The season is almost over! Here are some of the mother's and boys making decorations for the dance that will climax the season. From left to right, back row: June Jones, Ruby Daniel and Edna Dolan. Our stars of tomorrow are: Russ Jones, Steve Dolan and Carl Daniel. At the right of the picture is an old-time Little League fan who used to attend all the games. In his later years he is not there quite so often, but still is an ardent fan.

## Notes To You

By Ray Grayson

THIS IS THE TIME OF THE year when most people are thinking and planning for the long-looked-for vacation, which to many is the one chance to get away from it all. However, getting back to it all is the really important thing, and, sadly enough, we know that many people who leave their homes this summer will have seen them for the last time. In our annual traffic toll this may be listed as the top tragedy; coming as the aftermath of what otherwise was to be a period of pleasure.

THE UNFORTUNATE THING about the whole matter is the individual belief that will always happen to the other fellow! What to do about this is, of course, beyond human solution, unless, again, it can be applied to the individual case. It is beyond question the personal responsibility of each driver to realize the potential power of his vehicle as a source of injury to both himself and to others. My private formula, which may work with a little luck, is to drive with the firm conviction that everybody I can see, along with those I can't, flunked his drivers test!

ON A RECENT VISIT TO my doctor's office I was amused at his complete change of philosophy on the whole question of vacations. "What do people need vacations for?" he bellowed. "most of 'em get two days off a week; that's 104 days a year and that should be enough for anybody."

THERE'S AT LEAST ONE good thing you can say for the Los Angeles Freeway. The whole thing ended on a happy note for a certain son-in-law. His mother-in-law was to spend her vacation with him; got lost on the Freeway; gave up the whole mess and went back home!

YES, A LOT OF PEOPLE WILL have their share of company this summer, but it will work out alright everybody.

"THERE IS ALWAYS PLEA-

CLIMAXING A DAY OF PAINTING, WASHING WINDOWS, AND GENERAL CLEANING, THE NEW SIGN PROCLAIMING TO THE WORLD THAT LAKESIDE NOW HAS A NEWSPAPER AND SHOPPER WENT UP ON THE NEWLY REFINISHED PAYTON HARDWARE BUILDING ON MAINE STREET. THE YOUNG MAN HANGING THE SIGN IS DENNIS ANCINIC, WHO WITH HIS WIFE, HELPED RON AND EDIE VAN TIL READY THE OFFICE FOR BUSINESS THIS WEEK. WITH THE OPENING OF THE OFFICE, JUST BEHIND THE DE LUXE BARBER SHOP, SERVICE WILL NOW BE AVAILABLE. MRS. BOBBIE SYPOLT WILL MAN THE PHONE AND BE READY TO ANSWER QUESTIONS, RECEIVE NEWS AND CLASSIFIED ADS. AN OPEN HOUSE IS PLANNED IN THE NEAR FUTURE SO THAT LAKESIDE RESIDENTS AND BUSINESS PEOPLE MAY BECOME ACQUAINTED WITH THEIR EDITOR AND PUBLISHER.

