a physician immediately.

Before going to a remote area, ask your physician what first aid treatment he advises for rattlesnake bite until medical care is obtained.

A final word of warning is issued by the Health Department: Never hike alone.

CHULA VISTA MAN BUYS PROPERTY

SAN DIEGO (CNA) — A transfer of land east of Harbison Canyon, involving approximately \$140,000, was recorded last week in the office of Al Gray, county recorder.

The value is indicated by the Internal Revenue stamps on the deed.

The land was sold by John Bell Gates of La Mesa to Thornton M. Howard of Chula Vista.

This week — through Saturday — is the 51st national Be Kind To Animals Week, a good time to "bone-up" on animal facts. Do you know the answers to these puzzlers?

QUESTION: What is the dog population of the U.S.?

ANSWER: According to estimates by the American Humane Association, there are about 26 million pet dogs in the nation today. The number has been increasing by about 500,000 every year. Reasons, experts say, are the growth in human population, the increase in personal income, movement to the suburbs, and more leisure time.

QUESTION: How much do Americans spend each year on pets?

ANSWER: Pet supplies are purchased at an annual rate of \$750 million. The total exceeds \$1.3 billion when dog and cat food purchases are added, according to the American Humane Association.

Be Kind To Animals Week is sponsored by the American Humane Association in cooperation with the San Diego Humane Society.

If You Live Here...

Weeding and feeding are high on the gardener's list this week. The spring rush of growth is underway and the weeds are thriving too. Keep them from taking over by pulling shallow-rooted ones by hand, attacking stubborn ones with a good sharp hoe and using "selective" week killers.

Feed all . . . established annuals and perennials this month to keep them growing vigorously. Lawns flourish with regular monthly light fertilizing. After azaleas and rhododendrons finish blooming, give them a feeding with acid fertilizer.

Set out plants of . . . lettuce, tomatoes, eggplant and peppers this month.

You need not be . . . without roses if you failed to plant during bare root season. Nurseries have roses in bloom, growing in containers, ready for transplanting to your garden for immediate color and blooms. Floribundas in particular make excellent container plants to display on a sunny patio.

Look for . . . blue, yellow, pink and white Marguerites to add great splashes of color to your deck, patio or perennial border.

The April Birthday Tea on Wednesday April 28th at Alpine Oaks was very well attended. Twenty one ladies were on hand to honor Hattie Wilcox, Mabel Thompson and Catherine Clarke. The table was arranged beautifully with roses and goodies prepared by co-hostesses Dorothy Lambert and Dorothy Hadaway. Mary Gray poured.

Mr. and Mrs. Maurice Frey enjoyed a short visit recently from their daughter and son-in-law, Mr. and Mrs. Frank Mazurek of Norwalk.

Richard Hadaway of Seattle was in San Diego on business and spent some time with his parents Mr. and Mrs. Ralph Hadaway. Unfortunately, Mr. Hadaway was quite uneasy over his family back in Seattle as were other residents, Adm. and Mrs. J. Ginder and Mr. and Mrs. G. Andrews because of the earthquake.

Mr. and Mrs. D. Haas of Chula Vista called on Nettie and Russell Howe for a chat. Mr. and Mrs. Harry Hodskins entertained Mr. and Mrs. John McAfee of San Diego, recently.

Col. and Mrs. R.L. Christian gave a farewell dinner on Saturday for residents Mr. and Mrs. Charles Clarke and Mr. and Mrs. Frank Rex of Carlsbad. The Clarke's and Rex's are leaving next weekend for an extended tour of the Hawaiian Islands. Immediately after the dinner the Clarkes left on a short business trip to Phoenix.

The wandering Keelings are off again. This time to Mesa, Ariz., Dallas and Salida, Colorado. They promised to be back late in June.

Sorry to report that our Assistant manager's wife, Edna, has gone up to Van Nuys to be with her ailing daughter, Mary Sheets. Better hurry back Edna, Ward looks awfully lonesome.

Town and Country News Dear Sir,

The day I placed jars in the business places on the Crest to try and get some financial help for five year old Debbie Mora, I never dreamed that a guy like Jim Dolan would offer his place of business and his time and knowledge of the entertainment world to help with this worthy cause. The result of this offer was the Debbie Mora benefit show.

