

**PHOTOGRAPHS  
OF THE  
FIRE'S  
PROGRESSION  
THROUGH  
ALPINE  
AND  
OTHER  
COMMUNITIES**

This is looking west from the area of Tavern Road in Alpine as the fire jumps Interstate 8 and marches up through the communities Harbison Canyon and Crest.

**Aerial view from the area of Tavern Road as fire jumps Interstate 8.**

This monster is huge now. This is the north side of Alpine, several miles east of the area from the previous images of Blossom Valley.

Note the CDF helicopter still working against all odds. He said his goal was to possibly save a home or two. He never gave up!

**Aerial view of fire progression—note California Department of Forestry helicopter trying to save home.**

**Helicopter preparing to help**

**“Our one helicopter and one water bucket. No planes with retardant. Unbelievable—unlike the previous fire where it looked like they needed stop light control in the sky there was so much going on in the sky fighting the fire.”**  
**Pat Wayne, Blossom Valley**