## Committee

### Plans Told

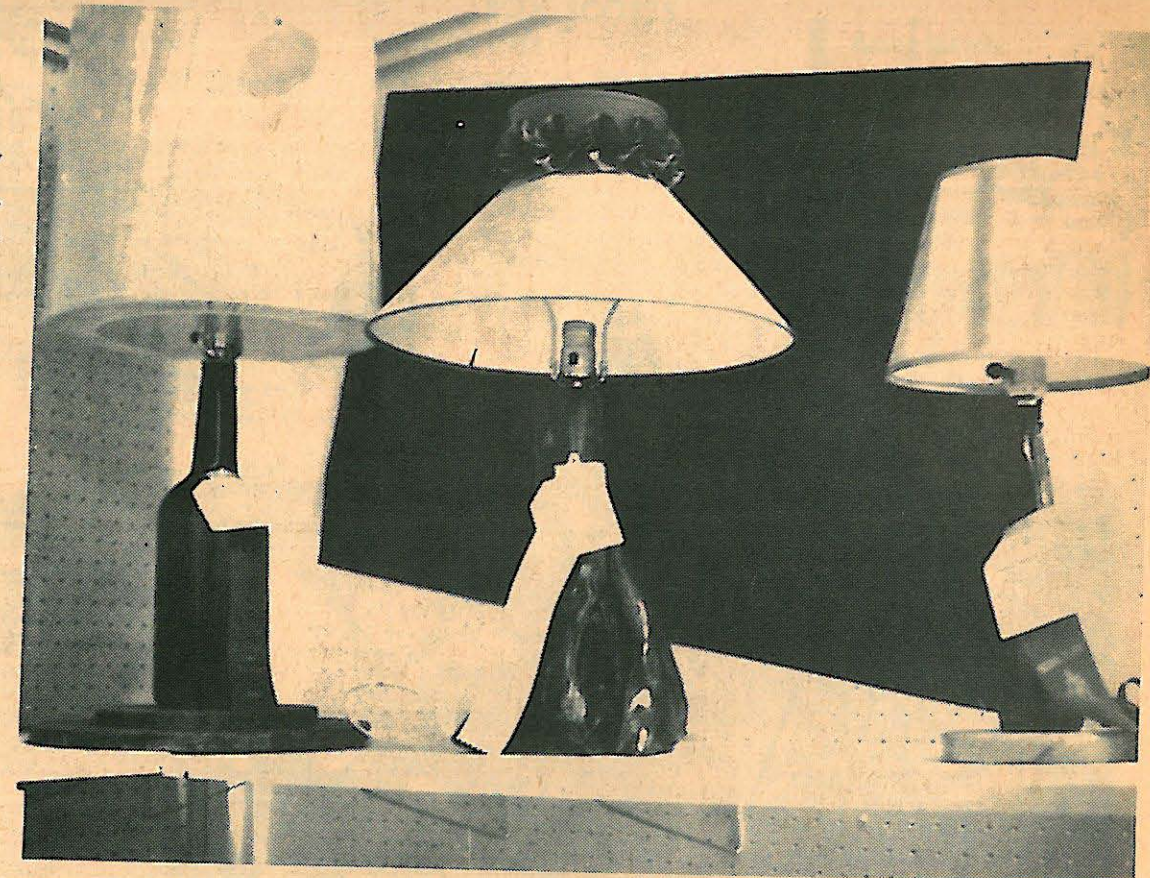

LAKESIDE — The monthly meeting of the Stadium Fund Committee was held recently in the Gold Room at El Capitan High School.

Chairman for the committee, Dick Murray, announced that almost \$4,000 had been raised and plans were made for future money-making activities.

These activities include preparation of 100 gold honor passes; formation of a mailing committee to seek funds from large contributors outside the El Capitan High School attendance area; and another Lakeside Day with the Padres.

Also at this meeting the members of the Stadium Committee voted to accept the resignation of Mrs. Curley as active head of the Stadium Publicity.

Anyone interested in working with the Stadium Fund Committee should contact Dick Murray at 443-1693 or call the principal at El Capitan High School, 443-1083.

PICTURED ABOVE IS THE THIRD PLACE WINNER IN THE LAKESIDE 4-H ELECTRICAL EXHIBITS AT THE DEL MAR COUNTY FAIR. IT WAS WON BY WESLEY LENDAY, 9682 PETITE LANE OF LAKESIDE. (Staff Photo)

## Accept Our Humble Apology!

The Lakeside News got off to a good start last week — with perhaps one exception. A news item that had been reported, turned out to be in error.

The Lakeside Bakery will NOT be taking its vacation in July as was reported.

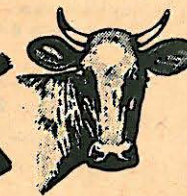

We apologize to the Lakeside Bakery and trust that this has not jeopardized their business for the month of July.

As anyone who lives in this area knows, the Lakeside Bakery has some of the finest baked goods available and we are happy to know that we can all continue to get their very fine product during the month of July.

### Dairy Scores

LAKESIDE — Rocky Home Dairy, locally owned dairy, won gold medals at the County Fair at Del Mar in the following types of milk:  
Homogenized, low fat, non-fat and half and half.