This is a letter of thanks to Mr. and Mrs. Jim Dolan, and the many entertainers who gave of their time and talents, also to the people of the Crest who worked with real effort to make the show a success. Mr. and Mrs. Bob Robers, Mr. and Mrs. Joe Connelly, Jim Doonan, Gladys Gerany, Judy Reynolds, Francis Vance, Totsy Younghusband, Judy Lacy, Virginia Nelson, Fran Stevens, Virginia Thompson, Willie Cornelious, Agnes Caprio, Smithy and each member of the Crest Fire Department. The show netted \$2,762.20. I thank you and Debbie Mora thanks you.

GEORGE W. BEHRENS

P. S. I want to thank the Town and Country News for its support on this program.

On Sunday, May 2nd, Mrs. Earl Mumford, honored her friend, Martha Woodberry with a bridal shower and luncheon held at the recreation hall of Alpine Oaks. The hall was adorned with roses, gladioli and sweet peas. The refreshment table was lovely with an assortment of large molded salads and finger sandwiches. Nettie Howe and myself were happy to assist with the preparations. Martha's daughter, Pamela, poured.

SHINDIG

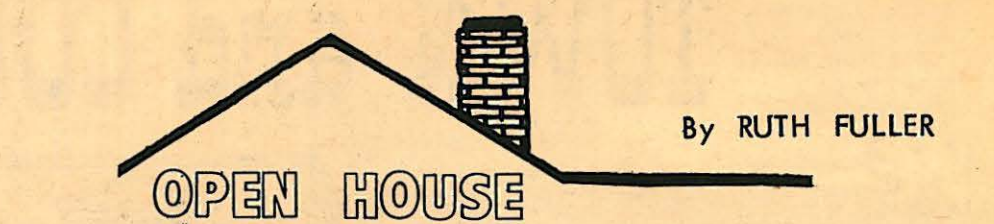

The Junior class presented another Shindig Friday, April 30. The students presented this show in its entirety. The show presented such groups as Peter, Paul and Mary, Freddy and the Dreamers and many more. The highlight of the show was when the all-league football players sang a song they wrote themselves. All in all, the Shindig was a success and the proceeds will go into the prom fund.

SENIOR DANCE

The Senior class sponsored a dance immediately after the Shindig. Judging from the attendance it must have been quite a success.

A. S. B. ELECTIONS

Many students during the next few weeks will be making a decision as to whether or not they will be taking on the responsibility of student leadership, or letting someone else do all the work.

By RUTH FULLER

WE HAVE "NATIONAL LIBRARY WEEK," and we have "Be Kind to Animals Week," as well as numerous other weeks set aside for national celebration, and at our house we celebrated on a local scale. Last week was "Why Not Remodel Ruth: She is a Mess Week."

IT ALL BEGAN WHEN I WENT TO MY doctor's office for my annual physical check-up. The first order of business was, as usual, the weighing in process. I have been studiously avoiding the bathroom scales for obvious reasons, but as I watched the pounds registering higher and higher on the doctor's efficient machinery I was horrified. I simply couldn't believe the final verdict and I said there must be some mistake — perhaps the scales were out of order? The nurse said coldly that they were in perfect condition, and then I had to face my doctor!

HE LOOKED ME OVER, AND SAID, "MY, you're getting chubby!" That seemed to me unkind. He could have said I had put on a little weight, or gained a few pounds — but chubby! Near the end of the interview he leaned back in his chair, twirled his glasses, and said "Now, would you like to lose some of that weight?" I said half-heartedly that I guessed I would. "What do you mean, you would," he thundered. "You have really got to want to lose."

I SAID HASTILY AND WITH FERVOR, that I really did, and, mollified, he provided me with a diet list, a prescription for an appetite appeaser and a large red sticker for the refrigerator door which reads simply: "STOP!" "This diet," he said malevolently, is so full of eggs you will be cackling like a chicken."

I WENT SADLY HOME TO PREPARE A calorie-laden dinner for family and guests invited for a gala evening, and almost everything I served was on my forbidden list.