### Bleachers to be Improved

LAKESIDE — A permanent structure bleacher cover is being installed at the Lakeside Little League field over the cement bleachers. Stainless steel posts and aluminum roofing is being used in the sturdy construction.

Also installed last week was a new public address system. One more week of play remains in the league this year followed by Tournament Play.

Lakeside Little League will host District 41 Tournament play on July 28, 29 and 30 with Charles Leavitt as Tournament director.

The Lakeside News will carry more information concerning Little League play as the tournament develops.

### Picnic Planned

LAKESIDE — The annual Lakeside Little League picnic

### Fathers to Play Each Other

LAKESIDE — Fathers of the Lakeside Little League have been challenged by fathers of the Lakeside-Santee Pony League to a ball game on Sunday, July 17 at 1 p. m.

Mothers of the league have also been challenged. The challenges have been accepted. Parents wishing to participate in play may call 443-1693 or come to the field and sign up.

Would I be happy with this woman for a wife? is a common question the Graphologist is asked by many men. Some think it odd that a man would use the services of a Graphologist to help him make such a decision. In the majority of cases the man has been married before and feels it is too much of a gamble not to look into the basic personality of his future mate.

Some schools of psychology tell us it is natural for a person to look for their opposites in a mate, as they feel it will help compensate for their various lacks. This may be true to a degree and for certain characteristics, however, many divorces are based on lack of understanding of personality traits that are contrary to the person's own basic personality.

Ruth (F-35-R) the writer of today's specimen would be a poor choice for a man looking for an outgoing, lively and mentally sharp person who would enjoy a great deal of physical activity.

A great deal of humbleness (note the left slanting capital "I"s) the crowded compressed accoridian like letters and the many retracing of connecting strokes within the letters are indications of fears and a need to cover up or conceal one's day-to-day actions.

On the opposite side we find a logical mind that looks at the

whole of a project as well as its parts. Her love of warm colors, rich foods and other sensual satisfactions should insure a home loving person that would enjoy cooking and serving others.

So what's the answer to the man's question? Of course an Objective Personal Analysis would cover many more facets of the personality and to greater depth, however the answer is not for the Graphologist to give. No attempt would even be made to even suggest potential compatibility without an analysis of the man's writing too. With a compatibility analysis of the two people, enough insight can be offered to allow the person to make a valid judgement, knowing other factors that the Graphologist has no way of knowing, such as health, education, religion family background etc. Thus he can increase his success potential for a happy marriage a great deal.

Besides the most important person in the world (to you) what else do you have to offer a marriage partner? Copy a paragraph of this column of a page of your own writing and send it to Lakeside News, P. O. Box 343, Lakeside, Calif. Give your age, sex and handedness, (right or left) sign your name. Enclose \$1 and a self addressed envelope if you want a personal CHECK CHART. - KNOW THYSELF?

# Rodney

This newspaper has, for some months, been promoting the idea of adoption. Many people are not aware that the County Adoption Services has children available. These children are of all races and creeds. We have been particularly stressing the little ones that need medical attention or special understanding. However, many of our babies have no medical problem whatsoever. Children of mixed backgrounds are also special to us. We will feature many of these from time to time.

This week, we are featuring "Rodney." He is ten months old, is another baby boy available for adoption. His happy disposition and abundant smiles have won him many friends. He is a bright child who loves to crawl everywhere, and he is now walking while holding on to furniture. He is quite a conversationalist but "da da" is the only understandable word. Anyone interested in welcoming Rodney into their home can call Adoption Services of San Diego County, 234-8871.

## Toffee Crunch Cookies

Cookies and kids just naturally go together, and they both wind up at the same place—the cookie jar. Here's an exciting new jar-filler for kids young and old, with a "surprise" flavor... English Toffee. Chopped chocolate-covered English Toffee candy bars and chopped pecans combine in a drop cookie that is moderately sweet, different and appealingly crunchy and chewy. The candy bars are handy to work with, for they may be chopped with a sharp knife or broken up with a rolling pin. These cookies are especially good for mailing to students or servicemen; they pack easily and store well.