I SAT GLUMLY TOYING WITH A LETTUCE leaf, while everyone else ate with good appetite and I was roused from my gloomy thoughts when my sister said: "I think I

know what is wrong with your hair." I resisted an impulse to say I hadn't noticed anything wrong with my hair, and inquired amiably: "What is the matter with it?" My sister said, "You need more of an upsweep in the front."

THERE WAS GENERAL AND IMMEDIATE enthusiastic agreement that I did, indeed, need more of an upsweep in front. Someone else added that I needed less on the sides. My mother remarked reminiscently, "You know, your hair used to be the same lovely color as Pat's, before you started to — er — experiment with it." And Pat said, "Mother, what kind of curlers do you use?" I admitted nervously that I used bobby pins and there was a stunned silence — the silence of disbelief among the feminine members of the party and someone said, "You know, these new roller curlers are simply marvelous — they would do a lot for you."

SOMEBODY ELSE OFFERED ME THE name of a wonderful operator who does terrific permanents, especially on problem hair, and then the color of my hair was discussed at great length. It was agreed that I would look much better with a lighter shade.

I HASTILY SERVED DESSERT BEFORE THE inventory went further and when everyone had gone home I watched Robert, who had chosen this late hour to put new tile on the breakfast bar and thought that perhaps if he had not yet noticed my general deterioration, if he was not aware of my impossible appearance, I would certainly feel better. So I said "How do I really look these days?" and Robert smoothed down a bit of loose tile, and without looking up from his work said: "You always look fine to me."

IF MY OWN HUSBAND DOESN'T EVEN notice how I look anymore, things are definitely serious. I am very upset about the whole thing and I wonder if perhaps I could get myself declared a disaster area? Because it is going to take a lot of money — more than I can get hold of — to improve me!

Boney, Second District County Supervisor, Thursday called for a balanced State Budget and said he would support the Budget proposal of Senator George Miller, D-Contra Costa.</p> <p>Boney, who recently returned from a Sacramento Budget meeting, spoke to a monthly meeting of Chamber of Commerce officials from his District. "The Unruh-Petris Tax Reform and Governor Brown's tax program are very much related," said Boney.</p> <p>The Brown and Unruh-Petris proposals each contain a total exemption of personal property amounting to 45 million revenue loss to the State; a sales tax on the leases of personal property, except clothes, which will prove a 13 million dollar revenue increase; an increased inheritance and gift tax, representing a gain of 10 to 20 million dollars in revenue; a tax on the private sales of autos, boats and airplanes to provide 8 million dollars additional revenue; a raise in the cigarette tax from 3 to 8 cents per pack and on other tobacco products a 20 per cent increase; a tax of 2 percent on sales to customers of utilities and an increase of sales tax from four per cent to five per cent.</p> <p>In addition, Boney pointed out that "The Unruh-Petris Tax Reform would exempt business inventories for a 237 million dollar revenue loss while the Brown proposal would grant limited relief in the taxing of inventories resulting in a 40.5 million dollar revenue loss."</p> <p>The most controversial item in both the Brown and Unruh-Petris proposals is the introduction of a State withholding income tax. "I oppose the State withholding tax," Boney stated, "the initiation of this withholding tax is intended to ease the pain of paying our state taxes and therefore future increases will also be easier for the State to foist on the taxpayer."</p> <p>Boney further stated that both the Brown and Unruh-Petris programs would enable the County to levy a real</p>	<p>property transfer tax on real estate sales of from one and one-half to two per cent. Gov. Brown would make it mandatory that the counties levy this tax; the Unruh-Petris Bill would make the transfer tax optional in individual counties. "San Diego County would be forced to levy this tax if either the Brown or Unruh-Petris tax package was approved", Boney stated. "This would be necessary because the County will lose considerable revenue due to the tax exemptions outlined in the two programs."</p> <p>Senator George Miller, Chairman of the Senate Resources and Finance Committee, has urged that a balanced budget be adopted. Boney said that Miller's recommendation is that the State determine the fiscal needs of its various agencies and come back with a Budget program to provide the needed revenue. The Brown and Unruh-Petris proposals each create a "surplus of funds for which programs will be created."</p> <p>Boney urged the Chamber officials to study the various tax programs and to convey their findings to our State Legislators.</p> <p>This month's meeting was held in National City and was attended by representatives of the Alpine, Chula Vista, El Cajon and National City Chambers of Commerce.</p>

The 6,800-yard course is scheduled to open in September. It is located in high country about 65 miles north-east of San Diego on state Highway 79. The links will be open to the public.

The new course will further San Diego County's claim as the "golf capital of the world," according to O'Hara.

NUMEROUS SNAKES APPEARING

By LORNA FERGUSON

HARBISON CANYON—The subject is rattlesnakes and the hope is that everyone will read this and heed the warning.

From all reports, these creatures are appearing in all areas and seemingly in numbers. There have been numerous snakes killed in yards and sections where people have lived for years and had no problems.

Alert children and newcomers to your area of the danger at hand this season. And above all, watch where you walk, for your safety.

SPEAKER UNRUH COMMENDED FOR STAND

SACRAMENTO—Assembly Speaker Jesse M. Unruh released the text of a telegram he received this week from Stan Musial, baseball great and consultant to the President on physical fitness:

"Your efforts in support of a daily program of physical education for the school children of California is most appreciated.

"California has led the nation educationally in the area of physical fitness. It has served as the model for other states throughout the country and we hope they continue to do so.

"The President and I thank you for your support."

KINDERGARTEN REGISTRATION TO BE HELD

ALPINE—All children residing in the Alpine Union School District who will be five years of age by Dec. 2, 1965 may be registered for kindergarten.

Registration will begin May 11, 12 and 13th, at the District Office in the Alpine School, Highway 80.

Proof of age, either birth or baptismal certificate is required at time of registration. Also the state law requires that all children entering school must have either the Salk or Sabin Polio vaccine series.

According to Paul C. Clay, district superintendent, a parent registering a child, need not bring the child to the school at the time of registration.

San Clemente Nuclear Station Is Closing For Tests

SANCLEMENTE—The Nuclear Information Center at the San Onofre Nuclear Generating Station five miles south of here will be closed from May 5 through May 9 while the plant's 140-foot diameter steel containment sphere is pressure tested.

The nuclear station, being built for San Diego Gas & Electric Company and Southern California Edison Company, is expected to be completed early in 1967. Testing of the containment sphere to determine that it is airtight and that welded seams are secure marks a major milestone in the construction project.

For the testing, air pressure inside the sphere will be boosted to about 50 pounds per square inch—roughly the same air pressure used in bicycle tires.

Similar tests are standard procedure during construction of all steam-electric generating plants, whether conventional or nuclear fueled, company officials said.

The Information Center is scheduled to be reopened to visitors May 10. Visiting hours are 9 a. m. to 5 p. m. daily.

NEW CHURCH WELL ATTENDED

LAKE MORENA—The new church in Lake Morena got off to an excellent start on the 25th of April with 35 persons attending, including nine teenagers. One couple, Mr. and Mrs. Keening came from San Diego and Missionary Bryant came from Santee, and gave an inspiring talk.

Mrs. Harry Hamilton of Lake Morena, presented a large bouquet of beautiful lilacs, which were placed on the mantle. Cookies and coffee were served during the social hour after church and the hostesses were Mrs. Victor Tarwater, Mrs. Axel Lawrence and Mrs. Alden M. Farris.

Those interested in attending should note that the service begins at 2 p. m. each Sunday.

'TRY SAN DIEGO COUNTY FIRST' TO BE FEATURED

SAN DIEGO—On May 3, Pacific Telephone will begin compiling the 1966 Yellow Pages Directories which list telephone numbers of businesses serving San Diego County.

The new directories, which will be distributed to County business and resident telephone customers late in December, will feature the San Diego Chamber of Commerce's slogan, "Try San Diego County First."

In recent meetings with Hugh A. Hall co-chairman of the Chamber's "Try" committee, company directory officials pledged their support to the "Try San Diego County First" campaign.

Advertisers will be encouraged to use the "Try San Diego County First" slogan and to list all goods and services they are able to furnish potential customers, according to G. F. Diedrichs, directory advertising sales manager for Pacific Telephone.