### Toffee Crunch Cookies

- 1-1/2 cups sifted flour
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 1/2 cup butter or margarine
- 3/4 cup (packed) brown sugar
- 1 egg
- 1 teaspoon vanilla
- 1 cup finely chopped Heath English Toffee candy bars
- 1/3 cup coarsely chopped pecans

Combine and sift flour, soda and salt. Cream butter or margarine. Add sugar, egg and vanilla; mix until smooth and creamy. Stir in dry ingredients; blend in chopped candy bars and pecans. Drop tablespoonfuls 2 inches apart onto greased baking sheets. Bake in moderate oven (350 deg.) until done, 12 to 15 minutes. Remove from baking sheets; cool. Yield: About 3 dozen cookies.

**Skin Care Tips For Teens**

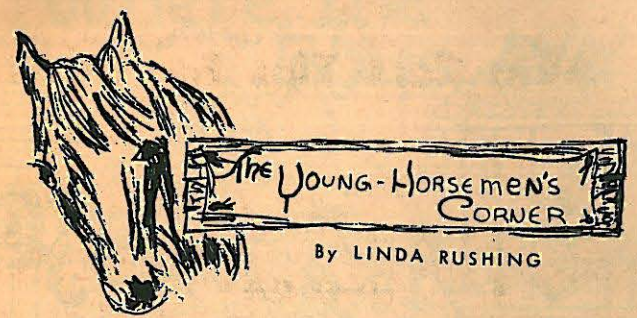

There is no better time than the teen years to learn the proper routine for complexion care, because habits learned now can carry through the years ahead. Keeping a peaches and cream complexion calls for a routine of regular skin cleansing, a simple well-balanced diet, and plenty of sleep, exercise, sunshine and fresh air. A new ally in complexion care is Bactine medicated skin cream, specially developed for use as a cleansing cream, night cream and make-up base. The advantage of a cream for cleansing is that it doesn't dry the skin as soap may when frequently used. This cream both cleans and softens the skin, while its antiseptics kill many bacteria that can cause surface infection.

Here are some good tips on how to care for as well as train your new weanling. As your foal reaches six months of age, he becomes a weanling. At this age it is wise to separate the foal from its dam and put it out to pasture in a separate paddock, where there may be other weanlings. After the weanling gets used to being separated from the dam, in about a month, he should be shod. This experience makes him rather nervous, but he will relax after discovering it doesn't hurt. Before becoming a yearling the weanling should receive lessons in how to stand. This may be done with a halter and rope or a bridle and long reins. The rope or reins are held in one hand, and in the other is held a rattle. By making a rattling sound the colt raises his head high, which usually puts his head in a good, proud, position, and he soon learns to hold it in this manner.

The Tumbleweed Riders - Color guard of the Tumbleweed Riders Club of Lakeside were participants in the Coronado Parade which took place in Coronado on Monday.

Among these riders were: Charlotte Gruner, Kathy and Patty Hopson, Yvonne Isaac. The color guard received a silver serving tray for participation and the riders drew straws for it. Charlotte Gruner won.

**Crown Roast Goes Gourmet  
With Select Wine Sauce**

"Crown Roast Lamb Burgundy" makes any dinnertime a fancy occasion. Delightfully attractive, this classic roast becomes a gourmet special when basted with a premium wine such as Select California Burgundy, produced by The Christian Brothers. Youngsters, too, may enjoy this dish since the alcoholic content completely evaporates in cooking.

And, since only a small amount of the wine is used for the sauce, serve whatever is left in the bottle as the adult dinner beverage. The pleasantly dry, robust quality of this wine is a welcome accompaniment.

**Crown Roast Lamb Burgundy**

- |                              |                                       |
|------------------------------|---------------------------------------|
| 6-8 lb. double crown of lamb | 1/4 cup chopped onions                |
| 1 tablespoon salt            | 1/2 cup chopped carrots               |
| 1 clove garlic               | 2-1/2 cups Select California Burgundy |
| 12 sprigs fresh parsley      | 1 cup chicken stock                   |
| 4 sprigs celery leaves       |                                       |

Tie crown of lamb in circle. Rub surface of roast with salt and insert slivers of garlic into meaty portion in center of crown. The center may be filled with ground lamb trimmings when purchased. Cover each rib bone with a piece of aluminum foil during roasting. Place crown in pan with parsley, celery leaves, onions and carrots.