"We are very happy to have this all-out cooperation of the telephone company with our San Diego promotion program," co-chairman Hall declared. "In our contacts with buyers in commercial and industrial fields and the military we have learned that there are many capable firms in the County that have not made their production capabilities known."

NEW CHURCH HAS GOOD ATTENDANCE

SAN DIEGO—An intimate portrait of Sir Thomas More is revealed in the drama which opened Tuesday on stage at the Old Globe Theatre, Balboa Park.

Staged by producing director Craig Noel, the prize-winning play is scheduled for a limited run nightly except Monday through May 30.

The Robert Bolt drama is the final production of the community theatre's 29th season. "A Man for All Seasons" was selected as the best foreign play of the 1962 Broadway season by the New York Drama Critics Circle.

HERE and THERE

Alpine is fortunate to have such talent that is merged with dedication. For through this program, the women of the Alpine club did much to further the thinking and the futures of these fine young people that entered the contest. Mrs. Orbom was in charge of the program that included a splendid film on conservation also. It is wonderful to see children taking an interest in these important things, and our hats are off to the ladies who inspired them!

MRS. TOM NICHOLS is home from the hospital, recuperating from a serious operation. We send her out best and hope she will be up and around and feeling much better very soon. . . . Pat Mitchell of the Alpine Convalescent Center, is up and about now after a week in the hospital. In fact, we understand she is back working. Don't overdo Pat! And we hope you have a full and complete recovery and will feel like your old self.

PHIL AND DOROTHY Hall had a week off and spent it at their cabin in Albion in Northern California. They tell us that the rivers were full and the scenery beautiful—as always. They spent a night in San Francisco and Phil did a bit of fishing, catching some ocean perch. Dorothy spent a lot of time with her old friends. And one sour note—Phil "gouged" himself with some sort of tool and had to take a tetanus shot. Apparently he is allergic to the shot because he spent two days ill with a high fever. He says this has happened before so it must be an allergy. At any rate, in spite of that, they had a wonderful time and it was difficult for them to slip into harness. Maybe difficult for them, but not difficult for all those who missed them. It was good to see them back.

MORE ILLNESS—MRS. Hugh Trail has been very ill for the past several weeks. It all began when she took a week to visit her granddaughter and husband, Mr. and Mrs. Paul Tash who live in Fontana. They have three lovely children and one of the highlights of the week was the visit of a daughter of Mrs. Trail's, Mrs. R. M. Dillworth who lives in Los Angeles. They celebrated Mrs. Dillworth's birthday while she was with them. On the way home, Mrs. Trail had car trouble. Then to top it all off, she came down with a very severe case of the flu. She had to see the doctor eight times in one week. And Mr. Trail, who hasn't been very well himself, had to take care of her and do all the cooking during her illness. He weathered the storm well however, and we are very glad to report that Mrs. Trail is much better but still a little weak. We trust that she will continue to gain strength and be able to do the things she loves—such as getting out in her garden.