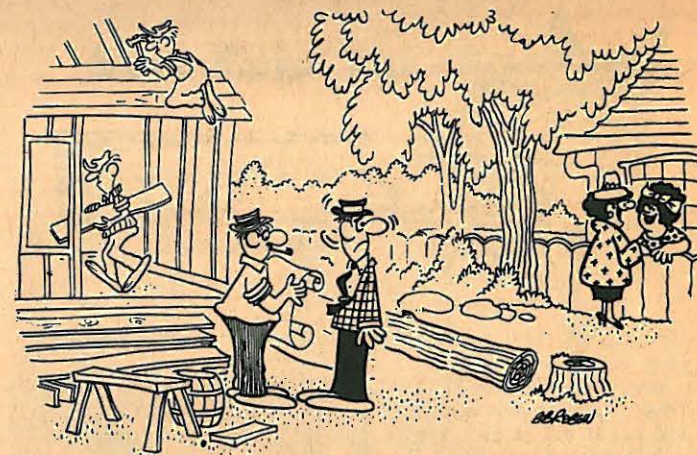

Sear over flame about 15 minutes, basting frequently with vegetables. Pour wine and chicken stock over roast and transfer to oven. Roast, basting frequently, in 350°F. oven until well done, approximately 2 hours. Test with meat thermometer; internal temperature should be 180°F. Remove roast from oven and let stand 15 minutes. Remove aluminum foil covering on each rib; replace with frilled papers. Slice roast by running knife close to bone of each rib down to platter. When serving roast, fill center with hot Brussel Sprouts. Garnish platter with parsley and crab apples. Serves: 6-8.

**'Where the Boys Are'**

We have had a nice response from some of the parents in Lakeside about our column for the service boys. They were pleased to hear of our interest and will be most happy to report the news about their families. PVT. GARY WINGET, PFC DAVID HUDDLESTON, PVT. JOHN S. ABEY, and SPEC. 4 FERNANDO J. SMITH are among those added to our list. We hope their families will keep us informed as to their whereabouts and what they are doing. We appreciate this cooperation as we want to help in any way we can. The boys seem to enjoy the column and they let us know how much home town news means to them in far away places.

One of our Alpine boys A3/c Gordon Westfall who is stationed in Bittberg Germany writes his Mom of some of the wonderful places he has been able to see since he arrived there. He is taking lots of colored pictures which will be wonderful memories for him someday. He sent his family pictures of the Roman Ruins and many other places. That way they get to share in his travels too.

One of the highlights so far was his being able to attend the Grand Prix Race at Nurburg Ring.

By the way Gordon, we all send our greetings for your 21st. birthday which you celebrated on June 22nd. I hear your Mom sent you a nice package and I know it was most welcome. Keep up the good work with your correspondence and perhaps we too can share some of the grand experiences you will be having while over there.

We are glad to hear that our friend and former Alpinier, Randy Griggs is feeling fine since his recent surgery. He is in the Marine Corp. and is stationed at Twenty Nine Palms.

Randy is soon to be a civilian and plans to attend school. There are also wedding bells chiming for him in the near future and we wish Randy and his fiancee all the good fortune that I am sure will knock upon their door; and a personal wish from me that all your dreams will come true, Randy and Lorna.

Home from Chu Lai, S. Viet Nam after a thirteen month deployment is L/cpl. Robert M. Schafer (Mike), son of Mrs. Sally Schafer of Silverbrook Rd. Harbison Canyon. Mike is with the Seventh Marines, Amtrac. B. N. and will report to Camp Le Jeune in August when his leave is over.

His Mother says it is wonderful having him home and he is spending his time swimming and visiting his friends.

He brought home lots of pictures for his family to see. Mike says he has enjoyed getting The Town and Country News while he was away.

Welcome home Mike and we are proud of you and all the boys wherever they are and whatever job they are doing for their country.

At long last after a longer than usual basic training due to a broken ankle, Pvt. Dwight D. Long will be coming home on leave. He has been at Fort Bliss, Texas and is awaiting new orders. His family is looking for him sometime this week. Dwight is the son of the Dwight D. Long Jr. of Tavern Road, Alpine. Hope you have a nice stay Dwight, and will enjoy your next duty station.

Our thoughts and hearts are with you all.

By RAY GRAYSON

Did you see what I saw last week?!?! Of course you saw it — how could anybody have missed the 24 wonderful pages in our new LAKESIDE NEWS & THRIFTY SHOPPER!

Believe you me, there was one time you could afford to turn over a new leaf — and if you did, you saw page after page of "goodies" baked to a turn and served right at your front door! And that's not all! This weekly MARKET MENU is going to change every week, on the week, until your "piggy bank" is stuffed with SAVINGS!

I say HATS OFF to Ron Van Til, editor and publisher, and while it's off — toss it hard and high for his weary wife! These good people worked long and hard to produce and publish our NEWS and SALES medium, and they deserve the complete cooperation of every resident, club, church, school or what ever your organization.

It's YOUR paper! It's YOUR news! It will be printed as YOU make it. It will go to 5,000 Lakeside homes, to inform them of our community activities. This is a HOME TOWN paper for HOME TOWN people! It wants you to be PROUD to have a Lakeside paper — all your own. I predict you will be proud! I predict you will look forward each week for your paper, crammed with special news of special happenings right in your front yard.

But don't forget — if your cat has five legged black kittens with yellow polka dots, or your mother-in-law has finally decided to hitch-hike back to Deseated, Tennessee (there is such a town) then for cryin' in a bucket don't fail to call in these little goodies to the paper. REMEMBER THE PAPER CAN'T PRINT UNTIL YOU PUT!

Now, while our hats are high (it's hot anyway) let's take our shirts off to all the Lakeside Merchants who made our Lakeside News and Thrifty Shopper a reality. May the good Lord make them rich as Rockefeller! Well, at least a little anyway.

Back to that news again. Please mail or phone in all those little things that are of interest to you. Nine out of ten times they will be of interest to other people too. Believe me! It's true! If Grandma should fall in the cistern, you'd be surprised how many people would like to know about it. For example, if you were to throw in water wings and the cistern was empty — that would be choice news indeed! It's not right for you to keep those things to yourself . . . so tell the paper and they'll tell the people.

**Helgesons Win  
Annual Raffle**

LAKESIDE — The annual Little League Raffle was held last Saturday, July 2. The color TV set was won by B. H. Helgeson of Palm Row Dr., Lakeside.

Mrs. Helgeson was reached by telephone when the ticket was drawn and was speechless when notified of their luck.

Shortly thereafter, Mr. Helgeson arrived at the field having been summoned by his wife from the barber shop. He was notified that there was an "emergency!"

Prizes were awarded to the boys selling the most tickets on the raffle. The winner of a Wildcat Bicycle (first place) was Steve Henderson. Second place, a wrist watch was won by Steve Dolan. Henderson plays on Hank's Chevron and Dolan with Challenge Milk.

Mrs. Vern "Beverly" Miller was raffle chairman for the league this year and did an excellent job in acquiring prizes, distributing and collecting tickets with many hours put forth.

Mrs. Nancy Nowka is Auxiliary President for the League.