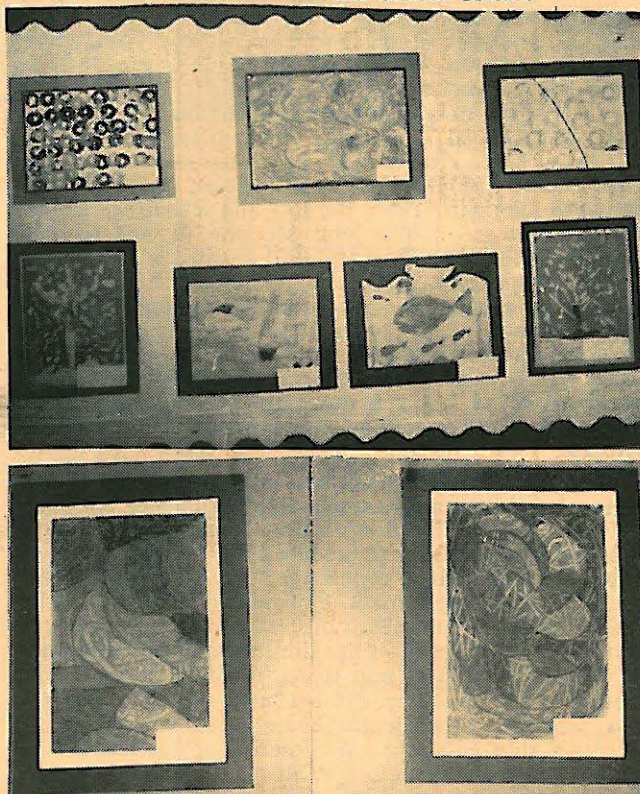

THE GAMMA GAMMAS have elected new officers for the coming year. This lively group has many interesting plans for the months to come, and heading up the list of officers is: Gladys Jennings, president (El Cajon); Eina Bratt, vice president; Elsie Hoffman, recording secretary and Alpine publicity; Jolaine Huey, corresponding secretary; Patti Blankenship, treas., Ginny Ziegler, educational division; Sharon Beale, Ways and Means chairman; Virginia Printz, social chairman. The project for the group is the gathering of old nylons. We're not quite sure what they have in mind for these items, but we know that it is something worthwhile. So if you have any of these old nylons, you may get them to any member of the organization or drop them off at the Empire Market where Eina Bratt will take care of them for you.

PAUL CLAY AND his wife, headed up a group of eight Alpiners who attended a Kiwanis meeting held at Borrego Springs last Friday night. Besides Mr. and Mrs. Clay, those attending the meeting were: Mr. and Mrs. Joe Lyman, Mr. and Mrs. Verne Rood, Mr. and Mrs. Emile Sachse, and Mr. and Mrs. Ronald Van Til. The Borrego club gave a very wonderful party for the some 150 Kiwanians and their wives who attended the Division 31 meeting. It was the official visit of Governor Bill Dunlap and along with his fine speech, a lot of splendid entertainment was planned. A highlight of the evening was the appearance of the honorary mayor of Borrego, Gale Gordon. Mr. Gordon is known for his many television roles, and currently is working on the "I Love Lucy" show portraying the banker.

THE TRIP TO the desert was highlighted by the very wonderful scenery viewed by the two car loads of Alpiners. The ocotillo was in full bloom, making the desert seem to be blooming red by the acre at many points. The weather, though hot, was clear and beautiful and the barren beauty of the desert contrasted sharply with the mountain scenery viewed near Julian. The lilac is still in full bloom there and the rivers and streams—and even Lake Cuyamaca—were full and beautiful. Although less than a 24-hour trip for one group, it was refreshing and beautiful and well worth the time.

THE LYMANS, THE Roods, and the Sachses made a full weekend of it, staying at a lovely little motel called the Stanlund Motel there in Borrego. They accepted the challenge of a jeep ride and saw most of the desert area around Borrego—again aflame with the lovely red ocotillo bloom. They were shown old Indian grounds and all the sights of that beautiful country. It was a two-hour trip over some mighty bumpy ground. And unfortunately, Julia Sachse has had some trouble with her back since the ride. The group went on to Hemet, hoping to obtain tickets to the Ramona Pageant, but unfortunately were not able to get them. They settled for an art show, which was well worth

the time as they saw some beautiful pictures painted by the local artists.

FAY FARRIS REPORTS from out Campo way and parts north, south, west and east that... on Monday of last week, a group of Homemaker Club members and others interested in the Visiting Nurse service for the Mountain Empire area, attended a luncheon and workshop at the Town and Country club in San Diego. Forty-six persons enjoyed the affair. Those from the Mt. Empire were: Babe Johnson, Pat Chase, Peggy Fisher, Bess May, Kay Kemp, Beverly Martin, Mary Crawford, Gertrude Haskell, Ladonna Mulhauser, Mary Baldwin and Evelyn Fors. It was a lovely affair and very worth while.

A CANASTA PARTY was given recently by Helen Cooper of Buckman Springs Rd. and those who enjoyed her lovely home and hospitality were Pauline Morton, Charlene Mitchell, Leota Dowd, Bobbie Hasenmaier, Betty Brown, June Rinks and Pat Sutton.

LAKE MORENA RECREATION Park was buzzing with people the weekend of April 24-25. Most of them were Square Dancers who attended a Square Dance at the Village Inn on the evening of the 24th. The hosting club was "Paradise Eight" from National City. There were about 80 people in all and most of them brought their trailers and campers — some parked in House Canyon which is just south of Lake Morena. This is an annual affair and was started last year. . . . On Friday night, May 7th, a motion picture will be shown at the Mt. Empire High School Auditorium in Campo and the funds raised will be given to the Cancer Fund. The picture will be "Swiss Family Robinson," and it will start at 7:30 p. m. This is a Walt Disney color film and everyone is welcome. Adults are 50¢ and children, 25¢.

AL HASENMAIER OF Morena Village and his nephew just returned from a fishing trip to a spot 30 miles south of San Felipe, Baja California, and they are proud to report they caught a 90-pound Totuava. Congratulations! . . . Mrs. Edna Grand of Campo passed away a week ago Sunday and was buried last Thursday in Alpine Cemetery with Paris Mortuary in charge. Her husband Edward, a daughter, Mrs. Shirley Candelaria of San Diego, a brother and two grandchildren survive. Our sympathy is extended to the family. . . . The home of Gertrude Haskell of Lake Morena was the scene of a luncheon and card party for Mt. Empire Woman's Club members and friends on Wednesday of last week. Hostesses were Mrs. Haskell, Flora Skonberg and Ruth Mullins, assisted by Muriel Ut, Catherine Hadley, Evelyn Fors and Ardelle Craft. There were six tables of cards and a total of 27 people present. There were door prizes given.

LORNA FERGUSON SAYS that while she is writing her news it doesn't look much like spring with all those clouds rolling around the sky. But one only has to make a tour around Harbison Canyon to be reassured. The flowers are in bloom abundantly, the good looking front finish on the duplex home on Harbison Canyon Rd., the two houses that have been moved in and are being made into really handsome homes, much weed cutting and planting still going on and the smell of barbecue smoke emoting from various yards and patios. Another sign of spring — those things that are still making the rounds: Ray Bryant has been ill with the measles, Lucy McConnell is down with a severe sore throat and cold, the Bob Waites are not feeling quite up to par, and many cases of spring fever are being suffered!

PAT PATTERSON WAS a visitor to the canyon over the weekend, talking about that fishing trip he was leaving on. . . . Virginia Hettinger, of Imperial, here for the weekend visiting and attending the Cooty-cootiette convention at the Grant Hotel in San Diego. . . . Other convention visitors from the area were: The Charley Cobbs, Alice Doering, Ruth Scott and the Bob Zimmermans. . . . Ken Carpenter entertained a group of teens with a swimming party on Saturday. The water and mounds of food were enjoyed by all. . . . Pug Ferguson and family, Fran Barta and son, Chuck and Fred Osle joined the Don Fergusons for a patio barbecue on Sunday, only to be driven in the house by the cold wind that appeared. . . . Nice to see Billy Hopkins home on 14 days leave after having completed his basic training at the Naval Training Center, San Diego. He will be reporting to Memphis, Tenn. for duty and schooling, following the leave. . . . The John McConnells had as their overnight guest, last Thursday, Bill Phillips of La Placenta. . . . We are sorry to hear that Elwood Robertson of Escondido, American Sunday School Union representative and frequent visitor to our Community Church in the canyon, fell from a ladder while working at Camp Faith and suffered a broken bone in his foot. He is presently confined to the Palomar Hospital. . . . Andrea Carbaugh recently suffered a broken foot and is making her way around on a pair of crutches.

MOWERS ARE WHIRRING away all over the "Hill" with the local folk clearing around their residences and out-buildings to reduce the fire hazard. That rain some weeks ago was a Godsend, but it produced the dangedest crop of weeds we've seen in a coon's age. Let's all bear a hand and follow the Department of Forestry's fire prevention regulations as the fire hazard this summer obviously will be great, and the memory of the fire through our community last October still lies fresh in our minds. . . . The May meeting of the Deerhorn Civic Club will take place this Friday evening at the meetin' house on the Young Christian Workers' Camp at 8 p. m. An interesting agenda and refreshments after the meeting await all those attending. . . . It's with sadness in our hearts that we heard of the passing away of Ray Hughes last Saturday evening. He suffered a heart attack and passed away while being rushed to Grossmont Hospital. Rev. John Amundson informed us that services were held this Monday evening at the El Cajon