# How Much Do You Know About Eye Habits When Driving?

by Jane Sherrod Singer

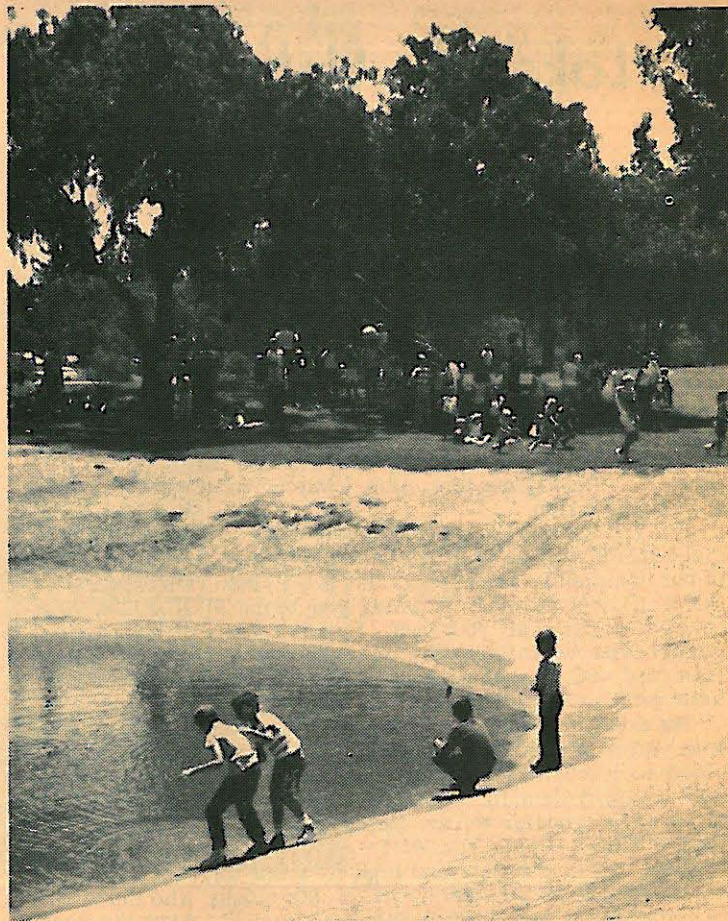

Harold L. Smith, a professional driving teacher, John J. Cummings, a highway transportation expert, and Dr. Reuel A. Sherman, specialist in occupational vision, have made the teaching of safe driving their life work. Together, the three men have isolated eye habits while at the wheel as one factor toward safety and have come to interesting conclusions. Are the following statements TRUE or FALSE?

TRUE FALSE

1. The best drivers steer by watching the curb close by or the white line on their left. ( ) ( )
2. When passing another car or truck, one should watch the fender of his car to see that it is not coming too close. ( ) ( )
3. A driver should remain behind a car in front at least one car length for each ten miles of speed. ( ) ( )
4. At night, always keep your vision within the spray of your headlights. ( ) ( )
5. Your eyes normally send 40 completely new pictures per second to your brain. ( ) ( )
6. If you approach a traffic situation which is a problem, watch intently in order to avoid it. ( ) ( )
7. Glancing at the rear-view mirror too often, keeps your attention from the problems ahead. ( ) ( )
8. Before making a lane change, glance in the rear-view mirror and to each side to make sure no car is in your "blind spot." ( ) ( )
9. When passing a car, drive up quickly in a position where the other driver will see you. ( ) ( )
10. The chief cause of accidents is the failure of drivers to recognize hazards while they still have time to avoid them. ( ) ( )

**ANSWERS:**

- 1 and 2: FALSE. Both statements are characteristic of low-aim steering. To steer correctly, your eyes should focus 150 or more feet ahead at the center of your driving path. In this way, you are utilizing a greater portion of your fringe vision as well as central eyesight.
3. TRUE.
4. FALSE. Often glance ahead of your headlights and look for dark objects on the road.
5. TRUE.
6. FALSE. Plan your move quickly and then look in all directions to see that there are no other problems (as in the case of the driver who was driving so carefully passing a line of parked cars that he failed to see a red traffic light and was hit by a car coming from the left at the intersection.)
7. FALSE. If there is any traffic ahead or behind, a good driver glances in the rear-view mirror every five seconds.
8. TRUE.
9. TRUE. Furthermore, if there is any doubt in your mind whether the driver has seen you, alert him by tapping your horn or flicking your lights.

"Tough day?"

10. TRUE. Let your scratched fenders, your narrow-escapes, be a hint that, unless you change your driving habits, you may be in store for a serious accident.

### Historical Society Formation is Contemplated

LAKESIDE — The question has been asked, whether or not there are interested persons in Lakeside who would like to form a local historical society.

Lakeside has a most interesting history and there are those who feel too much has already been lost.

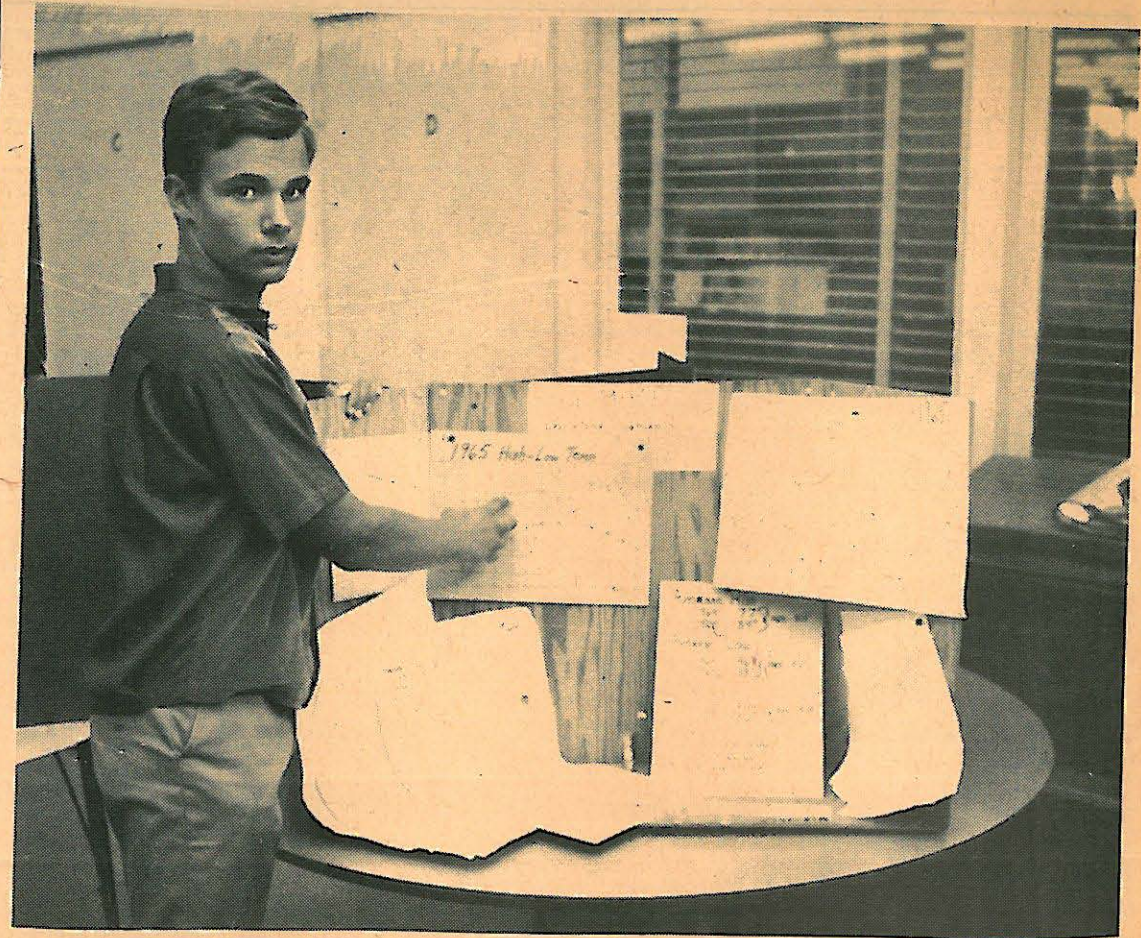

Anyone interested in the formation of such a society may call Walter Hayward any Wednesday between 7 and 9 p. m. at 448-2945.

\* The Lyle Isom family left the morning of June 29th, northbound. Vacation plans include visiting on Bob in Seattle and their many friends there. On their return trip home, they plan to stop over at Ft. Bragg, California and other places of interest. During their time away from home, "Grandma" Katy Miller will be "chief caretaker" of the Isom yard. (And everyone knows what a wonderful way Kathy has with flowers. She has a real green thumb!)
